Changes Morehead State University reserves the right to change its academic regulations, policies, fees, and curricula without notice by action of the Kentucky Council on Higher Education and/or the Morehead State University Board of Regents.

Equal Opportunity Morehead State University is committed to providing equal educational opportunity to all persons regardless of race, color, national origin, age, religion, marital status, sex, or educationally-unrelated handicaps in its educational programs, activities, employment policies, and admission of students to any program of study as required by Title IX, Title IV, and Section 504. Inquiries should be addressed to Affirmative Action Officer, Morehead State University, 106 Howell-McDowell Ad. Bldg., Morehead, KY 40351.-1689

Printing This catalog was prepared by Morehead State University and printed with state funds KRS 57.375.

Foreword

Morehead State University's 500-acre Eastern Kentucky campus is bordered to the north by the gently rolling foothills of the Daniel Boone National Forest. To the south, the campus is bordered by the shopping district of Morehead, a thriving city of about 10,000 which lies midway between Lexington and Ashland on Interstate 64. The University's educational facilities include more than 50 major structures in a variety of contemporary and traditional architectural styles, a 320-acre experimental farm, a nine-hole golf course, and a 50-acre outdoor learning center at Cave Run Lake.

With a coeducational enrollment of approximately 8,800 and a full-time teaching faculty of 350, the University offers 98 undergraduate degree programs, and ten pre-professional programs of study. It draws students from throughout the United States and several foreign countries to participate in its diverse academic and extracurricular life.

Morehead State University's Mission Statement adopted January 19, 1977, and revised January 13, 1983, by the Council on Higher Education is:

"Morehead State University shall serve as a residential, regional university providing a broad range of educational programs to the people of Northern and Eastern Kentucky. Recognizing the needs of its region, the University should offer programs at the associate and baccalaureate degree levels which emphasize the traditional collegiate and liberal studies. Carefully selected two-year technical programs should be offered as well.

"Subject to demonstrated need, selected master's degree programs as well as the specialist programs in education should be offered. A retrenchment or elimination of duplicative or nonproductive programs is desirable while development of new programs compatible with its mission is appropriate.

"The University should continue to meet the needs of teacher education in its primary service region and should continue to develop programs to enhance the economic growth of Appalachia. The University should provide programs directly related to the needs of the primary service region.

"Because of the University's proximity to other higher education and postsecondary institutions, it should foster close working relationships and develop articulation agreements with these institutions."

The faculty, staff, and administration are committed to carrying out the following statements of ideals of the university:

The University shall

1. be a community of students, faculty, administrators, and staff where all pursue intellectual, creative, ethical, and technical development.
2. foster an environment in which knowledge may be discovered, integrated, and disseminated for concerns of social significance or for the excitement of research or free inquiry.
3. help students to recognize their potential and acquire the discipline necessary for self-realization and life-long learning.
4. be a place where students, faculty, and staff are committed to excellence and integrity.
5. build upon the achievements and values of the past to respond to the demands of the present and the challenges of the future.
6. promote the development of those qualities of leadership necessary to meet the diverse and changing needs of the state, nation, and world.
7. continually evaluate, develop, and improve programs to fulfill its specific mission of serving the economic, educational, social, and cultural needs of northern and eastern Kentucky.

How to Use This Catalog

This catalog is the official source of information about the university's academic programs. Its purpose is to guide you in planning a course of study and meeting program, department, and university requirements. See the table of contents and index for an outline of the information provided.

The information in this catalog is current at the time of publication. If you are pursuing a degree and remain continuously enrolled in the University (excluding summers), you may complete a program according to the catalog requirements in effect at the time of your original enrollment. If you are not continuously enrolled in the university and do not complete a bachelor's degree within five years (three years for an associate degree), you may be required to meet the program requirements stipulated in a current catalog. If you are a transfer student pursuing a bachelor's degree, the time

allotted for degree completion under the catalog in effect at the time of your enrollment is based upon your classification at the time of transfer; a sophomore transfer would have four years, a junior three years, and a senior two years. If you transfer above the freshman level and you are pursuing an associate degree, you have two years to complete the program under the catalog in effect at the time of your enrollment. The above limitations are based upon continuous enrollment.

Advisors and department and school offices make every effort to provide current information to students, but it is your responsibility to know the policies, regulations, and degree or certificate requirements that affect you. For further information, check with the Office of Academic Affairs, MSU, 203 Howell-McDowell Administration Building, Morehead, KY 40351-1689, telephone (606) 783-2002.

General Information

Admissions, Fees, Financial Aid, and Housing

Admissions

The admission of all undergraduate students into Morehead State University is administered by the authority of the Office of Admissions, which reflects and works in the context of the mission statement of the University and within appropriate state and federal guidelines and policies.

All applicants for admission are required to submit evidence of prior educational experience and other supporting data for evaluation by the Office of Admissions. This office may request clarification of submitted documents and retains all documents as part of the student's permanent record. The University reserves the right to deny admission (or to admit with certain restrictions) based on an evaluation of the student's supporting data and a determination of immoral character or propensity for violent or other conduct similarly unacceptable for the unrestricted admittance into the university community. The Undergraduate Admissions Application requires applicants to report all criminal convictions, other than minor traffic violations. Juvenile offenses shall not be reported. In order to assess the suitability of such applicants to the university community and identify any special conditions for enrollment, the University has established a review process. Copies of the Review Process for Undergraduate Admission Applicants with Reported Criminal Convictions are available upon request in the Office of Admissions. Preliminary admission decisions made by the Office prior to receipt of all official and final documentation are temporary and are subject to change.

Students who do not meet admissions requirements for either four-year or two-year degree programs may appeal for special consideration when past academic performance may not be indicative of ability to do college level work or when there may be errors in supporting documentation. Guidelines for the appeals procedure are available in the Office of Admissions.

Requests for applications or questions concerning admissions should be directed to the Office of Admissions, Morehead State University, Morehead, KY 40351-1689, telephone (606) 783-2000, or toll free 1-800-262-7474 (for long distance calls in Kentucky) or 1-800-354-2090 (for long distance calls from out of state). You are encouraged to visit the campus before registering to discuss your intended program of study. Visits may be scheduled weekdays between 8 a.m. and 4:30 p.m. and at other times by appointment with the Office of Admissions.

Completion of admission requirements generally allows you to enroll in any program at Morehead State University. However programs in nursing, radiologic technology, veterinary technology, respiratory therapy, and teacher education require additional procedures. For additional information for entering these programs, contact the Dean of the College of Applied Sciences and Technology, or Dean of the College of Education and Behavioral Studies.

Requirements for admission for high school graduates, GED recipients, transfer students, returning students, international students, special students, and auditors are explained below.

Admission as a Freshman

High School Graduates. If you are a graduate of an accredited high school, you will be unconditionally admitted if you meet the Pre-College Curriculum requirements established by the Kentucky Council on Higher Education and have a minimum admission index of 400. The admission index is a numerical score determined by computing the cumulative grade-point average (g.p.a. must be on a 4.0 scale) times 100, and the American College Test (ACT) Composite (or converted SAT) times 10. Those submitting SAT scores may be asked to provide ACT scores after enrollment. Adult-student applicants (21 years of age or older) may substitute results of the Career Planning and Placement test (CPP-II) for ACT or SAT results if pursuing an associate degree.

In order to apply for admission you should submit to the Office of Admissions: (1) a completed Undergraduate Admission and Scholarship Application, (2) official ACT, SAT or CPP-II results, and (3) a final high school transcript after high school graduation. All applicants for four year degree programs must meet the Pre-College Curriculum for unconditional admission to the University. Applicants who do not meet the PCC requirements are eligible to be admitted "Conditionally." Students who are admitted conditionally must take specified courses to remove PCC deficiencies. Removal of PCC deficiencies will be monitored by the Office of the Dean of Undergraduate Programs. Associate degree applicants do not need to meet the PCC for admission. Nevertheless, their PCC deficiencies must be assessed and removed.

Students who do not meet the minimum Admissions Index but who have an Index of at least 350 and an ACT Composite Score of at least 14 may be admitted "provisionally." The competency-based Provisional Studies Program administered by the Academic Services Center under the oversight of the Dean of Undergraduate Programs provides academic instruction and support services designed to assist students in meeting entry level requirements for admission to two-year or four-year degree programs.

Enrollment as a Provisional Studies student does not guarantee degree admission to the University. For continued matriculation at the University, degree admissions standards must be met within a period of time specified by the Academic Services Center. (See Provisional Studies Program, pg.09)

GED Recipients. If you are a General Education Development (GED) recipient, you will be considered for admission on the same basis as a high school graduate.

In order to apply for admission you should submit to the Office of Admission: (1) a completed Undergraduate Admis-

sion and Scholarship Application, (2) the GED scores, (3) the High School Equivalency Certificate, and (4) official ACT, SAT, or CPP-II results if applicable.

Admission as a Transfer Student

You are eligible for admission if your grade-point average (g.p.a.) is 2.0 or better on a 4.0 scale on at least twenty-four (24) semester hours of college course work and you are in good standing at all previously attended institutions. Applicants for transfer admission to four-year degree programs who did not complete the PCC and who have completed fewer than twenty-four (24) credit hours are eligible for conditional admission. Students admitted conditionally must take specified courses to remove PCC deficiencies. Removal of PCC deficiencies will be monitored by the Office of the Dean of Undergraduate Programs. If your g.p.a. is less than a 2.0 on a 4.0 scale, you may be considered for admission on probationary status.

To be admitted to the University as a transfer student from other colleges and universities, you should submit to the Office of Admissions (1) a completed Undergraduate Admission and Scholarship Application, (2) official transcripts from all colleges or universities previously attended, and (3) the Transfer Recommendation Form (available from Office of Admissions, MSU) from all institutions previously attended. Students who have earned fewer than twenty-four (24) semester hours credit must submit ACT or SAT scores and high school and college transcripts to facilitate appropriate advising and placement.

Transfer of Credits from Regionally Accredited Colleges. Credits you have earned from **regionally accredited** colleges or universities will be accepted for transfer (but may not be accepted toward a particular degree).

Courses in which you have a grade lower than "C" may not be transferred for credit in certain majors or areas of concentration. Consult your academic advisor.

Transfer of Credits from Non-regionally Accredited Colleges. All transfer credit from **non-regionally accredited** institutions will be individually evaluated by the dean of the college in which the student is seeking a degree. Transfer credit will be granted only when:

1. the course being transferred corresponds to one offered in Morehead State University undergraduate catalog in effect at the time the transfer is sought;
2. the student has earned a grade of "C" or higher in the course for which transfer is being sought;
3. the course was taught by any instructor whose academic credentials meet the Commission on College (SACS) requirements (e.g. generally, at least the masters degree in the teaching field with 18 graduate hours in the teaching field).

Credit for transfer which was earned more than ten years before transfer is sought may not be applicable to current degree, certificate or licensure requirements. For a review see the dean of the college in which the transfer is sought.

Admission as a Returning Student

If you discontinue your enrollment at MSU for one semester (excluding summer terms), you must submit a completed Undergraduate Admission and Scholarship Application to be readmitted to the university.

If you have attended another institution since you last attended MSU, you must submit: (1) a completed Undergraduate Admission and Scholarship Application, (2) an official transcript from any institution attended, and (3) the MSU Transfer Recommendation Form from the institution from which you are transferring.

Admission as an International Student

To be admitted as an international student, you must submit to the Office of Admissions (1) the International Student Undergraduate Admission Application, (2) official records of previous educational experiences, (3) evidence of proficiency in the English language, official scores on the Test of English as a Foreign Language (TOEFL) or the Michigan Examination (a minimum score of 500 is required on the TOEFL and a minimum score of 82 is required on the Michigan Examination) and (4) official verification of financial resources. You should apply at least two months before the semester or term in which you plan to enroll. All applicants for four year degree programs must meet the Pre-College Curriculum for unconditional admission to the University. Applicants who do not meet the PCC requirements are eligible to be admitted "Conditionally". Students who are admitted conditionally must take specified courses to remove PCC deficiencies. Removal of PCC deficiencies will be monitored by the Office of the Dean of Undergraduate Programs.

If you are transferring to the university from an accredited institution of higher education in the United States, you must submit: (1) the International Student Undergraduate Admission Application, (2) an official transcript from the institution from which you are transferring, and (3) the Transfer Recommendation Form from the institution from which you are transferring.

Transfer of Credits. Credits earned from international institutions may be applied toward a degree program at MSU. Credits will only be considered after they have been evaluated by the International Education Research Foundations, Inc., Credentials Evaluation Service, P.O. Box 24040, Los Angeles, CA 90024. It is the student's responsibility to contact the agency and pay all service fees.

Admission as a Special Student

If you wish to register for a particular course for credit but you are not interested in working toward a degree, you may enter the University as a special student. You should submit to the Office of Admissions a completed Undergraduate Admission and Scholarship Application. Special students are not eligible for financial assistance.

If you enroll as a special student and later wish to pursue a degree, you may do so by completing the appropriate admission procedure. No more than twenty-four (24) hours of course work completed as a special student may be used to fulfill degree requirements.

Admission as an Auditor

If you wish to audit a class, you need only submit to the Office of Admissions a completed Undergraduate Admission and Scholarship Application. Although credit cannot be given for courses audited, such courses are recorded on your transcript. Tuition and fees are the same for auditing a course as they are for taking a course for credit.

Admission as a Visiting Student

If you are currently attending another institution of higher education, but wish to take course work at MSU to complete degree requirements at another institution, you may be eligible for admission as a visiting student. You should submit to the Office of Admissions the: (1) completed Undergraduate Admission and Scholarship Application, (2) the visiting student recommendation form (to be completed by the student's primary institution.)

Admission as a High School Student

Students currently enrolled in high school and who have not completed their high school program may be eligible for admission to appropriate courses. A student must submit to the Office of Admissions: (1) a completed Undergraduate Admission and Scholarship Application, (2) a letter of recommendation from his/her high school guidance counselor or principal.

Admissions Application Dates

Although there is no official deadline, students are encouraged to submit applications by the following dates:

For the fall semester	June 1
For the summer semester	April 1
For the spring semester	October 15

Servicemember's Opportunity College

Morehead State University has been designated as a service members opportunity college and awards military credits in accordance with SOC and American Council on Education (ACE) guidelines. For more information, contact the Office of Dean of Undergraduate Programs.

Housing

Housing is provided in 14 residence halls and over 175 family housing units. All residence halls and family housing apartments are within less than a 10-minute walk of on-campus classrooms.

Residence hall room rental ranges from \$590 to \$700 per semester. Family housing accommodations range from \$235 to \$290 per month. (These are 1991-92 rates.)

Full-time freshmen are required to live in university housing unless they are commuting from home. When you complete the Housing Application/Data Sheet, you may indicate the residence hall you wish to live in and the person(s) you would like to have for a roommate. (All roommate requests must be a mutual request.) Requests for room/roommate changes may be made after the semester begins. **ALL CHANGES** must be approved by the Office of Student Housing.

To apply for university housing, you must indicate on the admissions application your intent to reside on campus. From the admissions application, a Housing Application/Data Sheet will be generated and mailed to you. Complete and return the Housing Application/Data Sheet with a deposit (\$75 for Residence Halls/\$100 for Family Housing) to the Office of Student Housing. Assignments are made based on date the **housing application and deposit** are received in the Office of Student Housing. The deposit is refundable **ONLY** if cancelled in writing to the Office of Student Housing by July 1.

For additional information about housing, contact the Office of Student Housing, Morehead State University, 306 Howell-McDowell, Morehead, KY 40351-1689, telephone (606)783-2060.

Residence Halls

Room rent for each term is due in full at the beginning of the term. Rates include telephone service, television cable and refrigerators. (Refrigerators not included in Fields and Thompson Halls.)

	Weekly	Per Semester	Per Summer Term
Women's Halls			
East Mignon Hall	\$47.00	\$640.00	\$191.00
Mignon Hall	\$47.00	\$640.00	\$191.00
Nunn Hall	\$47.00	\$640.00	\$191.00
Regents Hall	\$45.00	\$620.00	\$185.00
Thompson Hall	\$52.00	\$700.00	\$204.00
Men's Halls			
Alumni Tower	\$45.00	\$620.00	\$185.00
Butler Hall	\$44.00	\$590.00	\$178.00
Cooper Hall	\$45.00	\$620.00	\$185.00
Wilson Hall	\$45.00	\$620.00	\$185.00
Co-educational Halls			
Cartmell Hall	\$45.00	\$620.00	\$185.00
Fields Hall	\$52.00	\$700.00	\$204.00
Mignon Tower	\$47.00	\$640.00	\$191.00
West Mignon Hall	\$47.00	\$640.00	\$191.00
Waterfield Hall	\$44.00	\$590.00	\$178.00

Rental rates as per above are established for standard occupancy of two per room or four per suite.

Family Housing and Mays Hall Apartments.

Deposit (refundable)—\$100.00

One bedroom (air-conditioned) per mo.	\$265.00
One bedroom per mo.	\$255.00
Studio (efficiency) apartment, per mo.	\$235.00
*one room unit, per mo.	\$390.00
*two room unit, per mo.	\$490.00
*three room unit, per mo.	\$585.00

Rates include utilities, telephone, and TV cable. All rates are subject to change without notice by action of Kentucky Council on Higher Education and/or the MSU Board of Regents.

*Mays Hall Apartments are offered on the priority basis of: (1) non-traditional students (23 years of age and older), (2) graduate students, (3) students needing year-round housing with priority given to full-time upper class students, and married couples without children.

Fees*

Every effort is made to hold cost to a minimum. You pay only the registration and housing fees and a few minor incidental fees when you register at the beginning of each semester. Books and supplies can be purchased at reasonable prices at the University Bookstore. Books may be sold back to the store at the end of the semester. Meals are purchased either on a pay-as-you-go basis or in advance through a meal plan. More specific information on fees follows the list of terms you may encounter as you read this section.

Classification of Residence for Admission and Tuition Assessment Purposes

As a matter of policy, access to higher education is provided so far as feasible at reasonable cost to residents of the state. It is the long-standing practice of the Council on Higher Education to require students who are not Kentucky residents to meet higher admission standards and to pay a higher level of tuition than resident students.

The responsibility for registering under the proper residency classification is that of the student. It is the student's obligation to raise questions concerning residency classification and make application for change of residency classification with the administrative officials of the institution. A student classified as a resident who becomes a nonresident shall be required to notify immediately the proper institutional officials. However, if the student fails to notify institution's officials of the change in status, institutional officials may investigate and evaluate the current status of the student regardless of the source of the information. A student classified as a nonresident is considered to retain that status until the student makes written application for reclassification in the form prescribed by Section 4(3) and is officially reclassified by the proper administrative officials.

The Council on Higher Education Residency Classification Policy is published in its entirety in this catalog. (See Appendix.)

Tuition for Non-Kentucky Residents is established according to a different rate structure than that for Kentucky residents (all other fees are the same for non-Kentucky residents as for Kentucky residents). Changes in circumstances may arise which may affect the residency and thus fee-assessment for students.

Students or prospective students with questions related to their residency for fee assessment purposes should contact the Office of Admissions for additional information or for the necessary forms used in making a determination.

Full-time refers to enrollment for 12 credit hours or more during the fall or spring semester.

Part-time refers to enrollment for fewer than 12 credit hours during the fall or spring semester.

Residency is an in-state/out-of-state classification for fee assessment purposes; policy guidelines are established and approved by the Kentucky Council on Higher Education.

Tuition is the fee charged for class enrollment.

Undergraduate is a student who has not completed the requirements for a bachelor's degree.

Tuition*

As a full-time student you are entitled to free admission to on-campus athletic events, the Arts in Morehead Series, and the University Lecture Series, and to receive *The Trail Blazer*, the student newspaper. If you are enrolled full time for both the fall and spring semesters you receive the *Raconteur*, the student yearbook. These services are available to you as a part-time student if you pay the activity and service fee.

If you are a full-time student, your fees will be assessed at a full-time tuition rate per semester. If you are a part-time student, your fees will be assessed by the credit hour. Billings will be mailed approximately 30 days prior to registration to those students who advance register for their classes. If you advance register for your classes, you have the following options in completing the registration process:

1. Pay your fees in advance and avoid arena registration,
2. Pay your fees at arena registration,
3. Pick up a refund check, due as a result of financial aid awarded in excess of your fees,
4. Make arrangements for payment of your fees through deferred payment with the Office of Accounting and Budgetary Control at the time of arena registration.

Morehead State University accepts the following methods of payment:

- | | |
|---------------------|-----------------------------|
| 1. Cash | 6. Discover |
| 2. Check | 7. Installment Payment Plan |
| 3. Master Card | 8. Deferred Payment |
| 4. Visa | 9. Financial Aid |
| 5. American Express | |

*All fees are subject to change without notice by action of the Kentucky Council on Higher Education and/or the MSU Board of Regents.

A listing of fees is available upon request.

Student Health Service Fee

This fee is required of all full-time students (undergraduate and graduate) for the fall and spring semesters. Students who pay this fee are entitled to the basic services of the Caudill Health Clinic.

This fee is required of all summer term students taking four hours or more per summer term.

Part-time students are entitled to use the Caudill Health Clinic for a minimal fee.

Installment Payment Plan

Morehead State University now offers an Installment Payment Plan. This will allow you to select a plan and then spread your major college expenses for the coming year over ten installments.

Each year's payments consist of ten monthly installments beginning April 1 and ending January 1 of the following year. This insures that there will be sufficient funds in your account for both the fall and spring semesters.

The enrollment period for the Installment Payment Plan is from February 1 to March 31, with the first installment due April 1. There is a \$50 non-refundable fee to join the plan. If all payments are made according to the plan, in the Spring Semester, the students will receive a \$50 credit to spend as he/she wishes at the University Bookstore.

If you need an application, or have questions please contact the Office of Accounting and Budgetary Control at (606)783-2019, or write to us at the following address:

Morehead State University
Accounting and Budgetary Control

Refunds

Students withdrawing from school during any semester or term must arrange for their withdrawal with the Dean of Undergraduate Programs. No refunds will be made unless the withdrawal is made through the proper channels.

Fall or Spring Semester

On-campus/Off-campus/Day & Evening Classes	Percent Refund
First 5 class days* of the semester	75%
Next 10 class days of the semester	50%
Next 5 class days of the semester	25%

No refunds are given after the first 20 class days of the semester.

*class days begin the first day of the semester.

Summer Sessions

First 2 days* of the semester	75%
Next 4 class days of the semester	50%
Next 2 class days of the semester	25%

No refunds are given after the first 8 class days of the semester.

*Class days begin the first day of the semester.

Refundable fees include: tuition, housing, course fees.

Meal Plans

Meal Plans and Dining Club are refundable during the first three weeks of the semester. A withdrawal form must be presented after the first three weeks of the semester to request a refund. There is a \$15.00 service charge to process the fund.

Meal Plan — pro-rated on a daily basis. Refunds are not given for missed meals.

Dining Club — Refund is given on remaining balance.

Financing Your College Education at MSU

The University offers a broad program of financial assistance to eligible students in the form of grants, loans, scholarships, and work study.

These are terms you might encounter when you apply for financial aid.

Financial aid package is a combination of different types of financial aid that may make up an award.

Grant is a type of aid that generally requires no repayment. Eligibility is based on calculated financial need.

Need is the difference between the amount it will cost you to attend MSU for an academic year and the expected contribution for your family. It is a primary factor in determining eligibility for most available aid.

Scholarships are generally awarded on the basis of academic achievement or special talent. They do not have to be repaid. Eligibility requirements and obligations vary from scholarship to scholarship.

Work Study Programs provide part-time employment for eligible students to help with educational expenses. The work schedule is built around the student's academic schedule.

In many cases, financial aid is made up of a combination of the various types of assistance available (a financial aid package). Students who have been admitted and are enrolled for credit in a degree program are eligible for financial aid funds provided they also meet all other requirements for aid. Financial assistance is granted, depending upon the availability of funds, to all eligible students regardless of sex, race, color, or ethnic origin. About 70 percent of the students attending MSU receive financial aid.

The type and amount of financial aid is generally based upon demonstrated financial need, academic achievement, test scores, and other personal talents and interests. Financial need is determined through analysis of the Financial Aid Form (FAF), available in the Office of Financial Aid, MSU, 305 Howell-McDowell, Morehead, KY 40351-1689, telephone (606) 783-2011, or the office of any high school guidance counselor. The FAF is analyzed to determine the expected contribution of the student and parents or guardian toward educational expenses.

Apply for financial aid by April 1 for the coming academic year or for the coming summer terms. Applying before the deadline increases chances of receiving the aid. Transfer students applying for financial aid must have a Financial Aid Transcript completed by the financial aid office at all schools previously attended.

Most financial aid is credited to students' accounts, one-half of the year's award for fall semester registration and the other half for spring semester registration.

For detailed information on financial aid, request the *Student Financial Aid Consumer Information* booklet from the Office of Financial Aid.

Selective Service Registration Requirement

Male students must be registered with the Selective Service (if required to register) before they can receive Title IV student financial aid (Pell Grant, SEOG, College Work-Study, Perkins Loan, Stafford Loan, Plus/SLS Loan, and State Student Incentive Grant). Contact the Office of Financial Aid for more information.

Satisfactory Academic Progress For Financial Aid Recipients

The Higher Education Act of 1965, as amended by Congress in 1980 and reauthorized in 1986, mandated institutions of higher education to establish minimum standards of "satisfactory academic progress" for students receiving financial assistance. This means that a student must make progress toward obtainment of an appropriate degree or certificate during each term that the student is enrolled. These standards are applicable to all federal, state, and institutional aid programs administered by Morehead State University. 1986, mandated institutions of higher education to establish minimum standards of "satisfactory academic progress" for students receiving financial assistance. This means that a student must make progress toward obtainment of an appropriate degree or certificate during each term that the student is enrolled. These standards are applicable to all federal, state, and institutional aid programs administered by Morehead State University.

At Morehead State University, in order to continue to receive financial aid, a student must demonstrate satisfactory academic progress by completing a minimum number of the total hours attempted, and by also maintaining a minimum grade point average. MSU's satisfactory academic progress schedule is as follows.

Undergraduate

Undergraduate students will be considered to be making satisfactory academic progress for financial aid purposes as long as the following requirements are met:

1. A student must successfully complete a minimum of 75 percent of the credit hours attempted during the last period of enrollment. Successful completion for this purpose is defined as receiving a grade of "D" or better.
2. If 1-16 hours have been attempted, a student must have at least a 1.6 cumulative GPA.
If 17-32 hours have been attempted, a student must have at least a 1.7 cumulative GPA.
If 33-48 hours have been attempted, a student must have at least a 1.8 cumulative GPA.
If 49-67 hours have been attempted, a student must have at least a 1.9 cumulative GPA.
If 68 or more hours have been attempted, a student must have at least a 2.0 cumulative GPA.
3. A student has attempted no more than 170 undergraduate hours.

Graduate

Graduate students will be considered to be making satisfactory academic progress for financial aid purposes as long as all of the following requirements are met.

1. A student must successfully complete a minimum of 75 percent of the credit hours attempted during the last semester of enrollment. Successful completion for this purpose is defined as receiving a "C" or better.
2. A student must maintain a minimum 3.0 cumulative grade point average.
3. A student has attempted no more than 45 graduate hours at Morehead State University. (Exception: Those students pursuing a degree in clinical psychology will be permitted to attempt no more than 80 graduate hours at MSU.)

Policies and Procedures

The specific policies and procedures to be used in applying the satisfactory progress standards are outlined below:

1. Satisfactory progress will be evaluated at the end of each semester. (Exception: For the Stafford (Guaranteed Student Loan) Loan, PLUS Loan, and SLS programs, evaluation will be completed prior to the certification of the loan application.)
2. Hours, attempted for purposes of this policy will be defined as those for which a student receives a grade of A, B, C, D, E, F, I, IP, R, U, N, W, WP, or WF.
3. For undergraduate students, grades of E, F, I, R, U, N, W, WP, and WF will not qualify as successful completion of hours attempted. For graduate students, grades of D, E, F, I, R, U, N, W, WP, and WF will not qualify as successful completion of hours attempted.
4. Non-credit remedial courses, courses taken for audit, and courses in which grades of K or P are received are not fig-

ured in the calculation of a student's grade point average and, therefore, are not calculated as hours attempted or completed in determining satisfactory academic progress.

5. If otherwise eligible, students will be given financial aid during a term in which they may be repeating a course.
6. A student who fails to maintain satisfactory progress as defined will not be permitted to receive federal, state, or institutional financial aid.

Procedures for Appeal by Students Who Fail to Maintain Satisfactory Progress Standards

Students who fail to meet satisfactory progress standards as defined may appeal the ruling to the Office of Financial Aid if they believe extenuating circumstances led to their failure to maintain satisfactory progress. Those desiring to appeal must do so in writing on the Satisfactory Progress Appeals Form and must attach supporting documentation. Copies of the appeals form may be obtained in the Office of Financial Aid. Students will be notified in writing of the action taken on their appeal.

Reinstatement of Financial Aid Eligibility

Should a student's financial aid eligibility be terminated for failure to maintain satisfactory progress as defined, the eligibility for financial aid will not be reinstated until the student enrolls for a subsequent academic term (fall, spring, or summer term) at his or her own expense and completes the term satisfying the satisfactory progress definition.

Financial aid eligibility will be reinstated immediately for all students whose appeals are upheld.

Scholarships and Awards Renewal

Scholarships and awards may and often do require higher standards for renewal. Please consult your award information and the university's renewal guidelines regarding your particular scholarship award. Satisfactory progress for scholarships is also evaluated at the end of each semester. The renewal grade point averages are as follows:

Name	Renewable criteria* g.p.a. minimum for each of the first two semesters	minimum g.p.a. for each semester thereafter
Commonwealth Scholar Award \$3,500/year	3.25	3.50
Distinguished Scholar Award Varies	3.25	3.50
Presidential Scholarship \$3,000/year	3.25	3.50
Regents Scholarship \$1,500/year	3.00	3.25
Kentucky Governor's Scholar Award Tuition/year	3.00	3.25
Leadership Award \$500/year	2.50	2.50
Kentucky Community College Transfer Award \$1,000/year	3.00	3.00

Minority Leadership Award \$500/year	2.50	2.50
Transfer Student Award \$500/year	3.00	3.00
MSU Award \$1,000/year	2.75	3.00
Regional Honors I Scholarship \$2,500/year	3.00	3.25
Regional Honors II Scholarship \$2,000/year	3.00	3.25
Alumni Award \$600/year	2.75	3.00

Scholarships and Awards

To be considered for a scholarship students must submit a completed Undergraduate Admission and Scholarship Application to the Office of Admissions and be admitted to MSU as an incoming freshman or transfer student. Scholarship applications can be obtained through the Office of Admissions or through area high school guidance offices. The priority filing deadline is March 15. The following are descriptions of the scholarships awarded through the Office of Student Services.

Distinguished Scholar Award.

National Merit Scholar. Tuition, fees, room, board, and books.

National Merit Finalist. Tuition, fees, room, and board.

National Merit Semi-Finalist. Tuition, fees, room, and books.

Commonwealth Scholar Award. \$3,500 renewable award. Minimum criteria for consideration: 3.75 cumulative g.p.a., 28 composite ACT, and a Valedictorian or Salutatorian from one of the high schools in MSU's Kentucky service region.

Regional Honors Scholarship. The top two ranked students from each high school in the university's Kentucky service region who have at least a 3.5 g.p.a. and who enroll at MSU in the subsequent fall semester are eligible for awards of \$2,500 and \$2,000, respectively.

Presidential Scholarship. \$3,000 renewable award. Minimum criteria for consideration: 3.75 g.p.a., 28 composite ACT score.

Regents Scholarship. \$1,500 renewable award. Minimum criteria for consideration: 3.5 g.p.a., 25 composite ACT score.

Kentucky Governor's Scholar Award. Value is tuition. Renewable. Must have successfully completed the Kentucky Governor's Scholar program.

Leadership Award. \$500 renewable award. Minimum criteria for consideration: demonstrated leadership and achievement capabilities in school and community activities. Priority given to 2.5 and higher g.p.a.

Kentucky Community College Transfer Award. \$1,000 renewable award. Minimum criteria for consideration: completion of at least 60 hours of college work and a cumulative 3.0 college g.p.a.

Minority Student Award. \$500 renewable award. Minimum criteria for consideration: demonstrated achievement in academic and/or extracurricular activities. Priority given to 2.5 and higher g.p.a.

Transfer Student Award. \$500 renewable award. Minimum criteria for consideration: completion of at least 12 hours of college work and a cumulative 3.0 college g.p.a.

Morehead State University Award. \$1,000 renewable award. Minimum criteria for consideration: 550 admissions index (3.0 cumulative for transfer students). Note: a limited number of MSU Awards are reserved for out-of-state applicants with priority given to residents of Adams, Brown, Clermont, Hamilton, Highland, Lawrence, or Scioto counties in Ohio; Cabell, Mingo, or Wayne counties in West Virginia.

Alumni Award. \$600 renewable award. For applicants to MSU who are dependent children of an MSU alumnus who is active in the MSU Alumni Association. Minimum criteria for consideration: Admission Index of 500 or 3.0 college g.p.a.

All recipients of the above scholarships and grants must agree to continuous full-time enrollment (fall and spring semesters) and continuous residence in university housing (fall and spring semesters). Recipients from Rowan and contiguous counties living at home and commuting to campus may request a waiver of the requirement to live in university housing.

The following are descriptions of scholarships offered through other university departments and programs.

Honors Program Scholarship. \$600 renewable award. Obtain scholarship applications from the Director, Academic Honors Program, Morehead State University, UPO Box 665, Morehead, KY 40351-1689. This award is renewable.

Army Reserve Officers' Training Corps Scholarship. Awarded for periods from two to four years; pays for tuition, textbooks, laboratory fees, other specified educational expenses, and a tax-free subsistence allowance of \$100 per school month. Contact the Professor of Military Science, MSU, UPO Box 1361, Morehead, KY 40351-1689, telephone (606) 783-2050.

E.O. Robinson Mountain Fund Nursing Student Scholarship. For needy nursing students from Eastern Kentucky; maximum annual award is \$500. Contact the Office of Student Services.

Northeast Kentucky Hospital Foundation Nursing Student Scholarship. For needy nursing students from Northeastern Kentucky who demonstrate acceptable academic achievement. Contact the Office of Student Services.

Athletic Scholarships. Based on athletic potential, these scholarships are limited in number by regulation or institutional policy. Contact the coach of the sport in which you wish to compete or the Director of Athletics, MSU, UPO Box 698, Morehead, KY 40351-1689, telephone (606) 783-2088.

Departmental Scholarships. The university offers a number of departmental scholarships in areas such as music, debate, speech, theatre, and radio and television. Contact the department in which you have an interest to explore specific scholarship opportunities.

Outside Funded Scholarships. Granted by agencies outside the University, these are administered through the Office of Student Services in accordance with instructions of the donor. If you are to receive such an award, you should ask the donor agency to mail the award and complete instructions for its disposition to the Office of Student Services, MSU, Morehead, KY 40351-1689. The telephone number is (606) 783-2016.

Financial Aid

Grants. Repayment is normally not required for the Pell Grant, Supplemental Educational Opportunity Grant (SEOG), or College Access Program Grant (CAP). To be considered for these grants you must complete the KFAF or FAF and the MSU Student Financial Aid Personal Data Sheet. Request forms from MSU's Office of Financial Aid or any high school guidance counselor.

Pell Grant. A federally-funded program; eligibility and amount are determined by a standard financial needs analysis formula. Awards may range up to \$2,400 per academic year.

SEOG. A federally-subsidized award based on need. Awards may range from \$100 to \$2,000 per academic year.

CAP Grant. A state program based on need. Grants are \$700 per academic year.

Work-Study Programs. The work-study programs provide salaried work in a variety of offices and departments at the University; participants are paid every two weeks.

College Work-Study Program (CWSP). A federally subsidized program based on need.

Institutional Work-Study Program (IWSP). Sponsored by the University, this program is geared to students with specific skills or talents.

Loans. Loans must be repaid, and are available in differing amounts and under varying conditions. Types are Perkins Loan, Stafford Loan, Plus Loan (PLUS), Supplemental Loans (SLS), and the Emergency Loan Fund.

Perkins Loan. A federally subsidized program based upon financial need and funds available. Eligible students may borrow (at 5 percent interest) up to \$4,500 for the first two years of study, with a maximum of \$9,000 for undergraduate work.

Stafford Loan. Allows students to borrow money directly from participating private lending institutions (bank, credit union, savings and loan association, or other participating lender). Maximum undergraduate loan is \$2,625 a year for the first and second year and \$4,000 a year for juniors and seniors, to be repaid at the current rate of 8 percent, changing to 10 percent four years after repayment begins. An origination fee of 5 percent of the face value is deducted from the loan by the lender.

PLUS/SLS. Allows independent undergraduate students and parents (natural father, mother, legal guardian, or adoptive parent) of dependent undergraduate students to borrow money from a private lending institution for student educational expenses. Independent undergraduate students may borrow up to \$4,000 per year. Parents may borrow up to \$4,000 per academic year, per student. The maximum rate of interest is 12 percent, and the first payment is due within 60 days of disbursement at the rate of at least \$600 a year on a maximum 10-year repayment schedule.

Emergency Loan Fund. Sponsored by MSU, The Parents Association, and the Student Government Association, this fund assists students in emergency situations. Students may borrow small amounts on a short-term, no-interest basis, depending on funds available. Apply in person to the Office of Financial Aid.

Entitlements. Entitlement programs include Veterans Administration Educational Assistance G.I. Bill and benefits for veterans' dependents; tuition waiver for dependents of Kentucky veterans; and Vocational Rehabilitation Assistance.

Veterans Administration (V.A.) Educational Assistance. For eligible veterans (G.I. Bill) and/or eligible children, wives, and widows of veterans who died or were permanently and totally disabled as the result of service in U.S. Armed Forces (V.A. benefits program). Eligibility is determined by the V.A. For information and application forms, contact the Office of Veteran Affairs or the Veterans Administration Office, 600 Federal Place, Louisville, KY 40202, phone (toll-free) 1-800-292-4562.

Tuition Waiver for Dependents of Kentucky Veterans, Police Officers, Firefighters, or Volunteer Firefighters. The

State of Kentucky provides funds to institutions for the waiver of tuition for eligible dependents (children, spouses, widows) of totally disabled or deceased Kentucky war veterans, police officers, firefighters, or volunteer firefighters, who died or were permanently and totally disabled as a result of services in the U.S. Armed Forces, Kentucky Law Enforcement Agencies, a Firefighter, or Volunteer Firefighter. For information, call the MSU Office of Financial Aid.

Vocational Rehabilitation. For eligible individuals with physical or emotional disabilities; eligibility determined by the Vocational Rehabilitation Service in the student's community. If you are already enrolled at the University, contact the Vocational Rehabilitation Office at 200 32 South, No.4, Morehead, KY 40351, Phone (606)783-1527.

Army Reserve Officers' Training Corps Subsistence Allowance. For eligible individuals enrolled in advanced military science classes. Consists of a tax-free allowance of \$100 per school month. Contact the Professor of Military Science, MSU, UPO Box 1361, Morehead, KY 40351-1689, telephone (606) 783-2050.

Academic Programs and Requirements for Graduation

Academic Programs

Table 1 indicates in which subjects baccalaureate or associate degree programs, areas, majors or minors are offered, and whether teacher certification is available. Pre-professional (transfer) programs are also listed. You can find specific options or emphases within certain degree programs by referring to the catalog page number of the general subject area.

The following terms will assist you as you read through this section:

Associate degree requires no fewer than 64 semester hours and can be completed in two years or less.

Bachelor's or baccalaureate degree requires no fewer than 128 semester hours and can be completed in four years or less.

Area (area of concentration) is a field of specialization requiring not less than 48 semester hours of credit which can be completed in place of a major-minor combination.

Major is a principal field of specialized study in which a student plans to obtain a degree. A major requires no fewer than 30 semester hours of designated course work and must be accompanied by a minor or second major.

Minor is a secondary field of study of no fewer than 21 semester hours of designated course work; many minors offer teacher certification.

Program of study is the major-minor combination or area of concentration which the student elects to pursue.

Teacher certification program is a state-approved course of study that leads to certification as a public school teacher.

Degree Abbreviations

AA—Associate of Arts
 AAA—Associate of Applied Arts
 AAB—Associate of Applied Business
 AAS—Associate of Applied Science
 ADN—Associate Degree Nursing
 AS—Associate of Science
 AB—Bachelor of Arts
 BBA—Bachelor of Business Administration
 BM—Bachelor of Music
 BMED—Bachelor of Music Education
 BS—Bachelor of Science
 BSN—Bachelor of Science in Nursing
 BSW—Bachelor of Social Work
 BUS—Bachelor of University Studies

Provisional Studies Program Requirements

Provisionally admitted students will be notified that they have been identified as Provisional Studies students and that their academic activities will be specified and monitored by the Provisional Studies Program staff. Participants will be assessed and will be provided a plan of remediation designed to increase competency in identified areas of weakness. Credits earned from developmental courses do not count toward program or general education requirements, and they do not count toward the minimum hours required for graduation. However, developmental courses do carry credit which is

counted in the semester workload, and the grades earned for developmental courses are computed in the student's grade point average.

The Provisional Program is designed to be a Freshman Year program. To successfully exit the Provisional Studies Program and enroll in a degree program at the University, a student must:

1. Obtain a grade of "C" or higher in all required developmental courses.
2. Pass the mandatory classes (Discovering University Life and Use of Libraries).
3. Successfully complete two semesters with a cumulative grade point average (GPA) considered to be satisfactory progress by the University. Generally, satisfactory progress is a GPA of 1.6 for the first semester and 1.7 at the end of the Freshman year.
4. Successfully complete a minimum of twelve (12) semester hours that satisfy the general education requirements.
5. Attend a minimum of three (3) hours of study tables per week.
6. Make frequent appointments with his or her Provisional Studies Program advisor. Students should meet with their advisor every two or three weeks.

Failure to satisfy the requirements of the Provisional Program by the end of the Freshman year may result in academic dismissal.

Requirements for Graduation

To earn an undergraduate degree or certificate, you must meet general university requirements and specific program of study requirements. Program of study requirements are explained in the academic programs section of this catalog. What follows here are the general university requirements for bachelor's degrees, associate degrees, certificates, and second degrees.

Check Sheets

To help you identify the requirements for graduation in your program, you must file an approved check sheet or an approved teacher education program check sheet with the Office of Registrar no later than the end of your sophomore year (or freshman year if you are in a two-year associate degree program). *Your application for a degree will not be processed until your official check sheet has been filed appropriately.*

You should request an official checksheet through your major academic advisor. A copy of the official check sheet is sent to you and your dean.

Should you subsequently change your area/major/minor program, you must follow the same procedure to acquire a new check sheet.

Bachelor's Degree Requirements

You will receive your bachelor's degree after you:

1. Complete a minimum of 128 semester hours of prescribed and elective college credit, 43 semester hours of which

must be courses numbered 300 or above. See the academic programs section of this catalog for the specific requirements of your area of concentration or major and minor programs.

2. Earn a minimum cumulative grade-point average of 2.0 on all work completed at the university and on all work completed to satisfy area of concentration or major and minor requirements.

3. Complete an area of concentration of no fewer than 48 semester hours or a major of no fewer than 30 semester hours and a minor of no fewer than 21 semester hours. (These are minimum requirements. You may also elect to satisfy two majors or a major and more than one minor.) A major, minor, or area of concentration is not required for the Bachelor of University Studies degree.

4. Complete at least 32 semester hours at Morehead State University, with the last 16 hours preceding graduation earned from MSU. Correspondence courses do not satisfy this requirement. Fifty percent of the hours required for the major or area of concentration must be credit earned at Morehead State University. Exceptions may be made with permission of the dean of the college in which the major or area of concentration is granted.

5. Bachelor of Science degree candidates must complete a minimum of 60 semester hours in science or science-related fields.

6. Complete 42 semester hours of general education courses. (Teacher certification requires 45 semester hours of general education courses, including PSY 154, HLTH 150, one physical education activity course and SPCH 110 or 370. See teacher education requirements.) Some degree programs require specific courses within each general education category. Please refer to your program elsewhere in this catalog for detailed course information. Listed below are the general education course requirements.

Communications and Humanities15 hours

A total of 9 hours in composition and literature

3 hours—Composition 101 or 103*

3 hours—Composition 102 or 192

3 hours—Literature 202, 211, or 212

*Superior ACT scores in English may qualify students to enroll in ENG 103. Students taking ENG 103 may fulfill the remainder of their general education requirements in English by taking general education literature (ENG 202, 211, or 212) and any other English class (except ENG 101 and 102), regardless of level.

A total of 3 hours in oral communications

Speech 110 or 370

A total of 3 hours from one of the following fields:

Fine Arts 160

Foreign languages

Art 263, 264

Music 161, 162, 261, 361, 362

Theatre 100, 110

Natural and Mathematical Sciences 12 hours

A total of 12 hours with at least 3 hours from each of the following areas:

- I. Mathematics 123 or higher
- II. Biological Science 105 or higher
- III. Chemistry, Geoscience, Physics, or Science 100 or higher
- IV. 3 hours from the three listings above or Computer Information Systems 201 or Philosophy 200, 303, or 306.

Social and Behavioral Sciences 12 hours

A total of 12 hours with at least 3 hours from each of the following clusters:

- I. History 131, 132, 141, 142
Economics 101, 201, 202
- II. Sociology 101, 170, 203, 305, 354
Psychology 154
- III. Government 141, 242, 362
Geography 100, 211, 241, 300

Health 3 hours

A total of 3 hours from either of the following:

- Health 150 and one physical education activity class or Health 203

The following courses may not be used to satisfy general education requirements: Pre 100; Workshops 199 through 599; Coop. Study 139, 239, 339, 439 and 539; Practicums; Internships; Special Problems; Field Experiences; Selected Topics; Independent Studies; and Research Projects.

Bachelor's Degree with Secondary Teacher Certification**General Education Requirements 45****English 9**

ENG 101 or 103*

ENG 102 or 192

ENG 202, 211, or 212

*Superior ACT scores in English may qualify students to enroll in ENG 103. Students taking ENG 103 may fulfill the remainder of their general education requirements in English by taking general education literature (ENG 202, 211, or 212) and any other English class (except ENG 101 and 102), regardless of level.

Humanities and Communications 6

SPCH 110 or 370

Total of 3 hours from:

FNA 160

Foreign Language

ART 263 or 264

MUSH 161, 162, 261, 361, or 362

THEA 100 or 110

Social Science and Economics 15

At least 3 hours from each area:

1. HIST 131, 132, 141, or 142
ECON 101, 201 or 202
2. SOC 101 or 305
PSY 154 (required for teacher certification)

3. GOVT 141, 242, or 362

GEO 100, 211, or 300

Science and Mathematics 12

At least 3 hours from each area:

1. MATH 123 or higher
2. BIOL 105 or higher
3. SCI 103 or higher, including CHEM, GEOS, PHYS
4. PHIL 200 or 303 or CIS 201 or science or math elective

Health and Physical Education 3

HLTH 150 (2) and PE activity (1)

Bachelor of University Studies Degree Requirements

You do not have to complete a major, minor, or area of concentration for the Bachelor of University Studies degree. You may take a wide variety of subjects or concentrate all studies beyond the general education requirements in a single discipline. For more information, see your advisor or the Coordinator of Freshman Advising and General Studies.

You will receive your Bachelor of University Studies degree after you:

1. Complete a minimum of 128 semester hours of prescribed and elective college credit, 43 semester hours of which must be courses numbered 300 or above.
2. Earn a minimum cumulative grade-point average of 2.0 on all work completed at the university.
3. Complete at least 32 semester hours at Morehead State University, with the last 16 hours preceding graduation earned from MSU. Correspondence courses do not satisfy this requirement.
4. Complete 42 semester hours of general education courses. See the general education course requirements for Bachelor's Degree Requirements.

Associate Degree Requirements

You will receive your associate degree after you:

1. Complete a minimum of 64 semester hours of prescribed and elective college credit. See the academic programs section of this catalog for the specific requirements of your associate degree program. A prescribed program is not required for the Associate of University Studies degree.
2. Earn a minimum cumulative grade-point average of 2.0 on all work at the university.
3. Complete at least 16 semester hours at Morehead State University, including one semester preceding graduation. Correspondence courses do not satisfy this requirement.
4. Complete 15 semester hours of general education courses as follows:

Composition I 3 semester hours

Composition II or

Technical Composition 3 semester hours

An additional 9 semester hours from at least three of the following 10 categories:

- I. SPCH 110 or 370
- II. ENG 202, 211, or 212
- III. MATH 123 or higher
- IV. BIOL 105 or higher, CHEM, PHYS, GEOS or SCI 100 or higher
- V. A. PHIL 200, 303, or 306
B. MATH 123 or higher
C. BIOL 105 or higher, CHEM, PHYS, GEOS or SCI 100 or higher
D. CIS 201
- VI. A. SOC 101, 170, 203, 305, or 354
B. PSY 154
- VII. A. HIS 131, 132, 141, or 142
B. ECON 101, 201, or 202
- VIII. A. GOVT 141, 242, or 362
B. GEO 100, 211, 241, or 300
- IX. A. HLTH 150 and one PHED activity course
B. HLTH 203
- X. A. FNA 160
B. ART 263 or 264
C. MUSH 161, 162, 261, 361, or 362
D. THEA 100 or 110
E. Foreign language

The following courses may not be used to satisfy general education requirements: Pre 100; Workshops 199 through 599; Cooperative Study 139, 239, 439 and 539; Practicums; Internships; Special Problems; Field Experiences; Selected Topics, Independent Studies; and Research Projects.

Associate of University Studies Degree Requirements

Except for the general education requirements, no prescribed program for study is required for this degree. You may take a wide variety of subjects or concentrate all studies beyond the general education requirements in a single discipline. All other associate degree requirements must be met. (See associate degree requirements above.) For more information, see your advisor or the Coordinator of Freshman Advising and General Studies.

Second Degree Requirements

If you have earned a degree from Morehead State University or any other accredited college or university, you may earn a second bachelor's degree or associate degree by completing program requirements approved by your major department and the following minimum requirements.

For a second bachelor's degree, you must:

1. Hold an acceptable bachelor's degree from an accredited college or university.
2. Complete a program of study approved by the head of your major department, including at least 32 new semester hours earned at Morehead State University. Of these 32, a minimum of 15 semester hours must be earned to complete a new major or area of concentration.
3. Earn a minimum of 2.0 grade-point average in all course work presented to complete the program, in all course work completed at Morehead State University, and in all course work in a major, minor, or area of concentration.

For a second associate degree, you must:

1. Hold an acceptable associate or higher degree from an accredited college or university.
2. Complete a program of study approved by the head of your major department, including at least 16 new semester hours (at least 12 must be earned at Morehead State University). At least 9 of the 16 semester hours earned must be in courses in a new prescribed associate degree program.
3. Earn a minimum 2.0 grade-point average in all course work presented to complete the program, in all course work completed at Morehead State University, and all course work in the new prescribed associate program.

Assessment

Morehead State University uses various tests and survey instruments to assess students' progress and to evaluate academic programs and services. **Students are expected to participate in this assessment effort.**

All seniors must take a university-approved exit examination of general education skills before they will be allowed to file for graduation beginning January 1991. This test will be administered in the Testing Center, Ginger 501, at no cost to the student on announced dates throughout the semester. In addition, seniors may be asked to take competency examinations in their majors or areas of concentration.

Applying for Graduation

An Application for Degree Form (available in the Office of Registrar) should be submitted to the Office of Registrar at least one semester before degree requirements are completed. A list of degree candidates is posted outside the Office of Registrar at least two weeks prior to the end of each term.

Commencement. Commencement is observed three times during the academic year. Ceremonies are held at the end of the fall and spring terms, and at the end of the second summer term.

Academic Regulations and Procedures

Registration

To register, you must be admitted to the university and have a personalized registration packet. Registration packets are available at the registration location.

Early Registration and Orientation

New freshmen or transfer students enrolling for the fall semester are encouraged to participate in the summer early registration and orientation program. The two-day activity provides an overview of the educational opportunities and facilities of the university. Students will also meet with academic advisors and register for classes for the fall semester.

Orientation programs are also held during the regular fall and spring registration periods. All new freshmen and transfer students, including those that attended the summer orientation, are required to attend the fall program. Students are notified of the specific dates and times of these activities upon their acceptance to MSU by the Office of Admissions.

Advance-registration

Students currently enrolled or who have been accepted for enrollment may advance-register for courses for the following semester or summer term. Complete instructions are published in the term's schedule of classes.

Late Registration

Students are encouraged to register according to the timetable in the published class schedule. Late registrants are assessed a \$50 late registration fee and often encounter scheduling difficulties. After the scheduled enrollment period, students registering for the first time must report to the Office of Admissions, 301 Howell-McDowell. Returning students begin the registration process in the Office of Registrar, 201 Ginger Hall.

Change in Schedule

Schedule changes include adding and dropping a course, changing from one course section to another, changing the number of credits involved in any course, or changing from audit to credit or from credit to audit. Any schedule change must be approved by the student's advisor and the department chair in which the class is offered and be recorded with the registrar on a drop/add form. Deadlines for making schedule changes are published in the current class schedule.

After the published date, full term courses may be dropped only because of unusual circumstances. Approval of the dean of the college in which the student is majoring is required.

Course Load

To be classified as full time a student must enroll for at least 12 semester hours. Audited and correspondence courses do not contribute toward a full-time load. The maximum load a full-time undergraduate student may carry during any semester is 18 credit hours including audited courses.

Enrollment in 19 to 21 credit hours is considered an overload. Undergraduate students desiring to register for an overload must:

- Have a 3.25 in the previous semester or overall cumulative g.p.a.
- Have the approval of the academic advisor and the appropriate college dean.

It is expected that no student shall be allowed to enroll in more than 21 hours in a regular semester and 7 hours in a summer session.

Additional tuition will be assessed for students carrying more than 18 credit hours.

Undergraduates Enrolling for Graduate Credit

A student in the final semester of undergraduate study with a grade-point average (g.p.a.) of at least 2.5, may enroll concurrently in courses for graduate credit according to the following limitations:

Undergraduate Credit Needed for Degree Completion		Graduate Credit Allowed
9		3
6		6
3		9

If the work for a baccalaureate degree is being completed during a summer term, the combined course load may not exceed six hours. Application forms are available in the Office of Graduate and Special Academic Programs, 701 Ginger Hall. Approval must be granted prior to registration.

Student Classification

Classification is determined by the number of credit hours, including transfer work, successfully completed. The classifications are 0-29 hours, freshman; 30-59 hours, sophomore; 60-89 hours, junior; 90 hours and above, senior.

Course Numbering

Courses numbered below 100 are developmental courses. These courses carry credit which is counted in the student's load. The grade earned is computed in the student's grade point average. However, credits earned do not count toward program or general education requirements, and they do not count toward the minimum hours required for graduation.

Courses are numbered as follows:

100-199	Freshman courses
200-299	Sophomore courses
300-399	Junior courses
400-499	Senior courses
500-599	Senior and graduate courses
600-699	Graduate courses

Generally, courses may be taken only one level above a student's present classification except for 500-level courses which may be taken only by seniors and graduate students. Courses may be taken at any level below a student's present classification.

A course numbered 500 will be taught at the undergraduate level, and graduate students enrolled must meet additional course requirements to receive graduate credit for the course. A statement of these requirements will be provided with the course syllabus.

Courses

Repeating Courses

Undergraduates may repeat any course regardless of the grade received or the number of times the course has been attempted. Only the grade received on your last attempt is computed in the overall grade-point average (g.p.a.). This practice applies to MSU, and is not necessarily the way other institutions might compute the cumulative g.p.a. upon transfer. Students wishing to repeat courses must file a Repeat of Course Option with the Registrar's Office at the time of enrollment in the course to be repeated.

Auditing Courses

An auditor is a student who enrolls and participates in a course without expecting to receive academic credit. The same registration procedure is followed and the same fees charged as for courses taken for credit. An audited course is not applicable to any degree program. Audit enrollment *will not* be considered a part of the minimum number of hours required to determine full-time status or normal load. Audit enrollment will be counted in determining overload.

Regular class attendance is expected of an auditor. Other course requirements, which may be obtained in writing from the instructor, will vary depending on the nature of the course. Students interested in auditing a course should contact the instructor and discuss course requirements prior to enrolling. *Failure to meet audit requirements for the course may result in the auditor being withdrawn from the course at the request of the instructor with a "WY" (Audit Withdrawal) entry made on the student's transcript.* A successful audit will be recorded on the transcript with the designation "Y." Any change from audit to credit must be done by the last day to add a class. Changes from credit to audit must also be done by the last day to add a class. Deadlines for change of registration status are published in the current class schedule. Refunds for withdrawals from audited courses will be prorated on the same basis as refunds for withdrawals from courses taken for credit.

Attendance

Prompt and regular class attendance, being essential to the learning experience, is the responsibility of all students. More specific attendance policies may be established by individual course instructors and must be distributed to students in

written form during the first week of the session. A copy of the policy will be kept on file by the department chairperson.

Absence

Students missing class because of legitimate reasons must consult with the instructor concerning the absence, preferably beforehand. Legitimate absences do not excuse the student from class responsibilities. Some examples of reasons to be excused by the instructor are illness, accident, personal emergency, death in the immediate family, special academic programs, or an authorized university function for which the student's presence is required.

Students who feel that they have been unjustly penalized by an instructor's attendance policy or by the instructor refusing to accept an excuse may follow the academic grievance procedures outlined in the student handbook.

If the instructor has determined that class participation is necessary for the student to meet course objectives, all students will abide by the attendance policy applicable to that course.

Withdrawals

To withdraw from the university, a student must complete a withdrawal form at the Office of the Registrar. It is important for a student's academic record to reflect an official withdrawal; entitled refunds are not made unless the withdrawal is properly recorded.

Grades

Marking System and Scholastic Points

The evaluation of the academic work of undergraduate students is indicated by letters as follows:

- A—Excellent—Valued at four quality points per semester hour.
- B—Good—Valued at three quality points per semester hour.
- C—Average—Valued at two quality points per semester hour.
- D—Below Average—Valued at one quality point per semester hour.
- E—Failure—No semester hours earned and no quality points.
- I — Incomplete—Given only when a relatively small amount of work is not complete because of illness or other reasons satisfactory to the instructor. Incompletes must be made up by mid-term of the following semester (summer school excluded.) I is calculated as an E in computation of g.p.a. for the current term.
- IP—In progress—Course work has not been completed, and the student must register for same course the following semester; no credit hours or quality points (restricted to approved courses.)
- K—Credit, pass-fail course—Semester hours earned; no quality points; not computed in g.p.a.
- N—Failure, pass-fail courses—No semester hours earned; no quality points; computed in g.p.a.
- P—Withdrew from school passing—Not computed in g.p.a.
- F—Withdrew from school failing—Computed in g.p.a. as credits attempted.

- R—Course repeated—Replaces original grade for repeated course; computed in g.p.a.
 U—Unofficial withdrawal—Computed as credits attempted; computed as zero quality points in g.p.a. calculation.
 W—Withdrew officially—No hours attempted; not computed in g.p.a.
 WY—Withdrawal from audit class—Not computed in g.p.a.
 Y—Audit credit—No hours attempted; not computed in g.p.a.; not applicable to degree program.

Pass-Fail

The purpose of the pass-fail option is to let you explore elective courses outside your area of specialization without engaging in grade competition with students specializing in those courses. Apply at the office of the dean of your first major by the last day to add a class.

Requirements include the following:

1. A minimum of 2.5 cumulative g.p.a. for 30 hours earned at MSU. You are eligible as a transfer student with a minimum of 30 hours, if at least 12 hours were earned at MSU, and you have a 2.5 g.p.a. on the work completed at MSU.
2. A maximum of 15 hours may be applied toward the total number of hours required for the bachelor's degree; six hours may be applied toward associate degree requirements.
3. The pass-fail option is applicable only to free elective courses. These include courses not required for your area, major, minor, or general education requirements.
4. Each semester you can use the pass-fail option for one course (for any number of hours of credit), or a combination of courses totalling up to three hours.
5. Hours earned in pass-fail work are added to your total hours passed but do not affect your g.p.a. Any grade of D or above is considered passing and is designated by K. A failing grade is designated by N.
6. You may change course registration status from pass-fail to the conventional letter grading system, and vice versa, during the normal period to add a course.
7. You cannot transfer hours earned under the pass-fail option into any degree program.
8. Your status under the pass-fail option is not identified to instructors. Instructors assign a conventional letter grade and the registrar converts the assigned letter grade to a K or N, as applicable.

Honors

Academic Dean's List. To be eligible, you must have passed at least 12 undergraduate hours and have earned at least a 3.4 g.p.a. for the current semester.

Graduating with Honors. Formal recognition is given to two-year and four-year graduates who have achieved academic excellence. Baccalaureate degree recipients who complete at least 64 hours at MSU and earn a cumulative grade-point average of 3.40 to 3.59 graduate *Cum Laude*; 3.60 to 3.89 graduate *Magna Cum Laude*; and 3.90 to 4.00 graduate *Summa Cum Laude*. Associate degree recipients who complete a minimum of 32 semester hours at MSU

and earn a cumulative grade-point average of 3.60 or better graduate with distinction. Only work completed at MSU is used in computing grade-point average.

Grade Reports

At the end of each semester and summer term, a final grade report is sent to you at your permanent address. Mid-term grade reports are not mailed, but should be picked up from your advisor. There are no mid-term grade reports for the summer terms.

Transcripts

Request official transcripts, in writing to the registrar. Requests received by noon are ready for pickup or mailing by noon the next working day. Official transcripts are \$2 each.

Student Records

In accordance with the Family Educational and Privacy Act and Morehead State University policy, non-directory information from your official cumulative file may not be released without your written consent except to persons engaged in the proper performance of university duties.

You also have the right to inspect, review, and challenge all official educational records, files, and data directly related to you. Request for access to such records must be in writing to the Registrar, MSU, 201 Ginger Hall.

Questions concerning this law and the university policy may be directed to the Office of Registrar, 201 Ginger Hall.

Scholastic Standing

Students are eligible to register if they meet the following minimum cumulative scholastic levels:

- I. A 1.6 cumulative grade-point average if 16 or fewer semester hours have been attempted.
- II. A 1.7 cumulative grade-point average if 17-32 semester hours have been attempted.
- III. A 1.8 cumulative grade-point average if 33-48 semester hours have been attempted.
- IV. A 1.9 cumulative grade-point average if 49-67 semester hours have been attempted.
- V. A 2.0 cumulative grade-point average if 68 or more semester hours have been attempted.

A student who does not meet the above standards is on academic probation during the next enrollment. The student's grade report will be stamped with the words "Academic Probation," and the student will receive a letter from the Dean of Undergraduate Programs explaining his or her academic status. The student will be required to meet with his or her advisor for academic counseling.

Continued enrollment while on academic probation is permitted for no more than two consecutive semesters. If the student's grade point-average does not meet the minimum standard at the end of the second semester on academic probation, he or she will receive a letter from the Dean of Undergraduate Programs stating that continued enrollment is not permitted during the next enrollment period.

A student who receives notification of academic probation may enroll for no more than 15 semester hours of course work during fall and spring semesters and for no more than 6 semester hours of course work during a summer session.

A suspended student may:

1. Apply for readmission after the lapse of one semester (excluding summer school); or
2. Appeal by petitioning a hearing before the university Academic Appeals Committee. Requests for appeals are made in the Office of the Dean of Undergraduate Programs, 201 Ginger Hall.

A student readmitted under the above conditions who fails to make academic progress will be dismissed from the university.

Academic Bankruptcy

Academic bankruptcy allows undergraduates with an unacceptable grade-point average (g.p.a.) to drop one semester's work from consideration for MSU general education degree or program requirements.

Undergraduate students who are granted bankruptcy status forfeit credit for all courses in the bankrupt semester. The grades and credit hours earned during that semester are disregarded for MSU requirements, but the notation "academic bankruptcy" appears on the transcript beneath the semester's work.

Undergraduate students declared eligible for bankruptcy forfeit credit for only one specified semester of pre-baccalaureate study. Bankruptcy cannot be revoked once it has been granted.

Eligibility. Only hours attempted at Morehead State University are considered for bankruptcy; transfer hours are excluded.

These are the requirements for academic bankruptcy:

1. Students must apply for bankruptcy before completing a baccalaureate degree at Morehead State.
2. They must have attempted at least 48 semester hours at MSU.
3. For the term in question, students must have a g.p.a. of at least 1.0 under their cumulative average for all other hours completed at MSU.

Procedure. To apply for academic bankruptcy, request an Academic Bankruptcy Form in the Office of Registrar. Complete the form, have it signed by your academic advisor and/or department head, and take it to the registrar for verification of eligibility. The registrar will notify you, your advisor, and/or head of your department in writing whether or not you are eligible.

If you are ruled ineligible and want to appeal, request reconsideration at the Office of the Vice President for Academic Affairs, 203 Howell-McDowell.

Academic Grievance Procedure

It is recommended the student discuss any complaint with the person involved. If the complaint is not resolved at the instructor level, or if the student feels it is not practical to contact the instructor, the student may present the complaint to the chair of the department to which the instructor

is assigned. If the complaint involves a final grade, the student must take the complaint to the faculty member within the first two weeks of the beginning of the following semester. If the student is not enrolled the subsequent semester, a letter of inquiry should be mailed to the instructor and the instructor's department chair within the first two weeks of the beginning of the following semester. Upon receipt of the response from the instructor, the student has 30 days to file a formal complaint.

Prior to any action by the department chair, the student will be required to complete a Student Grievance Form. The form is available in the Office of the Vice President for Academic Affairs and should be completed and returned to the chair of the department involved. Upon receipt of the Student Grievance Form, the department chair will request from the instructor a response in writing, addressing the questions raised by the student. Within one week after the written grievance is filed in the department chair's office, a meeting will be arranged. The instructor, the student filing the grievance, the department chair, and the dean of the responsible college will be in attendance. The student may have his or her academic advisor or a faculty member of the student's choice present. It will be the purpose of the department chair and the respective college dean to review the grievance and attempt to mediate a settlement. The department chair's and the college dean's recommended solution is to be considered by both the faculty member and the student as a recommendation and not as a decision that is binding. Records of this meeting, including recommendations by the department chair and college dean, will be sent to the Vice President for Academic Affairs and to all parties concerned.

If the recommendations presented by the department chair and the college dean are not acceptable to the student, he or she may appeal to the Academic Appeals Committee. The student must petition a hearing before this committee within one week following the meeting with the college dean and the department chair. Requests are to be in writing and made to the Vice President for Academic Affairs. If the procedure has been followed, the Vice President will submit to the chair of the committee records of all action to date. Within two weeks following the application of appeal, the committee will meet and review data and previous recommendations. The committee may request additional information and/or the parties involved to appear before the committee. The committee's decision will be sent to the Vice President for Academic Affairs, with a copy being sent as a matter or record to the student, faculty member, department chair, and the faculty member's college dean. The Vice President for Academic Affairs is responsible for enforcing the committee's decision. The committee's decision is final.

It is understood that anyone may appeal to the President of the university when due process has been violated or when individual rights are disregarded.

Sexual Harassment Policy

It is the policy of Morehead State University that no member of the university community may sexually harass another. Any employee or student will be subject to disciplinary action or suspension for violation of this policy.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education;
2. submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual; and/or
3. such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive employment, educational, or living environment.

Sexual harassment is illegal under both state and federal law. In some cases, it may be susceptible to prosecution under the criminal sexual conduct law.

It is the responsibility of faculty, staff members, and students to report any conduct that is perceived to be sexual harassment. Cases of alleged sexual harassment may be brought to the attention of either the University's Affirmative Action Officer (HM 101) or any other university official whom the person chooses to initiate the established process for resolution of the complaint.

Academic Support Services

Academic Advisement Program

The University provides a program of academic advisement to assist students with information about specific programs and university procedures, with career guidance and counseling, and with general academic support throughout their college experience.

Advisor Assignment

Although you may not have a permanent advisor assigned when you register, department chairs and support advisors are available to assist you. A permanent advisor is assigned to you during the first two weeks of the semester you enroll. If you have selected a program of study, you must see the chair of that department for the name and office location of your advisor. If you are a General Studies (undecided) or Provisional Studies student, you must go to the Academic Services Center, 220 Allie Young Hall. It is your responsibility to make the initial contact with your advisor.

Required Advisor Contacts

You will want to maintain a close relationship by frequent visits with your advisor, but you are required to meet your advisor periodically for at least the following purposes:

1. to obtain your advisor's signature on your trial schedule form prior to registration;
2. to pick up mid-term grade reports;
3. to initiate class changes during the drop/add period;
4. to complete a change of program form if you change your major, minor, or area of concentration, or if you are in general studies and you declare a major, minor, or area of concentration; and
5. to complete a check sheet during your sophomore year (freshman year for associate degree). Transfer students above the sophomore level should schedule such a conference at the end of the first semester at MSU.

Academic Services

The Academic Services Center, located on the 2nd floor of Allie Young Hall provides a variety of academic advising, guidance, tutoring, and support services. These academic services are free and include:

General Studies/Freshman Advising. This office provides academic advising to those students who are undecided about a college major or those students who are seeking a two-year or four-year University Studies degree. The professional advisors encourage and assist students in exploring various academic, career, and life choices as they relate to deciding upon an academic program. The staff helps students become familiar with the various resources available at MSU.

Provisional Studies. This is a Freshman year program which specifically addresses the needs of those students who do not meet the regular admission requirements of the University. Please refer to the Academic Programs and Requirements for Graduation section of this catalog for specific program requirements.

Peer Advising. The Peer Advising Program offers incoming students enrolled in MSU 101 the opportunity to work with upper division students who have successfully adjusted to MSU. These upper division students can provide information about university resources and help new students adjust to MSU.

Tutoring Services/Learning Lab. Free tutoring is available during the day and evening to help students who may be having difficulty with a particular class. Help is available to assist students with writing papers in any course at MSU. There are numerous self-paced programs designed to assist students in improving basic academic skills.

Physically Handicapped/Learning Disabled Student Services. Professional staff assists physically handicapped and learning disabled students in the acquisition of academic aids such as taped textbooks, note-takers, and tutoring. The staff coordinates efforts to address the accessibility needs and class accommodations with instructors of handicapped and learning disabled students.

Minority Retention/GUSTO. Academically related activities designed to assist minority students in their transition and adjustment to university life as well as help ensure academic success are provided. Included in the varied services are academic advising, guidance and counseling, tutoring, and workshops. Also provided is GUSTO (Guiding Undergraduate Students Toward Opportunities) which is a volunteer

faculty mentoring program for new minority freshmen and transfer students. A faculty sponsor is assigned to guide students in the program through their first year of university life - both academically and socially.

Study Skills Classes. A one credit hour course in study skills helps students to acquire skills in time management, note taking, test taking, outlining, improving memory, and listening skills. In addition to the credit class, specialized non-credit seminars in study skills are offered to students.

Career Planning Classes. The two credit hour course in career planning is designed to assist students in making realistic career decisions consistent with their abilities, needs, values, interests and goals. The student participates in many activities to learn about themselves and the world of work. Students can utilize the computerized career information program, Discover, to learn more about themselves and careers.

Readmitted/Academic Probation Student Programs. Special academic counseling, advising, and support services are available to students who have been readmitted to MSU or are on academic probation. Specially designed study skills seminars, individualized academic counseling programs, and study tables are provided to help students successfully accomplish their academic goals.

Special Services. The Special Services Program is a guidance and academic counseling program designed to assist with student retention by providing a variety of services to all students. Individualized academic counseling and guidance sessions are available upon request as well as workshops and seminars centered around improving study habits and increasing motivation for academic success.

Student Support Services. This program serves students who are first generation college students, meet low income guidelines, or have a physical handicap. An individualized educational plan which may include tutoring, advising, counseling, and cultural enrichment is designed to meet the unique needs of each student.

Computer Resources

Morehead State University through the Office of Information Technology provides a variety of computing resources in support of instruction, administrative, alumni and research activities. These resources include four (4) computer systems. For instructional purposes, the university has a Prime 9955 Mod II, IBM 9375 and over 700 microcomputers. The university is a member of the Kentucky Educational Computing Network (KECNET) and utilizes this resource to access the University of Kentucky IBM supercomputer system. Access to national and international networks is implemented via the Corporation for Research and Educational Networking (CREN, formerly BITNET). Administratively, the university

uses a Prime 6550 system. Also available is a Data General 280 system utilized for library activities.

There are numerous devices strategically located throughout the campus to give students, faculty, and staff convenient access to those computing resources. Information Technology staff provide seminars to train users in the proper use of various hardware and software. The university instructional programs utilize computing resources for programming drill and practice, problem solving, computer-assisted instruction, simulation, record keeping, word processing, research and other activities.

Testing Center

The Testing Center provides testing services to the University and the region. Testing is conducted on a daily basis by appointment. Established testing programs include ACT, Senior Exit Tests, AP, CLEP, GED, GRE, GMAT, LSAT, MAT, NTE, correspondence exams, and various departmental proficiency examinations. Literature and brochures describing the different testing programs and their functions are available at the Testing Center, 501A Ginger Hall, (606)783-2526.

University Counseling Center

The University Counseling Center, located in 112 Allie Young Hall, provides psychological services to all enrolled students. The staff consists of a center director, staff psychologist, substance abuse educator, and graduate clinical psychology interns.

Services provided to students include individual and group counseling and psychotherapy, and outreach programming for substance abuse education. Our programs and services provide a critical resource for students as they face stressful adjustments to academic life, interpersonal relationships and personal development. All counseling communication and records are held with strict confidentiality to insure student privacy.

Services are available from 8 a.m. to 4:30 p.m., Monday through Friday with evening appointments scheduled as needed.

Individual Counseling and Psychotherapy. The years invested in college are a time of growing maturity, challenges, new relationships, many changes, and indecision. A few students move through this time in a calm, relaxed manner. There are many others who during this time have periods of stress, confusion, crisis and trauma. At such times individual or group counseling and psychotherapy can assist the student in dealing with stress and in clarifying the issues so that productive choices can be made.

Marital/Relationship Counseling. Marital and other interpersonal relationships can be readily affected by the many stresses that are often encountered during a student's academic career. The UCC staff have specific training in areas of marital and relationship counseling and offer training in methods of marital/relationship enrichment and enhancement for distressed and non-distressed couples.

Groups and Workshops. In addition to group counseling, various workshops and special programs are scheduled to address specific needs of the university community. Topics include assertiveness training, stress management, depression, eating disorders and dealing with roommate conflicts.

Substance Abuse Education. The UCC provides a variety of educational programming addressing issues related to alcohol and drug abuse. The substance abuse educator serves as a coordinator for networking members of the university community with local and regional programs and services that assist individuals with alcohol and/or drug abuse related problems.

Non-Traditional Student Counseling.

The counselor for non-traditional students is available to all undergraduate students who are 23 years of age or older. This office provides assistance with academic and personal pressures frequently encountered by students dealing with courses, work, and family responsibilities.

The non-traditional counselor serves as an advocate for the increasing number of adult students at MSU. The counselor also helps link these students to academic and campus resources for concerns such as study habits, time management, family, career, or financial needs. The counselor is available to students on a limited schedule at off-campus centers.

Director of Minority Student Affairs

The office provides assistance and support to prospective and enrolled minority students at MSU. Coordination of campus activities is conducted throughout the year to insure inclusion of educational, cultural, and social programs for minority students. Minority student adjustment and retention are promoted by assisting student leadership and advising individuals and organizations on student life/personal development goals. Through these efforts the office provides cultural enrichment and academic support for minority students while increasing cross-cultural understanding for the total campus community.

International Student Services.

The Counselor for International Students provides assistance and support during international student entry to MSU, coordination and documentation of compliance with immigration regulations, and cross-cultural programs for international education. *International students must consult the counselor for international students when:*

1. applying to add, extend, or change visas,
2. transferring to or from the university,
3. dropping classes below a full-time enrollment,
4. leaving the university for any reason,
5. accepting part-time employment for the first time or engaging in summer employment,
6. changing residence,
7. seeking practical training or its extension, and
8. obtaining Social Security forms.

The counselor for international students is available in 320 Allie Young Hall and/or by appointment.

Career Planning and Placement

The Office of Career Planning and Placement, 322 Allie Young Hall, provides a full range of career-related services for current students and alumni. Services include career counseling, vocational testing, job search workshops, resume evaluations, video taped interviews, and access to an extensive career resource library. Graduating students also have access to national and regional job vacancy lists, on-campus interview opportunities, and development of personal credential files. Students are welcome to visit the office any weekday between 8:00 a.m. and 4:30 p.m. if they desire help with career concerns or call 783-2233 to make an appointment for individual help.

Alumni Association

The MSU Alumni Association, Inc., is an organization operated exclusively for educational and charitable purposes designed to stimulate interest in Morehead State University. Active membership in the MSU Alumni Association, Inc., is available to all graduates and former students who make an annual contribution to the MSU Foundation, Inc. Associate membership is available to parents of students and friends of the university who make an annual contribution to the MSU Foundation, Inc. Active members receive several benefits such as discounts on concert tickets and season football or basketball tickets, a financial aid program for dependent children, and invitations to special events and activities.

The Alumni Association plans and coordinates Homecoming weekend in October of each year for alumni to return to MSU for a variety of activities.

Camden-Carroll Library

Camden-Carroll Library is the information center of Morehead State University. The Library's collection of books, periodicals, government documents, and non-print media supports the University's curriculum and provides a wealth of materials to meet students' research, recreational, and personal enrichment needs.

"Information literacy" has been identified as a set of skills necessary to compete in today's service-oriented economy. The Library's online catalog and microcomputer-based CD-ROM databases afford students the opportunity to develop

these skills through hands-on experience with these sophisticated information storage and retrieval systems. Library staff are available to recommend sources and to help define research needs and suggest strategies.

The Learning Resource Center supplies audio-visual materials and equipment, and is the site of one of the University's microcomputer labs. LRC maintains a selection of microcomputer software, as well as video recordings, films, records, tapes, and other materials.

Other services offered by the Library are photocopy facilities, graphic arts and tape duplicating services, typewriters, and access to the campus computing network.

Information about the Library and its services may be obtained from any Library staff member. One-hour credit classes in Library use are offered each semester, and groups may schedule Library orientation/instruction sessions by calling 783-2251, or 783-2828 for LRC orientation.

The Library is open seven days a week. Regular hours are 8 a.m. to 10 p.m., Monday through Thursday; 8 a.m. to 6 p.m., Friday; 9 a.m. to 4:30 p.m., Saturday; and 2 p.m. to 10 p.m., Sunday. A late-night study center is open after regular hours Sunday through Thursday when classes are in session. Hours are subject to change during vacation periods.

Academic Opportunities

Cooperative Education

Cooperative Education provides supervised work experience in educational, vocational, governmental, and cultural environments outside the University. Students are awarded academic credit and remuneration for each work experience. Semesters of on-campus course work are alternated with semesters of salaried employment in an environment closely associated with the student's program of study. For additional information, contact your advisor or department chair.

Government Symposia and Internships

The Washington Center National Government seminar and Internship Program provides MSU students with the opportunity to study and work in Washington, D.C. The program, which is available to most undergraduate majors, provides both two-week intensive seminar and semester-long internships during the academic year and summer.

The seminar address major current legal, political, domestic and foreign policy issues. A central feature of the seminar is the participation of persons currently involved in national political life as guest lecturers and discussion leaders. The internships have a study and work component: an evening course and a full-time government work experience. The course held once a week, is taught by the Washington Center's faculty drawn from Washington, D.C. colleges and universities. The internships are full-time work experiences in the offices of congressmen and senators, on congressional committees and subcommittee staffs, and in government departments and regulatory commissions. The Washington Center provides housing and an on-site staff responsible for administration, placement, orientation, supervision, and evaluation for both seminars and internship participants.

Registration procedures, participation, evaluation, and the receipt of academic credit are governed by the MSU-Washington Center affiliation agreement with the Department of Geography, Government and History. The seminars carry three semester hours credit and the internships carry 15 semester hours credit. For additional information and application forms, contact: the Department of Geography, Government, and History, 350 Rader Hall or call (606)783-2655.

Television Courses

Each fall, spring, and summer semester a number of undergraduate and graduate courses are offered for credit by television. These courses may be applied toward general education requirements and/or program of study requirements. Admission requirements are the same as for on-campus enrollment. A registration fee is charged in addition to tuition. For an application contact the Office of Dean of Undergraduate Programs, 201 Ginger Hall. (All on-campus students must have their deans' or advisors' approval for telecourse enrollment.)

Correspondence Courses

Correspondence courses allow students to complete college credit outside the formal classroom. Any undergraduate student enrolled at Morehead State University may register for correspondence credit. Others may register as special status students if they hold a high school diploma or a General Education Development (GED) certificate.

Admission for correspondence study as a special status classification does not necessarily qualify participants for regular admission to residence study. However, a student may

apply for admission to residence study at any time after the special status has been granted. A high school diploma or GED is required. Tuition is the same as the current undergraduate, in-state, hourly fee.

Credit earned by a combination of correspondence courses and credit by examination cannot exceed 32 semester hours toward a baccalaureate degree or 16 semester hours toward an associate degree. Correspondence enrollment will not be considered in the determination of full-time status. For an application and complete details, contact the Correspondence Study Program, 201 Ginger Hall.

Honors Program

The Honors Program is an academically-enriched program that provides highly motivated students with small classes, direct and personal contact with faculty members, and greater curriculum flexibility.

Freshmen and sophomores take a sequence of honors classes which fulfill general education requirements, upper division students participate in at least two honors seminars, and seniors undertake an independent study project in their major field.

Members of the Honors Program receive special opportunities and recognitions. They may enroll for additional credit hours each semester; have their major field content requirements altered for greater flexibility; receive special library privileges, including a separate study room and free computer research; participate in cultural enrichment trips to concerts, plays, and museums in surrounding cities; participate in a yearly "seminar week" with students from other state Honors Programs; help faculty in their research projects; be recognized during Academic Awards Convocation and Commencement. Participation is noted on the academic transcript.

High school students who have composite ACT examination scores of 26 or above and a strong high school academic record are eligible. College students, including transfer and second semester freshmen who have a cumulative 3.5 grade-point average, are invited to become members. Once admitted to the program, a student must maintain a 3.4 grade-point average. The Honors Program awards 10 scholarships each year to entering freshmen. If you would like more information or admission forms, contact the Honors Program Director, Morehead State University, UPO Box 665, Morehead, Ky. 40351-1689.

Interdisciplinary Women's Studies Minor

The purpose of the women's studies minor is to provide students with opportunities to develop knowledge and understanding of women's roles and contributions, historically and across cultures.

The objectives of the minor are:

1. To inform students of the diversity of women's contributions across academic disciplines in a global society.
2. To increase students' knowledge of the varied roles of women throughout history.
3. To challenge students to use a variety of critical thinking and problem solving skills when analyzing issues which pertain to women.
4. To expand students' knowledge of role fulfillment alternatives and career options.

Required Courses

WST 373—Introduction to Women's Studies	3
WST 490—Integrative Capstone in Women's Studies	3

Electives

Additional courses crosslisted in Women's Studies	15
	21

For crosslisted courses, call the Office of the Undergraduate Dean (783-2004).

Academic and Honor Organizations

Numerous organizations offer opportunities for academic enrichment outside the classroom. Members may participate in informal discussions with faculty and professionals, field trips, and on-campus programs. Further information is available by contacting the specific organizations listed below:

Area of Concentration

Sem. Hrs.

General Education Requirements45
(See general education requirements)

The student must complete a minimum of 50 semester hours credit in technical agriculture which includes at least 6 approved semester hours in each of the fields listed below. This area of concentration is designed and approved for students who wish to teach agriculture education in the public schools of Kentucky.

Core Requirements

Sem. Hrs.

Required courses in technical agriculture50
AGR Agricultural Economics6
AGR Agricultural Mechanics6
AGR Animal Science6
AGR Horticultural and Plant Science6
AGR Soil Science6
AGR—approved agriculture electives20
Required courses in professional agriculture education27
EDF 207—Foundations of Education3
EDF 211—Human Growth and Development3
EDSP 332—Teaching the Exceptional Student2
AGR 580—Methods of Teaching Vocational Agriculture4
AGR 582—Adult and Young Farmer Education3
AGR 584—Teaching Vocational Agriculture8
AGR 585—Teaching Agricultural Mechanics3
AGR 586—Planning Program in Vocational Agriculture3
Approved electives4

Total 128

Teacher Certification

Students seeking teacher certification must apply for and be admitted to the teacher education program.

Students must have an overall standing of 2.50 in the area of concentration courses before they will be permitted to take agricultural education courses.

Students must be approved by the agricultural staff and recommended for certification.

Bachelor of Science

General Education Requirements

Hrs.

(See general education requirements) 45

The following specific general education requirements must be completed:

BIOL 150—Introductory Plant Science 3
CHEM 101—Survey of General Chemistry 4
CHEM 201—Survey of Organic Chemistry 4
MATH 131—General Mathematics 4
or
MATH 135—Mathematics for Technical Students 3

Area of Concentration

The student must complete a minimum of 56 semester hours in the area of concentration in agricultural science. Of which 32 semester hours are the following core agriculture course requirements and 24 semester hours are approved course electives selected from within one of the following seven options: agribusiness, agricultural economics, agronomy, animal science, general agriculture, golf course management, or horticulture. General course electives may also be taken in agriculture and related fields by students wishing greater depth in an agricultural field.

Core Requirements

	Sem. Hrs.
Required Courses in Agriculture	
AGR 101—Orientation to Agriculture	1
AGR 102—Agricultural Experience	2
AGR 133—Introduction to Animal Science	3
AGR 180—Introduction to Field Crops	3
AGR 203—Agricultural Economics	3
AGR 211—Soils	3
AGR 215—Horticultural Science	3
AGR 251—Introduction to Agricultural Mechanics	3
AGR 260—Technical Analysis	2
AGR 300—Pest Management	3
AGR 301—Farm Management	3
AGR 402—Advanced Agricultural Experience	2
(or approved co-operative education)	
AGR 471—Seminar	1

Twenty-four semester hours must be taken in one of the options on the following pages.

Agribusiness Option

Students who select this option must complete the required core courses in the area of concentration in agricultural science and 24 semester hours of requirements and electives, with advisor's approval, as follows:

Required

ACCT 281—Principles of Accounting I	3
-------------------------------------	---

Twenty-one hours from the following groups, with courses from at least 3 groups, must be completed:

Group A

AGR 302—Agriculture Finance	3
FIN 252—Mathematics of Finance	3
FIN 264—Personal Finance	3
FIN 342—Money and Banking	3
FIN 560—Financial Markets	3

Group B

OADM 136—Business Calculations	3
OADM 363—Administrative Office Systems	3
MNGT 301—Principles of Management	3
MNGT 311—Personnel Management	3

Group C

AGR 305—Marketing Farm Products	3
MKT 304—Marketing	3
MKT 350—Salesmanship	3
MKT 354—Consumer Behavior	3
MKT 453—Market Planning and Strategies	3

Group D

MNGT 261—The Legal Environment and Business Organizations	3
MNGT 362—The Legal Environment and Business Practices	3

Group E

AGR 303—Land Economics	3
ACCT 282—Principles of Accounting II	3
FIN 407—Principles of Insurance	3
ACCT 387—Income Tax	3

Agriculture Economics Option

Students who select this option must complete the required core courses in the area of concentration in agricultural science and 24 semester hours of requirements and electives in agriculture and economics. Requirements and electives are listed below:

Required courses	9
ECON 202—Principles of Economics II	3
ECON 350—Microeconomics Theory	3
ECON 551—Macroeconomics Theory	3

Fifteen semester hours must be completed from the following courses, with approval of advisor:

AGR 302—Agriculture Finance	3
AGR 303—Land Economics	3
AGR 386—Introductory Agricultural Policy	3
ECON 510—History and Economic Thought	3
FIN 342—Money and Banking	3
FIN 343—Investments	3
ECON 547—International Economics	3
MATH 354—Business Statistics	3

Agronomy Option

Students must complete the required core course in the area of concentration in agricultural science and 24 semester hours of requirements and electives, with advisor's approval. Requirements and electives are listed below:

Required Courses	9
AGR 308—Weed Science	3
AGR 311—Soil Conservation	3
AGR 316—Feeds and Feeding	3

Fifteen semester hours must be completed from the following courses, with approval of advisor.

AGR 205—Farm Records	3
AGR 303—Land Economics	3
AGR 312—Soil Fertility and Fertilizers	3
AGR 314—Plant Propagation	3
AGR 319—Herbs	3
AGR 320—Principles of Vegetable Production	3
AGR 325—Turf Management	3
AGR 350—Farm Power and Machinery Management	3
AGR 384—Forage Crops	3
BIOL 215—General Botany	4
BIOL 334—Entomology	3
BIOL 513—Plant Physiology	3
BIOL 514—Plant Pathology	3
BIOL 550—Plant Anatomy	3
CHEM 326—Organic Chemistry I	3

Animal Science Option

Students must complete the required core courses in the area of concentration in agricultural science and 24 semester hours of requirements and electives, with advisor's approval. Requirements and electives are listed below:

Required Courses	6
AGR 222—Livestock Evaluation	3
AGR 316—Feeds and Feeding	3

Eighteen semester hours must be selected from the following courses, with approval of advisor.

AGR 221—Equitation	3
AGR 243—Equine Health and Diseases	3
AGR 245—Horseshoeing	3
AGR 329—Advanced Stockseat Horsemanship	3
AGR 330—Livestock Improvement	3
AGR 332—Advanced Saddleseat Horsemanship	3
AGR 333—Advanced Huntseat Horsemanship	3
AGR 335—Equitation Teaching	3
AGR 336—Diary Production	3
AGR 337—Poultry Production	3
AGR 338—Livestock Judging	3
AGR 342—Horse Production	3
AGR 343—Beef Production	3
AGR 344—Swine Production	3
AGR 345—Sheep Production	3
AGR 380—Equine Management	3
AGR 480—Equine Breeding and Reproduction	3
AGR 515—Animal Nutrition	3

General Agriculture Option

Students must complete the required core courses in the area of concentration in agricultural science and 24 semester hours of approved electives from the list below. The minimum number of semester hours for each of the following six fields must be completed:

(1)—Agriculture economics	3
AGR 205—Farm Records	3
AGR 302—Agriculture Finance	3
AGR 303—Land Economics	3
AGR 305—Marketing of Farm Products	3
AGR 386—Introductory Agriculture Policy	3
(2)—Agricultural mechanics	3
AGR 350—Farm Power and Machinery Management	3
(3)—Animal science	6
AGR 222—Livestock Evaluation	3
AGR 243—Equine Health and Diseases	3
AGR 336—Diary Production	3
AGR 337—Poultry Production	3
AGR 338—Livestock Judging	3
AGR 342—Horse Production	3
AGR 343—Beef Production	3
AGR 344—Swine Production	3
AGR 515—Animal Nutrition	3
(4)—Plant science	6
AGR 212—Landscape Plants	3
AGR 213—Landscape Design	3
AGR 224—Greenhouse Operations	3
AGR 308—Weed Science	3
AGR 314—Plant Propagation	3
AGR 315—Fruit Production	3
AGR 317—Floral Design	3
AGR 318—Landscape Maintenance	3
AGR 319—Herbs	3
AGR 320—Principles of Vegetable Production	3
AGR 323—Interior Landscaping	3
AGR 324—Greenhouse Structures	3
AGR 325—Turf Management	3
AGR 326—Nursery Management	3
AGR 327—Advanced Landscape Design	3
AGR 328—Floral Crop Production	3
AGR 384—Forage Crops	3

(5)—Soil science	3
AGR 311—Soil Conservation	3
AGR 312—Soil Fertility and Fertilizers	3
(6)—Approved Agricultural Electives	3

Golf Course Management Option

Students who select this option must complete the required core courses in the area of concentration in agricultural science and 24 semester hours of requirements, with advisor's approval, as follows:

Required Courses	
AGR 212—Landscape Plants	3
AGR 308—Weed Science	3
AGR 318—Landscape Maintenance	3
MNGT 310—Small Business Organization	3
MKT 354—Consumer Behavior	3
PHED 223—Individual Sports II	2
REC 286—Recreation Leadership	2
REC 522—Park Management Resource and Operation	3
REC 526—Fiscal Management in Parks and Recreation	3

Horticulture Option

Students must complete the required core courses in the area of concentration in agricultural and 24 semester hours of requirements and electives. Requirements and electives are listed below:

Required Course	3
AGR 314—Plant Propagation	3

Twenty-one semester hours must be selected from the following courses, with approval of advisor.

AGR 212—Landscape Plants	3
AGR 213—Landscape Design	3
AGR 224—Greenhouse Operations	3
AGR 308—Weed Science	3
AGR 315—Fruit Production	3
AGR 317—Floral Design	3
AGR 318—Landscape Maintenance	3
AGR 319—Herbs	3
AGR 320—Principles of Vegetable Production	3
AGR 323—Interior Landscaping	3
AGR 324—Greenhouse Structures	3
AGR 325—Turf Management	3
AGR 326—Nursery Management	3
AGR 327—Advanced Landscape Design	3
AGR 328—Floral Crop Production	3
HEC 103—Interior Graphics	3
BIOL 318—Local Flora	3

Major

The student must complete a minimum of core course requirements listed under the area of concentration in agricultural science, five additional semester hours of approved agriculture electives, and a major or minor selected in another field. General course electives may also be taken in agriculture and related areas by students wishing greater depth in an agriculture field.

Minor

The student must complete a minimum of 17 semester hours of the following agriculture courses and 4 semester hours of required additional courses in the following list, plus a major selected in another field. General course electives may also be taken in agriculture and related areas by students wishing greater depth in agriculture.

Required courses in agriculture	17
AGR 101—Orientation to Agriculture	1
AGR 133—Introduction to Animal Science	3
AGR 180—Introduction to Field Crops	3
AGR 203—Agricultural Economics	3
AGR 211—Soils	3
AGR 215—Horticultural Science	3
AGR 471—Seminar	1

General Education Requirements
(See general education requirements)

Hrs.
15

The following specific general education requirements must be completed:

BIOL 150—Introductory Plant Science	3
ENG 192—Technical Composition	3
MATH 131—General Mathematics	
or	
MATH 135—Mathematics for Technical Students	3
Speech Elective	3

The student must complete a minimum of 40 semester hours in the area of agricultural technology, of which 32 semester hours are the following core agriculture course requirements and 18 semester hours are approved electives selected from within one of the following four options:

Core Requirements

Required courses	
AGR 101—Orientation to Agriculture	1
AGR 102—Agricultural Experience	2
AGR 133—Introduction to Animal Science	3
AGR 180—Introduction to Field Crops	3
AGR 205—Farm Records	3

AGR 211—Soils	3
AGR 215—Horticultural Science	3
AGR 235—Supervised Work Experience	2
AGR 251—Introduction to Agricultural Mechanics	3
AGR 260—Technical Analysis	2
AGR 300—Pest Management	3
CHEM 101—Survey of General Chemistry	4

Eighteen semester hours must be taken in one of the options listed below:

Agribusiness Option

The student must complete the core courses in agricultural technology and required and elected courses as follows:

Required Courses	
AGR 203—Agricultural Economics	3
AGR 301—Farm Management	3
ECON 101—Introduction to American Economy	3

Nine hours must be selected from the following courses, with approval of advisor.

ACCT 281—Principles of Accounting I	3
ACCT 282—Principles of Accounting II	3
AGR 302—Agricultural Finance	3
AGR 305—Marketing of Farm Products	3
CIS 201—Introduction to Computers	3
CIS 301—Microcomputers	3
ECON 201—Principles of Economics I	3
ECON 202—Principles of Economics II	3
MNGT 261—Legal Environment of Business Organizations	3
MKT 350—Salesmanship	3
OADM 136—Business Calculations	3

Agricultural Production Option (Agronomy and/or Animal Science)

This option is designed for students interested in agronomy or animal science. Both areas are included in the Agricultural Production Option because they are interrelated.

The student must complete the core courses in agricultural technology and select 18 hours from the following courses with at least one (1) course from each group, with approval of advisor.

Group A

AGR 308—Weed Science	3
AGR 311—Soil Conservation	3
AGR 312—Soil Fertility and Fertilizers	3
AGR 314—Plant Propagation	3
AGR 325—Turf Management	3
AGR 384—Forage Crops	3
BIOL 215—Botany	4
BIOL 318—Local Flora	3

Group B

AGR 203—Agricultural Economics	3
AGR 301—Farm Management	3
AGR 302—Agricultural Finance	3
AGR 305—Marketing of Farm Products	3
ACCT 281—Principles of Accounting I	3

Group C

AGR 222—Livestock Evaluation	3
AGR 243—Equine Health and Diseases	3
AGR 316—Feeds and Feeding	3
AGR 330—Livestock Improvement	3
AGR 336—Dairy Production	3
AGR 337—Poultry Production	3
AGR 338—Livestock Judging	3
AGR 343—Beef Production	3
AGR 344—Swine Production	3
AGR 345—Sheep Production	3

Equine Technology Option

The student must complete the core courses in agricultural technology and the following required and elective courses:

Required Courses

AGR 243—Equine Health and Diseases	3
AGR 342—Horse Production	3
AGR 380—Equine Management	3

Nine semester hours must be selected from the following courses, with approval of advisor.

AGR 203—Agricultural Economics	3
AGR 221—Equitation	3
AGR 222—Livestock Evaluation	3
AGR 245—Horseshoeing	3
AGR 329—Advanced Stockseat Horsemanship	3
AGR 332—Advanced Saddleseat Horsemanship	3
AGR 333—Advanced Huntseat Horsemanship	3
AGR 335—Equitation Teaching	3
AGR 338—Livestock Judging	3
AGR 384—Forage Crops	3

(A maximum of 3 hours as AGR 329 or AGR 332 or AGR 333 may be applied to the option)

Ornamental Horticulture Option

The student must complete the core courses in agricultural technology and required and elected courses as follows:

Required Course

AGR 314—Plant Propagation	3
---------------------------------	---

Fifteen semester hours must be selected from the following courses, with approval of advisor.

AGR 212—Landscape Plants	3
AGR 213—Landscape Design	3
AGR 224—Greenhouse Operations	3
AGR 308—Weed Science	3
AGR 315—Fruit Production	3
AGR 317—Floral Design	3
AGR 318—Landscape Maintenance	3
AGR 319—Herbs	3
AGR 320—Principles of Vegetable Production	3
AGR 323—Interior Landscaping	3
AGR 324—Greenhouse Structures	3
AGR 325—Turf Management	3
AGR 326—Nursery Management	3
AGR 327—Advanced Landscape Design	3
AGR 328—Floral Crop Production	3
HEC 103—Interior Graphics	3

Horsemanship

(606) 783-2800

Derrickson Agricultural Complex
Department of Agriculture and Natural Resources
College of Applied Sciences and Technology

Faculty—T. McMillan, J. Willard (chair)

Minor

The student must complete a minimum of the 21 semester hours of agriculture courses in the following list and a major selected in another field. General course electives may also be taken in horsemanship, agriculture, and related areas by students wishing greater depth in horsemanship.

Course Requirements

AGR 221—Equitation	3
AGR 243—Equine Health and Diseases	3
AGR 335—Equitation Teaching	3
AGR 342—Horse Production	3
Approved Electives	3

Students must select 6 hours from the following:

AGR 329—Advanced Stockseat Horsemanship	3
AGR 332—Advanced Saddleseat Horsemanship	3
AGR 333—Advanced Huntseat Horsemanship	3

Pre-Forestry

(606) 783-2662

332 Reed Hall
Department of Agriculture and Natural Resources
College of Applied Sciences and Technology

Faculty—R. Wolfe, B. Rogers

Students interested in forestry may take their first two years of course work at Morehead State University and then complete their studies at an accredited school of forestry. If at the end of two years a student does not secure admission to an accredited school of forestry, most of the credits earned may be applied toward a degree at Morehead State University. The program may be modified to meet entrance requirements at any institution offering a forestry program.

Required Course Sequence

	Sem. Hrs.
First Semester	17
ENG 101—Composition I	3
BIOL 150—Introductory Plant Science	3
CHEM 101—Survey of General Chemistry	4
MATH 175—Analytic Geometry and Calculus I	4
PHED—activity course	1
General elective	2

Second Semester	16
ENG 192—Technical Composition	3
AGR 180—Introduction to Field Crops	3
CHEM 201—Survey of Organic Chemistry	4
MATH 353—Statistics	3
PHED—activity course	1
General elective	2
Third Semester	17
SOC 170—Rural Sociology	3

PSY 154—Introduction to Psychology	3
ENG—literature elective	3
	65

Pre-Veterinary Medicine

(606) 783-2633

325 Reed Hall

Department of Agriculture and Natural Resources
College of Applied Sciences and Technology

Faculty—S.W. Rundell, J. Willard (chair)

The Pre-Veterinary Medicine Program is a pre-professional program designed to prepare students for admission to a College of Veterinary Medicine leading to the Doctor of Veterinary Medicine (DVM) degree. Since each veterinary college has its own specific requirements which must be met prior to admission, it is essential that the student investigate the requirements for each college to which they may apply.

Admission to veterinary college is very state oriented. States which have a veterinary college give priority to their own residents but may contract with states that do not have a veterinary college to accept a certain number of out-of-state students per year. In addition, a limited number of out-of-state, non-contract positions may be available.

The Commonwealth of Kentucky is a participating member in the Southern Regional Education Board Contract Program under which legal Kentucky residents may attend veterinary college at Auburn University or Tuskegee University in Alabama. Students accepted to veterinary college under this contract program pay only the in-state tuition of that university.

Residents of states other than Kentucky may complete the pre-veterinary requirements for the veterinary college of their state at Morehead State University. West Virginia residents may apply under contract to Ohio State University, University of Georgia, and Tuskegee University. The transfer of courses to satisfy the specific requirements of a particular college must be negotiated in advance to assure acceptance. The students must work closely with the preveterinary advisor in making the appropriate contacts.

Although a degree is not required for admission to veterinary college, it is advisable to work toward a degree in conjunction with the pre-veterinary requirements. Suitable degree programs include Veterinary Technology, Equine Technology, Agriculture, Biology, and Chemistry. An academic handbook and curriculum development advice are available from the pre-veterinary advisor.

The following courses are required of Kentucky residents applying for admission to the Auburn University College of Veterinary Medicine:

ENG 101—Composition I	3
ENG 102—Composition II	3
ENG 391—Advanced Expository Writing	3
ENG 211—Introduction to World Literature I	3
ENG 212—Introduction to World Literature II	3
*MATH 152—College Algebra	3
MATH 174—Pre-Calculus Mathematics	3
Or	
MATH 175—Analytic Geometry and Calculus I	3
Or	
MATH 160—Mathematics for Business and Economics	3
PHIL 303—Social Ethics	3
or	
PHIL 306—Logic	3
HIS 131—Introduction to World Civilization I	3
HIS 132—Introduction to World Civilization II	3
CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	4
CHEM 326—Organic Chemistry I	4
CHEM 327—Organic Chemistry II	4
PHYS 201—Elementary Physics I	4
PHYS 201—Elementary Physics II	4
BIOL 171—Principles of Biology	4
BIOL 210—General Zoology	4
#AGR 515—Animal Nutrition	3
Social Science electives	6
Science electives (300 level)	12-14

*not required, but recommended

#AGR 316—Feeds and Feeding is pre-requisite

Veterinary Technology

(606) 783-2326

Derrickson Agricultural Complex, MSU Farm
Department of Agriculture and Natural Resources
College of Applied Sciences and Technology

Faculty—D. Applegate (coordinator), V. Barnes, S. Rundell,
B. Krakoff

Associate of Applied Science (Two-Year Program)

The MSU Veterinary Technology Associate Degree Program is approved by the Kentucky Veterinary Medical Association and accredited by the American Veterinary Medical Association. Graduates are eligible to write the National Board Examination for state licensure as a Registered Veterinary Technician.

Admission Requirements

All high school graduates and individuals with a GED certificate may apply for admission to the Veterinary Technology Associate Degree Program.

The Veterinary Technology Program has a selective admission policy which is separate from and additional to the University's admission procedures. Admission to the University does not guarantee admission to the Veterinary Technology Program.

In addition to acceptance by the University, applicants must apply for admission to the Veterinary Technology Associate Degree Program and meet the following criteria:

1. Incoming freshmen or transfer students with less than 12 semester hours must meet two out of three of the following requirements for admission into the program:
 - a. ACT Composite Score of 15 (enhanced + 18) or higher;
 - b. High School G.P.A. of 2.5 or higher on a 4.0 scale;
 - c. Three months employment experience with a veterinarian or other animal care employer and letter of recommendation from employer.
2. Transfer students must have a college G.P.A. of 2.5 on a 4.0 scale, and a minimum of 12 semester hours of approved courses.

Required Course Sequence

The Preprofessional Practice Program in Dietetics (Ap4)

The Ap4 provides for the achievement of performance requirement for entry level dietitian through a minimum of 900 hours of supervised practice. The Ap4 is approved by the American Dietetic Association. Graduates are eligible to write the National Registry Examination for licensure as a Registered Dietitian. A certificate is awarded upon completion of the Ap4.

Admission Requirements

The Ap4 follows completion of Plan V academic requirements and an overall grade point average of 2.5

Required Course Sequence

College of Applied Sciences and Technology

Faculty—J. Ellington

Bachelor of Science

Area of Concentration in Vocational Home Economics

This broad-based program requires a balance of study in all areas of home economics and supporting courses in science, math, humanities, history, economics, and professional education. This program qualifies students to teach in middle grades, senior high school, and adult home economics programs. These majors are required to complete 1,000 hours of work experience in home economics related positions to qualify for a vocational teaching certificate. The major must have 2,000 hours of work experience in a specific area, like food service, child care, fabric services, or institutional management to qualify for a gainful home economics teaching certificate. All majors in this program must pass all sections of the Comprehensive Test of Basic Skills (CTBS) with 12.5 or higher to be admitted to the Teacher Education Program. Each major must have a minimum g.p.a. of 2.5 to complete the program and to qualify to do student teaching. Each major is interviewed by a departmental committee to be admitted to the Teacher Education Program. All seniors in the program must take the National Teachers Exam prior to graduation. In the commonwealth of Kentucky all new teachers must complete a one-year internship to receive their Provisional Teaching Certificate.

Core Requirements

	Sem. Hrs.

Specific General Education courses required for Vocational Teaching Certificate	45
1,000 hours work experience required for Vocational Teaching Certificate	

The professional semester will immediately follow HEC 470 and HEC 573.
*Taught alternate years.

Major in General Home Economics

Students who have an interest in all aspects of home economics with no interest in specialization will find meaning in this program. Electives can serve to tailor the degree requirements to meet personal goals. Employment opportunities are dependent upon individual capabilities. This major provides an opportunity to relate home economics to other majors and minors depending upon the student's personal interest and career goals.

Core Requirements

HEC 101—Orientation to the Home Economics Profession	1
HEC 200—Family Perspectives	3
HEC 201—Principles of Nutrition	3
HEC 363—Human Resource Management	3
HEC 471—Seminar	1
	11

Program Requirements

HEC 130—Elementary Food Preparation	3
HEC 141—Introduction to Textiles and Clothing	3
HEC 251—Residential Equipment	3
*HEC 355—Child Growth and Development	3

Interdisciplinary Early Childhood Development

(606) 783-2966
100 Lloyd Cassity Building
Department of Home Economics
College of Applied Sciences and Technology

Faculty—C. Taylor

Bachelor of Science

Major

This program focuses on an interdisciplinary approach which includes home economics and supporting courses. A minimum of 128 credit hours is required for the completion of this program. The 128 hour baccalaureate degree program includes 45 credit hours of general education requirements, a 30 credit hour major, a 11 credit hour core, and 3 credit hours of supplementary requirements. The teaching pre-certification option of a 25 credit hour minor in special education, 5 credit hours of professional courses and 12 credit hours of practicums or the non-certification option of a complementary minor, 2 credit hour professional course, 14 credit hours of electives and 8 credit hours of work experience and practicums provide employment alternatives in at-risk programs, as well as franchised, corporate, private and independent child development centers.

Core Requirements

HEC 101—Orientation to the Home Economics Profession	1
HEC 200—Family Perspectives	3
HEC 201—Principles of Nutrition	3
HEC 363—Human Resource Management	3
HEC 471—Seminar	1
	11

Program Requirements

HEC 327—Maternal, Infant, and Child Nutrition	3
HEC 355—Child Growth and Development	3
HEC 356—Preschool Administration	3
HEC 357—Prenatal and Infant Care and Development	3*
HEC 457—Parenting	3*
HEC 467—Trends & Issues in Early Childhood Development	1*
ART 121—School Art	3
EDEE 327—Literature and Materials for Young Readers	3
MUSE 221—Music for Elementary Teachers	2
MUST 100—Rudiments of Music	2
PDI 100—Personal Development Institute	1
PHED 311—Movement Exploration	3
	30

Supplemental Requirements

HLTH 203—Safety and First Aid	3
	3

General Education Requirements

BIOL 110—Biological Science for Elementary Teachers	3
CIS 201—Introduction to Computers	3
MATH 231—Mathematics for the Elementary Teachers I	3
PSY 154—Introduction to Psychology	3
Additional General Education Requirements	27-33**
	42-45**

Teacher Pre-certification Option:

(Certification requirements have not been determined or approved; this option will be revised to meet approved requirements.)

Required Special Education Minor	25
EDEL 301—Media Strategies	2
EDF 207—Foundation of Education	3
HEC 332—Field Experience	4
(150 of the 240 hours pertain to required practicum prior to teaching practicum)	
HEC 477—Early Childhood Development Practicum	8
	131

Non-certification Option:

Minor	21
HEC 332—Field Experience	4#
or	
HEC 339—Cooperative Education	(4)#
or	
EDEL 250—Practicum	(4)#
HEC 477—Early Childhood Development Practicum	4*
EDEL 301—Media Strategies	2
Electives	14
	128

*New Course

**General Education for Pre-Certification

#Summer Enrollment Option

Interior Decoration

(606) 783-2966
100 Lloyd Cassity Building
Department of Home Economics
College of Applied Sciences and Technology

Faculty—N. Maguire

Associate of Applied Science (Two-Year Program)

The two-year associate degree program in interior decoration prepares students for pre-professional employment as assistants and technicians working in conjunction with experienced designers or in retail sales.

General Education Requirements

	Sem. Hrs.
ENG 101—Composition I.....	3
ENG 102—Composition II.....	3
SPCH 110—Basic Speech	
or	
SPCH 370—Business and Professional Speech.....	(3)
MATH 123 or higher.....	3
Social and Behavioral Sciences Elective.....	3
	15

Program Requirements

HEC 101—Orientation to the Home Economics Profession	1
HEC 103—Interior Graphics I.....	3
HEC 104—Interior Graphics II	3
HEC 220—Introduction to Interior Design	3
HEC 250—Visual Merchandising	3
HEC 252—Problems in Interior Design	3
HEC 332—Field Experience in Home Economics or approved elective.....	4
HEC 343—Textiles for Interiors	3
HEC 351—Housing	3
HEC 370—Residential Interior Design Studio, I	3
HEC 381—History of Interiors I.....	3
HEC 382—History of Interiors II	3
CIS 201—Introduction to Computers	3
MKT 350—Salesmanship	3
OADM 190—Office Administration	3
OADM 321—Business Communications	3
PDI 100—Personal Development Institute	1
Approved elective	3
	51

Minor

A minor in interior decoration is offered to be combined with majors from many disciplines. It is particularly desirable for, but not limited to, majors in art, business, vocational home economics, and clothing and textiles.

Course Requirements

HEC 103—Interior Graphics I.....	3
HEC 104—Interior Graphics II	3
HEC 220—Introduction to Interior Design	3
HEC 252—Problems in Interior Design	3
HEC 343—Textiles for Interiors	3
HEC 351—Housing	3
HEC 370—Residential Interior Design Studio I.....	3
HEC 382—History of Interiors II	3
	24

Interior Design

(606) 783-2966
100 Lloyd Cassity Building
Department of Home Economics
College of Applied Sciences and Technology

Faculty—N. Maguire

Bachelor of Science

Major

Graduates of the interior design area will be prepared to work as contract, residential, or specialty designers in interior design studios, contract studios, retail or office furnishings stores, architectural firms, industry, institutions, or self-owned businesses.

Core Requirements

	Sem. Hrs.
HEC 101—Orientation to the Home Economics Profession	1
HEC 200—Family Perspective	3
HEC 201—Principles of Nutrition	3
HEC 363—Human Resource Management	3
HEC 471—Seminar	1
	11

Program Requirements

	Sem. Hrs.
HEC 103—Interior Graphics I.....	3
HEC 104—Interior Graphics II	3
HEC 220—Introduction to Interior Design	3
HEC 250—Visual Merchandising	3
HEC 252—Problems in Interior Design	3
HEC 343—Textiles for Interiors	3
HEC 351—Housing	3
HEC 370—Residential Interior Design, Studio I	3
HEC 381—History of Interiors I.....	3
HEC 382—History of Interiors II	3
HEC 475—Contract Interior Design, Studio II	3
	33

Supplemental Requirements

ART 101—Two Dimensional Foundation.....	3
-----------------------------------------	---

Textiles and Clothing

(606) 783-2966
100 Lloyd Cassity Building
Department of Home Economics
College of Applied Sciences and Technology

Faculty—C. Taylor, M. Kunz

Bachelor of Science

Major

This curriculum serves to prepare students to enter careers in the retailing or production of apparel and textiles. In addition to the general education requirements, the students take selected courses from home economics, business, and other related fields of study.

Core Requirements

	Sem. Hrs.
HEC 101—Orientation to the Home Economics Profession	1
HEC 200—Family Perspectives	3
HEC 201—Principles of Nutrition	3
HEC 363—Human Resources Management	3
HEC 471—Seminar	1
	11

Program Requirements

HEC 141—Introduction to Textiles and Clothing	3
HEC 241—Clothing Production Studio	3
HEC 280—Apparel Analysis	3
HEC 340—Intermediate Textiles	3
HEC 341—Flat Pattern Design	
or	
HEC 545—Clothing Design in Draping	3
HEC 343—Textiles for Interiors	3
HEC 344—Historic Costume	
or	
HEC 480—Historic Textiles	3

HEC 451—Residential Textiles and Furnishings	3
HEC 441—Tailoring	3
HEC 542—Social-Psychological Aspects of Clothing and Textiles	3
	30

Supplemental Requirement

CHEM 101—Survey of General Chemistry	4
--------------------------------------------	---

Personal Development Institute

(606) 783-2595
300 Lloyd Cassity Building
Department of Home Economics
College of Applied Sciences and Technology

Faculty—C. Flatt

Classes in the Personal Development Institute are available on a nine-week schedule. There are no academic majors or minors offered. One hour (K) credit is awarded for the classes. Please refer to the course description section for course offerings.

Bachelor of Science

Area of Concentration (Orientation/Exploration Level)

The student must complete a minimum of 48 semester hours in industrial education and 33 semester hours in professional teacher education.

Area Requirements

	Sem. Hrs.
GCT—Technical Drawing.....	6
EET—Electricity-Electronics.....	6
GCT—Graphic Arts.....	6
MFT—Metals-Manufacturing.....	6
IET—Power and Fluids.....	6
IET—Woods-Construction.....	6
IET 571—Seminar.....	1
IET—Approved industrial education electives.....	9
IET—Supervised work experience.....	0
IET 496—Organization and Management of the Laboratory.....	2
	48

Teacher Education Requirements

	Sem. Hrs.
IET 390—Principles of Industrial Education.....	3
IET 392—Technical Curriculum and Media Development.....	3
IET 475—Teaching Methods in Industrial Education— Orientation and Exploration Levels.....	3
EDF 211—Human Growth and Development.....	3
EDF 311—Learning Theories in Classroom.....	3
IET 478—Supervised Teaching Practicum In Industrial Education— Orientation and Exploration Levels.....	12
EDEL 330—Foundations of Reading.....	3
EDEL 332—Reading Strategies for Middle Grades.....	3
EDSE 333—Field Experience in second class.....	2
	35

Area of Concentration (Preparation Level)

Core Requirements

IET 100—World of Technology.....	3
IET 320—Supervisory Practices.....	3
IET 364—Career and Vocational Guidance.....	3
IET 391—Trade and Technical Analysis.....	2
IET 422—Industrial Safety Standards and Enforcement.....	3
Seminar in Industrial Education.....	1
	15

Occupation Teaching Specialization

Vocational education-industrial education courses in the specific occupational area to be taught.....24

Technical Electives

Technical electives in vocational education-industrial education selected from the following areas: broadcasting technology, construction, drafting and design, electricity, electronics, graphic arts, machine tool, metals, plastics, power and fluids, welding, woods, mining, robotics engineering technology.....13

Teacher Education Requirements

IET 390—Principles of Industrial Education.....	3
IET 392—Technical Curriculum and Media Development.....	3
IET 393—Methods in Industrial Education.....	3
EDF 211—Human Growth and Development.....	3
EDF 311—Learning Theories in Classroom.....	3
IET 394—Student Teaching in Vocational Industrial Education or 401 Seminar.....	8
IET 496—Organization and Management of the Laboratory.....	2

Supplemental Requirement (Work Experience)

Degree candidates must comply with work experience component as required and specified by the Kentucky State Department of Education.

All teacher applicants for initial certification in Kentucky shall complete the National Teacher Examinations for communication skill, general knowledge, professional knowledge, and the appropriate specialty test, meeting the standards set by the Kentucky State Department of Education (704 KAR 20:305).

Major (Orientation/Exploration Level)

The student must complete a minimum of 36 semester hours in industrial education and 33 semester hours in professional teacher education.

Program Requirements

	Sem. Hrs.
GCT—Technical Drawing	6
EET—Electricity Electronics	3
MFT—Metals-Manufacturing	6
IET—Power and Fluids	3
IET—Woods-Construction	6
IET 571—Seminar	1
IET—Supervised Work Experience	0
GCT—Graphic Arts	3
Technical elective	6
IET 496—Organization and Management of the Laboratory	2
	36

(Electives must be approved by the student's advisor with a maximum of nine semester hours in any one technical field.)

Professional Teacher Education Requirements

IET 390—Principles of Industrial Education	3
IET 392—Technical Curriculum and Media Development	3
IET 475—Teaching Methods in Industrial Education— Orientation/Exploration levels	3

Bachelor of Science

Area of Concentration

The student must complete a minimum of 52 semester hours for the area of concentration including a 21 semester hour option and a 15 semester hour emphasis.

General Education Requirements

The following specific courses must be included in the 42 hour general education component (see general education requirements):

	Sem. Hrs.
MATH 152—College Algebra	3
SPCH 370—Business and Professional Speech	3
CIS 201—Introduction to Computers	3
ENG 192—Technical Composition	3
HLTH 203—Safety and First Aid	3
	18

Core Requirements

GCT 103—Technical Drawing I	3
IET 317—Time and Motion Study	2
IET 319—Quality Control	3
IET 320—Supervisory Practices	3
IET 330—Industrial Design	2
IET 472—Basic Industries Practicum	2
IET 571—Seminar	1
	16

Options

Students must select one of the following options:

	Sem. Hrs.
Broadcast technology	21
Construction technology	21
Drafting and design technology	21
Electrical technology	21
Electronics technology	21
Graphic arts technology	21
Industrial supervision and management technology	21
Machine tool technology	21
Mining technology	21

Plastics technology	21
Power and fluids technology	21
Robotics engineering technology	21
Woods technology	21

Emphasis

Select one of the following:

Approved electives in math and science	15
Approved electives in business and economics	15

Major

Requirements

The student must complete a minimum of 30 semester hours including a 16 semester hour technical option.

General Education Requirements

The following specific courses must be included in the 42 hour general education component (see general education requirements):

MATH 152—College Algebra	3
ECON 101—Introduction to American Economy	3
SPCH 370—Business and Professional Speech	3

Mining Technology

(606) 783-2649
210 Lloyd Cassity Building
Department of Industrial Education and Technology
College of Applied Sciences and Technology

Faculty—C. Patrick

The BS in Mining, Reclamation, and Energy Studies and the AAS in Mining Technology are not currently offered. Courses in mining are listed below.

Minor

The student must complete a minimum of the 21 semester hours of mining and reclamation courses plus a major selected in another field. General course electives may also be taken in mining, reclamation and related areas by students wishing greater depth in mining, reclamation, and energy studies.

Required Courses

	Sem. Hrs.
MIN 101—Introduction to Mining and Reclamation	3
MIN 303—Mine Laws	3
MIN 305—Surface Mining Systems	3
MIN 401—Mining Economics	3
MIN 404—Mine Management	3
RCL 301—Reclamation Laws and Regulations	3
Approved elective	3
	21

Mining Technology Option

Students who select this option must complete a minimum of 21 semester hours from the following courses for an Area of Concentration in Industrial Technology and 16 semester hours for a Major. Six semester hours of electives approved by the student's advisor may be taken in technically related courses.

MIN 302—Coal Analysis & Preparation	3
MIN 305—Surface Mining Systems	3
MIN 307—Hydrology	3
MIN 402—Mine Ground Control	3
MIN 403—Explosives and Blasting	3
Approved Electives	6
	21

Power and Fluids Technology

210 Lloyd Cassity Building
Department of Industrial Education and Technology
College of Applied Sciences and Technology

Faculty—D. Karwatka

Associate of Applied Science (Two-Year Program)

General Education Requirements

The following specific courses must be included in the general education component (see general education requirements):

	Sem. Hrs.
ENG 101—Composition I.....	3
MATH 135—Math for Technical Students.....	3
ECON 101—Introduction to American Economy	3
SPCH 370—Business and Professional Speech	3
ENG 192—Technical Composition.....	3
	15

Core Requirements

Sem. Hrs.

IET 160—Introduction to Power and Fluids Mechanics	3
IET 260—Hydraulics and Pneumatics	3
IET 261—Power Mechanics	3
IET 362—Fluid Power	3
GCT 103—Technical Drawing I	3
IET 317—Time and Motion Study	2
IET 361—Automotive Mechanics	3
IET 365—Instrumentation	3
EET 140—Basic Electricity	3
IET 319—Quality Control	3
IET 320—Supervisory Practices	3
General elective	1
IET 463—Heating, Ventilating, and Air Conditioning	3
IET 460—Internal Combustion Engines II	3
MFT 186—Manufacturing and Fabrication	3
IET 422—Industrial Safety	3

Vocational Trade and Industrial Education

(606) 783-2013
210 Lloyd Cassity Building
Department of Industrial Education and Technology
College of Applied Sciences and Technology

Faculty—R. Tucker, J. Van Hoose

General Education Requirements

The following specific courses must be included in the general education component (see general education requirements):

Sem. Hrs.

ENG 101—Composition I	3
MATH 135—Mathematics for Technical Students	3
PSY 154 Introduction to Psychology	3
ENG 192—Technical Composition	3
BIO 105—Introduction to Biology	3
Approved math or science elective	2
HLTH 150—Personal Health	2
PE—Approved activity class	1
	20

Core Requirements

IET 390—Principles of Industrial Education	3
IET 392—Technical Curriculum and Media Development	3
IET 393—Methods in Industrial Education	3
IET 364—Career and Vocational Guidance	3
or	
IET 185—M.O.I. Vocational Education	3
(for in-service vocational teachers only)	
IET 211—Human Growth and Development	3
IET 497—Seminar in Vocational Education	1
or	
IET 401—Seminar	4
or	
IET 394—Student Teaching in Industrial Education	20

Options

Students must select one of the following options:

Sem. Hrs.

Broadcast technology	24
Construction technology	24
Drafting and design technology	24
Electrical technology	24
Electronics technology	24
Graphic arts technology	24
Industrial supervision and management technology	24
Machine tool technology	24
Power and fluids technology	24
Industrial education vocational technology	24

For Kentucky Vocational Teachers Certification, in addition to specific course requirements, a work experience component which consists of a minimum of 2,000 clock hours of supervised work experience is required in the teaching occupation.

Welding Technology

(606) 783-2013
210 Lloyd Cassity Building
Department of Industrial Education and Technology
College of Applied Sciences and Technology

General Education Requirements

The following specific courses must be included in the general education component (see general education requirements):

Sem. Hrs.

Associate of Applied Science (Two-Year Program)

The Associate Degree Nursing Program (ADN) is a two year program of study leading to an Associate of Applied Sciences (AAS) Degree with an area of concentration in nursing. The program combines general education studies with nursing theory and clinical education. The program is designed to prepare graduates for the role of the technical nurse. Graduates of the program are eligible to take the National Council Licensure Examination for Registered Nurses.

Associate Degree Nursing Program Terminal Objectives

Upon completion of the associate degree nursing program at Morehead State University, the graduates will be able to:

1. Apply principles from natural and behavioral sciences, mathematical sciences, humanities and nursing as a foundation for associate degree nursing practice.
2. Utilize the nursing process as a method of planning, providing and evaluating nursing care for individual patients and family/significant others in structured health care settings.
3. Integrate concepts and theories of individual, life span, growth and development, health, and associate degree nursing in providing nursing care which reflects the worth and dignity of individuals and families/significant others within a multicultural society.
4. Provide nursing care to promote, restore, and maintain health, prevent illness or achieve a dignified death for individual patients with commonly occurring alterations in health with consideration of patients' relationships within a family, group, and community.
5. Demonstrate competency in the performance of technical skills and utilization of interpersonal skills in providing nursing care.

6. Practice nursing within the scope of associate degree nursing which includes the roles of nursing as a provider of care, manager of care, and member within the discipline of nursing.
7. Integrate historical, economic, technological, ethical, and legal components of nursing into associate degree nursing practice.
8. Assume accountability for own nursing practice and for continuing personal, professional, and educational development.

Admission Requirements and Procedures

The ADN program has selective admission. Enrollment in the program is limited. In the event there are more qualified applicants than positions, students with the highest ACT score will be accepted.

Application Procedure

1. Be admitted to Morehead State University through the university's Office of Admissions.
2. Submit required materials listed below to the Department of Nursing and Allied Health Sciences:
 - A. Completed ADN application;
 - B. Official copy of high school transcript(s);
 - C. GED scores if applicable;
 - D. Official American College Test Scores (ACT) or CPP scores;
 - E. Official transcripts from all universities/ college attended;
 - F. University undergraduate catalog(s) if transfer credit is sought.
3. Submit the following as applicable:
 - A. Licensed practical nurse applicants: in addition to the above materials, submit challenge exam scores and verification of current license;
 - B. Nursing transfer students: in addition to the above materials, submit nursing course syllabi of the institution from which you wish to transfer credit.
4. Student selection process occurs during the spring semester preceding Fall admission.
5. Applicants reapplying to the ADN must submit new application materials in order to be considered for admission.
6. Students are officially admitted to the ADN program in the Fall semester of the first year of the curriculum sequence.
7. In order to be considered for official admission to the ADN program, all materials except the health form must be submitted to the address listed below before February 1 preceding Fall admission:

Associate Degree Nursing Program
UPO 715, Morehead State University
Morehead, Kentucky 40351-1689

Admission Criteria

The Associate Degree Nursing Program has a limited enrollment. Applicants to the ADN program are selected based upon the following criteria:

1. American College Test (Enhanced ACT) Scores or CPP Scores.
 - A. Mandatory minimum composite score of 19
 - B. Preference will be given to ACT minimum subscores in the following order:
 - (1) Natural Sciences—20
 - (2) Social Sciences—17
 - (3) Math—19
 - (4) English—20
2. Past Performance in high school and/or college/university:
 - A. Must have a "B" average in high school; or
 - B. Must have GPA of 2.5 on a scale of 4.0 in required ADN program courses if completed before admission. A minimum of 9 semester hours of college credit in general education support courses required for the Associate Degree Nursing Program must be earned in order for college GPA to be considered. At least 3 of these 9 hours must be credit earned in a biological or natural science course.
3. An interview by nursing faculty may be required for applicants who meet mandatory criteria, but do not meet minimum preferred criteria. (See 1B).
4. Health and Physical Capability Requirements (Also required for retention—At the discretion of faculty, a mental and physical re-evaluation may be asked for at any point in the program):
 - A. Physical capabilities:
 - (1) Vision capabilities:
 - (a) Normal or corrected refraction within the ranges of 20/20 to 20/190;
 - (b) Able to distinguish color shade changes
 - (2) Auditory capabilities:
 Possess normal or corrected hearing ability within 0 to 45 decibel range.
 - (3) Tactile capabilities:
 Possess in at least one hand the ability to perceive temperature change and pulsations and to differentiate between various textures and structures.
 - (4) Language capabilities:
 Possess the ability to verbally communicate.
 - (5) Motor capabilities:
 Possess 4 functional limbs (normal or artificial) which allow the following actions:
 - (a) Grasp securely with at least one hand;
 - (b) Stand for long periods of time;
 - (c) Walk unassisted.
 - B. Health Requirements:
 - (1) Mental Health—Possess the ability to adapt to the environment, function in everyday activities, and cope with stressors.
 - (2) Freedom from transmittable disease as documented by:

- (a) Negative PPD and/or statement from a health department or physician of present status within immediate past 12 months
- (b) Immunization as recommended by the advisory committee on Immunization Practices of the U.S. Public Health Services and the Committee on Infectious Diseases of the American Academy of Pediatrics.

NOTE: Verification of health and physical capabilities is documented by the completion of the Department of Nursing and Allied Health Sciences Applicant Health Form by a licensed physician(s) upon completion of a thorough physical examination.

ADN Application Form and Department of Nursing and Allied Health Sciences Applicant Health Form are available in the department and it is the student's responsibility for obtaining these forms.

Conditions for Enrollment

1. Students may be assigned to clinical practicum areas other than those in the immediate Rowan County area, requiring traveling some distance from campus. Transportation to and from these settings is the responsibility of the student.
2. Clinical experiences and formal lectures may be required during various hours of the day, evening, and night.
3. Students have the responsibility for the cost incurred by enrollment in the Associate Degree Nursing program. This cost includes clothing, equipment, malpractice insurance, and academic materials.

Required Course Sequence for ADN Students

A total of 71 credit hours is required for the AAS degree which includes 35 credit hours of general education and support courses and 36 credit hours of nursing courses. ADN program policies on challenge examination, transfer credit, academic standards and progression, and criteria for taking the National Council Licensure Examination can be obtained from the Department of Nursing and Allied Health Sciences.

First Semester	Sem. Hrs.
NURA 100—Fundamentals of Nursing	6
PSY 154—Introduction to Psychology	3
MATH 135—Mathematics for Technical Students (or higher level Math)	3

**After entry to the ADN Program, all nursing courses (NURA) must be taken in the required sequence listed.

Bachelor of Science in Nursing

(606) 783-2632

234 Reed Hall

Department of Nursing and Allied Health Sciences

College of Applied Sciences and Technology

Faculty—A. Blair, J. Brumagen, D. Goldy,
F. Kilburn (Coordinator), L. McNabb, B. Porter,
R. Ress, M. Skaggs, A. Tackett, K. White, M. White, G. Wise

Bachelor of Science in Nursing (Four-Year Program)

The Baccalaureate Nursing Program (BSN) offers a four-year program of study which combines general education courses with professional nursing theory and clinical education. The program prepares the graduates for the role of the professional nurse and to provide a foundation for graduate study. Graduates of the program are eligible to take the National Council Licensure Examination for registered nurses. The BSN program also has a Registered Nurse (RN) track where graduates of associate degree and diploma nursing programs may pursue a BSN degree.

Baccalaureate Nursing Program Terminal Objectives

Upon completion of the BSN program the graduate will be able to perform the following for patients at any stage of the lifespan in a variety of health care settings:

1. Synthesize principles from mathematics, natural sciences, behavioral sciences, humanities, and nursing as a foundation for professional nursing practice.
2. Integrate concepts and theories of lifespan, human needs, individual, health, environment, and professional

nursing for management of nursing care which reflects the worth and dignity of individuals, families, and groups in a dynamic multicultural society.

3. Practice as a generalist in professional nursing within the roles of caregiver, advocate, collaborator, manager, educator, and change agent in a variety of health care settings.
4. Employ critical thinking, independent decision making, and the nursing process in assisting patients to promote, maintain, and restore health, prevent illness, or achieve a dignified death in a variety of health care settings.
5. Integrate historical, political, social, ethical, economic, technological, and legal components of nursing into professional nursing practice.
6. Integrate concepts of leadership, management, research, and teaching/learning into professional nursing practice.
7. Assume accountability for one's own professional practice and for continuing personal, professional, and educational development.

Admission Requirements and Procedures

The BSN program has selective admission procedure.

Application Procedure

1. Be admitted to Morehead State University through the university's Office of Admissions.
2. Declare nursing as an area of concentration.
Meet with assigned nursing faculty advisor;
Enroll in required pre-nursing courses as outlines in the BSN curriculum sequence.
3. Submit required materials listed below to the Department of Nursing and Allied Health Sciences by April 1 of the second semester of the pre-nursing curriculum:
 - (a) Completed BSN application;
 - (b) High school transcript(s);
 - (c) GED validation if applicable;
 - (d) Transcripts from all universities/colleges attended;
 - (e) University undergraduate catalog(s) if transfer credit is sought;
 - (f) Course syllabi for all nursing courses completed if transfer credit is sought;
 - (g) Validation of grades of required pre-nursing courses;
 - (h) Verification of health and physical capabilities.
4. Student selection process occurs during the spring semester of the first year of the generic baccalaureate nursing curriculum sequence.
5. Students are officially admitted to the nursing program in the fall semester of the sophomore year of the curriculum sequence of the generic Baccalaureate Nursing Program.

6. In order to be considered for official admission to the generic Baccalaureate Nursing Program, all materials must be submitted to the address below before April 1 of the second semester of the pre-nursing program:
Baccalaureate Nursing Program
Morehead State University
UPO Box 715
Morehead, Kentucky 40351-1689

Admission Criteria

The Baccalaureate Nursing Program has a limited enrollment. Applicants to the BSN program are selected based upon the following admission criteria:

1. Completion of the 34 credit hours of the required first year pre-nursing courses as listed on the curriculum sequence for generic BSN students;
2. Minimum grade of a "C" in each of the required courses in the first year of the curriculum sequence;
3. A grade-point average of 2.5 or above based on the required 34 credits in the first year of the curriculum sequence.

Applicants who are currently enrolled but have not yet completed the required 18 semester hours of the second semester are eligible for a conditional acceptance based on midterm grades. Final acceptance will be dependent on maintaining course grades and grade-point average as outlined in criteria 2 and 3.

4. Meet the following health and physical capabilities requirements:
 - A. Physical capabilities:
 - (1) Vision capabilities:
 - (a) Normal or corrected refraction within the ranges of 20/20 to 20/190;
 - (b) Able to distinguish color shade changes
 - (2) Auditory capabilities:
 Possess normal or corrected hearing ability within 0 to 45 decibels range.
 - (3) Tactile capabilities:
 Possess in at least one hand the ability to perceive temperature change and pulsations and to differentiate between various textures and structures.
 - (4) Language capabilities:
 Possess the ability to communicate verbally.
 - (5) Motor capabilities:
 - (a) Grasp securely with at least one hand;
 - (b) Stand for long periods of time;
 - (c) Walk unassisted.
 - B. Mental Health Status:
 Possess the ability to adapt to the environment, function in everyday activities, and cope with stressors.
 - C. Freedom from transmittable disease as documented by:

- (1) Negative PPD and/or statement from a health department or physician of present status within immediate past 12 months.
- (2) Immunization as recommended by the Advisory Committee on Immunization Practices of the U.S. Public Health Services and the Committee on Infectious Diseases of the American Academy of Pediatrics.

BSN-RN Track Admission Requirements and Procedures

Application Procedure

1. Be admitted to Morehead State University through the Office of Admissions.
2. Declare nursing as the area of concentration:
 - A. Meet with assigned nursing faculty advisor;
3. Submit required materials listed below to the Department of Nursing and Allied Health Sciences by April 1 preceding the fall semester of the junior year in which applicant desires to officially be admitted to the nursing program:
 - A. Completed application form for BSN program;
 - B. Transcripts from all universities/colleges attended;
 - C. University undergraduate catalog(s) if transfer credit is sought;
 - D. Course syllabi for all nursing courses completed if transfer credit is sought;
 - E. Validation of current Kentucky nursing licensure;
 - F. Verification of health and physical capability.
4. Required materials must be submitted prior to enrolling in the first clinical nursing course (i.e. NURB 254).

Baccalaureate Nursing Program
Morehead State University
UPO Box 715
Morehead, Kentucky 40351-1689

Admission Criteria

Applicants for the BSN program-RN track component must:

1. Hold a current Kentucky license to practice as a registered nurse.
2. Be a graduate of an Associate Degree Nursing or Diploma program.
3. Minimum grade of a "C" in each of the required general education and support courses and nursing courses.
4. Meet the following health and physical capabilities requirements:
 - A. Physical capabilities:
 - (1) Vision capabilities:
 - (a) Normal or corrected refraction within the ranges of 20/20 to 20/190;

- (b) Able to distinguish color shade changes.
- (2) Auditory capabilities:
Possess normal or corrected hearing ability within 0 to 45 decibels range.
- (3) Tactile capabilities:
Possess in at least one hand the ability to perceive temperature changes and pulsations and to differentiate between various textures and structures.
- (4) Language capabilities: Possess the ability to communicate verbally.
- (5) Motor capabilities:
Possess 4 functional limbs (normal or artificial) which allow the following functions:
 - (a) Grasp securely with at least one hand;
 - (b) Stand for long periods of time;
 - (c) Walk unassisted.
- B. Mental Health Status:
Possess the ability to adapt to the environment, function in everyday activities, and cope with stressors.
- C. Freedom from transmittable disease as documented by:
 - (1) Negative PPD and/or statement from a health department or physician of present status within immediate past 12 months
 - (2) Immunization as recommended by the Advisory Committee on Immunization Practices of the U.S. Public Health Services and the Committee on Infectious Diseases of the American Academy of Pediatrics.

Verification of health and physical capabilities is documented by the completion of the BSN Health Form by a licensed physician.

BSN Application Form and BSN Health Form are available in the Department of Nursing and Allied Health Sciences.

Conditions for Enrollment

1. Students may be assigned to clinical practicum areas other than those in the immediate Rowan County area, requiring traveling some distance from campus. Transportation to and from these settings is the responsibility of the student.
2. Clinical experiences and formal lectures may be required during various hours of the day, evening, and night.
3. Students have the responsibility for the cost incurred by enrollment in the nursing program. This cost includes clothing, equipment, malpractice insurance, and academic materials.

Required Course Sequence for BSN Students

A total of 133 credit hours is required for the BSN degree which includes 67 credit hours of general education and support courses, 63 credit hours of nursing courses, and 3 credit hours of free electives. BSN program policies on challenge examination, transfer credit, academic standards and progres-

sion, and criteria for taking State Board Licensure Examination can be obtained from the Department of Nursing and Allied Health Sciences.

Radiologic Technology

(606) 783-2647, (606) 783-2632
410 Reed Hall, 234 Reed Hall
Department of Nursing and Allied Health Sciences,
College of Applied Sciences and Technology

Faculty—B. Barker, J. Darling, C. Gibbs, R. Smith, A. Woodward

Associate of Applied Science (Two-Year Program)

The Joint Review Committee on Education in Radiologic Technology accredited associate degree Radiologic Technology Program (Rad Tech) is designed to prepare individuals for entry into the health care profession of radiologic technology.

Students accepted into the program must spend a minimum of 24 months enrolled in the Rad Tech program. The Rad Tech students spend 50% of their time fulfilling clinical education requirements and gaining “hands on” clinical experience in three different hospitals associated with the program. The Rad Tech program is currently affiliated with the following twelve hospitals: ARH Regional Medical Center in Hazard, Ky.; Good Samaritan Hospital in Lexington, Kentucky; HCA King's Daughters Hospital in Frankfort, Kentucky; Highlands Regional Medical Center in Prestonsburg, Ky.; Humana Hospital, Lake Cumberland in Somerset, Ky.; Humana Hospital—Louisia in Louisa, Ky.; Mary Chiles Hospital in Mount Sterling, Ky.; Meadowview Regional Hospital in Maysville, Ky.; Methodist Hospital of Kentucky in Pikeville, Ky.; Morgan County Appalachian Regional Hospital in West Liberty, Ky.; Pattie A. Clay Memorial Hospital in Richmond, Ky.; and Saint Claire Medical Center in Morehead, Ky.

Qualified graduates of the Rad Tech program are eligible to sit for the American Registry of Radiologic Technologists' national certification examination.

Upon completion of the Associate Degree Radiologic Technology Program the graduate will be able to:

1. Utilize interpersonal skills (verbal and non-verbal forms of communication) with patients, patients' families, colleagues, and other health care personnel.
2. Use effective oral and written medical communication methods.
3. Demonstrate knowledge of human structure, function, and pathology.
4. Provide basic care and comfort measures for patients at any stage of life span who are receiving radiologic procedures.
5. Utilize principles of body mechanics when transporting and moving patients or equipment.
6. Perform basic mathematical functions utilized in the radiologic technology process.

7. Operate radiographic imaging equipment and accessory devices utilized in the performance of radiologic procedures.
8. Position the patient and imaging system, so that appropriate anatomical structures are illustrated in the performance of entry level radiographic examinations and procedures.
9. Modify standard radiologic procedures to accommodate patients at any stage of life span with various anatomical and physiological conditions.
10. Process radiographs.
11. Determine exposure factors to obtain diagnostic quality radiographs with minimum radiation exposure.
12. Adapt exposure factors for various patient conditions, equipment, accessories, and contrast media to maintain appropriate radiographic quality.
13. Practice radiation protection for the patient, self, and others.
14. Recognize emergency patient conditions and initiate first aid and basic life support procedures.
15. Evaluate radiographic images for appropriate positioning and image quality.
16. Evaluate the performance of radiographic systems in relation to safe limits of equipment operation and reporting of malfunctions to the proper authority.
17. Demonstrate knowledge and skill relating to radiologic quality assurance practices.
18. Participate as a member of the health care team.
19. Exercise independent judgement and discretion in the technical performance of medical imaging procedures.
20. Apply the legal and ethical principles of the American Society of Radiologic Technologists' Code of Ethics.
21. Assume legal and ethical accountability for the quality of radiologic services administered.
22. Assume responsibility for own self-development and continued learning within the Radiologic Technology profession.

Admission Requirements and Procedures for Radiologic Technology Program

All high school graduates and individuals with a GED certificate may apply for admission to the Associate Degree Radiologic Technology Program. The Radiologic Technology Program has a selective admission policy that is separate and in addition to the University's admission procedure. Admission to the University does not guarantee admission to the Radiologic Technology Program. Enrollment in the Radiologic Technology Program is limited to 50 students per year. (Class size may increase if additional hospitals become affiliated.) The application procedure and admission criteria for the Radiologic Technology program are as follows:

Application Procedure

1. Apply to Morehead State University through the university's Office of Admissions.
2. Submit required materials listed below to the Radiologic Technology Program by March 1 of each year.
 - a. completed Radiologic Technology Application Form
 - *b. copy of American College Test Scores (ACT)
 - c. official copy of high school transcript, showing date of graduation and the overall grade point average based upon a 4.00 scale, or GED scores showing date of passage. (If applicant is still in high school, transcripts must include all grades earned through Fall semester of the senior year and the overall grade point average based upon 4.00 scale.)
 - d. official copy of all college transcripts, if applicable.
 - **e. completed physician's statement of applicant's health and physical capabilities status.
 - **f. documentation of at least four (4) hours of observation in a JCAHO accredited hospital's radiology department
 - * Applicants may contact the Morehead State University's Testing and Evaluation Center, Room 501, Ginger Hall at (606) 783-2526 for information about the American College Test (ACT).
 - * Sections e and f are not to be completed until the applicant has passed the Radiologic Technology academic ability component.
3. Applicants reapplying to the Associate Degree Radiologic Technology Program must submit new or updated application materials to be reconsidered for program admission.
4. To be considered for admission to the Radiologic Technology Program all materials must be submitted to the following address by March 1 of each year:

Radiologic Technology Program
Morehead State University
UPO 784, B.F. Reed Hall
Morehead, KY 40351

Admission Requirements:

Applicants to the Associate Degree Radiologic Technology Program are selected on the following criteria: (**Note: Applicants must meet criteria I, II or III plus IV and V.**)

- I. Admission to Morehead State University through the university's Office of Admission.
- II. American College Test (Enhanced ACT Scores) or equivalent test scores:
 - A. Mandatory minimum composite score of 19.
 - B. Must have a "B" average in high school.

- III. **Must** have completed 14 semester hours in the following courses with a GPA of 2.8 on a scale of 4.0* to be considered for admission.

BIOL 231 or equivalent	3
MATH 135 or equivalent	3
PSY 154 or equivalent	3
ENG 101	3
NAHS 202 or equivalent	4
	14

*Minimum grade of "C" is required in each of the courses listed above.

NOTE: Applicants who are currently enrolled but have not completed the required 14 credit hours are eligible for Conditional acceptance based upon midterm grades. Final acceptance will be dependent upon maintaining course grades and grade point average as outlined in criteria III. Applicants must also meet criteria IV and V.

- IV. **Health and Physical Capabilities Requirement:** Verification that the applicant meets the health and physical capability requirements as documented by a licensed physician(s) upon completion of a thorough physical examination. Applicants who do not meet the stated health requirements will not be admitted to the Radiologic Technology Program.

A copy of the Radiologic Technology Health and Physical Capabilities Requirements is available in Radiologic Technology Program's Application Brochure. The brochure may be obtained by contacting the university's Department of Nursing and Allied Health Sciences' Office or phone (606) 783-2632.

- V. **Radiologic Technology Observation Requirement:** Complete at least a four (4) hour observation period in the Radiology Department of a hospital accredited by the Joint Commission on Accreditation of Health Care Organizations (JCAHO).

Documentation of meeting the program's observation requirement must be verified by one of the administrative personnel in the selected Radiology Department. Applicants who do not complete the stated observation requirement will not be admitted to the Radiologic Technology Program.

Fees and Expenses

Fees and expenses specific to the Radiologic Technology Program are in addition to those required by the university. These are subject to change without prior notification. The following fees to be paid by the student, will be collected by the department:

1st Semester—\$7.50 Radiologic film markers fee; \$1.00 dosimeter set-up fee; \$8.40 dosimeter service fee; \$14.50 liability insurance fee; \$5.00 CPR fee.

2nd Semester—\$8.40 dosimeter service fee.

3rd Semester—\$8.40 dosimeter service fee; \$14.50 liability insurance fee.

4th Semester—\$5.00 CPR fee; \$8.40 dosimeter service fee; \$11.00 class picture fee; and \$1.50 radiation termination report.

Other expenses students are responsible for: the purchase of white uniform, white hose (if applicable), white clinical shoes, white lab coat, program patches for each uniform, and an identification name pin (the latter is available from the University Store); and all housing and transportation expenses incurred during clinical internship assignments. Also, the national certification examination, given by the American Registry of Radiologic Technologists following graduation from the RT program, requires a \$35.00 application fee, and any student dosimeters lost or damaged require a \$2.00 replacement fee. Optional fees include: the purchase of a school pin upon graduation and additional graduation announcements.

Program Requirements

All RAD courses and the NAHS 202, BIOL 231, and BIOL 232 courses must be taken in sequence as listed. Rad Tech program policies on pregnancy and academic standards and progression, can be obtained from the Department of Nursing and Allied Health Sciences.

	Sem. Hrs.
First Semester	17
RAD 106—Patient Care Procedures	2
RAD 110—Radiographic Anatomy and Positioning I	4
RAD 119—Imaging, Exposure, and Radiologic Technology Practice	3
NAHS 202—Medical Terminology	2
MATH 135—Mathematics for Technical Students or higher Math with the exception of MATH 231 or 232	3
BIOL 231—Human Anatomy	3

Second Semester	12
RAD 130—Clinical Internship I	10
RAD 132—Concepts in Radiologic Technology	2

First Summer Session	6
RAD 210—Radiographic Anatomy and Positioning II	3
ENG 101—Composition I	3

	Sem. Hrs.
Second Summer Session	6
RAD 215—Radiation Biology and Protection	3
ENG 192—Technical Composition or ENG 102 Composition II	3

Third Semester	12
RAD 230—Clinical Internship II	10
RAD 232—Imaging Sectional Anatomy	2

Fourth Semester	18
RAD 305—Advanced Diagnostic Imaging Practices	3

RAD 310—Radiographic Anatomy and Positioning III	3
RAD 315—Radiation Physics and Electronics	2
RAD 319—Advanced Radiologic Procedures	2
RAD 322—Radiologic Pathology	2
BIOL 232—Human Physiology	3

Respiratory Therapy

(606)783-2813 or (606)783-2772

234 Reed Hall

Department of Nursing and Allied Health Sciences,
College of Applied Sciences and Technology

Faculty—C.D. Gardner (coordinator)

Associate of Applied Science

The Respiratory Therapy Program is designed to prepare individuals for practice in the health care profession of respiratory care.

The Associate Degree Respiratory Therapy Program at Morehead State University (MSU) is operated in conjunction with the Respiratory Therapy Technician Program at Rowan State Vocational/Technical School (RSVTS).

The Respiratory Therapy Program has a selective admission policy which is separate from, and in addition to, MSU's admission procedures.

The curriculum includes: general education and support courses; basic respiratory care courses; and advanced respiratory care courses. The program is arranged in a sequence of components:

1. The student completes the general education and support courses.
2. The student completes the basic respiratory care courses within the RSVTS Technician Program.
3. The student completes the advanced respiratory care courses at MSU.

The program offers an alternate pathway toward the degree for a respiratory therapy technician who is credentialed by the National Board for Respiratory Care (NBRC). The Technician "track" arranges the curriculum in a different sequence:

1. The student is graduated from a respiratory therapy technician program accredited by the Council on Allied Health Education Accreditation (CAHEA).

2. The student enrolls at MSU and completes the general education and support courses.
3. The student completes the advanced respiratory care courses at MSU.

Upon completion of the Respiratory Therapy Program the graduate will be able to perform the following for patients at any stage of the life span in a variety of health care settings:

1. Apply principles from the natural sciences, behavioral sciences, and humanities as a basis for comprehensive respiratory care.
2. Recognize the role of the respiratory therapist as a member of the health care team.
3. Demonstrate effectiveness and efficiency in the delivery of respiratory care including effective oral and written communication.
4. Perform the following respiratory care procedures according to standard and safe protocol:
 - (A) operation of equipment and accessory devices.
 - (B) equipment cleaning and sterilization techniques.
 - (C) provision of adequate patient ventilation.
5. Demonstrate knowledge of human structure, function, and pathology.
6. Provide care and comfort measures for patients undergoing diagnostic and therapeutic respiratory procedures.
7. Perform mathematical functions integral to respiratory care procedures.
8. Recognize emergency patient conditions and initiate first aid and basic life support measures.
9. Demonstrate knowledge and skill relating to respiratory care quality assurance practices.
10. Participate as a member of the health care team.
11. Exercise independent judgement and discretion in the technical performance of respiratory care procedures.
12. Assume legal and ethical accountability for the quality of respiratory care administered.
13. Assume responsibility for own self-development and continued learning within the profession.

Admission Requirements and Procedures for Respiratory Therapy Program

Application Procedure

1. Be admitted unconditionally to Morehead State University through the university's Office of Admissions.
2. Declare pre-respiratory therapy as an area of concentration.
 - (A) Meet with assigned respiratory therapy advisor;
 - (B) Enroll in required pre-respiratory therapy courses as outlined in the respiratory therapy curriculum sequence.

3. Submit required materials listed below to the Department of Nursing and Allied Health Sciences by March 15:
 - (a) complete respiratory therapy program application
 - (b) official high school transcript(s)
 - (c) GED validation if applicable
 - (d) official transcripts from all university/colleges attended.
 - (e) university undergraduate catalog(s) if transfer credit is sought
 - (f) validation of grades of required courses
 - (g) completed department health form (by date set by Admission Committee)
4. Student selection process occurs during the spring semester.
5. In order to be considered for official admission to the basic component, all of the listed materials must be submitted, by the date specified in #3, to the address below:

Associate Degree Respiratory Therapy Program
UPO 715, Morehead State University
Morehead, Kentucky 40351-1689

Respiratory Therapy Program Admission Criteria

The program has limited enrollment. Applicants are selected for the basic component of the program based upon specific criteria:

- (1) Completion of the 31-32 credit hours of the general education and support courses in the curriculum with a "C" or higher grade in each course. NOTE: Applicants who are currently enrolled but who have not yet completed the required 15-16 semester hours of the second semester are eligible for a conditional acceptance based on midterm grades.
- (2) Should the number of qualified applicants exceed the number of contracted student positions in the Technician Program at RSVTS, applicants will be selected on the basis of the highest grade point average in the required general education and support courses.
3. Upon completion of the Technician Program at RSVTS, the student will be required to achieve a passing score on an independent equivalency examination before enrolling at the university for the advanced courses.
4. All applicants for the program must meet the following requirements for physical and health capabilities: (NOTE: also required for retention — at the discretion of program faculty, a mental and/or physical re-evaluation may be required at any point in the program.)
 - (A) Physical capabilities:
 - (1) Vision capabilities:

- (a) normal or corrected refraction within the the ranges of 20/20 to 20/190
- (b) able to distinguish color shade changes
- (2) Auditory capabilities:
Possess normal or corrected hearing ability within 0 to 45 decibel range.
- (3) Tactile capabilities:
Possess in at least one hand the ability to perceive temperature changes and pulsations and to differentiate between various textures and structures.
- (4) Language capabilities:
Possess the ability to verbally communicate.
- (5) Motor capabilities:
Possess 4 functional limbs (normal or artificial) which allow the following actions:
 - (a) grasp securely with at least one hand
 - (b) stand for long periods of time
 - (c) walk unassisted

(B) Health requirements:

- (1) Mental health—possess the ability to adapt to the environment, function in everyday activities, and cope with stressors.
- (2) Freedom from transmittable disease as documented by:
 - (a) negative PPD and/or statement from a health department or physician of present states within the immediate 12 months,
 - (b) Immunization as recommended by the advisory committee on Immunization practices of the U.S. Public Health Services and the committee on Infectious Diseases of the American Academy of Pediatrics.

Fees and Expenses

Fees and expenses specific to the Respiratory Therapy Program are in addition to those required by the university, and are subject to change without prior notification. The following fees are due prior to the beginning of the advanced courses and will be collected by the Department of Nursing and Allied Health Sciences:

Basic CPR re-certification	\$10.00
professional liability insurance	14.50

Conditions for Enrollment

1. Students may be assigned to clinical practicum areas other than those in the immediate Rowan County area, requiring traveling some distance from campus. Transportation to and from these settings is the responsibility of the student.

2. Clinical experiences and formal lectures may be required during various hours of the day, evening, and night.
3. Students have the responsibility for the cost incurred by enrollment in the MSU Respiratory Therapy Program and the RSVTS Program. This cost includes but not limited to, clothing, equipment, malpractice insurance, and academic materials and specialized course fees.
Tuition and financial aid at Rowan State Vocational/Technical School is separate from that of Morehead State University

Required Course Sequence for Respiratory Therapy Students

A total of 70/71 credit hours is required for the AAS degree which includes 31/32 credit hours of general education and support courses, 31 credit hours for courses taken in the Technician Program at RSVTS and 8 credit hours of advanced respiratory care courses at MSU.

Admission Requirements and Procedures for Respiratory Therapy Program Technician Track

1. Be admitted unconditionally to MSU through the Office of Admission.
2. Declare pre-respiratory therapy as an area of concentration.
 - (a) Meet with assigned program advisor;

- (b) Enroll in required pre-professional courses, as outlined in the program curriculum sequence.
3. Submit the following required materials to the Department of Nursing and Allied Health Sciences by November 1:
 - (a) complete respiratory therapy program application;
 - (b) official high school transcript
 - (c) GED validation, if applicable;
 - (d) Official transcripts from all universities/colleges attended;
 - (e) official transcript validating graduation from a respiratory therapy technician program accredited by the Committee on Allied Health Education Accreditation (CAHEA);
 - (f) university/college catalog if transfer credit is sought;
 - (g) validation of grades of required courses;
 - (h) completed Department Health Form (by date set by Admissions Committee);
 - (i) validation of active Entry Level credential (CRTT) by NBRC;

NOTE: credential should not be dated more than three(3) years prior to application deadline.

In order to be considered for official admission, the listed materials must be submitted, by the date specified in #3, to the address below:

Associate Degree Respiratory Therapy Program
UPO 715, Morehead State University
Morehead, KY 40351-1689

4. Student selection process occurs during the fall semester.

Admission Criteria

The Program has limited enrollment. Applicants are selected for the advanced component of the program based upon specific criteria:

- (A) Completion of an CAHEA-accredited Therapy Technician program, with a "C" grade (or equivalent numerical score) or higher in each component of the program.
- (B) Possession of the active Entry Level credential (CRTT) conferred by the NBRC.
- (C) Completion of the general education and support courses required in the first semester of the curriculum with a "C" or higher grade in each course;

NOTE: applicants who are currently enrolled in, but have not yet completed, the 16 semester hours of the first semester may be considered for a conditional acceptance based upon mid-term grades and completion of the 15-16 semester hours of the second semester.

Required Course Sequence for Respiratory Technician Track

A total of 70/71 credit hours which includes 31 credit hours for graduates of a technician program accredited by CAHEA and entry level certification (CRTT) by the NBRC, 31/32 credit hours of general education and support courses, and 8 credit hours of advanced respiratory care courses.

M. Pryor, D. Saxon, H. Setser.

The Department of Biological and Environmental Sciences offers a comprehensive non-teaching major and minor in biology which are designed (1) to provide a strong foundation for the development of professional biologists; (2) to offer progressive programs for pre-dentistry, pre-medicine, pre-physical therapy, pre-pharmacy, and pre-chiropractic medicine; and (3) to support the academic programs of other departments. A teaching major and minor in biology are also available (see curriculum outline listed under the Secondary Science Teaching section). Requirements for the non-teaching biology major and the teaching major are identical, except that those pursuing the teaching major complete the professional semester (student teaching), have additional supplemental requirements, and have additional courses from which they may select their advanced electives.

Bachelor of Science

Non-Teaching Major

Requirements for the teaching major are listed under "Secondary Science Teaching."

Core (29 hours)

Total for biology core	29

Electives (9 hours)

*Advanced biology categories (see listing below)	9
Total hours for a biology major(non-teaching)	38

Advanced biology categories

Students must select, from the following three categories, nine hours (minimum of three courses) of advanced electives in biology. The student may select no more than two courses from any one group. Courses selected from advanced biology categories will not be counted as part of the biology core.

Group A

BIOL 336—Pathophysiology
BIOL 419—Immunology and Serology
BIOL 426—Plant Physiology
BIOL 518—Pathogenic Microbiology
BIOL 519—Virology
BIOL 425—Animal Physiology

Group B

BIOL 337—Comparative Anatomy
BIOL 338—Developmental Biology
BIOL 514—Plant Pathology
BIOL 520—Histology
BIOL 540—Parasitology
BIOL 550—Plant Anatomy
BIOL 555—Plant Morphology

Group C

BIOL 318—Local Flora
BIOL 334—Entomology
BIOL 437—Ornithology
BIOL 505—Invertebrate Zoology
BIOL 510—Limnology
BIOL 531—Herpetology
BIOL 535—Mammalogy
BIOL 536—Ichthyology

Gulf Coast Research Laboratory Courses (see course description listing under "Marine Science")

Note: Biology 574 (Experimental Course) or BIOL 599 (Selected Workshop Topics): one course may be used as an elective for Group A, B, or C if it is approved as suitable by the departmental Curriculum Committee.

Supplemental Requirements

I. Chemistry (12-16 hours)

Students must select one of the following sequences:

Sequence I (16 hours)	Sem. Hrs.
CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	4
CHEM 326—Organic Chemistry I	4
CHEM 301—Survey of Biochemistry	4
or	
BIOL 590—Biochemistry I	4

Sequence II (12 hours)

Chemistry

CHEM 101—Survey of General Chemistry	4
CHEM 201—Survey of Organic Chemistry	4
CHEM 301—Survey of Biochemistry	4

II. Physics (8 hours)

PHYS 201—Elementary Physics I	3
PHYS 201A—Elementary Physics I Lab	1
PHYS 202—Elementary Physics II	3
PHYS 202A—Elementary Physics II Lab	1

III. Mathematics (6 hours)

MATH 174—Pre Calculus Mathematics II or equivalent	3
MATH 123—Introduction to Statistics or equivalent	3
Total Supplemental hours	26-30

Non-Teaching Minor

Requirements for the teaching minor are listed under "Secondary Science Teaching."

Core (12 hours)

BIOL 171—Principles of Biology	4
BIOL 210—General Zoology	4
BIOL 215—General Botany	4
Core total	12

Electives (Minimum of 12 hours)

One of the following courses (minimum of 3 hours):	3
BIOL 304—Genetics	
BIOL 317—Microbiology	
BIOL 380—Cell Biology	
BIOL 426—Plant Physiology	
BIOL 425—Animal Physiology	
BIOL 461—Ecology	
Three additional courses (minimum of 9 hours). These courses must be selected from the list of courses (Core and Elective) accepted for the biology major (non-teaching).	9
Total hours for a non-teaching biology minor	24

Supplemental Requirements**Chemistry (8 hours)**

The student must take one of the following sequences:

Sequence I

CHEM 101—Survey of General Chemistry	4
CHEM 201—Survey of Organic Chemistry	4

Sequence II

CHEM 111—Principles of Chemistry	4
CHEM 112—Principles of Chemistry II	4
Total supplemental hours	8

Environmental Science

(606) 783-2952 (J. Howell)

(606) 783-2957 (B. Reeder)

317 Lappin Hall

Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth, G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass, M. Pryor, B. Reeder, D. Saxon, H. Setser,

Bachelor of Science

An environmental science major with four options is offered. The four options are in ecology; geology; social sciences and economics; and chemistry and physics. With careful planning between the student and the advisor, a teaching certificate can be obtained in one of the option fields. Private industry, governmental agencies, municipalities, public utilities, and ecological contracting companies are primary sources of employment.

Major

All majors must take the environmental science core, immediately below, and choose an option.

	Sem. Hrs.
BIOL 100—Orientation to Biological and Environmental Sciences Programs	1
GEOS 100—Physical Geology	1
BIOL 355—Population, Resources, Environment	3
BIOL 356—Environmental Biology	3
GEOS 376—Environmental Geology	3
ECON 501—Environmental Economics	3
GOVT 324—Environmental Law and Policy	3
GEOG 505—Conservation of Natural Resources	3
	20

Ecology Option

Environmental science core courses	20
BIOL 171—Principles of Biology	4
BIOL 210—General Zoology	4
BIOL 215—General Botany	4
BIOL 357—Environmental Testing Methods	3
BIOL 510—Limnology	3
BIOL 461—Ecology	3
Elective from Biology 318, 334, 530, 531, 535, or 437	3

Supplemental Requirements

CHEM 101—Survey of General Chemistry	
or	
CHEM 111—Principles of Chemistry I	4
CHEM 201—Survey of Organic Chemistry	
or	
CHEM 112—Principles of Chemistry II	4
GEOS 240—Oceans	3
MATH 353—Statistics	3

Geology Option

Environmental science core courses	20
GEOS 107—Introduction to Geoscience	3
GEOS 201—Historical Geology	3

Medical Technology

(606) 783-2962 (T. Pass)

415 Lappin Hall

(606) 783-2961 (R. Wright)

401 Lappin Hall

Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth,
G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass,
M. Pryor, B. Reeder, D. Saxon, H. Setser

Bachelor of Science

The field of medical technology is the medical application of the basic sciences. Principles from cellular and molecular biology, organic and biochemistry, microbiology, immunology, genetics and physiology are applied to laboratory testing.

In the medical laboratory, samples from the body are tested to determine the presence, absence, extent or cause of disease. The accurate performance of these complex tests requires advanced education in all areas of clinical laboratory science including chemistry, toxicology, immunohematology, hematology, urinalysis, and microbiology. Medical technology is an exciting career choice for people who like biology and chemistry, enjoy laboratory work, and desire to help others.

The continued growth of the health care industry is accompanied by an increasing demand for clinical laboratory scientists. Jobs are available in many employment settings. Starting salaries are over \$23,000 but vary according to geographic location. Graduates acquire positions in research laboratories, medical industry and sales, forensic medicine, law enforcement, state health departments, veterinary laboratories, educational programs, physician offices and large clinical laboratories.

After several years experience, medical technologists may choose to move up the career ladder into educational, supervisory, and managerial roles. Others obtain advanced education in management, business, or the computer sciences. Graduates of this program have excelled in all of these areas.

MSU is affiliated with the following accredited hospital schools of medical technology:

1. St. Elizabeth Medical Center
Covington, Kentucky
2. Owensboro-Davies County Hospital
Owensboro, Kentucky
3. Methodist Hospital of Kentucky
Pikeville, Kentucky
4. Lourdes Hospital
Paducah, Kentucky
5. University of Louisville
Louisville, Kentucky

Students, with the assistance of their medical technology coordinator, usually begin to make applications to medical technology schools at the beginning of their junior year. Acceptance by an accredited school of medical technology for clinical study is competitive and is generally based on the applicant's academic record (minimum of 2.8 grade-point average), personal interviews, and letters of recommendation. The final decision for admittance into the program is made by the appropriate school of medical technology. MSU makes every effort to secure each student a position at one of the hospital schools of medical technology.

Most affiliated hospitals charge a nominal fee during the clinical year in order to help defray expenses incurred in providing the students laboratory experience. The hospitals provide the medical technology coordinator with an estimate of expenses, in addition to tuition or fees, the student will likely incur during the clinical year of training. Grants and/or loans (Pell Grant and others) are available for eligible students through the University.

Affiliated hospital schools do not assume any obligation to accept a maximum or minimum number of students each year from MSU. Selection is based on open competition.

MSU confers upon successful candidates the Bachelor of Science degree with an area in medical technology. Upon completion of the four-year program, students are qualified to take a certifying examination in medical technology.

The medical technology curriculum is flexibly designed. A student deciding, for whatever reason, not to complete the "three plus one" program may still pursue and obtain a bachelor of science degree in biology through continued enrollment and acceptable performance at MSU.

Area in Medical Technology

SENIOR YEAR (Clinical)

All students attending an accredited school of medical technology during their clinical program of professional study must be enrolled in BIOL 413, 414, 415, and 416, Medical Technology Clinical Practicum, 4 to 14 hours, at Morehead State University during the fall, spring, and summer sessions.

The student will receive a minimum of 36 semester hours of credit upon successfully completing one year of clinical training at an accredited school of medical technology. Credit awarded will be applicable toward a Bachelor of Science degree with an area of concentration in medical technology.

All the following courses, or their equivalents, must be satisfactorily completed (at least a 2.0 or C average) during the hospital-based clinical year in order to receive credit for Biology 413, 414, 415, and 416 and to obtain a recommendation for one of the certification examinations.

Immunohematology. Theory and performance of tests related to donor selection, storage of units, blood grouping, Rh titers, compatibility testing, antibody detection and identification, and blood component therapy. 58 hours lecture and 106 hours of laboratory.

Medical Microbiology. Cultural techniques and characteristics, metabolic demands and microscopic study of bacteria from patient cultures and unknowns; identification by culture, chemical, and serological techniques; drug susceptibility testing. Lecture topics include frequently and uncommonly encountered bacteria and viruses. 80 hours lecture and 180 hours laboratory.

Medical Mycology. Cultural characteristics and microscopic study of differentiating morphology are stressed in a workshop atmosphere; participants work on unknowns. Preliminary procedures and identification of tubercular organisms; 30 hours lecture and 33 hours laboratory.

Serology and Immunology. Theory and principles of the various serological tests; methods employed include precipitation, flocculation, hemolysis, and fluorescence. 40 hours lecture and 32 hours laboratory.

Routine Analysis. Chemical and microscopic laboratory methods used to study gastric, cerebrospinal, urine, pleural, and abdominal body fluids; related physiology and disease states. 40 hours lecture and 150 hours laboratory.

Clinical Chemistry. Quantitative chemical analyses performed for various constituents of blood: enzymes, electrolytes, carbohydrates, hormones, lipids, and nitrogen compounds. Precision manual techniques and a wide variety of instrumental methods are utilized; quality control is emphasized; a limited amount of toxicology is included. Lectures on principles of laboratory tests and physiological reactions in addition to correlation of laboratory findings with disease states. 114 lecture and 180 hours laboratory.

Special Topics. A three-part course in (1) orientation, including ethics, professional relationships, the institution and policies, the school program, venipuncture, patient approach, specimen identification, and basic calculation; (2) solutions, essentially a condensed elementary review of quantitative analysis, including gravimetric and volumetric proce-

dures and associated calculations; and (3) management, a four-day workshop designed by the American Management Association to introduce basic management skills. 75 hours lecture, 33 hours laboratory, and 16 hours seminar.

Medical Parasitology. A workshop study of the geographical distribution, laboratory identification, modes of transmission, and effects of parasitic infestation on man. 25 hours lecture and 45 hours laboratory.

Hematology. Physical, chemical, and microscopic procedures are utilized to evaluate the qualitative and quantitative composition of blood and bone marrow. The function of factors governing the clotting mechanism. Advanced hematology emphasizes correlation of laboratory test results and clinical findings. Collection of specimens and patient contacts are made from this area. 99 hours lecture and 180 hours laboratory.

Seminar. Various activities include: patient case studies to correlate laboratory results with disease states; literature search and preparation of review questions with team competition in answering; assigned classroom presentations. Sixteen hours discussion.

Pre-Chiropractic

(606) 783-2959 (D. Brumagen)

327H Lappin Hall

Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth, G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass, M. Pryor, B. Reeder, D. Saxon, H. Setser

The 1968 General Assembly of the Commonwealth of Kentucky passed legislation (H.B. No. 147) requiring a minimum of 60 semester hours of study in an accredited college or university as prerequisite to any person becoming eligible for licensure to practice any healing art (including chiropractic medicine). A student who desires to pursue this course of study should consult the catalog of the chiropractic school which he or she plans to attend.

Requirements

Most schools or colleges of chiropractic medicine require the following pre-professional education for admission to the Doctor of Chiropractic degree programs:

1. 60 semester hours or 90 quarter hours leading to a baccalaureate degree in a college or university program with a minimum g.p.a. of 2.50 on a 4.0 scale,
2. six semester hours or nine quarter hours of biology with laboratory,
3. six semester hours or nine quarter hours of general chemistry with laboratory,

4. six semester hours or nine quarter hours of organic chemistry with laboratory,
5. six semester hours or nine quarter hours of physics with laboratory,
6. six semester hours or nine quarter hours of English and/or communication skills,
7. three semester hours or 4.5 quarter hours of psychology,
8. three semester hours or 4.5 quarter hours of social sciences and/or humanities, and
9. it is recommended that biology courses be elected from principles of biology, human anatomy, human physiology, cell biology, general zoology, or principles of microbiology.

A more specific course curriculum for entrance to the Palmer College of Chiropractic is outlined below. Morehead State University has an articulation agreement with Palmer College that provides students completing the minimum suggested courses and maintaining an acceptable g.p.a. priority consideration for admission to their chiropractic program.

Palmer College of Chiropractic Admission Requirements

	Sem. Hrs.
BIOL 171—Principles of Biology	4
BIOL 210—General Zoology	4
or	
BIOL 231—Human Anatomy	3
BIOL 232—Human Physiology	3
BIOL 233—Human Physiology Lab	1

ENGLISH	6
Any college level course of English and/or communicative skills in the English language, including theatre, drama, and journalism.	
PSYCHOLOGY	3
Any college level course in the psychology department.	
SOCIAL SCIENCES OR HUMANITIES	
Sociology, government, any class that does not include math, science, or chemistry.	

Pre-Dentistry

(606) 783-2959 (D. Brumagen)
327H Lappin Hall
Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth, G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass, M. Pryor, B. Reeder, D. Saxon, H. Setser

The Council on Dental Education of the American Dental Association has established minimum requirements for admission to dental schools. Basic requirements are built around the successful completion of two full years of work in an accredited liberal arts and sciences college or university. Minimum course requirements include one year of study in each of the areas of English, biology, physics, general chemistry, and at least one semester of organic chemistry. It is important that all science classes include both lecture and laboratory instruction. Dental schools do not encourage students to apply with such minimal preparation, because the selection of applicants is also based on the demonstration of superior qualification in personal maturity and academic competence. Three, and preferably four, years of undergraduate preparation are necessary to provide students with those qualifications that will permit entry into dental schools. Pre-dental students should have a good background in sciences and mathematics beyond the minimum requirements and they should also cultivate interests in literature, music, art, speech, languages, social sciences, and psychology. For purposes of scheduling, course selection, and complete preparation for professional school, the pre-dental student must work closely with the faculty advisor.

A student who follows a program that includes the requirements for graduation and enters dental school at the end of the junior year may, after successfully completing the first year at dental school, transfer credits to Morehead State University and receive the bachelor's degree, provided he or she has completed all of the general education requirements.

Requirements

Pre-dental students generally follow the curriculum designed for the biology major and chemistry minor. However, certain complementary and specific general education courses are recommended. An academic handbook and suggested curriculum are available from the pre-dental advisor.

Pre-Medicine

(606) 783-2295 (D. Saxon)
327A Lappin Hall
Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth, G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass, M. Pryor, B. Reeder, D. Saxon, H. Setser

Most medical schools require a minimum number of specific science courses. Applicants must have completed the following courses prior to entrance: one year each of biology, physics, general chemistry, and organic chemistry with laboratories. Additional requirements include one year of English and at least one semester of precalculus/calculus, and psychology. These specific courses and the successful completion of a baccalaureate degree represent basic requirements for entrance to medical schools, and it is highly recommended that these requirements be supplemented by additional study in a variety of subject areas. It is recommended that the pre-medical student take advanced courses in chemistry, mathematics, physics, and biology. It is most important that the pre-medical student balance a scientific education with courses selected from the arts, humanities, and social sciences. For purposes of scheduling, course selection, and complete preparation for professional school, the pre-medical student must work closely with the faculty advisor.

Since specific requirements vary among medical schools, it is essential that the student investigate the requirements of the medical school of his or her choice during the first two years of the preparatory program.

Requirements

Pre-medical students generally follow the curriculum designed for the biology major and chemistry minor, although other options may be completed. However, certain complementary and specific general education courses are recommended. An academic handbook and suggested curriculum are available from the pre-medical advisor.

Pre-Pharmacy

(606) 783-2951 (F. Busroe)
316 Lappin Hall
Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth, G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass, M. Pryor, B. Reeder, D. Saxon, H. Setser

The suggested program of pre-pharmacy study at MSU will meet the general requirements for most pharmacy schools. It can be modified to satisfy the needs of the individual student.

Admission to a school of pharmacy may be obtained after completion of a two-year pre-pharmacy program, although it often takes three years. Depending on the degree program followed, three or four additional years are required to complete pharmacy school.

Requirements

Pre-pharmacy students generally follow the curriculum designed for the biology major and chemistry minor. However, certain complementary and specific general education

courses are recommended. An academic handbook and suggested curriculum are available from the pre-pharmacy advisor.

Pre-Physical Therapy

(606) 783-2803 (G. Gearner)
327G Lappin Hall
Department of Biological and Environmental Sciences
College of Arts and Sciences

Faculty—D. Brumagen, F. Busroe, G. DeMoss (chair), T. Forsyth, G. Gearner, J. Howell, D. Magrane, L. Meade, T. Pass, M. Pryor, B. Reeder, D. Saxon, H. Setser

Most schools of physical therapy require 60 to 70 hours of selected coursework in a pre-physical therapy program. Students who plan to enter the program in physical therapy should consult the catalog of the school they plan to attend to be certain they fulfill specific requirements.

The suggested pre-physical curriculum at Morehead State University will meet the requirements at most physical therapy schools. To assure proper course selection and to meet all admission requirements, students must work closely with their faculty advisor.

Requirements

Pre-physical therapy students generally follow the curriculum designed for the biology major. However, certain complementary and specific general education courses are recommended. An academic handbook and suggested curriculum are available from the pre-physical therapy advisor.

Area of Concentration (Science Teaching)

A student can become certified as a secondary science teacher by completing a Bachelor of Science degree with an area of concentration in science. The student is required to

complete the core of courses listed in part A as well as an emphasis in biology, chemistry, earth science, or physics as presented in part B. In addition, the student will be expected to complete the mathematics curriculum listed in part C. The student must also complete the Teacher Education Program discussed elsewhere in this catalog. The student is certified in the emphasis chosen as well as in general science and interdisciplinary sciences. Further certification is obtained by the completion of additional emphases.

PHYS 481—Mathematical Physics	3
PHYS 493—Quantum Mechanics	3

*PHYS 212 will not apply if student has completed PHYS 231 and PHYS 232.

Part C—Supplemental Requirements in Mathematics

Students who seek certification with an area of concentration in science must complete the following mathematics requirement:

	Sem. Hrs.
One course from the following:	
MATH 152—College Algebra	3
MATH 175—Analytic Geometry and Calculus I	3-4
Also one course from the following:	
MATH 141—Plane Trigonometry	3
MATH 174—Pre-Calculus II	3
MATH 275—Analytic Geometry and Calculus II	4
MATH 353—Statistics	3-4
	6-8

Majors (Teaching)

A student can receive certification by completing a Bachelor of Science degree with a major in biology, chemistry, earth science, mathematics, or physics. With the exception of mathematics, certification is no longer granted with a minor in this list of disciplines unless a major in one of the other natural science disciplines is completed. Further certification can also be obtained through the completion of a second major from the list or through other majors or minors as suggested by an advisor. In addition, the student must complete the requirements listed under the Teacher Education Program.

Biology

Core (29 hours)	Sem. Hrs.

PHYS 201—Elementary Physics I3
 PHYS 201A—Elementary Physics I Lab1
 PHYS 202—Elementary Physics II3
 PHYS 202A—Elementary Physics II Lab1

Mathematics and Computer Science (6 hours)

MATH 174—Pre-Calculus Mathematics II or equivalent3
 CIS 201—Introduction to Computers3
 Total supplemental hours30

Minors (Teaching)

A student can receive a certifiable teaching minor in biology, chemistry, earth science, mathematics, and physics. With the exception of mathematics, the minor must be complemented by a major in a natural science. As stated under Area of Concentration and Teaching Majors above, the student must also complete the requirements of the Teacher Education Program listed elsewhere in this catalog.

Biology**Core (12 hours)**

BIOL 171—Principles of Biology4
 BIOL 210—General Zoology4
 BIOL 215—General Botany4
 Core total12

Electives (minimum of 12 hours)

Three of the following courses (minimum of 9 hours)9
 BIOL 304—Genetics
 BIOL 317—Microbiology
 BIOL 380—Cell Biology
 BIOL 426—Plant Physiology
 BIOL 425—Animal Physiology
 BIOL 461—Ecology

One additional course (minimum of 3 hours) to be selected from the list of courses (core and electives) accepted for the biology major (teaching)3
 Total hours for a biology teaching minor24

Supplemental Requirements**Chemistry (8 hours)**

The student must take one of the following sequences:

Sequence I**Sem. Hrs.**

CHEM 101—Survey of General Chemistry4
 CHEM 201—Survey of Organic Chemistry4

Sequence II

CHEM 111—Principles of Chemistry I4
 CHEM 112—Principles of Chemistry II4
 Total supplemental hours8

Department of Communications
College of Arts and Sciences

Faculty—L. Albert, M. Biel, J. Caldwell, D. Collins, L. Dales, N. Earl, S. Gish, D. Greer, H. Hamm, W. Layne, C. Lindell, T. Lockhart, J. Modaff, D. Plum, J. Quisenberry, J. Wilson, T. Yancy

The Department of Communications prepares students for professional, business, and educational careers in speech, theatre, radio-television, and journalism. Recognition of the literary, artistic, psychological and rhetorical elements of these studies enhances the student's appreciation of man's expressive achievements and the impact of the mass media of communications on society. Specific programs for majors and minors in Journalism, Radio-Television, Speech and Theatre may be located under these headings elsewhere in this catalog.

Restrictions Applying to All Programs in Communications

A student may credit toward a program of study in the Department of Communications a limited number of hours from any combination of the following courses, each of which is available in the academic areas of journalism, radio-TV, speech, and theatre:

Communications Cooperative Study 139, 239, 339, 439, 539.

Communications Internship 247, 347, 447.

Special Problems 476.

In each communications program, no more than 9 hours in any combination of the courses listed above may be applied toward an area of concentration, a major, or an associate degree. No more than 6 such hours may be applied toward a minor.

Credit hours earned in these courses which exceed the limits above will not apply to program requirements, but may be applied to the minimum requirements for an A.B. or A.A.A. degree.

All students are required to participate in an exit assessment activity administered by the department prior to graduating.

English

(606) 783-2185
103 Combs Building
Department of English, Foreign Languages, and Philosophy
College of Arts and Sciences

Faculty—M Boisseau, G. Campbell, G. R. Dobler (Acting Chair), G. Eklund, M. Glasser, F. Helphinstine, J. LeMaster, J. Mace, G. Mays, R. Morrison, S. Morrison, B. Peters, G. Rogers, J. Rogers, T. Stroik, M. K. Thomas

Bachelor of Arts

The English curriculum has a two-fold purpose. It seeks to make a contribution to the general education of all students by providing them with the study of writing so that they may use their language as effectively and precisely as possible and by introducing them to the sympathetic understanding of literature so that their personal lives will be enriched by literary art. It prepares students for such vocations as teaching, publishing, business and public relations as well as for further professional studies.

Requirements

In addition to the requirements listed, a minimum of two semesters (6 hrs.) of a foreign language is required of students completing an area or major in English. Four semesters (12 hrs.) of a foreign language are recommended.

Area of Concentration (Teaching)*

	Sem. Hrs.
American literature surveys (elect one).....	3
ENG 341—American Literature to 1850	
ENG 342—American Literature since 1850	
British literature surveys.....	6
ENG 331—British Literature to 1750	
ENG 332—British Literature since 1750	
English grammar (elect one).....	3
ENG 315—Structure of English	
ENG 505—Linguistics: Grammar	
English linguistics (elect one).....	3
ENG 305—Introduction to Linguistics	
ENG 315—Structure of English	
ENG 393—History of the English Language	
ENG 501—General Semantics	
ENG 505—Linguistics: Grammar	
Writing (elect course from 300-500 level)	3

ENG 500—Studies in English for Teachers.....	3
ENG 435—Shakespeare	3

English electives (excludes 100 level courses)15

Of these 15 hours, a minimum of 12 hours of 300-500 level courses must be taken, including 6 hours from the following:

ENG 344—The Short Story and the Novel	
ENG 436—The English Renaissance	
ENG 441—Restoration and Eighteenth Century British Literature	
ENG 442—Romantic Writers	
ENG 443—Victorian Writers	
ENG 444—Twentieth Century British Literature	
ENG 466—American Poetry	
ENG 499—Seminar: Major Writers	
ENG 528—Literary Criticism	
ENG 533—The English Novel	
ENG 534—Chaucer	
ENG 539—Milton	
ENG 545—Seventeenth Century British Literature	
ENG 552—Early Dramatic Literature	
ENG 553—Modern Drama	
ENG 561—Studies in American Literary Periods	
ENG 563—American Fiction	
Communications	
SPCH 200—Oral Interpretation	3
Theatre requirement (elect one)	3
THEA 100—Fundamentals of the Theatre	
THEA 110—Introduction to the Theatre	
Theatre elective (elect one)	3
THEA 200—Introduction to Dramatic Literature	
THEA 300—Elements of Play Production	
THEA 354—Theatre History	
THEA 375—Creative Dramatics	
JOUR 201—News Writing and Reporting	3
Journalism elective (elect course from 200-500 level)	3
(Typing skills required)	54

In addition to the 54 hour requirement listed above, students pursuing the English teaching area must also take at least 6 sem. hrs. of a foreign language, EDUC 576—Reading in the Secondary School, and complete the requirements of the Teacher Education Program and Professional Laboratory Experience. The area in English does not include the general education requirements in composition (6 sem. hrs.) and speech (3 sem. hrs.).

*Note: Students wishing to take the Area of Concentration in English without teaching certification may do so by substituting six sem. hrs. of elective courses in place of ENG 500—Studies in English for Teachers and the English grammar choice (ENG 315—Structures of English or ENG 505—Linguistics: Grammar). Both certification and non-certification students must complete at least six sem. hrs. of one foreign language. The area in English does not include the general education requirements in composition (six sem. hrs.) and speech (3 sem. hrs.).

Major

	Sem. Hrs.
General education literature (elect one).....	3
ENG 202—Introduction to Literature	

ENG 211—Introduction to World Literature I*	
ENG 212—Introduction to World Literature II	
*ENG 211 is recommended for English majors seeking teacher certification.	
American literature surveys (elect one).....	3
ENG 341—American Literature to 1850	
ENG 342—American Literature since 1850	
British literature surveys.....	6
ENG 331—British Literature to 1750	
ENG 332—British Literature since 1750	
English language* (elect one).....	3
ENG 305—Introduction to Linguistics	
ENG 315—Structure of English	
ENG 393—History of the English Language	
ENG 501—General Semantics	
ENG 505—Linguistics: Grammar	
*English majors seeking teacher certification must choose ENG 315 or 505, and must take an additional 3 sem. hrs. from the courses listed above in place of one of the electives below.	
Writing (elect course from 300-500 level).....	3
ENG 435—Shakespeare.....	3
**English electives (excludes 100 level courses).....	12
	33
**Of these 12 hours, a minimum of 9 hours of 300-500 level courses must be taken, including 6 hours from the following courses (English majors seeking teacher certification must take ENG 500—Studies in English for Teachers, and may take it in place of one of the courses on the list):	
ENG 344—The Short Story and the Novel	
ENG 436—The English Renaissance	
ENG 441—Restoration and Eighteenth Century British Literature	
ENG 442—Romantic Writers	
ENG 443—Victorian Writers	
ENG 444—Twentieth Century British Literature	
ENG 466—America Poetry	
ENG 499—Seminar: Major Writers	
ENG 528—Literary Criticism	
ENG 533—The English Novel	
ENG 534—Chaucer	
ENG 539—Milton	
ENG 545—Seventeenth Century British Literature	
ENG 552—Early Dramatic Literature	
ENG 553—Modern Drama	
ENG 561—Studies in American Literary Periods	
ENG 563—American Fiction	

In addition to the 33 hour requirement listed above, the English major seeking teacher certification must take EDUC 576—Reading in the Secondary School and complete the Department of Education's requirements for the Teacher Education Program and Professional Laboratory Experience.

In addition to the 33 hour requirement listed above, all English majors must complete at least 6 sem. hrs. of one foreign language. The major does not include the general education requirement in composition (6 sem. hrs.).

Minor in English

Sem. Hrs.

American literature surveys (elect one).....	3
ENG 341—American Literature to 1850	
ENG 342—American Literature since 1850	
British Literature Surveys.....	6
ENG 331—British Literature to 1750	
ENG 332—British Literature since 1750	

English language* (elect one).....	3
ENG 305—Introduction to Linguistics	
ENG 315—Structure of English	
ENG 393—History of the English Language	
ENG 501—General Semantics	
ENG 505—Linguistics: Grammar	

*Teaching minors must choose ENG 315 or ENG 505

Writing (Elect one from 300-500 level courses):.....	3
English electives (200-500 level courses), 6 sem hrs. of which must be 300-500 level courses.....	9

*Teaching minors must include ENG 435—Shakespeare and ENG 500—Studies in English for Teachers.

In addition to the 24 sem. hr. requirement listed above, teaching minors must take EDUC 576—Reading in the Secondary School. The minor in English does not include the general education requirement in composition (6 sem. hrs.) or literature (3 sem. hrs.).

Minor in Linguistics

This minor may be appealing to those majoring in professional fields such as law, business, or any area in which communication skills and use of the computer may be emphasized without calling for the expertise of an individual trained in depth in technical writing or literature.

Language courses.....	12
ENG 305—Introduction to Linguistics	
ENG 315—Structure of English	
ENG 505—Linguistics: Grammar	
One of the following:	
ENG 393—History of the English Language	
ENG 501—General Semantics	
Writing courses (elect two).....	6
ENG 391—Advanced Expository Writing	
ENG 395—Poetry Writing	
ENG 396—Fiction Writing	
ENG 591—Technical Writing I	
ENG 592—Technical Writing II	
ENG 583—Advanced Poetry Writing	
ENG 584—Advanced Fiction Writing

PHIL 308—Philosophy of the Arts	
PHIL 309—Existentialism	
PHIL 313—American Philosophy	
PHIL 410—Contemporary Philosophy	
PHIL 405—History of Philosophy I	
PHIL 406—History of Philosophy II	
PHIL 389—Honors Seminar in Philosophy	
History	3
(elect one of the following courses):	
HIS 141—Introduction to Early American History	
HIS 142—Introduction to Recent American History	
HIS 324—The New South	
HIS 334—The Renaissance and Reformation	
HIS 351—England to 1660	
HIS 352—England since 1660	
HIS 350—Religion in American History	

The minor in literature does not include the general education requirements in composition (6 sem. hrs.) or literature (3 sem. hrs.).

French

Faculty—E. Hastings, M. Netherton, J. Secor

The French curriculum at Morehead State University teaches the language and literature of France, whereby students will perceive areas of thought and action different from their own. More specifically, it surveys French civilization through its literature as a complex development of France's history, geography, fine arts, and political and social institutions. It helps students attain a comfortable proficiency in speaking, reading, and writing French. Finally, it trains prospective teachers in techniques of foreign language teaching.

NOTE: French 202 or the equivalent is prerequisite to all courses numbered 300 or above.

Bachelor of Arts

Major

	Sem. Hrs.
FRN 101—Beginning French I	3
FRN 102—Beginning French II	3
FRN 201—Intermediate French	3
FRN 202—Conversation and Composition	3
FRN 301—Advanced Grammar and Composition	3
FRN 302—Advanced Phonetics and Conversation	3
FRN 303—Survey of French Literature I	3
FRN 304—Survey of French Literature II	3
Electives above FRN 202*	6
	30

*Teaching majors must choose FRN 405—Linguistics and Language Teaching in addition to the 30 sem. hrs. of work specified above (33 sem. hrs. total).

Minor

Sem. Hrs.

FRN 101—Beginning French I	3
FRN 102—Beginning French II	3
FRN 201—Intermediate French	3
FRN 202—Conversation and Composition	3
FRN 301—Advanced Grammar and Composition	3
Electives above FRN 202*	6
	21

*Teaching minors must include FRN 405—Linguistics and Language Teaching.

Students with high school credit in French may be placed in a course more advanced than 101 to begin their studies.

It is strongly recommended that French be started in the freshman year and that the courses be taken without interruption.

Spanish

(606) 783-2185
103 Combs Building
Department of English, Foreign Languages, and Philosophy
College of Arts and Sciences

Faculty—V. Cano, E. Hastings, J. Secor

The Spanish curriculum at Morehead State University teaches the language and the literature of the Hispanic world, whereby students will perceive areas of thought and action different from their own. More specifically, it surveys Hispanic civilization through its history, geography, fine arts, and political and social institutions. For students interested in international business, the curriculum offers also the opportunity to acquire a proficiency in Spanish for business and commerce.

Students may receive full credit at Morehead State University for courses taken with the summer study abroad program in Spain through the Kentucky Institute of European Studies (KIIS).

The program in Spanish prepares students to enter into the areas of teaching, interpreting, and translating. Further, the study of Spanish aids students seeking employment in areas where knowledge of a second language is beneficial—business and commerce, tourism, social services, and the like.

NOTE: SPA 300 is a prerequisite for all other 300-and-above numbered courses except SPA 305 and SPA 320.

Programs of Study

Department of Geography, Government and History

(606) 783-2655
350 Rader Hall

Geography

(606) 783-2090, 783-2655
350 Rader Hall
Department of Geography, Government and History
College of Arts and Sciences

Faculty—R. Burns, R. Gould, R. Mitchelson, D. Rucker

The Department of Geography, Government and History offers a well-balanced undergraduate program in geography which includes a 30-semester hour major and a 21-semester hour minor.

Appropriate educational experiences and training are provided to prepare persons for entry into careers in teaching, government service, planning and resource management.

Geography—by its very nature—has a global perspective; and most of the courses offered by the department contribute to a student's understanding of the diversity of human cultures on the planet.

In addition to the requirements for a major or minor in geography, those students who seek teacher certification must include GEO 375, The Teaching of Social Studies, in the preparation.

Bachelor of Arts

Major

	Sem. Hrs.
GEO 100—Fundamentals of Geography	3
GEO 101—Physical Geography	3
GEO 211—Economic Geography	3
GEO 241—United States and Canada	3
*GEO—electives in systematic geography	9
**GEO—electives in regional geography	9
Minimum for a major	30

Minor

GEO 100—Fundamentals of Geography	3
GEO 101—Physical Geography	3
GEO 211—Economic Geography	3
GEO 241—United States and Canada	3
GEO—Systematic geography elective	3
GEO—electives	6
Minimum for a minor	21

*Electives in systematic and regional geography must be selected with the approval of the student's faculty advisor.

Those students who desire teacher certificate must complete the required courses in professional education and the professional semester. College algebra and trigonometry or statistics are suggested electives for students who plan to pursue a graduate degree in geography.

Government

(606) 783-2090, 783-2655
350 Rader Hall
Department of Geography, Government and History
College of Arts and Sciences

Faculty—L. Back, J. Dahlberg, W. Green, R. Northrup, K. Schafer, M. Yale

Bachelor of Arts Degree

The government major and minor provide students with the opportunity to study political ideas, institutions and policies. The Government faculty offer courses in political thought; American national, state and local government and public law; public administration, comparative government, and international relations. National government internships and seminars are available through the Washington Center. Students who study government usually pursue careers in law, teaching and government service.

In addition to the requirements for a major or minor in Government, those students who seek teacher certification must include GOVT 375—Teaching of Social Studies in their preparation.

Government majors and minors interested in the scientific study of politics may take SOC 450—Research Methods and SOC 451—Social Science Data Analysis to satisfy the 6 semester hours of Government elective credit.

Major

Required Introductory Courses	Sem. Hrs.
GOVT 141—United States Government	3
GOVT 242—State and local Government	3

Required Advanced Courses

Choose one course in each of the five subfields.

1. Political Thought	3
GOVT 312—Western Political Thought	
GOVT 314—American Political Thought	
GOVT 316—Contemporary Political Ideologies	
2. Public Law	3
GOVT 321—Constitutional Law: Governmental Powers	
GOVT 322—Courts and Civil Liberties	
3. American Politics and Public Policy	3
GOVT 343—Political Parties and Elections	
GOVT 346—Congress, the Presidency, and Bureaucracy	
GOVT 347—Domestic and Foreign Policy	
4. Comparative Politics	3
GOVT 330—Parliamentary Democracies	
GOVT 334—Soviet Union and Eastern Europe	
5. International Politics	3
GOVT 360—United Nations and World Organization	
GOVT 362—Current World Problems	
GOVT 364—International Relations	

Government Electives	12
	33

Minor

Required Introductory Courses	Sem. Hrs.
GOVT 141—United States Government	3
GOVT 242—State and Local Government	3

Required Advanced Courses

Choose one course in four of the five subfields.

1. Political Thought	3
GOVT 312—Western Political Thought	
GOVT 314—American Political Thought	
GOVT 316—Contemporary Political Ideologies	
2. Public Law	3
GOVT 321—Constitutional Law: Governmental Powers	
GOVT 322—Courts and Civil Liberties

History

(606) 783-2090, 783-2655
350 Rader Hall

Department of Geography, Government and History
College of Arts and Sciences

Faculty—D. Flatt, C. Holt, L. Hwa, B. Jackson, J. Kleber,
P. LeRoy, S. Sprague

Bachelor of Arts

The major and minor in history includes courses in three fields: American, European and Nonwestern (African, Latin American and Asian) studies. Advanced electives should include coursework in all three fields.

In addition to the requirements for a major or minor in history, those students who seek teacher certification must include HIS 375—Teaching of Social Studies in their preparation.

History majors and minors may take for history credit only one of the following pairs of courses:

1. HIS 326—Civil War and Reconstruction
HIS 543—The United States, 1876-1900
2. HIS 332—Christianity and Its World
HIS 350—Religion in American History
3. HIS 343—History of Appalachia
HIS 344—A History of Kentucky

4. HIS 345—The American Frontier
HIS 347—The American Indian

The following courses may not be taken for history credit by history majors or minors:

1. HIS 130—Man and His World
2. HIS 140—Progress of American Democracy
3. HIS 329—Genealogy and Family History
4. HIS 331—Historical Background of the Bible
5. HIS 346—Violence in America
6. HIS 348—Sports in History
7. HIS 363—History of Witchcraft
8. HIS 385—Technology and America
9. HIS 388—History of Corrections
10. HIS 544—Kentucky Historical Tours

Major

	Sem. Hrs.
HIS 131—Intro. to Civilization I	3
HIS 132—Intro. to Civilization II	3
HIS 141—Intro. to Early American History	3
HIS 142—Intro. to Recent American History	3
Advanced credit in history	18
Minimum for a major	30

Minor

HIS 131—Intro. to Civilization I	3
HIS 132—Intro. to Civilization II	3
HIS 141—Intro. to Early American History	3
HIS 142—Intro. to Recent American History	3
Advanced credit in history	9
Minimum for a minor	21

Paralegal Studies

(606) 783-2655

350 Rader Hall

Department of Geography, Government and History

College of Arts and Sciences

Faculty—J. Dahlberg (coordinator), W. Green, K. Schafer

Bachelor of Arts

The paralegal profession is a fast-growing field in which paralegals (also called legal assistants) perform a variety of essential legal tasks under the supervision of lawyers. Some of the many tasks a paralegal might encounter are client interviewing, drafting of legal documents, researching points of law, litigation support, law office management, and representing clients before administrative agencies as allowed by law.

The B.A. in Paralegal Studies is designed to equip graduates with the appropriate applied and theoretical knowledge

of law in order to successfully assist lawyers in providing legal services to clients. The Major combines the advantages of a liberal arts education with the practical skills development necessary to provide legal assistance to attorneys in law offices, corporations, and government agencies. Although paralegals occasionally become lawyers, the Paralegal Studies Major is designed specifically for the training of paralegals and is not an appropriate major for students wishing to become lawyers. (See Pre-Law in this section.)

The Paralegal Studies Program has been approved by the American Bar Association for paralegal training.

Note: Paralegals are prohibited by law from engaging in the practice of law. Completion of this program or receipt of a B.A. in Paralegal Studies does not entitle one to practice law or render legal advice except as provided by law. See: Kentucky Supreme Court Rule 3.700 and Kentucky Revised Statutes 524.130.

Major

Program Requirements:

General Education Prerequisite

GOVT 141—United States Government3

Supplemental Requirement:

OADM 110—Keyboarding1

Required Courses: (in suggested sequence)

PLS 210—Introduction to Paralegalism3
GOVT 327—Legal Research and Writing3
PLS 334—Contract and Tort Law3
PLS 332—Property Law3
PLS 335—Corporations and Comm'l Law3
GOVT 322—Courts and Civil Liberties3
PLS 340—Criminal law and Procedure3
PLS 430—Civil Procedure3
PLS 480—Senior Paralegal Practice Seminar3
PLS 490—Paralegal Internship6

33

Elective Courses:

Students must take six hours from the following approved electives:

GOVT 321—Constitutional Law3
GOVT 324—Environmental Law and Policy3
PLS 333—Family Law3
PLS 336—Wills, Trusts and Estates3
PLS 360—Legal Specialty Course3
PLS 476—Special Problems3

39

Pre-Law

(606)783-2090

(606)783-2655

350 Rader Hall

Department of Geography, Government and History

College of Arts and Sciences

Faculty—L. Back, J. Dahlberg, R. Northrup, W. Green, K. Shafer, M. Yale

Law schools do not require applicants to have completed a standard pre-law curriculum. Students who choose to prepare for law school by majoring or minoring in Government are advised to take a wide spectrum of coursework which should include courses in Philosophy and in English composition and literature. The pre-law faculty provide advising for students who plan to attend law school and who have not chosen a major.

Social Science

(606) 783-2090

(606) 783-2655

College of Arts and Sciences

Faculty—L. Back, R. Burns, J. Dahlberg, D. Flatt, R. Gould, W. Green, C. Holt, L. Hwa, B. Jackson, J. Kleber, P. LeRoy, R. Mitchelson, R. Northrup, O. Rucker, K. Schafer, S. Sprague, M. Yale

Bachelor of Arts

The area of concentration in the social science prepares students for secondary certification in a minimum of four social studies teaching fields. A minimum of 9 semester hours in a field is required for certification. This program consists of 60 semester hours of credit in history and the social sciences.

Students must receive approval from their advisors for their area of concentration programs.

In addition to the requirements for an area of concentration in social science, those students who seek teacher certification must include HIS 375—Teaching of Social Studies in their preparation.

Area of Concentration

Sem. Hrs.

- A. History
- HIS 131—Introduction to Civilization I3
 - HIS 132—Introduction to Civilization II3
 - HIS 141—Introduction to Early American History3
 - HIS 142—Introduction to Recent American History3
 - HIS—advanced electives in Non-western History3
 - HIS—advanced elective in European History3
 - HIS—advanced elective in American History3
- 21
- B. Economics, Geography, Government, Sociology
- 9 semester hours each in any 3 of the above areas27
 - 3 semester hours from the remaining area above3
- 30
- C. Advanced elective in Social Science9

Courses to satisfy the requirements listed in B & C for area of concentration in social science must be chosen from the following:

ECON 201—Principles I	3
ECON 202—Principles II	3
ECON 350—Microeconomic Theory	3
ECON 351—Macroeconomic Theory	3
GEO 100—Fundamentals	3
GEO 211—Economic Geography	3
GEO 300—World Geography	3
GEO—advanced elective	3
GOVT 141—Government of the U.S.	3
GOVT 242—State and Local Government	3
GOVT 330—Parliamentary Democracies	3
GOVT—advanced elective in international field	3
HIS—Advanced electives	9
SOC 101—General Sociology	3
SOC 405—Sociological Theory	3
SOC—advanced electives	6

Programs of Study

Department of Music

(606)783-2473
106 Baird Music Hall

Music

(606) 783-2473
106 Baird Music Hall
Department of Music
College of Arts and Sciences

Faculty—M. Acord, D. Anderson, A. Beane, J. Beane, H. Blair, S. Blair, L. Blocker, J. Bragg, J. Burgess, J. Flippin, C. Gallaher (chair), J. Keenan, L. Keenan, M. Kuhn, E. Louder, R. Miles, E. Norden, F. Oddis, R. Pritchard, R. Ross, J. Schuler, P. Taylor, V. Venetozzi, J. Viton

The Department of Music offers a Bachelor of Music Education degree for those preparing to teach music; a Bachelor of Music degree for those planning careers as performers, theorists, or composers; and a major and minor within the Bachelor of Arts curriculum. Musical training and performance opportunities are also provided for students who are not planning musical careers.

General Requirements

Placement examinations and/or auditions are given in music theory, applied music (principal instrument or voice), and piano to all new music students during registration week of the fall and spring semesters. The results are used for advisement as to course and program enrollment.

Music students are required to register for student recital each semester. Regular attendance at student recital and other music programs presented on campus is expected of music students. Attendance records are kept by the chair of the Department of Music.

Piano Proficiency Requirements

All candidates for the Bachelor of Music Education, Bachelor of Music, and Bachelor of Arts degree with principal applied areas other than keyboard instruments are required to complete the four-semester sequence of class piano. Students with some previous keyboard background are to take the Piano Placement Examination which is given during registration week.

Students pursuing the Bachelor of Music Education degree with sufficient previous keyboard training may be exempted from the class piano sequence by passing the Piano Proficiency Examination. Students in this degree program who place in an advanced level of class piano may substitute music electives to fulfill music credit requirements.

Students pursuing the Bachelor of Music degree or the Bachelor of Arts degree and successfully completing the Piano Proficiency Examination prior to the completion of Class Piano IV must fulfill the remaining required hours of piano/keyboard specified in the catalog.

Curriculum Change

A student wishing to change from one music curriculum to another, or to make a change of principal applied area, must receive departmental approval to do so. A committee of faculty representing the appropriate specialties will be appointed to make recommendations to the department chair as the suitability of the change and the applicability of credits already earned toward the new curriculum.

Applied Music

Music Fees

Each half-hour private lesson per week, per semester	\$45.00
Junior recital (two hours credit)	\$45.00
Senior recital (two hours credit)	\$45.00
Senior recital (three hours credit)	\$75.00
Graduate recital	\$75.00
Composition recital	\$75.00

Private Applied Music

Each music student is required to designate a principal area of private music study and to enroll for credit in this area each semester except the professional semester. Credit may also be earned in secondary areas. A change in the designated principal area may be made with the approval of the department chair.

With departmental permission, private instruction may be taken by students not following a music curriculum, in which case the course standards may be different from those expected of music students. Beginning instruction will be handled, whenever possible, as class applied study rather than private study.

Credit allowed for private applied music is variable, depending on the number of lessons per week and the program in which the student is enrolled. In a given area of private study, a student is expected to practice at least one hour per day for each hour of credit being earned.

Recitals

Recitals may be presented for credit by students who have been given approval to do so by the music faculty. Approval should be requested prior to the final private applied music examination preceding the semester in which the recital will be presented. Recital credit may be substituted for or earned in addition to private applied music credit.

Required Recital Attendance Policy

Philosophically, the music faculty of the Department of Music supports the concept that attending concerts is an essential ingredient of a professional musician's training. Therefore, it is expected that students will attend recitals/concerts at MSU as part of the overall study at this institution. Each faculty member who teaches applied music has implemented a policy that reflects this attitude and has established guidelines for the number of recitals required and the effect on the applied music grade.

Ensembles

Each music student is required to participate in a major ensemble representing his or her primary performing medium each semester of residence except the student teaching semester. Ensemble assignments are determined by the department with consideration given to both student and departmental needs.

Marching band is required each fall semester for instrumental music education degree students whose principal area of private applied is a wind or percussion instrument. All instrumental majors are required to take at least two semesters of vocal ensemble.

Ensembles may be taken with or without credit. A maximum of eight hours of credit in ensembles may be applied toward fulfilling the requirements of music curricula. (Refer to the curricula requirements listed previously.)

Bachelor of Music Education

This program is designed for students who are planning for careers as music teachers in the public schools. It includes the requirements for a twelve-grade music certificate in either vocal or instrumental music. An option for vocal and instrumental certification is also available.**

	Sem. Hrs.
1. APPLIED MUSIC	31-33
Principal applied area	14
Ensembles, at least two vocal	7-9
*Class Piano	4
Class voice and instruments	6
2. *MUSIC THEORY	16
Music Theory I-IV	10
Music Reading I-III	6
3. MUSIC HISTORY AND LITERATURE	10
Literature of Music I-II	4
History of Music I-II	6
4. CONDUCTING	4
Basic Conducting	2
Choral Conducting	
OR	
Instrumental Conducting	2
5. MUSIC EDUCATION	6
Introduction to Music Education	1
Elementary Materials and Methods	3
Vocal or Instrumental Materials and Methods	2
Field Experience	1

68-70

*Exemption or advanced placement possible.

**Requirements for Provisional Certificate: Vocal Music K-12:

Completion of Instrumental requirements	
Private Voice	4
Vocal Ensemble (additional)	3
Class Guitar	1
Vocal Materials and Methods	2
Choral Conducting	2
	12

Requirements for Provisional Certificate: Instrumental Music K-12

Completion of Vocal requirements	
Private Applied (Instrumental)	3
Instrumental Ensemble	3
Advanced Woodwinds	1
Advanced Brasswinds	1
Instru. Materials and Methods	2

Instrumental Conducting	2
	12

Bachelor of Music

This program is designed for students who are planning for professional careers in music either as performers or as private teachers. It does not meet the requirements for certification to teach in the public schools.

	Sem. Hrs.
1. MUSIC THEORY	18
Music Theory I-IV	10
Music Reading I-III	6
Form Analysis	2
2. MUSIC HISTORY AND LITERATURE	10
Literature of Music I-II	4
History of Music I-II	6
3. ENSEMBLES	8
4. CONDUCTING	4
Basic Conducting	2
Instrumental or Choral Conducting	2

NOTE: Jazz and studio music students should take basic conducting. To complete their conducting requirement, they will take Rehearsal Techniques for Jazz Ensembles (MUS 473).

In addition to the above courses, each Bachelor of Music degree student must complete the requirements for one of the following specializations:

1. VOICE	
Private Voice	16
Class Voice	1
Junior Recital	2
Senior Recital	3
Class and/or Private Keyboard	6
Languages (a minimum of six semester hours each in French and German)	12
	40
2. PIANO	
Private Piano	19
Private Organ and/or Harpsichord	7
Junior Recital	2
Senior Recital	3
Class Voice	1
Piano Literature	3
Piano Pedagogy	2
Electives	3
	40
3. ORGAN OR HARPSICHORD	
Private Organ or Harpsichord	19
Class or Private Piano	7
Junior Recital	2
Senior Recital	3
Class Voice	1
Piano Pedagogy	2
Piano Literature	3

Programs of Study

Department of Physical Sciences

(606)783-2914
123 Lappin Hall

Chemistry

(606) 783-2914
123 Lappin Hall
Department of Physical Sciences
College of Arts and Sciences

Faculty—M. Adams, D. Adsmund, Z. Barnes, H. Cain, H. Hedgecock, R. Hunt

The chemistry program attempts (1) to educate students both in chemical theory and in laboratory techniques to the degree required for professional chemists or to support other career objectives; (2) to prepare students to enter graduate school; (3) to prepare chemistry teachers for the public schools; or (4) to offer supportive courses needed by students in other disciplines.

Bachelor of Science

Area of Concentration

Students who plan to become professional chemists or attend graduate school should complete the following courses:

	Sem. Hrs.
CHEM 111—Principles of Chemistry I.....	4
CHEM 112—Principles of Chemistry II.....	4
BIOL 171—Principles of Biology.....	4
MATH 175—Analytic Geometry and Calculus I.....	4
PHYS 231—Engineering Physics I.....	4
PHYS 231A—Engineering Physics I Lab.....	1
PHYS 232—Engineering Physics II.....	4
PHYS 232A—Engineering Physics II Lab.....	1
MATH 275—Analytic Geometry and Calculus II.....	4
MATH 276—Analytic Geometry and Calculus III.....	4
CHEM 326—Organic Chemistry I.....	4
CHEM 327—Organic Chemistry II.....	4
CHEM 340—Chemical Information.....	3
CHEM 351—Inorganic Chemistry I.....	2
CHEM 360—Analytical Chemistry I.....	4
CHEM 441—Physical Chemistry I.....	3
CHEM 442—Physical Chemistry II.....	4
CHEM 451—Inorganic Chemistry II.....	3
CHEM 460—Analytical Chemistry II.....	4
SCI 470—Senior Thesis I.....	1
SCI 471—Senior Thesis II.....	1

67

For students who plan to go to a graduate school, a reading knowledge of a foreign language is usually required. Two semesters of German, Russian, or French are recommended. For students who plan to enter an industrial position directly

on graduation, co-operative study is recommended. BIOL 595, BIOL 596, and CHEM 450 are recommended for all students in this program. This curriculum is designed to meet the standards of the American Chemical Society when completed in conjunction with advice from the chemistry advisor.

Non-Teaching Major

Students who plan to become scientists or science-related professionals requiring a strong background in chemistry *plus* another discipline should complete the course sequence that follows. Requirements for the teaching major are listed under "Secondary Science Teaching."

CHEM 111—Principles of Chemistry I.....	4
CHEM 112—Principles of Chemistry II.....	4
CHEM 326—Organic Chemistry I.....	4
CHEM 360—Analytical Chemistry I.....	4
CHEM 351—Inorganic Chemistry.....	2
CHEM—Upper division electives approved by chemistry advisor.....	14
	32

Supplemental Requirements

BIOL 105—Introduction to Biological Science or Higher; (BIOL 171, Principles of Biology, is recommended—.....	3-4
MATH 152—College Algebra or equivalent.....	3
PHYS 201-201A—Elementary Physics I and Lab (or equivalent).....	4
PHYS 202-202A—Elementary Physics II and Lab (or equivalent).....	4
SCI 592—Science for the Secondary Teacher.....	3
	17-18

All students in this program must complete the necessary prerequisites for these courses.

Non-Teaching Minor

Requirements for the teaching minor are listed under "Secondary Science Teaching."

	Sem. Hrs.
CHEM 111—Principles of Chemistry I.....	4
CHEM 112—Principles of Chemistry II.....	4
CHEM 326—Organic Chemistry I.....	4
CHEM 360—Analytical Chemistry I.....	4
CHEM—Upper division electives approved by chemistry advisor.....	5
	21

Earth Science

(606) 783-2914

Pre-Engineering

(606) 783-2914
123 Lappin Hall
Department of Physical Sciences
College of Arts and Sciences

Faculty—R.Brengelman, D. Cutts, C. Whidden

Two-Two Program (Transfer) Associate of Science in Engineering Science

The student spends two years of study in pre-engineering at Morehead State University and then transfers to a college of engineering to complete a Bachelor of Science degree in an engineering field. To receive the associate degree at least one-half of the required courses must be taken at Morehead State University.

Requirements

	Sem. Hrs.
MATH 175—Calculus I.....	4
MATH 275—Calculus II.....	4
MATH 276—Calculus III.....	4
MATH 363—Differential Equations.....	3
CHEM 111—Principles of Chemistry I.....	4
CHEM 112—Principles of Chemistry II.....	4

SPCH 110—Basic Speech.....	3
Elect two courses from the following	
MATH 260—FORTRAN.....	3
PHYS 221—Statics.....	3
PHYS 411—Thermodynamics.....	3
	48
Technical and General Education courses.....	16

Engineering colleges require specific general education requirements, for example, in the social sciences, and the humanities. Consult your advisor for further information.

Three-Two Program (Dual Degree)

The student completes three years (96 hrs.) which include the courses listed in the Two-Two program of study and the Morehead State University bachelor degree requirements before transferring to an engineering college to complete the final two years of speciality. Upon completing work at both schools, the student receives dual degrees: a B.S. degree in

physics or mathematics or chemistry or the Bachelor of University Studies in physical sciences from Morehead State University and a Bachelor of Science degree in engineering from the college of engineering. A student choosing the physics or mathematics or chemistry option has the requirement of at least four additional courses in the chosen option. Consult the advisor for details.

This program is designed for the student desiring a stronger mathematics and science background before completing engineering studies. In addition, many employers are interested in students with liberal arts training to deal with the ethical and social impact of engineering activities.

Pre-Optometry

(606) 783-2914 (D. Cutts)
123 Lappin Hall
Department of Physical Sciences
College of Arts and Sciences

Faculty—R.Brengelman, D. Cutts, C. Whidden

The Pre-optometry program is a three year preparatory program designed to meet the entrance requirements of optometry schools. However, optometry school applicants with a four year bachelor's degree are generally given preferential consideration. Optometry school is a four year program. Before seeking admission to an optometry school, students must take the Optometry Admission Test (OAT). The Commonwealth of Kentucky will pay a portion of the fees for Kentucky residents enrolled at the Southern College of Optometry (Memphis), the University of Alabama School of Optometry, and the Indiana University School of Optometry.

Core Courses

	Sem. Hrs.
ENG 101—Composition I.....	3
ENG 102—Composition II.....	3
CHEM 111—Principles of Chemistry I.....	4
CHEM 112—Principles of Chemistry II.....	4
CHEM 326—Organic Chemistry I.....	4
BIOL 171—Principles of Biology.....	4
BIOL 210—General Zoology.....	4

PHYS 202—Elementary Physics II.....	3
PHYS 202A—Elementary Physics II Laboratory.....	1
PSY elective.....	3
Social Sciences electives.....	6
	60

Acceptance into optometry school depends largely upon academic performance. Therefore the student considering this program should have a strong high school background in science and mathematics.

The core courses represent common requirements among schools of optometry. Specific schools have additional requirements.

The student receiving a bachelor's degree from Morehead must complete the requirements for graduation found in the Undergraduate Catalog. Consult the advisor for additional information.

Area of Concentration (Science Teaching)

A student can become certified as a secondary science teacher by completing a Bachelor of Science degree with an area of concentration in science. The student is required to complete the core of courses listed in part A as well as an emphasis in biology, chemistry, earth science, or physics as presented in part B. In addition, the student will be expected to complete the mathematics curriculum listed in part C. The student must also complete the Teacher Education Program discussed elsewhere in this catalog. The student is certified in the emphasis chosen as well as in general science and interdisciplinary sciences. Further certification is obtained by the completion of additional emphases.

Part B—Choice of Emphasis

Biology(30 sem. hrs.)

BIOL 100—Orientation to Biological and Environmental Sciences	1
*BIOL 210—General Zoology	
or	
*BIOL 215—General Botany	4
BIOL 304—Genetics	3
BIOL 317—Principles of Microbiology	4
BIOL 380—Cell Biology	3
BIOL 461—Ecology	3
BIOL 425—Animal Physiology	
or	
BIOL 426—Plant Physiology	3
**Advanced biology electives	9
Total hours for biology emphasis	30

*Whichever was not taken as part of "The Core"

**A minimum of three courses to be selected from the list of courses (core and elective) acceptable for the teaching major in biology (see the teaching major listed below).

Chemistry (minimum 15 sem. hrs.)

CHEM 326—Organic Chemistry I	4
CHEM 351—Inorganic Chemistry I	2
CHEM 360—Analytical Chemistry I	4
Elect from the following:	
CHEM 327—Organic Chemistry II	4
CHEM 328—Organic Chemistry III	3
CHEM 410—Spectral Interpretation in Chemical Analysis	2
CHEM 441—Physical Chemistry I	3
CHEM 450—Qualitative Organic Analysis	4
CHEM 460—Analytical Chemistry II	4

Earth Science (minimum 15 sem. hrs.)

GEOS 240—Oceans	3
GEOS 262—Mineralogy	4
GEOS 276—Geologic Methods	3
Elect from the following:	
GEOS 200—Coal Mining Geology	3
GEOS 300—Petrology	3

GEOS 301—Economic Geology	3
GEOS 315—Stratigraphy and Sedimentation	4
GEOS 325—Structural Geology	3
GEOS 350—Geomorphology	3
GEOS 376—Environmental Geology	3
GEOS 379—Invertebrate Paleontology	4
GEOS 410—Geological History of Plants and Animals	3

Physics (minimum 15 sem. hrs.)

PHYS 350—Nuclear Science	4
Elect from the following:	
PHYS 221—Statics	3
PHYS 320—The Science of Music	3
PHYS 332—Electricity and Magnetism	4
PHYS 340—Experimental Physics	3
PHYS 352—Concepts of Modern Physics	3
PHYS 361—Fundamentals of Electronics	3
PHYS 391—Dynamics	3
PHYS 410—Solid State Physics	3
PHYS 411—Thermodynamics	3
PHYS 452—Nuclear Physics	3
PHYS 481—Mathematical Physics	3
PHYS 493—Quantum Mechanics	3

Part C—Supplemental Requirements in Mathematics

Students who seek certification with an area of concentration in science must complete the following mathematics requirement:

One course from the following:

	Sem. Hrs.
MATH 152—College Algebra	3
MATH 173—Pre-Calculus I	3
MATH 175—Analytic Geometry and Calculus I	4
Also one course from the following:	
MATH 141—Plane Trigonometry	3
MATH 174—Pre-Calculus II	3
MATH 275—Analytic Geometry and Calculus II	4
MATH 353—Statistics	3
	6-8

Area of Concentration Mathematics-Physical Science (Teaching)

A student can become certified as a secondary teacher of mathematics, chemistry, physics, and various integrated sciences, including general science by completing a Bachelor of Science degree with an area of concentration in mathematics-physical science. The student is required to complete the program that follows. The student must also complete the Teacher Education Program discussed elsewhere in this catalog.

Chemistry (16 semester hours)

CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	4
CHEM 326—Organic Chemistry I	4
CHEM 360—Analytical Chemistry I	4

Mathematics (18 semester hours)

MATH 175—Analytic Geometry and Calculus I	4
-------------------------------------------------	---

MATH 275—Analytic Geometry and Calculus II	4
MATH 353—Statistics	3
MATH 370—College Geometry	3
MATH 373—Principles and Techniques of Mathematics	3
MATH 471—Seminar	1

Physics (minimum 16 hours)

Algebra based

PHYS 201—Elementary Physics I	3
PHYS 201A—Elementary Physics I Laboratory	1
PHYS 202—Elementary Physics II	3
PHYS 202A—Elementary Physics II Laboratory	1
PHYS 350—Nuclear Science	4
PHYS 300 or higher—approved elective	4

Calculus based

PHYS 231—Engineering Physics I	4
PHYS 231A—Engineering Physics I Laboratory	1
PHYS 232—Engineering Physics II	4
PHYS 232A—Engineering Physics I Laboratory	1
PHYS 350—Nuclear Science	4
PHYS 300 or higher—approved elective	2

Supplemental Requirement (4hrs.)

BIOL 171—Principles of Biology	4
--------------------------------------	---

Majors (Teaching)

A student can receive certification by completing a Bachelor of Science degree with a major in chemistry, earth science, mathematics, or physics. With the exception of mathematics, certification is no longer granted with a minor in this list of disciplines unless a major in one of the other natural science disciplines is completed. Further certification can also be obtained through the completion of a second major from the list or through other majors or minors as suggested by an advisor. In addition, the student must complete the requirements listed under the Teacher Education Program.

Chemistry*

Students who wish to become certified in chemistry at the secondary level are expected to complete the sequence of courses listed below:

CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	4
CHEM 326—Organic Chemistry I	4
CHEM 351—Inorganic Chemistry I	2
CHEM 360—Analytical Chemistry I	4
CHEM—Approved electives beyond CHEM 300	14
	32

*At least 50% of the coursework in the major must be taken in residency.

Supplemental Requirements

BIOL 105—Introduction to Biological Science or higher;	
(BIOL 171, Principles of Biology, is recommended)	3-4
MATH 152—College Algebra or equivalent	3
PHYS 201-201A—Elementary Physics I and Lab (or equivalent)	4
PHYS 202-202A—Elementary Physics II and Lab (or equivalent)	4
SCI 592—Science for the Secondary Teacher	3

Earth Science*

Students who wish to become certified in earth science at the secondary level are expected to complete the sequence of courses listed below:

GEOS 100—Physical Geology	1
GEOS 107—Introduction to Geoscience	
or	
SCI 570—Earth Science	3
GEOS 201—Historical Geology	3
AGR 211—Soils	3
GEOS 262—Minerology	
or	
GEOS—Petrology	4
GEOS 276—Geologic Methods	3
GEO 390—Weather and Climate	3
GEOS 240—Oceans	
or	
GEOS 350—Geomorphology	3
GEOS—approved elective	3
SCI 200—Descriptive Astronomy	3
GEOS 376—Environmental Geology	
or	
GEOS 410—Geological History of Plants and Animals	3
	32-34

*At least 50% of the coursework in the major must be taken in residency.

Supplemental Requirements

BIOL 105—Principles of Biology	4
MATH 141—Plane Trigonometry*	3
MATH 152—College Algebra*	3
*or MATH 175 only (4 sem. hrs.)	
SCI 592—Science for the Secondary Teacher	3
And any three courses from below:	
CHEM 101—Survey of General Chemistry	
or	
CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	
or	
CHEM 201—Survey of Organic Chemistry	4
PHYS 201-201A—Elementary Physics I	4
PHYS 202-202A—Elementary Physics II	4
	23-25

Physics*

Students who wish to become certified in physics at the secondary level are expected to complete the sequence of courses listed below:

PHYS 231—Engineering Physics I	4
PHYS 231A—Engineering Physics I Lab	1
PHYS 232—Engineering Physics II	4
PHYS 232A—Engineering Physics II Lab	1
PHYS 350—Nuclear Science	4
PHYS 352—Concepts of Modern Physics	3
PHYS 361—Fundamentals of Electronics	3
PHYS—Approved elective	3-4
PHYS—Approved elective	3-4
PHYS—Approved elective	3-4
PHYS—Approved elective	3-4
	32

*At least 50% of the coursework in the major must be taken in residency.

Supplemental Requirements

	Sem. Hrs.
BIOL 105—Introduction to Biological Sciences (or higher)	3-4
CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	4
MATH 175—Analytical Geometry and Calculus I	4
MATH 275—Analytical Geometry and Calculus II	4
MATH 276—Analytical Geometry and Calculus III	4
SCI 592—Science for the Secondary Teacher	3
(MATH 363—Differential Equations recommended also.)	

26-30

Minors (Teaching)

A student can receive a certifiable teaching minor in chemistry, earth science, mathematics, and physics. With the exception of mathematics, the minor must be complemented by a major in a natural science. As stated under Area of Concentration and Teaching Majors above, the student must also complete the requirements of the Teacher Education Program listed elsewhere in this catalog.

Chemistry*

CHEM 101—Survey of General Chemistry	4
CHEM 201—Survey of Organic Chemistry	4
or	
CHEM 111—Principles of Chemistry I	4
CHEM 112—Principles of Chemistry II	4
CHEM 326—Organic Chemistry I (or approved elective)	3-4
CHEM 351—Inorganic Chemistry I (or approved elective)	3-4
CHEM 441—Physical Chemistry I (or approved elective)	3-4
CHEM—electives approved by advisor	5-8
	23

Earth Science*

GEOS 100—Physical Geology	1
GEOS 107—Introduction to Geoscience	
or	
SCI 570—Earth Science	3
GEOS 201—Historical Geology	3
SCI 200—Descriptive Astronomy	3
GEO 390—Weather and Climate	3
GEOS 410—Geological History of Plants and Animals	3
GEOS—electives approved by advisor	7
	23

Physics*

PHYS 231—Engineering Physics I	4
PHYS 231A—Engineering Physics I Lab	1
PHYS 232—Engineering Physics II	4
PHYS 232A—Engineering Physics II Lab	1
PHYS—electives approved by advisor	13
	23

* (1) Approved electives for each minor must include at least six semester hours of 300- or 400-level courses.

* (2.) A teaching minor **must** be accompanied by a teaching major in the natural sciences, including mathematics.

H. Northcutt, G. Ousley

Bachelor of Business Administration Comprehensive Business Option

Effective with the 1991-92 academic year, students will be admitted to a teaching major in comprehensive business. Persons currently enrolled in the basic business teaching major must complete program requirements by September 1, 1995.

The comprehensive business curriculum will satisfy certification requirements for teaching accounting, typewriting, and general business courses in grades 5-12. Endorsements may be completed for teaching advanced data processing and computer science. Vocational approval may be received after completing 2,000 hours of acceptable work experience.

General Education Requirements

The following specific courses must be included in the 46-hour general education component (see general education requirements).

	Sem. Hrs.
SPCH 370—Business and Professional Speech	3
MATH 152—College Algebra	3
MATH 354—Business Statistics	3
ECON 201—Principles of Economics I	3
ECON 202—Principles of Economics II	3

Bachelor of Business Administration

Office Systems Option

This program is designed to prepare graduates with the knowledges, skills, and attitudes needed by office professionals to integrate office resources: people, information, and technology. The office systems approach will provide students with the human, conceptual, and technical skills needed in the office where functions have shifted from being a support center of individual tasks to being an integrated center for business information.

General Education Requirements

The following specific courses must be included in the 43-hour general education component (see general education requirements).

SPCH 370—Business and Professional Speech	3
MATH 152—College Algebra	3
MATH 354—Business Statistics	3
ECON 201—Principles of Economics I	3
ECON 202—Principles of Economics II	3
	15

Core Requirements

OADM 136—Business Calculations	3
CIS 201—Introduction to Computers	3
ACCT 281—Principles of Accounting I	3
ACCT 282—Principles of Accounting II	3
MNGT 261—Legal Environment of Business Organization	3
MNGT 301—Principles of Management	3
MKT 304—Marketing	3
OADM 321—Business Communications	3
FIN 360—Business Finance	3
	27

Program Requirements

	Sem. Hrs.
OADM 112—Intermediate Typewriting	3
OADM 130—Speedwriting	3
OADM 220—Basic Information Processing	3
OADM 234—Specialized Office Procedures	3
OADM 240—Records Management	3
OADM 320—Advanced Information Processing	3
OADM 340—Integrated Office Systems	3
OADM 363—Administrative Office Systems	3
OADM 398—Supervised Field Experience	3
	27

Suggested Course Sequence

Freshman Year

First Semester

ENG 101—Composition I	3
BIOL 105—Introduction to Biological Science	3
HLTH 150—Personal Health*	2
OADM 136—Business Calculations	3
OADM 130—Speedwriting	3
Humanities Elective	3
	17

Second Semester

ENG 102—Composition II	3
SCI 103—Introduction to Physical Science	3
CIS 201—Introduction to Computers	3
MATH 152—College Algebra	3
OADM 112—Intermediate Typewriting	3
	15

Sophomore Year

First Semester

ACCT 281—Principles of Accounting I	3
OADM 220—Basic Information Processing	3
ECON 201—Principles of Economics I	3
SOC or PSY—Elective	3
PHED Activity	1
Electives	3
	16

Second Semester

OADM 240—Records Management	3
ACCT 282—Principles of Accounting II	3
ECON 202—Principles of Economics II	3
MNGT 261—The Legal Environment of Business Organizations	3
Electives	3
	15

Junior Year

First Semester

OADM 320—Advanced Information Processing	3
OADM 234—Specialized Office Procedures	3
MNGT 301—Principles of Management	3
Electives	6
	15

Second Semester

OADM 321—Business Communications	3
OADM 340—Integrated Office Systems	3
MKT 304—Marketing	3
GOVT or GEO—Elective	3
Electives	6
	18

Senior Year

First Semester

	Sem. Hrs.
OADM 363—Administrative Office Systems	3
OADM 398—Supervised Field Experience	3
ENG—Literature Elective	3
Electives	6
	15

Second Semester

FIN 360—Business Finance	3
MATH 354—Business Statistics	3
SPCH 370—Business and Professional Speech	3
Electives	7
	16

*HLTH 203, Safety and First Aid (3 hrs.) can be taken in place of both HLTH 150, Personal Health (2 hrs.), and PHED Activity (1 hr.).

Bachelor of Science**Minor**

For students who have a major in another discipline and who do not desire teacher certification in business education.

Students selecting an Office Systems minor should first consult with advisors in their major areas.

Course Requirements

OADM 112—Intermediate Typewriting	3
OADM 130—Speedwriting	3
OADM 136—Business Calculations	3
OADM 220—Basic Information Processing	3
OADM 234—Specialized Office Procedures	3
OADM 240—Records Management	3
ACCT 281—Principles of Accounting I	3
	21

**Associate of Applied Business
(Two-Year Program)**

This program is designed to prepare graduates for secretarial and other administrative support positions in business, industry, government, legal, and medical fields.

Course Requirements

	Sem. Hrs.
OADM 112—Intermediate Typing	3
OADM 130—Speedwriting	3
OADM 136—Business Calculations	3
OADM 220—Basic Information Processing	3
OADM 240—Records Management	3
OADM 321—Business Communications	3
OADM 340—Integrated Office Systems	3
OADM 363—Administrative Office Systems	3
OADM 398—Supervised Field Experience	1
CIS 201—Introduction to Computers	3
ACCT 281—Principles of Accounting I	3
PDI 100—Personal Development	1
	32

General Education Requirements

	Sem. Hrs.
ENG 101—Composition I	3

Teacher Education Program and Professional Laboratory Experiences

Teacher education is a field-based program that provides extensive laboratory experiences with children in area schools. Field experiences assist the university student in understanding the function of public school teaching and practical experiences in methodology. Each professional education course contains a required clinical and field experience component. Placements are made in cooperation with instructors and the Field Experience and Admissions Coordinator.

All education majors are required to complete 150 hours of clinical and field experiences prior to student teaching. One-half of these shall be devoted to experiences in the public schools (field experiences).

Students who complete bachelor's degree programs leading to teacher certification are recommended for a Kentucky certificate of eligibility to enter the Kentucky Teacher Internship Program in their first year of teaching, provided they meet certification requirements in effect at the time of graduation. Programs may change due to changes in certification requirements. Since certification requirements change, students should check with their advisors to be certain they meet requirements in effect when they complete their programs.

Teacher Education Program

Students seeking teacher certification must apply for and be admitted to the teacher education program. Students will be required to meet admission standards concurrent with their application to teacher education. They must also select areas of concentration, major(s) and/or minor(s) that are certifiable.

Students seeking either elementary, middle level or secondary certification must also demonstrate knowledge and expertise in the use of computers either through the Credit by Examination Program (CLEP), or by successfully completing a computer class or approved workshop.

Elementary, Middle Grades and Special Education

Students in elementary and middle grades education must select an area of concentration in either early elementary (teaching certification in grades K-4) or middle grades (teaching certification in grades 5-8). Students in special education must select an area of concentration in learning and behavior disorders and early elementary (LBD and K-4 teaching certification), learning and behavior disorders and middle grades (LBD and 5-8 teaching certification), trainable mentally handicapped and early elementary (TMH and K-4 teaching certification) or trainable mentally handicapped and middle grades (TMH and 5-8 teaching certification).

The areas of concentration in special education provide teaching certification in LBD and TMH for grades kindergarten through grade twelve (K-12). Since special education teachers receive dual certification they may teach in either special education classes or the regular classroom.

Students may also select an approved major or minor which will require additional classes. There is a non-teaching major and a non-teaching minor in special education.

Secondary Education

Students seeking secondary school certification (grades 9-12) must include in their program of study either an area of concentration, a major or a minor from the following listing as required by the Kentucky State Department of Education.

Areas of Concentration:

art
English
industrial education—orientation and exploration levels
industrial education—preparation levels
mathematics—physical science
music
science (emphasis in biology, chemistry, earth science, and physics)
social studies
vocational agriculture
vocational home economics

Teaching majors:

art
comprehensive business
biology
chemistry
earth science
English
French
health
history
mathematics
physical education
physics
Spanish

Teaching minors

art
English
French
health
history
mathematics
Spanish

Admission to Teacher Education

Students should apply for admission to the teacher education program during the semester in which they are enrolled in Human Growth and Development. Failure to apply at the sophomore level may result in an extended program.

Criteria for Admission

1. Formal application should be filed during the semester in which the student is enrolled in Human Growth and Development.
2. Completion of 45 semester hours for secondary students; 30 semester hours for elementary and special education students.
3. An unofficial copy of the student's transcript with a minimum cumulative grade-point average of 2.50 on a 4.0 scale on all college courses attempted must accompany the application. See application packet regarding transfer credit.
4. Three recommendations from instructors familiar with applicant's qualifications. Transfer students may submit recommendations from instructors at their previous institution.
5. Successful completion of speech and hearing screening test.
6. Successful completion of Comprehensive Test of Basic Skills - Benchmark Edition with the minimum scores required by the Kentucky Department of Education or a minimum composite score of 19 on the ACT. A minimum composite score of 21 is required on the ACT enhanced test to exempt students from the CTBS requirement. The CTBS Benchmark includes tests on language arts, mathematics, reading and spelling.
7. Successful completion of prerequisite courses (EDF 207, EDF 211, PSY 154, and SPCH 110 or 370) and prescribed pre-professional laboratory experiences.
8. Demonstrated proficiency in oral and written communication. (Successful completion of English Composition I and II; or Composition III, or Technical Composition, where applicable. Minimum grade of "C" in each course.)
9. All students must have an official copy of their ACT scores on file in the MSU Testing Center (501 Ginger Hall) to be eligible for admission to TEP.
10. Demonstrated moral, ethical, and social behavior commensurate with standards of the school and community-at-large.
11. Recommendation by College Admission Interview Committee.
12. Have been admitted to Morehead State University.

Transfer students who were recently admitted to a teacher education program at another Kentucky institution may provide evidence of their admission in lieu of the interview provided they are applying for admission to the same program and major. Transfer students must meet the requirements listed above.

Transfer students and graduate students seeking initial certification must apply immediately for admission to the program and meet criteria outlined above.

Transfer of appropriate education courses from another institution is contingent upon successful completion of required field experiences in the public schools and clinical experiences on campus. Documentation is required. Transfer or substitution of education courses shall be approved by the appropriate department in the College of Education and Behavioral Sciences. No transfer grades below "C" are accepted in early elementary, middle grades or special education programs.

Education courses completed more than five years prior to readmission in a provisional certification program shall be reviewed for program needs or deficiencies. The review shall be conducted by the appropriate department in the College of Education and Behavioral Sciences. Readmission to provisional certification programs is contingent upon fulfilling current teacher education program admission requirements.

Students not attaining the minimum CTBS score(s) should complete an appropriate tutoring program in the Learning Lab in Allie Young Hall. Applicants may take the CTBS an unlimited number of times but are restricted to taking it only one time each semester.

Permission to register for restricted courses *limited to a maximum of two courses for one semester only*, may be given by the Field Experience and Admissions Coordinator. Such permission requires the approval and recommendation of the student's advisor.

Retention in the teacher education program is dependent upon the maintenance of the levels of performance required for admission. Any student denied admission to, or suspended from, the teacher education program may reapply for admission once each semester.

Admission Procedures

Step 1—Enroll in Foundations of Education (EDF 207—3 hours).

- A. Complete Comprehensive Test of Basic Skills in the Testing Center, 501 Ginger Hall, if ACT is below 19 or 21 for enhanced test
- B. All applicants must have an official copy of their ACT scores on file in MSU's Testing Center in 501 Ginger Hall.
- C. Complete assigned pre-student teaching laboratory experiences in a public school.

Step 2—Enroll in EDF 211, Human Growth and Development.

- A. Complete formal application for admission to teacher education program.
- B. Obtain three recommendations from instructors familiar with applicant's qualifications.
- C. Complete speech, hearing, and vision screening.
- D. Obtain official copy of transcript from the Office of Registrar to accompany completed application.

Step 3—Applicants take completed application to the chairperson of the Admissions Interview Committee of their college and make arrangements for an individual interview.

Step 4—The Admissions Interview Committee chairperson will return all materials to the Teacher Education Office in Ginger Hall, for final review by the University Teacher Education Council.

 PHED 430—The Psychosocial Dimensions of Sport and Physical Activity
 SCI 592—Science for the Secondary Teacher
 SPA 405—Linguistics and Language Teaching

Professional Laboratory Experiences

Application for student teaching must be filed early in the semester immediately preceding the semester in which the student expects to enroll in the professional semester. Student teaching application forms are obtained from the director of professional laboratory experiences, Room 801, Ginger Hall. To be eligible for the professional semester, the student must have completed the following requirements:

1. Admission to and good standing in teacher education program.
2. Completion of prerequisite courses in sequence of professional education. (Secondary certification program—EDF 207, 211, 311, EDSE 312, and EDSP 332 and required methods courses. Early elementary certification program—EDF 207 and 211, EDEL 301, EDEE 305, 321, 322, 323, 331, EDEM 330, EDSP 230. Middle grades certification program—EDF 207 and 211, EDEL 301, EDEM 330, EDMG 306, 332, 341, 342, 343, and EDSP 230. LBD and TMH certification program—elementary education requirements plus 350, 360, 537 or 547, 551, 553, 555 or 556, and 557.)
3. Successfully completed pre-student teaching laboratory experiences associated with courses in the professional education sequence. Transfer or substitution of required education courses is dependent upon applicant completing appropriate pre-laboratory experiences. Documentation is required.
4. Present minimum grade-point average of 2.50 on a 4.0 scale on all courses attempted. (All transfer courses are included in calculating the grade-point average.)
5. Present minimum grade-point standing of 2.5 on 4.0 scale on all course work completed in area of concentration, major(s), minor(s), and academic components.
6. Have completed a minimum of 90 semester hours.
7. Present unofficial copy of check sheet depicting approved major for teacher certification. (Psychology and sociology majors must also present a teaching minor.)
8. Completed 75 percent of course requirements in area of concentration or major teaching field and academic components (to include required methods courses.)
9. Have a minimum of one semester residence at Morehead State University.
10. Must have a satisfactory recommendation of the teacher education committee of the college in which the student is enrolled regarding personal, social, and ethical fitness for teaching.
11. Must have approval of university Teacher Education Council.
12. Must have teaching minor completed in order to student teach in that field.

Courses for which application must be made with coordinator of student teaching one semester in advance include:

AGR 584—Teaching Vocational Agriculture
 EDEC 529—Practicum in Early Childhood Education
 EDEE 423—Supervised Student Teaching Practicum
 EDSE 416—Student Teaching
 EDSP 435—Supervised Teaching Practicum (LBD)
 EDSP 436—Supervised Teaching Practicum (TMH)
 EDSP 675—Practicum in Special Education
 EDMG 446—Supervised Student Teaching
 IET 478—Supervised Teaching Practicum in Industrial
 Education—Orientation and Exploration Levels

Recommendation for Certification

Regulations of the Kentucky Department of Education stipulate that the applicant for a teacher's certificate must be recommended by the institution offering the teacher preparation program. The dean of the College of Education and Behavioral Sciences is the official designated to recommend graduates for certification. Recommendation for provisional certification will be limited to those students completing their professional semester at Morehead State University. Since certification regulations may change, students who wish to have an institutional recommendation for provisional certification must meet all certification requirements in effect at the time of their application for certification.

Application for the appropriate certificate should be completed early in the semester prior to graduation. Application forms may be obtained from the teacher certification officer.

All teacher applicants for initial certification in Kentucky shall complete the National Teachers Examinations for communication skill, general knowledge, professional knowledge, and the appropriate specialty test, meeting the standards set by the Kentucky State Department of Education (704 KAR 20:305).

Secondary Education

The primary role of secondary education is to serve various departments of the University by offering a professional education curriculum leading to certification of teachers for secondary schools. Students should consult with their advisors in their academic majors for additional program requirements.

Requirements for Certification in Secondary Education

	Sem. Hrs.
PROFESSIONAL EDUCATION COURSES	28
EDF 207—Foundations of Education	3
EDF 211—Human Growth and Development	3

EDSE 415—Teacher in Today's Schools	2
EDSE 416—Student Teaching	12

Secondary education students admitted to the teacher education program after August 1, 1988 will be required to demonstrate computer expertise prior to graduation. They may demonstrate this expertise by completing at least one of the following:

1. CIS 201
2. CLEP Examination (Available in the University Testing Center)
3. A computer workshop taken for college credit.

Bachelor's Degree with Secondary Teacher Certification

General Education Requirements45

English9

ENG 101 or 103*

ENG 102 or 192

ENG 202, 211, or 212

*Superior ACT scores in English may qualify students to enroll in ENG 103. Students taking ENG 103 may fulfill the remainder of their general education requirements in English by taking general education literature (ENG 202, 211, or 212) and any other English class (except ENG 101 and 102), regardless of level.

Humanities and Communications6

SPCH 110 or 370

Total of 3 hours from:

FNA 160

Foreign Language

ART 263 or 264

MUSH 161, 162, 261, 361, or 362

THEA 100 or 110

Social Science and Economics15

At least 3 hours from each area:

1. HIST 131, 132, 141, or 142

ECON 101, 201, or 202

2. SOC 101 or 305

PSY 154 (required for teacher certification)

3. GOVT 141, 242, or 362

GEO 100, 211, or 300

Science and Mathematics12

At least 3 hours from each area:

Requirements for certification in elementary education have been changed by the Kentucky State Department of Education. The revised requirements provide for teacher certification in grades K-4 or 5-8. All students in the University in elementary education are required to follow the revised certification patterns. The State Department of Education will not issue certificates for grades 1-8 after September 1, 1989.

Bachelor of Arts

Early Childhood Endorsement

The objective of the program in Early Childhood Education is to provide a kindergarten endorsement for teachers holding elementary certification, grades 1-8. Students admitted to the university starting in 1986-87 should pursue the K-4 program if they seek certification to teach kindergarten.

Certification in Kindergarten Education

In addition to meeting all requirements for elementary certification:

ACADEMIC COMPONENT	24 minimum
--------------------------	------------

Academic Component to be selected from English/Communications, French, Mathematics, Sciences, Social Studies or Spanish

The general education, related studies and elementary education requirements for an area of concentration in trainable mentally handicapped and learning and behavior disorders are similar. The special education component has two courses that are different, and students in the trainable program must also take EDSP 231. Each program requires a separate practicum experience. Students should consider completing the requirements for both programs since opportunities for employment are enhanced.

Trainable Mentally Handicapped

This program provides teacher certification for teaching children who are trainable mentally handicapped.

The general education, related studies, and elementary education requirements for an area of concentration in trainable mentally handicapped and learning and behavior disorders are similar. The special education component has two courses that are different, and students in the trainable program must also take EDSP 231. Each program requires a separate practicum experience. Students should consider completing the requirements for both programs since opportunities for employment are enhanced.

Non-Teaching Major and Minor

The department offers a non-teaching major and minor for students who would like to study special education, but do not desire teacher certification. The major or minor is often taken in connection with majors or minors (for example, recreation or psychology) which prepare individuals to work with adults or children in non-public settings.

Programs of Study

Department of Leadership and Secondary Education

(606)783-2502
503 Ginger Hall

For information about secondary education certification,
see the subject area in which certification is being sought—
i.e. English.

Programs of Study

Department of Health, Physical Education and Recreation

(606)783-2180
201 Laughlin Health Building

The Department of Health, Physical Education, and Recreation offers general education courses, majors and minors in health and recreation, a major in physical education, and a minor in athletic training. The general education courses are for all students, to provide an introduction to health topics, first aid and safety, and to physical activities that may provide opportunities for leisure time enjoyment and for a healthier lifestyle.

Students selecting a major in health, physical education or recreation will be required to complete an admissions assessment as well as an exit examination over the knowledges and competencies of their program. Results of these assessments are used for individual guidance and program development. Students should check with their advisors to be certain that they comply with all requirements.

Athletic Training

(606) 783-2180
201 Laughlin Health Building
Department of Health, Physical Education, and Recreation
College of Education and Behavioral Sciences

Faculty—R. Grueninger (chair), M. Brown, L. Brown, B. Crager, J. Curley

Minor

Sem. Hrs.

*HLTH 150—Personal Health	2
HEC 203—Principles of Nutrition.....	3
*PHED 220—Athletic Training I	3
PHED 221—Therapeutic Modalities	2
*BIOL 232—Human Physiology.....	3

Department of Health, Physical Education, and Recreation
College of Education and Behavioral Sciences

Faculty—R. Grueninger (chair), L. Brown, B. Crager, J. Oaks, G. Osborne, J. Osborne, P. Raines, D. Sutton, H. Sweeney

Bachelor of Arts

The health major and minor programs prepare individuals for positions in schools and in the health care profession. The programs may be elected with or without teacher certification. In the non-teaching major and minor, HLTH 477: Field Experiences in Health is substituted for HLTH 475: The School Health Program.

Specific general education requirements for all health programs are HLTH 150, one physical activity course, CIS 201 and BIO 231.

Physical Education

(606) 783-2180

201 Laughlin Health Building

Department of Health, Physical Education, and Recreation
College of Education and Behavioral Sciences

Faculty—P. Adkins, M. Brown, B. Crager, L. Fitzgerald, M. Magner,
M. Sabie, C. Thompson, R. Grueninger (chair)

The physical education curriculum emphasizes the study of the art and science of human motion in sport, dance, and exercise. The program, termed kinesiology at many universities, may be elected with or without teacher certification. The major entails 39-45 sem. hrs. Teacher certification, kindergarten through high school (K-12) requires an additional 28 sem.hrs. A minor is not offered.

Bachelor of Arts

The major comprises a core of 6 classes plus one of two options: Teaching (K-12) or Exercise Science.

Specific general education courses required as part of the Physical Education Major include SOC 101, PSY 154, BIOL 231, and BIOL 232.

Major Core:

	Sem. Hrs.
PHED 150—Introduction to Physical Education.....	3
PHED 205—Lifetime Fitness.....	3
PHED 301—Evaluation in HPER.....	3
PHED 315—Motor Development and Motor Learning.....	3
PHED 402—Kinesiology.....	3
PHED 432—Physiology of Exercise.....	3

Teacher Certification Option (K-12)

(see Teacher Education Program and Professional Laboratory Experiences, pp. 114-117. Specific general education requirements additionally required for this program include HLTH 1500, 1 activity course and CIS 201).

PHED 430—Psychosocial Dimensions of Physical Activity.....	3
PHED 475—Adapted Physical Education.....	3

Select four of the following activity courses, with at least one individual and one team sport:

PHED 100—Golf.....	1	
PHED 101—Tennis.....	1	
PHED 102—Badminton.....	1	
PHED 113—Soccer.....	1	
PHED 118—Volleyball.....	1	
PHED 125—Basketball.....	1	
PHED 142—Softball.....	1	4
PHED 104—Gymnastics.....	1	

Select one swimming class:

PHED 130—Beginning Swimming.....	1	
PHED 131—Intermediate Swimming.....	1	
PHED 132—Lifesaving.....	1	1

Select one dance course:

PHED 120—Basic Rhythms.....	1	
PHED 121—Modern Dance.....	1	
PHED 122—Social Dance.....	1	
PHED 123—Folk and Square Dance.....	1	1

Army ROTC

Army ROTC is a program that provides college-trained officers for the U.S. Army, the Army National Guard, and the U.S. Army Reserve. Army ROTC is traditionally a four-year program consisting of basic and advanced courses. However, a two-year program is offered that enables junior and community college students and others who missed ROTC during their first two years at MSU to qualify for a commission.

The *four-year program* consists of a two-year basic course and a two-year advanced course. The basic course is normally taken during the freshman and sophomore years and imposes no military obligation. Students who have taken Junior ROTC or have active duty military experience may receive credit for all or part of the basic course.

The *advanced course* provides further instruction in leadership development. Advanced course cadets attend a six-week leadership camp between their junior and senior years of college. This camp permits cadets to put into practice the principles and theories they have acquired from on-campus ROTC classes. Advanced course cadets are paid a living allowance up to \$1,000 per year and are paid for attendance at the Advanced Camp.

The *two-year program* permits students who attend a junior or community college, and those at MSU who during their first two years have not taken ROTC, to enter the advanced course. Students in the two-year program receive the same financial assistance as other advanced course students. One additional summer camp may be required for some students in this program.

Army ROTC instruction increases the opportunities for college students by expanding their experiences while in college and by giving them options and potential for either a civilian or military career. Additional information on Army ROTC may be obtained from any member of the Military Science Department, Morehead State University, Room 306, Button Auditorium, or by calling (606)783-2050.

Additionally, students working to obtain a commission must complete a professional Military Educational Requirement. Approved courses to complete this requirement are listed below. One course from each of the following categories must be completed with a C or above.

NOTE: There is only one approved Military History Course and it is offered only in the fall semester. Exceptions/substitutions to any of these courses must be approved in writing by the professor of Military Science or his designated representative.

Electives of particular interest and value to military science as approved by military science advisor (300 level courses or above)	6
Minimum for minor	24

*Placement credit for these courses may be given to veterans, graduates of college level ROTC summer programs, and participants in high school level ROTC programs.

The following criteria must be met by all students in order to minor in military science:

1. Acceptance into the advanced course.
2. A cumulative grade-point average of 2.0 or better.
3. A grade-point average of 2.0 or better in the major field or area of concentration.
4. A grade-point average of 3.0 or better in military science.

The above standards may be waived, providing the cadet has a cumulative grade-point average of 2.25 or better, with the approval of a board consisting of the Professor of Military Science, the Dean, College of Education and Behavioral Sciences, and an MS IV cadet who has the rank of cadet major or above.

Bachelor of Arts

The Department of Psychology offers a traditional liberal arts major and minor and an area of concentration which does not require electing a minor or second major. The area of concentration has a specialization core which is designed to train individuals at the baccalaureate level to function as direct service providers in various clinical settings. The area of concentration also provides course work designed to meet the pre-employment (coursework) component for entry into the certification examination process with the Kentucky Chemical Dependency Counselors' Professional Certification Board. Individuals who desire teacher certification with a psychology major must also present a teaching minor in a designated program. See "Teacher Education Program" and "Professional Laboratory Experiences" requirements.

Bachelor of Social Work

Social work is a human service profession that meets the needs of society in several areas, including gerontology, health care, mental retardation, child welfare, correctional rehabilitation, mental health, income maintenance, and alcoholism/substance abuse. The BSW program is fully accredited by the Council on Social Work Education. Prepares students for entry level professional practice with individuals, marital couples, families, small groups, organizations, and entire communities.

Sociology programs provide students with broad critical and analytical skills that can be applied on the individual, organizational, and societal levels. Combined with other skills and courses, a sociology major can prepare for careers in human service, planning, criminal justice, personnel, public relations, and more.

Sociology majors seeking teacher certification must also present a teaching minor. See "Teacher Education Program" and "Professional Laboratory Experiences" requirements.

Descriptions of Courses

NOTE: (3-0-3) following a course title means 3 hours class, no laboratory, 3 hours credit. Roman numerals I, II, and III following the credit hour allowance indicate the term in which the course is normally scheduled: I—fall, II—spring, III—summer.

Accounting

ACCT 139. Cooperative Education I. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience in a field relevant to the student's career objectives and academic preparation. Experience is usually analogous to a freshman level course. Not available for option credit.

ACCT 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Periodic workshops on various accounting subjects are designed to supplement the basic course offerings in accounting. Credit toward degree programs must be approved by the student's advisor.

ACCT 239. Cooperative Education II. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an extension of exposure gained in ACCT 139 or of a nature similar to a sophomore status course. Not available for option credit.

ACCT 281. Principles of Accounting I. (3-0-3); I, II. Meaning and purpose of accounting; the balance sheet, the income statement, books of original entry, special journals, adjusting and closing entries, controlling accounts, notes, interest, inventory, accounts receivable, fixed assets.

ACCT 282. Principles of Accounting II. (3-0-3); I, II. Prerequisite: ACCT 281. Payroll; corporate accounts, ownership equity, and earnings; financial reporting; manufacturing accounting; funds flow analysis; interpretation of financial statements; managerial analysis.

ACCT 300. Managerial Accounting. (3-0-3); on demand. Prerequisite: ACCT 282. Analysis of cost data; manufacturing and cost analysis, budgets, managerial decision-making analysis. Not available for option credit for accounting majors.

ACCT 339. Cooperative Study III. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a junior level status. Not available for option credit

ACCT 384. Intermediate Accounting I. (3-0-3); I, II. Prerequisite: ACCT 282. Fundamental accounting procedures, the accounting procedures, the accounting cycle, financial position, measurement of costs, revenues, and expenses, analysis of cash, temporary investments receivables, inventory, investments, plant and equipment, intangibles.

ACCT 385. Intermediate Accounting II. (3-0-3); I, II. Prerequisite: ACCT 384. Accounting theory and practice applicable to corporate net worth accounts and liabilities; appropriations and reserves; income determination, funds flow analysis, special problems of analysis, presentation, and interpretation of financial data.

ACCT 386. Internship of Accounting. (1 to 4 hrs.); on demand. Prerequisites: completion of 18 hours in accounting and permission of the department chair. On-the-job professional experience in accounting working under the supervision of a CPA arranged through cooperating public accounting firms, and governmental agencies.

ACCT 387. Income Tax. (3-0-3); I, II. Prerequisite: ACCT 282. Income tax legislation, federal and state; returns for individuals; gross income; basis for gains and losses; capital gains and losses; dividends; deductions; withholding.

ACCT 390. Cost Accounting I. (3-0-3); I, II. Prerequisite: ACCT 282. Control and classification of manufacturing costs, job order and process cost analysis; materials, labor, and overhead analysis; joint and by-product costing.

ACCT 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various accounting subjects will be presented periodically. These workshops supplement the basic accounting courses. Credit toward degree programs must be approved by the student's advisor.

ACCT 439. Cooperative Education IV. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a senior level course. Not available for option credit.

ACCT 476. Special Problems in Accounting. (1 to 3 hrs.); on demand. Prerequisite: senior standing in accounting and permission of department chair. This course is an independent study of an accounting problem of special interest. Students must present in writing a suggested problem and justification for the study prior to registration. Each request will be considered on its own merit in relation to the special needs of the students.

ACCT 482. Advanced Accounting. (3-0-3); on demand. Prerequisite: ACCT 385. Accounting for requisitions, consolidations, and mergers; purchasing and pooling methods of business combinations, parent and subsidiary accounting for consolidated balance sheets; income statements; statement of changes in financial position; international operations; partnerships; installment sales; consignments; home office and branch accounting.

ACCT 483. Auditing. (3-0-3); I. Prerequisite: ACCT 385. Accounting principles applied to internal control systems; audit working papers; detail audit; internal audit; special and fractional audits; audit reports; tests and procedures used in auditing, ethical responsibilities of CPAs.

ACCT 506. Theory of Accounts. (3-0-3); on demand. Prerequisite: ACCT 385. Study of development of accounting theory, application of theory to income measurement valuation and equities, review of current literature in the field of the pronouncements of FASB, CASB, SEC, AICPA, and AAA affecting theory.

ACCT 528. Governmental Accounting. (3-0-3); on demand. Prerequisite: ACCT 282 or equivalent. Study of fund accounting techniques for government accounting terminology and budgeting processes; operations of general revenue and expense, capital project, debt service, trust, intragovernment, special assessment, and enterprise funds analysis of fixed assets and liabilities, and basics of hospital and public school fund accounting.

ACCT 539. Cooperative Study V. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience providing advanced specialized exposure in a career-related position. Available to upper division undergraduate and graduate students. Not available for option credit.

ACCT 575. Controllership. (3-0-3); on demand. Prerequisites: ACCT 281 and 282 or equivalent. Emphasis on appreciation of the function of the controller in a contemporary business organization. Planning for control, reporting, and interpreting operation results, evaluating new programs, tax administration and other types of required government reporting, economic appraisal of programs, and the protection of assets.

ACCT 584. C.P.A. Problems. (3-0-3); on demand. Prerequisites: 20 hrs. of accounting and senior standing. Application of generally accepted accounting principles to CPA examination problems. Covers four sections of exam (practice, theory, auditing, and business law) with emphasis on problems and theory.

ACCT 587. Advanced Tax Accounting. (3-0-3); on demand. *Prerequisite:* ACCT 387. Federal income tax report preparation with emphasis on partnership and corporation returns; estate and trust taxation; gift tax; special problems in taxation, tax research.

ACCT 590. Cost Accounting II. (3-0-3); on demand. *Prerequisite:* ACCT 390. Cost analysis for planning, evaluation, and control. Standard costs, direct costing, budgets, cost and profit analysis, alternative choice decisions, linear programming, capital budgeting.

ACCT 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various accounting subjects will be presented periodically to supplement the basic course offerings in accounting. Credit toward degree programs must be approved by the student's advisor.

Agriculture

AGR 101. Orientation to Agriculture.. (1-0-1); I. The importance of agriculture in the community, state, nation, and world.

AGR 102. Agricultural Experience. (1-2 hours); I, II, III. The course is designed to provide students with basic competencies in the agricultural sciences. Enrollment is limited to students in agricultural programs. Students are required to complete 2 credit hours.

AGR 108. Elementary Horsemanship (Stockseat). (0-2-1); I, II. Includes riding basics in relation to stockseat, such as leading a horse, bridling and saddling, grooming, mounting, dismounting, stopping, starting, turning the horse, riding at different gaits, horsemanship safety and ring etiquette, plus general overall knowledge of horses.

AGR 109. Elementary Horsemanship (Saddle Seat). (0-2-1); I, II. Includes riding basics in relation to saddle seat, such as leading a horse; checking saddle and bridle; mounting and dismounting, stopping, starting, turning, and backing the horse; riding horses at different gaits; horsemanship safety and ring etiquette; and general overall knowledge of horses.

AGR 110. Elementary Horsemanship (Hunt Seat). (0-2-1); I, II. Includes riding basics in relation to hunt seat, such as leading a horse; checking saddle and bridle; mounting and dismounting, stopping, starting, turning, and backing the horse; riding horses at different gaits; horsemanship safety and ring etiquette; and general overall knowledge of horses.

AGR 118. Intermediate Horsemanship (Stockseat). (0-2-1); I, II. *Prerequisite:* AGR 108, 109, 110 or consent of instructor. Includes review of elementary horsemanship (stockseat) techniques; handling horses properly from the ground; grooming and tacking-up; more advanced riding skills such as rein and leg aids; correct body position; halts, turns, and figurework; trail riding; and parts of the horse, bridle, and saddle, all in relation to western riding.

AGR 119. Intermediate Horsemanship (Saddle Seat). (0-2-1); I, II. *Prerequisite:* AGR 109, AGR 110, or consent of instructor. Includes review of elementary horsemanship (saddle seat) techniques; handling horse properly from ground; grooming, tacking-up; more advanced riding skills such as leg aids, rein aids, and canter leads; detailed study of gaits, equipment, and dress; trail riding and showing horses, parts of the horse, bridle, and saddle.

AGR 120. Intermediate Horsemanship (Hunt Seat). (0-2-1); I, II. *Prerequisite:* AGR 109, AGR 110, or consent of instructor. Intermediate review of elementary horsemanship (hunt seat)

techniques; handling horse properly from ground; grooming, tacking-up; more advanced riding skills such as leg aids, rein aids, and canter leads; detailed study of gaits, equipment, and dress; trail riding and showing horses, parts of the horse, bridle, and saddle.

AGR 133. Introduction to Animal Science. (2-2-3); I. Fundamental genetics, nutrition, and physiology of beef and dairy cattle, swine, and sheep.

AGR 180. Introduction to Field Crops. (2-2-3); II. *Prerequisite:* BIOL 150. A study of the fundamentals of crop production, current practices in grain, pasture, forage, and medicinal crop production; seed production and quality; morphology of crops.

AGR 203. Agricultural Economics. (3-0-3); II. Economic organization of the farm productive unit; concentration on principles of production economics, supply and demand schedules.

AGR 205. Farm Records. (3-0-3); II. Development and application of farm records necessary for farm business analysis, including a study of types of inventories, depreciation schedules, cost determining, and record keeping.

AGR 207. Land Conservation and Forest Management. (2-2-3); II. Principles of land resource conservation. Special emphasis on land and water conservation by reforestation of areas denuded by strip mining.

AGR 211. Soils. (2-2-3); I. *Prerequisite:* CHEM 101. Study of origin, formation, composition, and classification of soils; the physical, chemical, and biological properties of the soil in relation to plant growth; the principles of soil management, conservation, and land use.

AGR 212. Landscape Plants. (2-2-3), I. A study of ornamental trees, shrubs, and vines commonly used in landscaping. Emphasis is placed on identification, characteristics, adaptability, and maintenance.

AGR 213. Landscape Design. (2-2-3); II. *Prerequisites:* AGR 212 and HEC 103. An introduction to residential landscape design. Emphases on the design process, design principles, and selection of plants and man-made materials.

AGR 215. Horticultural Science. (2-2-3); II. *Prerequisite:* BIOL 150. A study of the basic principles underlying horticultural practices in fruit growing, vegetable gardening, landscape gardening, and floriculture.

AGR 221. Equitation. (1-4-3); I. *Prerequisite:* AGR 118, 119 or 120, or consent of instructor. Study and application of basic equitation techniques as it applies to various breeds and styles of riding. Figure work.

AGR 222. Livestock Evaluation. (2-2-3); I. *Prerequisites:* AGR 133. An introduction to growth, development and fattening of meat animals. Evaluation of live animal and carcass characteristics of cattle, sheep and swine.

AGR 224. Greenhouse Operations. (2-2-3); II. *Prerequisite:* AGR 215. Study of the greenhouse industry, media, watering, fertilization, insects, diseases, chemical growth regulators, hydroponics, and cost-accounting.

AGR 235. Supervised Work Experience. (1 to 6 hrs.); I, II, III. A supervised work experience program for students planning careers in agriculture upon completion of the associate degree program.

AGR 243. Equine Health and Diseases. (2-2-3); I. A general study of the anatomy and physiology of the horse, first aid, diseases and parasites, normal and abnormal behavior and how they relate to herd health management.

AGR 245. Horseshoeing. (2-2-3); II. The fundamentals of horseshoeing; the basic use of farrier tools; anatomy and physiology of the foot, pastern, and legs. Trimming feet, fitting and nailing shoes, normal and corrective shoeing.

AGR 251. Introduction to Agriculture Mechanics. (2-2-3); I. Farm shop organization; shop safety; selection, use, and maintenance of hand and power tools and equipment for construction and maintenance in agriculture; practical exercises and projects to develop essential skills.

AGR 260. Technical Analysis. (1-2-2); I, II, III. The major theme of this course involves the study of the processes used in collecting, organizing, and transforming raw data into useful information. Application software pertinent to students in the Veterinary Technology, Pre-Veterinary Medicine and Agriculture programs will be employed by the students to learn these processes.

AGR 300. Pest Management. (2-2-3); II. Prerequisite: AGR 133 or AGR 180 or consent of instructor. Studies in the nature and management of agricultural pests. Discussion will include but not be limited to such topics as pest types; pest damage; cultural, biological, and chemical management strategies; integrated pest management; economic, health, and safety perspectives; and utilization techniques.

AGR 301. Farm Management. (3-0-3); I. Prerequisite: AGR 203. Farm organization, fitting livestock and cropping programs into a functioning unit, profit maximization and least cost combination of resources for a specified level of production.

AGR 302. Agriculture Finance. (3-0-3); I. A study of farm capital structure and needs. The policy and practices of institutions offering credit to farmers are analyzed.

AGR 303. Land Economics. (3-0-3); II. Prerequisites: AGR 203 and 211. Farm selection and appraisal of land resources; adaptation of land as the basis for farm organization and agricultural production; study of land tenure systems; rights of ownership; recreational possibilities of nonproductive land.

AGR 305. Marketing of Farm Products. (3-0-3); I. Development of geographical specializations, demand and supply schedules of agricultural products, price equilibrium, long and short run cyclical price movements, hedging in futures, demand expansion, increasing operational and pricing efficiency, specific commodity marketing.

AGR 308. Weed Science. (2-2-3); I. Prerequisites: AGR 180, 211, CHEM 112, 112A. Identification and classification of weed species, methods of reproduction, and growth characteristics. Effects on crop and livestock yield.

AGR 311. Soil Conservation. (2-2-3); I. Prerequisite: AGR 211. Agricultural land resources, capabilities, and uses; extent of erosion, causes of erosion and its effect; the soil and its classification; mapping; aims and principles of soil conservation; economics of soil conservation; conservation practices, including contouring, terracing, strip farming, and sodded waterways.

AGR 312. Soil Fertility and Fertilizers. (3-0-3); II. Prerequisite: AGR 211. The source and methods of manufacture of fertilizer materials; profitable use of fertilizers and lime in soil management.

AGR 314. Plant Propagation. (2-2-3); II. Prerequisite: AGR 215 or consent of instructor. A study of the principles and practices of the propagation of horticultural plants. Includes seeding, layering, cutting, division, grafting, and budding; use of root stimulants, types of facilities and equipment required, and other cultural practices.

AGR 315. Fruit Production. (2-2-3); on demand. Prerequisite: AGR 215 or consent of instructor. Tree fruits, nuts, and small fruits; varieties, fruiting sites, soils, pruning, pest control, planting, and commercial marketing.

AGR 316. Feeds and Feeding. (2-2-3); I, Prerequisites: CHEM 201 and AGR 133. Feeds and formulation of rations; fats, carbohydrates, proteins, and their digestion; the role of minerals, vitamins, and feed additives in nutrition.

AGR 317. Floral Design. (2-2-3); I, II. A beginning course for floral design dealing with basics in arranging fresh, dried, and permanent flowers and foliage.

AGR 318. Landscape Maintenance. (2-2-3); II. Prerequisites: AGR 212 and 215 or consent of instructor. Basic maintenance of tree, shrub, ground cover, and annual plants, including fertilizing, mulching, pests, planting, pruning, training, and watering.

AGR 319. Herbs. (2-2-3); II. prerequisites: BIOL 150 or AGR 215, or consent of instructor. A study of the history, culture, uses, and marketing of culinary, medicinal, and aromatic herbs.

AGR 320. Principles of Vegetable Production. (2-2-3); on demand. Prerequisite: AGR 215 or consent of instructor. Principles of commercial and home vegetable production and handling. Includes soil; ecological and economic factors which influence production; producing for fresh and processing markets; varieties, pest control, cultural practices, and mechanization.

AGR 323. Interior Landscaping. (2-2-3); I. Prerequisite: AGR 215. Design, selection of plants, installation, and maintenance of interior landscapes in offices, homes, and public buildings.

AGR 324. Greenhouse Structures. (2-2-3); I. Prerequisite: AGR 215. Study of factors involved in locating, constructing, and equipping a greenhouse. Studies include coverings, heating, cooling, ventilating, CO₂ injectors, benches, watering and fertilizer application systems, supplemental lighting, environmental control systems, and headhouses.

AGR 325. Turf Management. (2-2-3); I. Prerequisite: BIOL 150 and AGR 215 or consent of instructor. Turf grass varieties, basic principles of production and their practical application to establishment, maintenance, renovation, and pest control on lawns, playgrounds, and similar turf areas.

AGR 326. Nursery Management. (2-2-3); II. Prerequisite: AGR 215, 314, or consent of instructor. Selection, systems of culture, harvesting and management of ornamental trees, shrubs, and vines.

AGR 327. Advanced Landscape Design. (2-2-3); II. Prerequisite: AGR 212, 213, or consent of instructor. Selection and location of ornamental plants for large properties such as schools, playgrounds, estates, apartment complexes, and factories. Preparing specifications and bids.

AGR 328. Floral Crop Production. (2-2-3); II. Prerequisites: AGR 215 and AGR 224. Production of bedding plants, flowering potted plants, cut-flowers, and foliage plants.

AGR 329. Advanced Stockseat Horsemanship. (1-4-3); I. Prerequisite: AGR 118, 221, or consent of instructor. Develop skills of performance equitation. Specific skills needed in the training or showing of western horses, halter, pleasure and reining.

AGR 330. Livestock Improvement. (2-2-3); II. Prerequisite: AGR 133. Study of the principles, practices, and procedures of animal breeding, selection and mating systems and their application for farm livestock production and improvement.

AGR 332. Advanced Saddleseat Horsemanship. (1-4-3); II. Prerequisite: AGR 119, 221, or consent of instructor. Develop skills of performance equitation. Specific skills needed in driving, training, and showing of saddleseat style horses.

AGR 333. Advanced Huntseat Horsemanship. (1-4-3); II. Prerequisite: AGR 120, 221 or consent of instructor. Develop skills of performance equitation. Specific skills needed in training or showing of hunter horses, jumping and course design.

AGR 335. Equitation Teaching. (2-2-3); II. Prerequisite: AGR 332. The techniques of horsemanship and methods of equitation instruction.

AGR 336. Dairy Production. (2-2-3); on demand. Prerequisites: AGR 133, and AGR 316. A general study of the factors involved in the management of a dairy cow herd, including herd operation, records, breeding programs, diseases and principles of nutrition.

AGR 337. Poultry Production. (2-2-3); on demand. Prerequisites: AGR 133 and AGR 316 or consent of instructor. Principles of poultry production including common breeds of chickens, incubation, breeding, housing, nutrition, diseases, and general management practices.

AGR 338. Livestock Judging. (1-5-3); II. Prerequisites: AGR 222. Study and practice of the principles of livestock judging. The student will be expected to gain an understanding of phenotypic appearance as it relates to important economic traits and genetic improvement of livestock.

AGR 341. Apiculture. (2-2-3); on demand. Establishing and managing honeybee colonies, prevention and control of pests, and handling the honey crop.

AGR 342. Horse Production. (2-2-3); I. Prerequisite: AGR 243. A general study of the history and development of breeds of the horse, the relationship of form to function, horse selection, horse breeding, feeding and genetics.

AGR 343. Beef Production. (2-2-3); II. Prerequisites: AGR 133 and 316 or approval of the department. The history, development, and distribution of breeds; sources of cattle and carcass beef; production and distribution practices in steer feeding; commercial and purebred breeding herds.

AGR 344. Swine Production. (2-2-3); I. Prerequisites: AGR 133 and 316 or approval of the department. History, development, and distribution of types of breeds; management practices, including disease problems in commercial and purebred herds.

AGR 345. Sheep Production. (2-2-3); on demand. Prerequisites: AGR 133 and 316 or approval of the department. History, development, and distribution of types and breeds; selection, breeding, feeding, and management of sheep; production and handling of wool.

AGR 350. Farm Power and Machinery Management. (2-2-3); I. Selection, operation, maintenance, and servicing of agricultural power and machinery units.

AGR 380. Equine Management. (2-2-3); I, III. Prerequisites: AGR 243 and AGR 342. Management and practices in various horse operations as they relate to buildings and equipment, sanitation, pasture and feed selection, supervision of laborers, public relations, legalities and liabilities, and record keeping systems.

AGR 384. Forage Crops. (2-2-3); II. Prerequisites: AGR 180 and 211. The distribution of various forage crops and their adaptations to soil and climate; seeding rates and mixtures; productivity; and pest control.

AGR 385. Agribusiness Management. (3-0-3); II even years or on demand. Prerequisite: AGR 203. Management of the agribusiness functions, responsibilities, and operational characteristics unique to an agriculturally related business, particularly cooperatives.

AGR 386. Introductory Agricultural Policy. (3-0-3); II in odd years or on demand. A history of agricultural policy and policy making; defining the problems and their settings, government participation in supply and demand for agricultural products.

AGR 402. Advanced Agricultural Experience. (1-2 hours); I, II, III. The course is designed to provide students with advanced competencies and agricultural management skills in the option they have chosen. Enrollment is limited to students in agricultural programs.

AGR 471. Seminar. (1-0-1); I, II. Prerequisite: second semester junior standing. Identification of problems and issues reflected in the current professional agricultural literature.

AGR 476. Special Problems. (1 to 3 hrs.); I, II, III. Prerequisite: upper division standing. Permits a student to do advanced work as a continuation of an earlier experience or to work in an area of special interest. Topic for investigation must be selected and approved by advisor prior to registration.

AGR 480. Equine Breeding and Reproduction. (1-4-3); II. Prerequisites: AGR 342 and AGR 332 or equivalent. A thorough study of the anatomy and physiology of reproduction in the stallion and the mare with practical emphasis on teasing, breeding, and foaling techniques, semen collection, insemination, and evaluation, along with daily recordkeeping.

AGR 505. Farm Business Analysis. (2-2-3); on demand. Prerequisite: consent of instructor. A basic course in the applicability of farm records to the efficiency analysis of whole farms and of specific enterprises. Actual university farm enterprises will be used to provide the data source for laboratory work.

AGR 512. Conservation Workshop. (2-2-3); on demand. Prerequisite: consent of instructor. Development of the conservation movement with broad treatment of the basic natural resources, including land, water, air, minerals, forests, and wildlife. May be repeated, but not to exceed total of six hours.

AGR 515. Animal Nutrition. (2-2-3); II. Prerequisite: AGR 316. Chemistry, metabolism, and physiological functions of nutrients; digestibility, nutritional balances, and measures of food energy.

AGR 580. Methods of Teaching Vocational Agriculture. (4-0-4); II. The principles of methods applied to teaching vocational agriculture to high school students. Course organization, farming programs, and Future Farmers of America activities.

AGR 582. Adult and Young Farmer Education. (3-0-3); II. The principles and techniques method in organizing and program planning in post high school vocational agriculture and conducting young farmer and adult farmer classes.

AGR 584. Teaching Vocational Agriculture. (8-0-8); II. Supervised teaching in centers selected by the state agriculture education staff and members of the teaching staff. Teacher experiences with in-school and out-of-school groups.

AGR 585. Teaching Agricultural Mechanics. (3-0-3); I. Objectives and methods, equipment and management of the shop, organization of facilities for high school and vocational technical programs.

AGR 586. Planning Programs in Vocational Agriculture. (3-0-3); II. Organization and analysis of the program of vocational agriculture. Departmental program of activities, summer programs, advisory committees, and Future Farmers of America activities.

AGR 588. Curriculum Development and Content Selections. (3-0-3); III. Each student prepares the content for a four-year program in vocational agriculture.

AGR 592. Supervision in Agriculture. (3-0-3); I, II. The principles and techniques needed in individual group supervision of vocational agricultural programs.

Art

ART 101. Two-Dimensional Foundation. (2-2-3); I, II, III. An introduction to drawing and design concepts including shape, line, value, perspective, and composition. A variety of basic drawing materials are used. Theory, skill, and perceptual development are emphasized.

ART 102. Three Dimensional Foundation. (2-2-3); I, II, III. An introduction to three dimensional design, special theory, and concepts are taught employing a variety of methods and materials such as paper, wire, styrofoam, and plaster

ART 103. Color Foundation. (2-2-3); I, II, III. The study of color and its application to color and light, pigment blending, and process printing through lecture and class projects.

ART 121. School Art I. (2-2-3); I, II, III. Introduction to art and to the teaching of art in the lower (1-3) elementary grades.

ART 109. Computer in the Visual Arts. (2-2-3); I, II. An introduction to the computer as a tool in the visual arts. Emphasis will be placed on desktop publishing and the generation and manipulation of images. Amiga and Macintosh computers will be used.

ART 204. Drawing I. (2-2-3); I, II, III. Introduction to objective and subjective drawing using various graphic media.

ART 205. Graphic Design I (2-2-3); I, II. *Prerequisite:* ART 101 and 103. Introduction to lettering principles and their application. Rough and comprehensive layout in black and white and color, with emphasis on design.

ART 214. Painting Techniques I. (2-2-3); *Prerequisites:* ART 101, 102, and 103 or permission of department. Introduction to oil painting, materials and methods, arrangement of the palette; and the use of a variety of different subjects.

ART 221. School Art II. (2-2-3); I, II, III. Philosophy and methods of teaching art to children in the elementary grades; a study of materials, media, and tools.

ART 245. Ceramics I. (2-2-3); I, II, III. Introduction to ceramic forms in hand building, wheel-throwing, glazing, and decorative techniques.

ART 263. Introduction to Art History I. (3-0-3); I. A survey of ancient, primitive, and Asian art.

ART 264. Introduction to Art History II. (3-0-3); II. A survey of Medieval, Renaissance, Baroque, and Modern art.

ART 283. Basic Black and White Photography (2-2-3); I, II. Practical introduction to the basic camera and darkroom techniques of black and white photography. Areas covered include camera operation, film exposure and development, enlarging, and print presentation.

ART 294. Sculpture I. (2-2-3); I, II. Creative experiences in the techniques, media, and tools of sculpture, work in stone, wood, metal, clay, and plaster.

ART 300. Elementary Materials and Methods. (2-2-3); II. *Prerequisite:* acceptance into the teacher education program. Background and philosophy of elementary art in education.

ART 304. Drawing II. (2-2-3); I, II. *Prerequisite:* ART 204. A continuation of ART 204.

ART 305. Graphic Design II. (2-2-3); I, II. *Prerequisite:* ART 205. A study of three-dimensional design with emphasis on product and package design.

ART 309. Computer Art. (2-2-3); I, II. *Prerequisite:* ART 101 and 103. Use of computers to generate and manipulate images.

ART 310. Puppetmaking (2-2-3); I, II, III. The historical and contemporary significance of puppetry including the techniques and methods of construction and production.

ART 314. Painting Techniques II. (2-2-3); I, II, III. *Prerequisite:* ART 214. Painting from still life and landscape with emphasis on creative interpretation and expression.

ART 316. Watercolor I (2-2-3); I, II, III. *Prerequisites:* ART 101, 102, and 103, or permission of department. Introduction to watercolor media and methods and to the use of various subjects.

ART 321. Materials and Methods for Secondary Art. (2-2-3); I. *Prerequisite:* acceptance into teacher education program. Presentation of the background, philosophy, and techniques for the teaching of art in the secondary school.

ART 341. Fibers I. (2-2-3); I, II. Introduction to fiber processes, including spinning and dyeing, coiling, twining, wrapping, tapestry, and loom weaving.

ART 342. Surface Design for Fabric I. (2-2-3); I, II. An introduction to surface design including stamping, tiling, repeat design, and screen printing on fabric.

ART 345. Ceramics II. (2-2-3); I, II, III. *Prerequisite:* ART 245. Individual work in wheel-throwing, hand building, operation of kilns, and basic experiments in glazing.

ART 351. Intaglio Printmaking. (2-2-3); I, II. *Prerequisite:* ART 101 or permission of the department. Creative experiments in intaglio printmaking on stone. Techniques include line etching, aquatint, soft ground, dry point, and monotype on zinc and copper.

ART 352. Lithographic Printmaking. (2-2-3); I, II. *Prerequisite:* ART 101 or permission of the department. Creative experiments in the techniques of lithographic printmaking on stone. Processes include crayon, rubbing ink, liquid tusche, acid tint, and transfer.

ART 361. Ancient Art. (3-0-3); I. The history of Western painting, sculpture, and architecture from prehistoric times until the beginning of the Christian era.

ART 362. Medieval Art. (3-0-3); II (alternate years). The history of European painting, sculpture, and architecture from the beginning of the Christian era until c. 1300.

ART 363. Renaissance Art. (3-0-3); I (alternate years). The history of European painting, sculpture, and architecture from c. 1300 until c. 1525.

ART 364. Mannerist and Baroque Art. (3-0-3); II (alternate years). The history of European painting, sculpture, and architecture from c. 1525 until c. 1750.

ART 383. High Contrast Photography (2-2-3); I, II. *Prerequisite:* ART 282. Creative use of a variety of darkroom techniques utilizing high contrast films and papers. Techniques covered include drop-out, bas-relief, and tone-line printing; solarization; stripping, and paste-up.

ART 384. Color Photography. (2-2-3); I, II. Prerequisite: ART 283. Introduction to materials and processes utilizing color films and papers.

ART 385. Alternative Photographic Printing Processes. (2-2-3); I, II. Prerequisite: ART 283. Preparation and use of hand-coated photo-sensitive papers. Printing processes include cyanotype, Van Dyke, kallitype, platinotype, palladium, and gum-biochromate.

ART 386. Studio Photography. (2-2-3); I, II. Prerequisite: ART 283 or permission of instructor. Study of studio photography, including use of view camera, artificial lighting, and other studio equipment, as an element of commercial design.

ART 394. Sculpture II. (2-2-3); I, II. Prerequisite: ART 294. Studio problems involving the manipulation of various sculpture media.

ART 399. Art Workshop. (3-0-3); (taught on demand during summer). Participation in art activities according to individual needs.

ART 400. Apprenticeship. (3 to 16 credits); I, II, III. Prerequisite: Departmental approval upon satisfactory completion of application procedure. Experience in a working situation, allowing the student access to instruction and practical experiences not normally available in the Art Department curriculum.

ART 404. Drawing III. (2-2-3) I, II. Prerequisite: ART 304. A serious search into the expressive possibilities of the figure; anatomical investigation of parts, variety of media and techniques leading to individual interpretation.

ART 405. Graphic Design III (2-2-3); I, II. Prerequisite: ART 305. Introduction to the use of graphics as a means of visual communication with emphasis on design concepts. Studio assignments on problems related to the community, society, industry, and commerce.

ART 406. Graphic Design IV. (2-2-3); I, II. Prerequisite: ART 405. Advanced work in advertising design with emphasis placed on the commercial application of design principles as they relate to the organization of copy and illustration for use by media.

ART 407. Commercial Illustration I. (2-2-3); I, II. Prerequisite: ART 406. Two- and three-dimensional forms and the various techniques for rendering them for use in commercial design. Emphasis is placed on realistic drawing and presentation of objects.

ART 408. Commercial Illustration II. (3 to 6 hrs); I, II. May be repeated. Prerequisite: ART 407. The continuation of studies in the area of commercial illustration. A more comprehensive study of different media and illustration techniques.

ART 409. Airbrush. (2-2-3); I, II. Prerequisites: ART 214, 205, 305, and 405 or permission of department. An introduction to use of the airbrush and its application to design concepts including shape, line, value, texture and composition. A variety of airbrush related materials are used. Techniques, skill and perceptual development are emphasized.

ART 414. Painting Techniques III. (2-2-3); I, II, III. Further exploration of different mediums and direction toward an individual approach. Painting from a variety of subjects; technical investigation and creative interpretation emphasized.

ART 445. Ceramics III. (2-2-3), I, II. Prerequisite: ART 345. An in-depth study of more advanced forms, surface treatment theory of kiln firing and glaze calculation.

ART 451. Intaglio Printmaking Studio. (2-2-3); I, II. May be repeated. Prerequisite: ART 351. Advanced studio in intaglio printmaking. Techniques include engraving, mezzotint, color intaglio, photo-etching and color monotype.

ART 452. Lithographic Printmaking Studio. (2-2-3); I, II. May be repeated. Prerequisite: ART 352. Advanced studio in lithographic printmaking. Techniques include color lithography, reversal, chine colle, and multi-plate registration.

ART 461. Modern Art. (3-0-3); I (alternate years). The history of European and American Art painting, sculpture, and architecture from c. 1750 until c. 1900.

ART 462. Contemporary Art. (3-0-3); II (alternate years). The painting, sculpture, and architecture of the twentieth century.

ART 463. Art of the United States. (3-0-3); I (alternate years). A survey of the social, political, and cultural movements which affected the course of American artistic development.

ART 464. Spanish, Portuguese and Latin American Art. (3-0-3); II (alternate years). A survey of the painting, sculpture, and architecture of Spain, Portugal, and Latin America.

ART 476. Individual Art Problems. (1 to 6 Hrs.); I, II, III. Prerequisite: The student must have completed all of the department's courses that are offered in the specific media and must obtain permission of the instructor. Individual Art Problems will be offered for the student who wishes to explore one medium in depth.

ART 504. Drawing IV. (2-2-3); I, II. Repeatable up to 6 hours. Prerequisite: ART 404. Advanced studio in figure drawing. Further exploration of figure drawing concepts and media with emphasis on creative interpretation and expression.

ART 514. Painting Techniques IV. (2-2-3); I, II, III. Experiences leading toward individual achievements in styles and techniques.

ART 555. Advanced Art Problems. (1 to 6 hrs.); I, II, III. Prerequisite: permission of the department required. A studio course involving research in an art area of the student's choice.

ART 594. Sculpture III. (2-2-3); I, II. Prerequisites: ART 294 and 394. Advanced problems in sculpture involving a combination of materials and their uniqueness as media.

Biology

BIOL 100. Orientation to Biological and Environmental Sciences Programs. (1-0-1); I. Prerequisite: enrollment or interest in programs in the Department of Biological and Environmental Sciences. The importance of the academic advisor, the structure of departmental programs, student career-oriented organizations, career selection, program requirements, and applications to professional/graduate schools. Required of all departmental majors, K credit.

BIOL 105. Introduction to Biological Sciences. (3-0-3); I, II, III. Fundamental life processes: photosynthesis, respiration, reproduction, growth, and evolution. Emphasis on man. NOT ACCEPTABLE for biology majors and minors.

BIOL 110. Biological Science for Elementary Teachers. (2-2-3); I, II, III. Prerequisites: None. An introduction to the study of living things, cell structure and function, photo synthesis, respiration, reproduction, growth, heredity, evolution, and ecology. NOT ACCEPTABLE for biology majors, minors, or areas.

BIOL 150. Introductory Plant Science. (2-2-3); I. Structure, growth, reproduction, and ecology of plants. Emphasis on cultivated plants and agriculture applications. NOT ACCEPTABLE for biology majors and minors.

BIOL 171. Principles of Biology. (3-2-4); I,II. General biological principles, emphasis on cell structure and function, energetics, homeostasis, genetics, evolution, and ecology.

BIOL 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Prerequisites: variable. Workshops in various biological and environmental subjects presented periodically, based on need. Usually hands-on, experimental, and/or innovative, these workshops supplement various programs in the biological and environmental sciences or other disciplines. Individual credit towards degree programs must be approved by the student's advisor.

BIOL 206. Biological Etymology. (2-0-2); I, II. Root-concepts of terms necessary for a better understanding of the biological sciences.

BIOL 210. General Zoology. (2-4-4); I, II. Prerequisites: BIOL 171. A survey of animals from Protozoa to Mammalia with emphasis on phylogeny, evolution, comparative morphology, and physiology.

BIOL 213. Introduction to Veterinary Microbiology. (2-4-4); II. Prerequisites: CHEM 101. Study of bacterial and mycotic agents pathogenic to humans and animals. The collection, isolation, cultivation and identification of pathogenic microorganisms from animals is stressed. Virology, antimicrobial susceptibility tests, serological methods and quality control introduced. NOT ACCEPTABLE for Biology majors or minors.

BIOL 215. General Botany. (2-4-4); I, II, III. Prerequisite: BIOL 171. Structure and physiology of vegetative and reproductive plant organs; introduction to plant genetics and plant kingdom in terms of structure, ecology, and evolution.

BIOL 217. Elementary Medical Microbiology. (3-2-4); I, II, III. An elementary microbiology course for students interested in understanding the characteristics and activities of microorganisms and their relationship to health and disease. NOT ACCEPTABLE as credit for biology majors and minors.

BIOL 231. Human Anatomy. (3-0-3); I, II, III. Prerequisite: BIOL 105 or equivalent or consent of instructor. Human organism with emphasis on gross morphology. NOT ACCEPTABLE as credit for biology majors.

BIOL 232. Human Physiology. (3-0-3); I, II, III. Prerequisite: BIOL 231 or equivalent. Physiology of the various systems of the human body as particularly related to health. NOT ACCEPTABLE as credit for biology majors and minors (non-teaching).

BIOL 233. Laboratory for Human Physiology. (0-2-1); I, II, III. Prerequisites: BIOL 232 or equivalent (may be taken concurrently). Fundamental physiological principles with an emphasis on laboratory technique, equipment usage, and clinical applications. NOT ACCEPTABLE as credit for biology majors and minors (non-teaching).

BIOL 301. Survey of Biochemistry. (3-2-4); I, II. Prerequisite: CHEM 201. Chemistry of simple and complex biomolecules such as amino acids, proteins, carbohydrates, lipids, and nucleic acids. Biosynthesis and metabolic cycles; gene composition (DNA, RNA, etc.). Primarily for students in applied sciences and not for majors or minors in chemistry or biology. See CHEM 301.

BIOL 304. Genetics. (2-2-3); I, II, III. Prerequisite: BIOL 171. Mendelism, chromosomes and heredity, gene theory, cytological and physiological analyses, and population genetics.

BIOL 313. Economic Botany. (3 hours credit). Wood products, plant fibers, latex products, pectins, gums, resin, tannins, dyes, essential oils, medicinals, insecticides, tobacco, oils, fats, waxes, food and beverage plants. Three lecture-discussion-demonstration hours per week. (Correspondence only.)

BIOL 317. Principles of Microbiology. (2-4-4); I, II, III. Prerequisites: BIOL 171 and CHEM 112. Fundamental and applied aspects of microbiology. Morphology, metabolism, genetics, tax-

onomy, and immunology emphasized. Medical and environmental microbiology laboratory techniques stressed.

BIOL 318. Local Flora. (1-4-3); I. Prerequisite: BIOL 215. Identification and classification of plants native to the area. Collection and herbarium techniques.

BIOL 320. Basic Microtechniques. (0-4-2); on demand. Prerequisites: BIOL 171 and CHEM 111. Techniques for preparing plant and animal tissues for microscopic study; preparation of microscopic slides.

BIOL 334. Entomology. (2-2-3); II. Prerequisite: BIOL 210. General structure of insects, life histories, common orders and families; insects in relation to man.

BIOL 336. Pathophysiology. (4-0-4); II. Prerequisites: BIOL 217, 232, and CHEM 201 or equivalents. Dynamic aspects of disease and disruption of normal physiology. Correlates anatomy, physiology, and biochemistry and their application to clinical practice for Allied Health students.

BIOL 337. Comparative Anatomy. (2-2-3); II. Prerequisite: BIOL 210. Vertebrate morphology, especially from an evolutionary perspective. Functional aspects and evolutionary trends among the vertebrate classes are emphasized.

BIOL 338. Developmental Biology. (2-2-3); I. Prerequisite: BIOL 210. Vertebrate development from gamete formation through the fetal stage; emphasis on comparative structural development.

BIOL 350. Heredity and Society. (3-0-3); on demand. Prerequisite: BIOL 105 or equivalent. Evolutionary processes and intricacies of genetic transmission. Evolution in human thought, experience, and affairs.

BIOL 351. Plant Natural History. (3-0-3); on demand. Prerequisite: BIOL 105 or equivalent. A survey of major taxonomic groups; emphasis on the natural history of local plants.

BIOL 352. Animal Natural History. (3-0-3); on demand. Prerequisite: BIOL 105 or equivalent. A survey of major taxonomic groups; with emphasis on the natural history of local animals.

BIOL 355. Population, Resources, and Environment. (3-0-3); I, II, III. Human ecology with special emphasis on the relationships between man, his resources, and his environment.

BIOL 356. Environmental Biology. (3-0-3); II. Prerequisite: BIOL 355 or consent of instructor. Basic ecological principles, population and community ecology as they apply to current environmental problems. BIOL 357 is a companion course, although either may be taken separately.

BIOL 357. Environmental Testing Methods. (1-4-3); II. Prerequisite: consent of instructor. Methods used in determining water quality and air and noise pollution levels. Techniques of animal and plant population estimation. BIOL 356 is a companion course, although either may be taken separately.

BIOL 380. Cell Biology. (2-2-3); I, II. Prerequisites: BIOL 171 and CHEM 201 or 326, plus eight additional hours of biology. Integration of biological, chemical, and physical aspects of the cell. Emphasis on molecular processes.

BIOL 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Prerequisites: variable. Workshops in various biological and environmental subjects presented periodically, based on need. Usually hands-on, experimental, and/or innovative, these workshops supplement various programs in the biological and environmental sciences or other disciplines. Individual credit towards degree programs must be approved by the student's advisor.

BIOL 413. Medical Technology Clinical Practicum. (4);
III. See Medical Technology Curriculum.

BIOL 414. Medical Technology Clinical Practicum. (4);
III. See Medical Technology Curriculum.

BIOL 415. Medical Technology Clinical Practicum. (14);
I. See Medical Technology Curriculum.

BIOL 416. Medical Technology Clinical Practicum. (14);
II. See Medical Technology Curriculum.

BIOL 419. Immunology. (2-2-3); II. Prerequisites: BIOL 317 and BIOL 380. May be concurrently enrolled in BIOL 380. Basic cellular and molecular mechanisms of the immune response and its regulation, including response manifestations. Modern laboratory techniques stressed.

BIOL 425. Animal Physiology. (2-2-3); I. Prerequisite: BIOL 210, CHEM 201 or 326, plus eight additional hours of biology. Comparison of fundamental physiological processes in representative invertebrate and vertebrate animals. Emphasis placed on comparative energetics and physiological adaptations of organisms to their environment.

BIOL 426. Plant Physiology. (2-2-3); on demand. Prerequisites: BIOL 215 and CHEM 112 or equivalent. Diffusion, osmosis, cell wall and membrane structure, mineral nutrition, photosynthesis, respiration, macro- molecules, photoperiodism, and other aspects of plant growth and development.

BIOL 437. Ornithology. (1-4-3); II. Prerequisite: BIOL 210. Anatomy, physiology, classification, and identification of birds; life histories, habits, migration, and economic importance of native species. Field trips required.

BIOL 461. Ecology. (2-2-3); I. Prerequisites: BIOL 210, BIOL 215, MATH 152 or higher, eight hours of college chemistry. Interrelations of organisms and environment. Some all-day field trips required.

BIOL 471. Seminar in Biological Science. (1-0-1); I, II. Prerequisite: senior standing. Introduction to research and literature in the biological sciences.

BIOL 476. Special Problems. (1 to 6 hrs.); I, II, III. Independent topics and research in the biological and environmental sciences. Topic must be approved prior to registration.

BIOL 485. Biology Teaching Methods. (1-4-3). II. Prerequisites: Admission to the Teacher Education Program and completion of at least 20 hours in biology. Concepts of teaching and methods for the selection, preparation, and presentation of lecture laboratory materials for secondary biology classes.

BIOL 510. Limnology. (2-2-3); I, II. Prerequisites: BIOL 210, BIOL 215, MATH 152 or higher, eight hours of college chemistry. Ecology and Biota of inland waters. Some all-day field trips required.

BIOL 514. Plant Pathology. (1-4-3); on demand. Prerequisite: BIOL 215. Plant diseases; classification of fungi; diseases caused by rusts, smuts, fleshy fungi, bacteria, and viruses; physiogenic diseases; principles and procedures in the control of plant diseases; resistant varieties and culture control.

BIOL 518. Pathogenic Microbiology. (2-2-3); I. Prerequisite: BIOL 217 or 317. Medically important microorganisms; bacteria and fungi emphasized. The isolation, cultivation, and identification of pathogenic microorganisms from clinical specimens stressed. Antimicrobial susceptibility tests, serological methods, and quality control introduced.

BIOL 519. Virology. (2-2-3); on demand. Prerequisite: BIOL 317 or consent of instructor. Morphology and chemistry of the virus particle; symptoms, identification, and control of more common virus diseases of plants and animals; host-virus relationships; and research methods concerned with viruses.

BIOL 520. Histology. (2-2-3); I. Prerequisite: BIOL 210, CHEM 201 or 326, plus eight additional hours of biology. Characteristics of tissues and organs of vertebrates.

BIOL 530. Ichthyology. (1-4-3); II in even years. Prerequisite: BIOL 210. The anatomy, physiology, taxonomy, ecology, distribution, natural history, and evolution of fish. Emphasis on collection, identification, and classification of those fresh water fish native to eastern North America. Common marine fish of the Atlantic and Gulf coasts. Field trips required.

BIOL 531. Herpetology. (1-4-3); II in odd years. Prerequisite: BIOL 210. The anatomy, physiology, taxonomy, ecology, distribution, natural history, and evolution of fish. Emphasis on collection, identification, and classification of those herptiles found in eastern North America. Field trips required.

BIOL 535. Mammalogy. (1-4-3); I. Prerequisite: BIOL 210. Mammals of eastern North America with emphasis on mammals of southeastern North America. Taxonomy, adaptation, natural history, and methods of skin preparation. Field trips required.

BIOL 540. General Parasitology. (2-2-3); I. Prerequisite: BIOL 210. Protozoan, helminth, and arthropod parasites of man and domestic animals; emphasis on etiology, epidemiology, diagnosis, control, and general life histories of parasites.

BIOL 550. Plant Anatomy. (2-2-3); I. Prerequisite: BIOL 215. Gross and microscopic studies of internal and external structures of vascular plants. The cell, meristem, cambium, primary body, xylem and phloem; roots, stems, and leaves; flowers and fruits; ecological anatomy.

BIOL 553. Environmental Education. (2-2-3); I. Prerequisite: consent of instructor. Distribution and reserve depletion of wildlife, forest, land, water, air, and mineral resources; emphasis on population, pollution, and environment. Field trips to environmentally important areas are required. Not Acceptable as credit for Biology or Environmental Science majors and minors. Especially designed for in-service and pre-service teachers.

BIOL 555. Plant Morphology. (2-2-3); II. Prerequisite: BIOL 215. Fossil and living non-vascular plants (except bacteria) and vascular plants; emphasis on ecology, morphology, and evolution.

BIOL 574. Experimental Courses. (1 to 4 hrs.); on demand. Prerequisite: variable. These courses are always innovative, perhaps non-traditional, and often specialized offerings designed to enhance programs in the biological and environmental sciences and other disciplines. If successful, individual courses may be assigned a standard number.

BIOL 580. History of Science. (3-0-3); on demand. See SCI 580.

BIOL 590. Biochemistry. (4-0-4); I. Prerequisites: CHEM 327 or equivalent or permission of Professor. In depth survey of the major groups of biomolecules, including carbohydrates, lipids, proteins, nucleic acids, enzymes; biosynthetic pathways; energy metabolism; enzyme mechanisms; and regulation of biochemical processes.

BIOL 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Prerequisites: variable. Workshops in various biological and environmental subjects presented periodically, based on need. Usually hands-on, experimental, and/or innovative, these work-

shops supplement various programs in the biological and environmental sciences or other disciplines. Individual credit towards degree programs must be approved by the student's advisor.

Chemistry

CHEM 100. Basic Chemistry. (3-2-4); on demand. A survey of chemistry with emphasis on biological systems, with laboratory.

CHEM 101. Survey of General Chemistry. (3-2-4); I, II, III. A survey of inorganic chemistry which includes elements, compounds, molecular geometry, bonding, redox, gases, acids, bases, and salts. Primarily for students in the applied sciences.

CHEM 111. Principles of Chemistry I. (3-2-4); I, II. Prerequisite: MATH 152 (or equivalent) or ACT mathematics score over 15. An introduction to stoichiometry and chemical equations, electronic structure of atoms and molecules, periodic properties, gases, phase equilibria, and solutions, with laboratory. Primarily for natural science and pre-professional students.

CHEM 112. Principles of Chemistry II. (3-2-4); I, II. Prerequisite: CHEM 111. Continuation of CHEM 111. An introduction to chemical equilibria, thermodynamics, and kinetics, electrochemistry, and coordination compounds, with laboratory. The descriptive chemistry of selected groups of elements is introduced.

CHEM 199. Selected Topics. (1 to 6 hrs.); on demand.

CHEM 201. Survey of Organic Chemistry. (3-2-4); I, II, III. Prerequisite: CHEM 101. An introduction to organic chemistry that includes nomenclature, molecular structure, functional groups and reactions, and topics related to medicinal and consumer chemistry. Primarily for students in applied sciences.

CHEM 239. Cooperative Education. (1-8 hours). I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

CHEM 299. Selected Topics. (1 to 6 hrs.); on demand.

CHEM 301. Survey of Biochemistry. (3-2-4); I. Prerequisite: CHEM 201. Chemistry of simple and complex biomolecules such as amino acids, proteins, carbohydrates, lipids, and nucleic acids. Biosynthesis and metabolic cycles; gene composition (DNA, RNA, etc.), with laboratory. See BIOL 301.

CHEM 326. Organic Chemistry I. (3-2-4); I, II. Prerequisite: CHEM 112. Structure and nomenclature of organic molecules; reactions and reaction mechanisms of hydrocarbons, alkyl halides, alcohols, and ethers, with laboratory.

CHEM 327. Organic Chemistry II. (3-2-4); I, II. Prerequisite: CHEM 326. Introduction to interpretation of IR and NMR spectra; reactions and reaction mechanisms of aldehydes, ketones, carboxylic acids and derivatives, phenols, amines, and organometallics, with laboratory.

CHEM 328. Organic Chemistry III. (2-4-4); II alternate years. Prerequisite: CHEM 327. Advanced topics in organic chemistry; orbital symmetry, heterocyclics and polycyclics, macromolecules, carbanion reactions, and an introduction to physical organic chemistry, with laboratory.

CHEM 339. Cooperative Education. (1-8 hours). I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

CHEM 340. Chemical Information (2-2-3); I. Prerequisite: CHEM 326 recommended. Study and use of primary and secondary chemical literature sources, data, and reference sources in chemis-

try. An introduction to the Chemical Abstracts service, Biological Abstracts, Science Citation Index and the corresponding data bases. Personal data bases, data collection and manipulation, and related current software will also be discussed.

CHEM 351. Inorganic Chemistry. (2-0-2); I. Prerequisite: CHEM 112.. Descriptive inorganic chemistry, main group elements. Structure of inorganic compounds. Oxidation-reduction chemistry, acid-base theories, and relationship of thermodynamics to structure and reactivity of inorganic compounds.

CHEM 360. Analytical Chemistry I (2-4-4); II. Prerequisite: CHEM 112. CHEM 326 recommended. Content to include errors and small sample statistics, complicated stoichiometry, analytical applications of equilibrium calculations, electrochemical potentials, and an introduction to spectrophotometry. Laboratory work includes gravimetric, volumetric, direct potentiometric and spectrophotometric determinations.

CHEM 399. Selected Topics (1 to 6 hrs.); on demand.

CHEM 410. Spectral Interpretation in Chemical Analysis. (2-0-2); on demand. Prerequisite: CHEM 327. The interpretation of nuclear magnetic resonance spectra, mass spectra, infrared and ultraviolet spectra of inorganic and organic molecules.

CHEM 439. Cooperative Education (1-8 hours.) I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

CHEM 441. Physical Chemistry I. (3-0-3); I. Prerequisite: CHEM 226 and 360. Pre- or corequisite: MATH 276. Chemical thermodynamics and chemical kinetics.

CHEM 442. Physical Chemistry II. (3-2-4); II. Prerequisite: CHEM 441. Topics include quantum chemistry, spectroscopy, statistical mechanics, and transport properties.

CHEM 450. Qualitative Organic Analysis. (2-4-4); II in alternate years. Prerequisite: CHEM 327. Physical and chemical methods for qualitative analysis of organic compounds.

CHEM 451. Advanced Inorganic Chemistry. (3-0-3); II in alternate years. Prerequisite: CHEM 351. CHEM 441 is recommended. Electronic structure and bonding in inorganic compounds. Thermodynamic and kinetic interpretation of selected inorganic and organometallic reactions.

CHEM 460. Analytical Chemistry II. (2-4-4); I. Prerequisites: CHEM 327 and 360. The theory and practice of infrared, visible, ultraviolet, X-ray and gamma ray, and electron spectroscopies in determinations. The use of chromatography, atomic spectroscopy, and electrochemistry in analytical chemistry. Some quantitative applications of mass and nuclear magnetic resonance spectroscopy are included.

CHEM 476. Special Problems. (1 to 6 hrs.); I, II, III. Prerequisite: consent of instructor. Topic to be approved prior to registration.

CHEM 499. Selected Topics (1 to 6 hrs.); on demand.

Communications (General)

COMM 239-539. Cooperative Education. I, II, III. The Department of Communications offers a series of cooperative study courses—COMM 239, 339, 439, and 539—allowing students to alternate semesters of on-campus studies with periods of full-time related work experience. See general section of the catalog for a more complete description of Cooperative Education. Prior application necessary. See restrictions applying to all programs in communications.

COMM 247. Internship. (1 to 3 hrs.); I, II, III.

Competency-based practical experience aimed at increasing the proficiency of the student in assigned positions. Prior application necessary. May be repeated. See restrictions applying to all programs in communications.

COMM 347. Internship. (1 to 3 hrs.); I, II, III.

Competency-based practical experience aimed at increasing the proficiency of the student in assigned positions. Prior application necessary. May be repeated. See restrictions applying to all programs in communications.

COMM 447. Internship. (1 to 3 hrs.); I, II, III.

Competency-based practical experience aimed at increasing proficiency of the student in the assigned positions. Prior application necessary. May be repeated. See restrictions applying to all programs in communications.

COMM 476. Special Problems. (1 to 3 hrs.); I, II, III. (By prior arrangement with instructor only.) Research on an original project with appropriate written report, within a subject area. May be repeated. See restrictions applying to all programs in communications.

Computer Information Systems

CIS 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various Computer Information Systems subjects will be presented periodically to supplement the basic course offerings in Computer Information Systems. Credit toward degree programs must be approved by the student's advisor.

CIS 200. Logic and Structured Design of Computer Programs (3-0-3); I, II. This course is intended to introduce computer information systems students to the logic of programming languages in general rather than to a specific code. The course presents tools and techniques in such a way that they may be understood by relatively unsophisticated students who will perfect their programming abilities later in specific programming language courses.

CIS 201. Introduction to Computers. (3-0-3); I, II, III. Survey of computer systems, including hardware and software features. Familiarity with mainframe systems and with microcomputers. Introduction to programming and logic through the fundamentals of BASIC.

CIS 202. Structured Programming BASIC. (3-0-3); I, II. *Prerequisite:* CIS 200 or CIS 201. Programming the computer using STRUCTURED BASIC language. No prior knowledge is assumed. Emphasis on problem solving and interactive mode programming.

CIS 205. Structured C Programming. (3-0-3) I, II. *Prerequisites:* CIS 200 or CIS 201. The student will be introduced to the basic tools and techniques required to write, edit, compile, and run a structured C language program.

CIS 210. Digital Concepts and Programming in ASSEMBLER I. (3-0-3); I. *Prerequisite:* CIS 200 or CIS 201. Programming stored program computer using ASSEMBLER language. Interpretation of machine code and memory dumps in hexadecimal notation. The binary instruction set, condition code, mask and branching, looping, and subroutines.

CIS 215. Structured Programming COBOL I. (3-0-3); I. *Prerequisite:* CIS 200 or CIS 201. Practical business applications programming using COBOL language. Terminal input and printer output used.

CIS 216. Structured Programming in PL/I. (3-0-3); on demand. *Prerequisite:* CIS 200 or CIS 201. Fundamentals of structured programming in PL/I computer language. Practical business and scientific applications emphasized in programming assignments.

CIS 260. Structured FORTRAN Programming I. (3-0-3); I, II. *Prerequisite:* CIS 200 or CIS 201. Introduction to structured FORTRAN programming language. Application of mathematical techniques to problems in programming business, engineering, management, and modeling. Examples employed to provide comprehensive knowledge of the language.

CIS 290. Microcomputer Operating System (MS/PC DOS). (1-0-1); I, II. This course assumes no prior knowledge of microcomputers or of the operating system. The course features step-by-step instruction in using DOS commands. It is designed to help students gain a better understanding and control of microcomputers through efficient use of the operating system.

CIS 291. Microcomputer Spreadsheet Applications. (1-0-1); I, II. This course assumes no prior knowledge of microcomputers or of spreadsheet applications. The course emphasizes a conceptual understanding of spreadsheets and illustrates those concepts by teaching students the keystrokes for an industry standard spreadsheet such as Lotus 1-2-3. It is designed to help students develop techniques needed to plan, build, and apply well-designed spreadsheets to solve true-to-life problems.

CIS 292. Microcomputer Database Management. (1-0-1); I, II. This course assumes no prior knowledge of microcomputers or of database management. The course emphasizes a conceptual understanding of database management and illustrates those concepts by teaching students the keystrokes for an industry standard database management system.

CIS 301. Microcomputers. (3-0-3); I, II, III. *Prerequisite:* CIS 201. Hardware and software of microcomputer systems and their impact on business, industry, education, and home.

CIS 303. Data Structures Implemented in PASCAL. (3-0-3); II. *Prerequisites:* CIS 200 or CIS 201, CIS 205, CIS 215, or CIS 216, and CIS 260. Key concepts of data definitions, such as lists, stacks, and queues. Recursion, graphs and trees, sorting and searching. Structured program design, elementary data structures and the study of algorithms as tools of program design implemented in PASCAL.

CIS 305. Advanced Structured C Programming. (3-0-3); II. *Prerequisite:* CIS 200 or CIS 205. The student will be introduced to the advanced tools and techniques required to write, edit, compile and run a program in the C language.

CIS 311. Introduction to Management Information Systems. (3-0-3); I. *Prerequisites:* CIS 200 or CIS 201, Accounting 281. A study to prepare managers for the successful implementation and use of information technology for organizations. This course recognizes and covers the strategic role that information systems can play in gaining competitive advantages in the market place.

CIS 315. Structured Programming COBOL II. (3-0-3); II. *Prerequisites:* CIS 200 or CIS 201 and CIS 215. Advanced structured computer programming using COBOL. Tape and disk file structures and processing emphasized.

CIS 316. Structured Programming in Advanced PL/I. (3-0-3); on demand. *Prerequisites:* CIS 200 or CIS 201, CIS 216. Advanced structured computer programming using PL/I. Data structures, tape, and disk file structures and processing will be emphasized using business and scientific applications.

CIS 317. File Processing and Command Languages. (3-0-3); I. Prerequisites: CIS 200 or CIS 201, CIS 215 or CIS 216.

Computer file organization methods and access techniques. Use of command language to allocate storage and to direct processing.

CIS 325. Analysis and Design of Computerized Business Information Systems. (3-0-3); II. Prerequisites: CIS 200 or CIS 201 and CIS 205, CIS 215 or CIS 216. Categories of computerized business information systems, analysis, design, and implementation of computerized business information systems. Feasibility studies, economic cost comparisons, the tools and techniques of systems analysis and design.

CIS 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various Computer Information Systems subjects will be presented periodically to supplement the basic course offerings in Computer Information Systems. Credit toward degree programs must be approved by the student's advisor.

CIS 426. Database Management Systems. (3-0-3); II. Prerequisites: CIS 200 or CIS 201, CIS 205 or CIS 215, CIS 325. Database structures, creation, modification, processing, and physical representation.

CIS 430. Advanced Topics in Information Science. (3-0-3); on demand. Prerequisites: CIS 200 or CIS 201, CIS 202, CIS 205, CIS 215 or CIS 260. This course is intended to introduce students to the idea of Decision Support Systems (DSS), Expert Systems (ES), Executive Information Systems (EIS), Artificial Intelligence (AI), Modeling and other leading edge concepts in Information Science.

CIS 440. Data Communications. (3-0-3); I. Prerequisites: CIS 200 or CIS 201. A study of the ways to transmit data to and from computers and components of computer systems. Managing and analyzing this service. Topics will include micro-mainframe links, LANS, and WANS.

CIS 445. Systems Development Project. (3-0-3); II. Prerequisites: CIS 200 or CIS 201, CIS 205 or CIS 215, CIS 325, and *pre or co-requisite* CIS 426. Using an assigned project from a case or a working environment situation, students will, individually or in teams, develop a computer application through the use of the structured systems development life cycle.

CIS 476. Special Problems in Computer Information Systems. (1 to 3 hrs.); on demand. This course is an independent study of Computer Information Systems problems of special interest. Students must present in writing a suggested problem and justification for the study prior to registration. Each request will be considered on its own merit in relation to the special needs of the student.

CIS 515. Computer Information Systems Field Project. (3-0-3); on demand. Prerequisites: CIS 200 or CIS 201, CIS 215 or 216 and *permission of instructor*. Experience in actual data processing environments outside the classroom; students assigned in the university's computing facilities as well as other approved computing facilities.

CIS 516. Educational Computing. (3-0-3); on demand. The development of competencies in the use of microcomputers for instruction, management, information processing, computer assisted instruction, and practical high-level programming applications through programming assignments. Hardware and operating systems are covered. Designed primarily for students without previous data processing instruction.

CIS 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various Computer Information Systems

subjects will be presented periodically to supplement the basic course offerings in Computer Information Systems. Credit toward degree programs must be approved by the student's advisor.

Construction Technology

CON 101. Introduction to Construction Technology. (3-0-3); I. Discussion of various aspects of the construction industry including typical building methods, cost factors, and personnel requirements. Includes residential and commercial building.

CON 102. Surveying I. (1-4-3); II. Basic introduction to surveying methods plus introduction to surveying equipment.

CON 103. Materials Testing. (2-2-3); II. An investigation of materials science including typical physical destructive and nondestructive testing procedures. Reviews of ASTM and other standard agencies.

CON 104. Surveying II. (1-4-3); I. An extension of Surveying I with more in-depth field experience.

CON 201. Properties of Construction Materials. (2-2-3); I. An extension of materials testing with emphasis on heavy and highway construction materials, control standards, and properties expected.

CON 202. Structural Design. (2-2-3); I. Review of typical structural design methods with applied calculation using free body diagrams and other static load methods.

CON 203. Construction Methods and Equipment. (2-2-3); I. An investigation of various construction and building techniques, including traditional and modified methods. Laboratory will include model and prototype development.

CON 204. Codes, Contracts, and Specifications. (3-0-3); II. Exposure to local and state codes and architectural specifications necessary to meet contract requirements. Introduction to various code organizations and file systems.

CON 205. Estimating and Construction Costs. (3-0-3); II. Estimating cost procedures typically used for bid specifications. Current and projected material and construction cost accounting procedures.

CON 206. Construction Management. (3-0-3); II. Supervisory and administrative procedures typical of the construction industries. Personnel requirements and labor arrangements necessary for building contractors.

Corrections

COR 201. Sociology of Corrections. (3-0-3); I, II. An analysis of the theoretical and philosophical foundations of the American correctional system and an examination of its role in society. Contemporary treatment methods for adult and juvenile offenders will be surveyed.

COR 306. Juvenile Delinquency. (3-0-3); I, II. (See SOC 306.)

COR 310. The Sociology of Deviance. (3-0-3); I. (See Soc 310.)

COR 345. Correctional Institutions (0-3-0); III. This course will familiarize students with a wide range of correctional settings through daily travel to correctional facilities throughout KY and neighboring states. The institutions include local, state and federal correctional facilities for juveniles and adult offenders. Students will be required to integrate corrections literature with their experiential observations.

COR 388. History of Corrections. (3-0-3); II. This course provides the student with a background knowledge of the development of ideas and actions taken against those people who have been the objects of society's punishment.

COR 390. Field Experience in Corrections. (0-0-3); I, II, III. Field experience in a jail, detention home, juvenile or adult correctional institution, juvenile or adult probation or parole agency. Required for associate degree only.

COR 399. Selected Topics. (1 to 3 hrs.); on demand. Unique topics and learning experiences that supplement regular course offering. May be repeated in additional subject areas.

COR 401. Criminology. (3-0-3); on demand. (See SOC 401.)

COR 420. Seminar in Criminal Behavior. (3-0-3); II. Specific problems and issues concerning criminal behavior examined in depth. Includes analysis of the causes of particular kinds of behavior, examination of methods of control, and consideration of current approaches to rehabilitation.

COR 450. Research Methodology. (3-0-3); I, II, III. (See SOC 450.)

COR 476. Special Problems. (1 to 3 hrs.); I, II, III. Prerequisite: Consent of instructor and department chair. Arranged with the department to study some particular aspect of the field of corrections.

COR 510. Law of Corrections. (3-0-3); I. An analysis of civil law in the United States related to the protection of society, the accused and adjudicated offender, and the administration of justice.

COR 515. Correctional Counseling. (3-0-3); II. The basic concepts and principles involved in interviewing, counseling, and group therapy which are employed in correctional facilities.

COR 590. Practicum in Corrections. (0-0-6); I, II, III. The course consists of practical experience in a jail, detention home, juvenile or adult correctional institution, juvenile or adult probation and parole agency, or other related agency. A minimum of 20 hours per week will be spent at the assigned agency.

Economics

ECON 101. Introduction to the American Economy. (3-0-3); on demand. Introduction to fundamental concepts and principles of economics with emphasis on institutions basic to the American economic system. (Cannot be used to satisfy the requirements for the B.B.A.; not open to those who have had ECON 201 or equivalent.)

ECON 139. Cooperative Education I. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience in a field relevant to the student's career objectives and academic preparation. Experience is usually analogous to a freshman level course. Not available for option credit.

ECON 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various economic subjects will be presented periodically to supplement the basic course offerings in economics. Credit toward degree programs must be approved by the student's advisor.

ECON 201. Principles of Economics I. (3-0-3); I, II. Theories of income, employment, monetary policy, fiscal policy, the price level, and economic growth.

ECON 202. Principles of Economics II. (3-0-3); I, II. The theory of the firm, resource allocation, and international economics.

ECON 239. Cooperative Education II. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an extension of exposure gained in ECON 139 or of a nature similar to a sophomore status course. Not available for option credit.

ECON 302. Labor Economics. (3-0-3); I. Prerequisite: ECON 201. Labor management relations, the labor movement, labor legislation, government control and regulation, economic inequality, standards of living, and industrial conflicts.

ECON 305. Comparative Economic Systems. (3-0-3); on demand. Prerequisites: ECON 201 and 202. A study of influential theories of the major economic systems: Capitalism, Marxism, and Communism. Descriptive analysis of the operation of the corresponding economies.

ECON 339. Cooperative Education III. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a junior level course. Not available for option credit.

ECON 350. Microeconomic Theory. (3-0-3); I, II. Prerequisites: ECON 201, and MATH 152. Analysis of the behavior of the household and the firm, with emphasis on the role of prices in allocating resources, organizing production, and distributing goods and services.

ECON 389. Honors Seminar in Economics. (3-0-3); on demand. Prerequisite: Membership in university Honors Program. Analysis of contemporary economic problems and policy alternatives. Topics may vary each semester.

ECON 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various economic subjects will be presented periodically to supplement the basic course offerings in economics. Credit toward degree programs must be approved by the student's advisor.

ECON 439. Cooperative Education IV. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a senior level course. Not available for option credit.

ECON 476. Special Problems in Economics. (1 to 3 hrs.); on demand. Prerequisites: completion of 21 hrs. in economics and/or finance with prior consent of the department chair. This course is an independent study of economic problems of special interest. Students must present in writing a suggested problem and justification for the study prior to registration. Each request will be considered on its own merit in relation to the special needs of the student.

ECON 500. Mathematical Economics. (3-0-3); on demand. Prerequisites: MATH 152, ECON 201 and 202 or equivalent. Application of mathematical and statistical techniques to the theory of the business price, firm, market systems, and national income analysis.

ECON 501. Environmental Economics. (3-0-3); II. Prerequisites: ECON 201 and 202 or equivalent. Analysis of the economic reasons contributing to environmental degradation and exploration of economic policies to reduce this problem.

ECON 503. Urban and Regional Economics. (3-0-3); on demand. Prerequisites: ECON 201 and 202 or equivalent. Analysis of location patterns, land use, urban and regional structure and growth, and development strategies. Emphasis is placed on contemporary problems and possible solutions.

ECON 510. History of Economic Thought. (3-0-3); on demand. Prerequisites: ECON 201 and 202 or equivalent. The origin and development of economic theories from the Mercantilist through modern times.

ECON 539. Cooperative Education V. (1 to 8 hrs.); on demand. Permission of department chair required. Work experience providing advanced specialized exposure in a career-related position. Available to upper division undergraduate and graduate students. Not available for option credit.

ECON 541. Public Finance. (3-0-3); I. Prerequisites: ECON 201 and 202 or consent of instructor. Public expenditures; public revenue; taxation; public credit; financial administration of government.

ECON 545. Industrial Organization and Public Policy. (3-0-3); on demand. Prerequisites: ECON 201 and 202 or equivalent. Forms of business combination; the problem of business concentration and monopoly; the role of the regulatory agency; anti-trust legislation and interpretation.

ECON 547. International Economics. (3-0-3); on demand. Prerequisites: ECON 201 and 202 or equivalent. International trade theory, international monetary relationships, and the balance of payments. Emphasis is placed on contemporary problems and possible solutions.

ECON 551. Macroeconomic Theory. (3-0-3); I. Prerequisites: ECON 201 and 202 or equivalent. National income accounting; macroeconomic theories of output determination, employment, inflation, and growth; monetary and fiscal policies to control aggregate economic activity.

ECON 555. Economic Development and Growth. (3-0-3); on demand. Prerequisites: ECON 201 and 202 or equivalent. Classical and modern theories of growth and development and their application in both advanced and underdeveloped nations.

ECON 590. Economic Education for Teachers. (3-0-3); on demand. Fundamental economic concepts and their application and integration in education (cannot be used to satisfy requirements for the B.B.A., nor as an elective in the MBA program).

ECON 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various economic subjects will be presented periodically to supplement the basic course offerings in economics. Credit toward degree programs must be approved by the student's advisor.

Education (Adult and Higher Education)

EDAH 102. Study Skills. (1-0-1); I, II (Each 9-week period). Course is designed to provide special training in the skills and techniques necessary for college level study.

EDAH 199. Selected Topics. (1 to 3 hrs.); I, II, III. Investigation of specific problem areas in the field of study. May be repeated in additional subject areas.

EDAH 299. Selected Topics. (1 to 3 hrs.); on demand. Workshop for specifically designated task orientation in education. May be repeated in additional subject areas.

EDAH 599. Selected Topics. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Education (Early Childhood)

EDEC 199. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in early childhood education. Conferences with instructor by arrangement. Maximum of six semester hours may be earned under this course number.

EDEC 276. Independent Study. (1 to 3 hrs.); I, II, III. Directed study of specific areas in early childhood education. Conferences with instructor by arrangement. Maximum of six semester hours may be earned under this course number.

EDEC 399. Workshop. (1 to 3 hrs.); I, II, III. Continuation of EDEC 199.

EDEC 470. Research Problems. (1 to 3 hrs.); I, II, III. Independent research study of a professional nature. Conferences with instructor by arrangement. Maximum of six semester hours may be earned under this course number.

EDEC 527. The Pre-School Child. (3-1-3); I, III. Principles of growth and development from prenatal period to age six. Focuses attention on learning experiences for nursery and kindergarten age children. (Laboratory experiences are an integral part of course.)

EDEC 528. Activities and Materials in Early Childhood. (3-1-3); II, III. Investigates needs and interests of early childhood and provides opportunities to explore objectives, materials, and techniques of instruction for this age group. (Laboratory experiences are an integral part of course.)

EDEC 529. Practicum in Early Childhood Education. (1-4-4); I, II, III. Prerequisites: EDEC 527, 528, and admission to teacher education program.. Students are assigned to pre-school classroom for observation, participation, and teaching. On-campus seminars are held weekly. (Application made through coordinator of professional laboratory experiences.)

EDEC 599. Workshop. (1 to 3 hrs.); I, II, III. Prerequisites: upper division or graduate classification. Workshop for specifically designated task orientation in education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Education (Early Elementary—K-4)

EDEE 305. Learning Theories and Practices in Early Elementary. (3-0-3). Prerequisites: PSY 154, EDF 207, and EDF 211. A comprehensive study of contemporary developments in the field of early elementary education including the application of learning theories to classroom practices; the historical and philosophical origins of current curricular content and practices in early education; and an examination of research findings; study of the impact of familial, economic, and social factors on school performance of learners in the K-4 range.

EDEE 321. Teaching Math in Early Elementary Grades. (3-0-3); Prerequisites: Admission to the Teacher Education Program, Math 231 and EDEM 330. Effective presentation of essential number concepts to the learner, child centered emphasis on functional arithmetic and its application. (Laboratory experiences in early elementary grades are an integral part of this course.)

EDEE 322. Teaching Social Studies in the Early Elementary Grades. (3-0-3). Prerequisites: Admission to the Teacher Education Program, EDEM 330 and EDEE 323. This course will explore the scope and sequence of understandings, attitudes, and skills taught in early elementary social studies programs; and will

examine various methodologies used in the early elementary grades of K-4. (Clinical and field experiences are an integral part of this course.)

EDEE 323. Language Arts for Early Elementary. (3-0-3). *Prerequisites:* Admission to the Teacher Education Program, EDF 207, 211, EDSP 230, EDEE 305 and EDEE 327. Role of language arts in the early elementary curriculum. Diagnosis of children's communications skills, needs, and subsequent teaching techniques are central to the course. Areas of emphasis include language development, listening and thinking skills, speaking, written expression, spelling, and handwriting. (Clinical and field experiences are an integral part of this course.)

EDEE 327. Literature and Materials for Young Readers. (3-0-3). A survey of children's literature from oral tradition through contemporary times, including all types of literature and media appropriate for Early Elementary K-4. Emphasis is on criteria for evaluation, selection, and use of books and materials as related to the developmental needs and interests of children.

EDEE 331. Reading for Early Elementary Teachers. (3-0-3). *Prerequisites:* EDF 207, EDF 211, EDEM 330, and Admission to Teacher Education Program. Material and methods of teaching basic reading skills in grades K-4. Students are taught how to teach subskills of reading readiness, vocabulary development, comprehension, and study skills. Assessment and interpretation of reading abilities will be utilized in designing classroom instruction. (Clinical and field experiences are an integral part of this course.)

EDEE 423. Supervised Student Teaching Practicum. (12-0-12). *Prerequisites:* Completion of requirements for admission to the professional semester. Student is assigned to student teaching center during which time observation, participation, and student teaching are done. The student teaching must be done in nonadjacent grades splitting the six week period between two of the grades. Special conferences with supervising teacher, attendance, and participation in faculty meetings and out-of-school activities required.

Education (Elementary)

EDEL 090. Reading Enrichment. (3-0-3); III. An individualized preparatory course designed to improve reading and study skills and prepare students for college level work.

EDEL 110. Developmental Reading I. (2-2-3); I, II. Provides diagnostic independent guided improvement of reading skills. Vocabulary and improved comprehension skills are stressed.

EDEL 111. Developmental Reading II. (2-2-3); I, II. *Prerequisite:* EDEL 110. Continuation of Developmental Reading I.

EDEL 112. Reading English as a Second Language. (2-2-3); I, II, III. Individualized program for teaching vocabulary and reading skills to the non-English speaking student.

EDEL 199. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in elementary education. Maximum of six semester hours may be earned under this course number.

EDEL 250. Practicum. (1 to 6 hrs.); I, II, III. Experiences include placement in either a classroom or simulated classroom laboratory.

EDEL 276. Independent Study. (1 to 3 hrs.); I, II, III. Directed study of specific areas in elementary education. Topic must be approved in advance by instructor. Conferences with instructor by arrangement.

EDEL 301. Media Strategies. (2-2-2); I, II. Introduction to educational media. Principles of utilization and hands-on experience with hardware and software. Basic production projects also required.

EDEL 333. Fundamentals of Elementary Education. (3-1-4); I, III. *Prerequisites:* admission to teacher education program and approval of head of the department. Introduction to content areas of the elementary curriculum, including teaching methods and materials. Emphasis is placed on the role of special teachers in the total school program.

EDEL 337. Reading Strategies for the Elementary Teacher. (2-2-3); I, II, III. *Prerequisites:* admission to teacher education program and EDEL 336 or equivalent. Materials and methods of teaching advanced reading skills in grades K-8. Students are taught how to teach skills needed for content area reading. Various types of grouping techniques stressed. (Laboratory experiences an integral part of this course.)

EDEL 470. Research Problems. (1 to 3 hrs.); I, II, III. Independent research study of a professional nature. Conferences with instructor by arrangement. Maximum of six semester hours may be earned under this course number.

EDEL 516. Educational Computing. (3-0-3); I, II, III. The development of competencies in the use of microcomputers for instruction, management, information processing, computer assisted instruction, and practical high-level programming applications through programming assignments. Hardware and operating systems are covered. Designed primarily for students without previous data processing instruction. (cross listed with CIS 516.)

EDEL 599. Workshop. (1 to 3 hrs.); I, II, III. *Prerequisite:* upper division or graduate classification. Workshop for specifically designated task orientation in education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Education (Early Elementary and Middle Grades)

EDEM 330. Foundations of Reading. (3-0-3); I, II, III. *Prerequisite:* 24 semester hours including EDF 207, EDF 211, EDSP 230 and EDEE 305 or EDMG 306 (Orientation/Exploration, Preparation Level and Home Economics students are exempt from prerequisites not required in their program). An explanation of the developmental aspects of the reading process in grades K-8 in terms of instruction, assessment, materials, and classroom organization.

EDEM 426. Pre-Student Teaching Seminar. (1-0-1); I, II. *Prerequisite:* Admission to the professional semester. A group seminar to address current issues and topics in education. Taken during the professional semester.

Education (Middle Grades—5-8)

EDMG 306. Development and Learning in Middle Grades. (3-0-3); I, II. *Prerequisite:* EDF 211. A study of the principles of learning and motivation as they are applied in the middle grades.

EDMG 332. Reading Strategies for the Middle Grade Teacher. (3-0-3); I. *Prerequisites:* EDF 207, EDF 211, EDEM 330, and admission to the Teacher Education Program. (Orientation/Exploration, Preparation Level and Home Economics students are exempt from prerequisites not required in their program. EDEM 330 is a prerequisite for all students.) An explanation and evaluation of materials and methods of teaching the advanced reading skills in grades 5-8. The students are taught how to teach the skills needed for comprehension, study skills, and content area reading. Assessment and interpretation of reading abilities will be utilized to design classroom instruction. (Clinical and field experiences in grades 5-8 are an integral part of this course.)

EDMG 341. Teaching Math in Middle Grades. (3-0-3); I, II, III. *Prerequisite:* Math 231, EDEM 330 and admission to the Teacher Education Program. Presentation of essential number concepts for middle grade learners with emphasis upon functional arithmetic and its application. The course will examine various methodologies used in the middle grades. (Clinical and field experiences in grades 5-8 are an integral part of this course.)

EDMG 342. Teaching Social Studies in the Middle Grades. (3-0-3); I, II. *Prerequisite:* Admission to the Teacher Education Program, EDEM 330. This course will explore the scope and sequence of understandings, attitudes, and skills taught in middle grade social studies programs; and will examine various methodologies used in the middle grades of 5-8. (Clinical and field experiences in grades 5-8 are an integral part of this course.)

EDMG 343. Language Arts in Middle Grades. (3-0-3); II. *Prerequisite:* Admission to the Teacher Education Program, EDF 207, 211, EDSP 230, EDMG 306 and EDMG 347. Role of Language Arts in the middle grades curriculum. Diagnosis of children's communication skills, needs, and subsequent teaching techniques are central to the course. Areas of emphasis include language development, listening and thinking skills, speaking, written expression, spelling, and handwriting. (Laboratory experiences are an integral part of this course.)

EDMG 347. Literature and Materials for the Preadolescent. (3-0-3); I, III. A survey of literature for preadolescents in which students will examine materials across the different genres as well as various types of media appropriate for levels of certification in grades 5-8. Emphasis on criteria for evaluation and selection of materials, reading interest, needs, and abilities of preadolescence.

EDMG 446. Supervised Student Teaching. (12-0-12); I, II. *Prerequisite:* Completion of requirements for admission to the professional semester. Placement in a student teaching center during which time observation, participation, and student teaching are done. Special conferences with the supervising teacher, attendance, and participation in faculty meetings and co-curricular activities are also required.

Education (Foundations)

EDF 207. Foundation of Education. (3-0-3); I, II, III. Orientation for student considering teaching as a career. Course will survey the scientific, historic, philosophic, and social foundations of the teaching profession. (Laboratory experiences an integral part of course.)

EDF 211. Human Growth and Development. (3-0-3); I, II, III. *Prerequisite:* PSY 154. Survey of developmental patterns from birth to adulthood and their implications for elementary and

secondary teachers. (Laboratory experiences an integral part of course.)

EDF 311. Learning Theories in the Classroom. (3-0-3); I, II, III. *Prerequisite:* admission to teacher education program. Study of the principles of learning and motivation as they are applied in the classroom. (Laboratory experiences an integral part of course.)

EDF 360. History of Education. (3-0-3); Education in ancient, medieval, and modern periods; early American backgrounds; early campaigns for improvement of instruction and teacher training; development of present practices; great educators of each period and their contribution.

Education (Guidance and Counseling)

EDGC 105. Career Planning. (2-0-2); I, II. Systematic information and guidance in career development provided which assists the student in making a realistic career decision consistent with needs, abilities, attitudes, and personal goals.

EDGC 199. Selected Topics. (1 to 3 hrs.); I, II, III. Investigation of specific problem areas in field of study. May be repeated in additional subject areas.

EDGC 364. Career and Vocational Guidance. (3-0-3); II. Study of concept of career education, and exploration of emerging role of the guidance counselor in regard to problems that exist in present educational system; innovative concept of career education; counselor and classroom teacher's responsibility within the framework of career education; evaluation of career education and exploring future implications for developing positive attitudes and values for work for all students including the disadvantaged and handicapped.

EDGC 566. Introduction to Vocational Rehabilitation Services. (3-0-3); I, III. History of vocational rehabilitation movement, legislative efforts, and impact; overview of the rehabilitation process, roles of rehabilitation professionals in various rehabilitation settings, discussion of values and ethics, and examination of professional organizations for rehabilitation personnel.

EDGC 567. Rehabilitation of Special Groups. (3-0-3); I, III. *Prerequisite:* EDGC 566 or permission of instructor. In-depth study of various target populations in need of rehabilitation services, including physically disabled, public offenders, delinquents, drug addicts, aged, mentally ill, mentally retarded, and the educationally, socially, and culturally disadvantaged.

EDGC 599. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Education (Secondary)

EDSE 276. Independent Study. (1 to 3 hrs.); I, II, III. Directed study of specific areas in secondary education. Conferences with instructor by arrangement. Maximum of six semester hours may be earned under this course number.

EDSE 312. Teaching Skills and Media. (2-2-3); I, II. *Prerequisites:* admission to teacher education program and EDF 311. Introduction to classroom teaching skills and methods. The instructional process is covered with emphasis upon lesson preparation and presentation, including mediation of instruction; long-term and

short-term instructional planning; human interaction skills. (Clinical experience are an integral part of this course.)

EDSE 333. Field Experiences in Secondary Classrooms (1-1-2); I, II. The course provides students with opportunities to develop the pedagogical knowledge and skills required to perform successfully the tasks of planning, implementing, and evaluating instructions.

EDSE 399. Selected Topics. (1 to 3 hrs.); I, II, III. Investigation of specific problem areas in the field of study. May be repeated in additional subject areas.

EDSE 415. Teacher in Today's Schools. (2-0-2); I, II. Prerequisite: admission to professional semester. An application of previous learning in development of an instructional unit taught during student teaching; an orientation to student teaching experience; miscellaneous activities relating to areas of teacher concerns, i.e., school law, pupil accounting, professional organizations, principles of classroom organization and management; and human interaction skills. (Laboratory experience are an integral part of this course.)

EDSE 416. Student Teaching. (12-0-12); I, II. Prerequisite: admission to professional semester. Classroom component comprised of preparation for student teaching followed by placement in a student teaching center during which time observation, participation, and student teaching are done. Special conferences with supervising teacher, attendance and participation in faculty meetings, co-curricular activities, and the National Teacher Exam required. (Application made through coordinator of professional laboratory experiences.)

EDSE 470. Research Problems. (1 to 3 hrs.); I, II, III. Independent research study of a professional nature. Conferences with instructor by arrangement. Maximum of six semester hours may be earned under this course number.

EDSE 516. Educational Data Processing. (3-0-3); I, II, III. The development of competencies in the use of microcomputers for instruction, management, information processing, computer assisted instruction, and practical high-level programming applications through programming assignments. Hardware and operating systems are covered. Designed primarily for students without previous data processing instruction.

EDSE 599. Selected Topics. (1 to 3 hrs.); I, II, III. Prerequisites: upper division or graduate classification. Workshop for specifically designated task orientation in education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Education (Special)

EDSP 199. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in special education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

EDSP 230. Education of Exceptional Children. (3-0-3); I, II. Prerequisite: PSY 154. Procedures for identification, education, and treatment of exceptional children—the gifted, those with low intelligence, and handicapped—including behavioral deviations.

EDSP 231. Field Experiences. (0-6-3); I. Involves the student in on-site experiences in a variety of schools, institutions, and agencies providing services to the trainable mentally handicapped. Should be taken concurrently with EDSP 230.

EDSP 276. Independent Study. (1 to 3 hrs.); I, II, III. Independent study of a professional problem in special education.

EDSP 320. Introduction to Corrective Speech. (3-0-3); I. Introductory course in speech correction for classroom teacher. (Same as SPCH 320.)

EDSP 332. Teaching the Exceptional Student. (2-2-2); I, II. Prerequisite: EDF 311. Describes physical and behavioral characteristics of exceptional students and their educational needs. Describes social and legal responsibilities regarding exceptional persons and reviews educational practices and appropriateness for specific exceptional behavior.

EDSP 350. Characteristics of Individuals with Mental Retardation and Orthopedic Handicaps. (2-2-3); I, II, III. Prerequisite: EDSP 230 or appropriate introductory course. Biological, physical, etiological, psychological, and educational characteristics of individuals demonstrating significant deviations in mental or physical behavior. The likely needs of these mentally retarded and orthopedically impaired individuals discussed in light of their presenting problems.

EDSP 360. Characteristics of Individuals with Learning Disabilities and Behavior Disorders. (2-2-3); I, III. Prerequisite: EDSP 230 or appropriate introductory course. Biological, physical, etiological, psychological, and educational characteristics of individuals demonstrating significant deviations in learning and behavior disorders. The likely needs of learning disabled and behavior disordered individuals discussed in light of their presenting problems.

EDSP 399. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in special education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

EDSP 435. Supervised Teaching Practicum. (4 to 12 hrs.); I, II, III. Prerequisites: admission to teacher education program; attainment of scholastic standing of 2.50 on residence courses at Morehead State; minimum standing of 2.5 on all work completed in area of concentration, major(s), and minor(s); minimum of one semester residence; and approval of the university Teacher Education Council. Placement in public school special education and elementary education classrooms on the basis of one week placement for each credit hour unit. (Application made through coordinator of professional laboratory experiences.)

EDSP 436. Supervised Teaching Practicum. (4 to 12 hrs.); I, II, III. Prerequisites: admission to the teacher education program; attainment of a scholastic standing of 2.50 on residence courses at MSU; minimum standing of 2.5 on all work completed in area of concentration, major(s), and minor(s); minimum of one semester residence; and approval of the university Teacher Education Council. Placement in a public school setting with trainable mentally handicapped students and in regular elementary classrooms on the basis of one week placement for each credit hour unit. (Application made through coordinator of professional laboratory experiences.)

EDSP 470. Research Problems. (1 to 3 hrs.); I, II, III. Independent research study of a professional problem. Conferences with instructor by arrangement.

EDSP 537. Educational Assessment of Exceptional Children. (2-2-3); I, III. Assessment methodology relating to identification of behavioral deficits and excesses of students which lessen their performance level in one or more core academic subject areas.

EDSP 547. The Trainable Mentally Handicapped. (3-0-3); I, III. Prerequisites: EDSP 230 and 350. Etiology and symptomatology of trainable mentally handicapped children and assessment procedures appropriate with children who are severely to profoundly handicapped.

EDSP 551. Curriculum for Pre-School Exceptional Children. (2-2-3); II, III. Prerequisites: EDSP 230 and 360.

Designed to prepare the teacher to work with pre-school children having handicapping conditions. Curriculum procedures involving perpetual-motor activities, prosthetic devices, and system approaches in special education featured.

EDSP 552. Learning Disabilities. (3-0-3); Examination of psychological, medical, and educational literature involved with survey, clinical, and experimental work concerning a specific learning disorder.

EDSP 553. Language Arts for Exceptional Students. (2-2-3); I, III. Prerequisites: EDSP 230, 350, 360 and 537 or consent of instructor. Designed to prepare the teacher of exceptional children in curriculum development and specialized procedures for teaching language arts, including reading, spelling, handwriting, language, and written composition.

EDSP 555. Prescriptive Teaching for Children with Learning and Behavior Problems. (2-2-3); I, III. Prerequisite: EDSP 230, 350, 360, 537 and 553 or 557, or consent of instructor. Transfer of educational assessment data into behavioral objectives, instructional planning for implementing such objectives, behavior management, techniques, methods and materials for instruction, and formative and terminal evaluation techniques for individuals with learning and behavior problems.

EDSP 556. Teaching the Trainable Mentally Handicapped. (2-2-3); II, III. Prerequisites: EDSP 547 and 350. Application of methods and materials for teaching trainable mentally handicapped. Construction and use of instructional aids to be used with handicapped individual.

EDSP 557. Content Areas and Career Preparation for Exceptional Students. (2-2-3); II, III. Prerequisites: EDSP 230, 350, 360, 537 or consent of instructor. Designed to prepare teacher of exceptional children in curriculum development and specialized procedures for teaching mathematics, content areas, and preparing students for vocations.

EDSP 558. Learning Disabilities Methodology. (2-2-3). Prerequisite: EDSP 552. Application of materials and methods (including construction of instructional aids) for teaching student with learning disabilities.

EDSP 581. Educational Statistics. (2-2-3); Introduction of statistical and graphical methods to educational and psychological logical data. Includes areas of descriptive and inferential statistics that apply to educational research.

EDSP 599. Workshop. (One to three hours); I, II, III. Supervised practice in working in specific areas of special education.

well-managed classroom. Emphasis on available options and alternatives in dealing with disruptive students in classroom.

Electricity-Electronics Technology

EET 140. Basic Electricity. (2-2-3); I, II. General course on the laws, theories, and applications of electricity. NON-MAJORS ONLY. Majors of electricity, electronics, or robotics should take EET 141. Lab required.

EET 141. Electrical Circuits. (2-2-3); I, II. Introduction to direct and alternating current circuits, including resistive, inductive, and capacitive components, reactance.

EET 213. Analog Devices and Circuits I, II. (2-2-3); I. Prerequisite: EET 241 or consent of the instructor. Physical properties, models, and basic circuit design of transistor and semiconductor devices.

EET 214. Analog Devices and Circuits I, II. (2-2-3); II. Prerequisite: EET 213. Continuation of EET 213. Study of analog semiconductor devices and their applications. Includes FET's, operational amplifiers, power amplifiers, and power supplies.

EET 215. Basic Control Systems. (2-2-3); I. Prerequisite: EET 141. Control of AC and DC loads in commercial and industrial applications. Course content will include the selection and application of control devices and control relays, and the design of control circuits using electromechanical devices and programmable controllers.

EET 240. Residential Wiring. (2-2-3); I, II. Prerequisite: EET 140, or EET 141, or consent of the instructor. Designing, planning, estimating, and methods of constructing electrical systems for single family dwellings. Based on most recent National Electrical Code. Lab required.

EET 241. Circuit Analysis. (3-0-3); II. Prerequisite: EET 141. Mathematical analysis of DC and AC circuits using Kirchhoff's laws, Thevenin's and Norton's theorems, determinants, polar-rectangular conversions, and vectors.

EET 243. Power Transformers and Distribution. (2-2-3); I. Prerequisite: EET 141 or consent of the instructor. The study of electrical power generation and distribution. Analysis of transformers and transmission lines, and methods of producing electrical power. Lab required.

EET 245. Digital Electronics. (2-2-3); II. Prerequisites: EET 241 or consent of the instructor. Functional and logical operation of digital circuits, including logic gates, combinational logic, multivibrators, counters and registers.

EET 343. Motors and Generators. (2-2-3); II. Prerequisite: EET 243 or consent of instructor. Characteristics, selection, and control of AC and DC motors, solenoids, and other commercial or industrial loads. Selection and application of control devices and relays. Design of control circuits using relay logic and programmable controllers. Lab required.

EET 344. Communications Circuits. (2-2-3); I. Prerequisite: EET 242 or consent of instructor. Radio frequency components and circuits, including passive and active devices, amplifier, oscillator, modulation, and detection circuits.

EET 345. Microprocessor Electronics. (2-2-3); I. Prerequisite: EET 245 or consent of instructor. Components and operation of a microprocessor system, including program counters, address counters, accumulators, arithmetic logic units, instruction decoders, controller-sequencers, and registers.

Education (Professional)

EDUC 222. Computing Tools for Educators. (3-0-3); I, II. An introduction to educational computing through lecture and directed hands-on computer activities. The course will focus on the computer as a tool for educators. No previous computer experience required.

EDUC 576. Reading in the Secondary School. (2-2-3); II, III. Emphasis is centered around instruction in junior high and high school. Materials are included for instruction and studies of administrative problems involved. (Laboratory experiences an integral part of course.)

EDUC 582. Discipline and Classroom Management. (3-0-3); I, II. Designed to provide assistance in establishing an organized,

EET 443. Industrial Electricity. (2-2-3); II. Prerequisites: EET 241 and EET 240 or consent of instructor. Design, theory, and wiring techniques for commercial and industrial applications. Multi-family dwellings, commercial buildings, and hazardous locations are some of the topics covered. Based on the most recent National Electrical Code. Lab required.

EET 444. Communications Systems. (2-2-3); II. Corequisite: EET 344 or consent of instructor. Radio transmitters, data communications, television, transmission lines and networks, and antennas.

EET 445. Computer Electronics. (2-2-3); II. Prerequisite: EET 345 or consent of instructor. Computer architecture, addressing modes, instruction sequence, memories, IO systems, AD systems, assemblers, interpreters, operating systems and microprocessor interfacing.

English

ENG. 090. Developmental Writing. (3-0-3). A placement composition course that reviews basic grammar, punctuation, and mechanics and emphasizes writing/revising for clarity and correctness. Does not satisfy the general education requirement in written composition.

ENG 099. Basic Writing Skills. (3-0-3). A placement composition course that reviews basic editing skills, gives students practice in writing from the sentence level to the whole essay, and emphasizes the related skills of reading, writing, and thinking. Does not satisfy the general education requirement in written composition.

NOTE: English 101 and 102 or 192, or English 103 are prerequisites for all other English courses.

ENG 101. Composition I. (3-0-3). Development of writing ability, basic problems of structure of language, frequent papers.

ENG 102. Composition II. (3-0-3). Continuation of ENG 101; emphasis on critical thinking; frequent papers, including a short research paper.

ENG 103. Composition III. (3-0-3). An advanced placement composition course which covers in one semester the essential material of ENG 101 and 102.

ENG 192. Technical Composition. (3-0-3). Continuation of 101, with emphasis on the writing of scientific-industrial directions, letters, and memos, abstracts, minor project reports, and the use of visual aids.

ENG 202. Introduction to Literature (3-0-3). Extensive reading in poetry, fiction, and drama, with emphasis on basic principles of literary evaluation. (Not recommended for English area, major, or minor students.)

ENG 211. Introduction to World Literature I. (3-0-3). Analysis of selected masterpieces of literature from the early Greeks to the Renaissance, with emphasis on ideas basic to the Western tradition.

ENG 212. Introduction to World Literature II. (3-0-3). Analysis of selected masterpieces of literature from the Renaissance to the present, with emphasis on ideas basic to the western tradition.

ENG 305. Introduction to Linguistics. (3-0-3). Introduction to the major areas of contemporary linguistics.

ENG 310. Introduction to Science Fiction. (3-0-3). Representative science fiction short stories and novels, mostly by British and American authors of the twentieth century; occasional films; independent reading.

ENG 315. Structure of English. (3-0-3). The structures of the English language from the perspective of descriptive and structural linguistics.

ENG 320. Women Writers and Feminist Perspectives. (3-0-3). Women writers of the nineteenth and twentieth centuries, their feminine vision and voice. Focus on primary works; attention given to feminist criticism in both theory and practice.

ENG 325. Religious Literature of the World. (3-0-3). The literature of the major religions of the world.

ENG 331. British Literature to 1750. (3-0-3). A survey of British literature from *Beowulf* through Dr. Johnson.

ENG 332. British Literature since 1750. (3-0-3). A survey of British literature from Wordsworth to the present.

ENG 341. American Literature to 1850. (3-0-3). A survey of American literature from its colonial beginnings to Whitman.

ENG 342. American Literature since 1850 (3-0-3). A survey of American literature from Whitman to the present.

ENG 344. The Short Story and the Novel. (3-0-3). Study of representative forms of the short story and the novel.

ENG 360. Appalachian Literature. (3-0-3). Regional literature including selected works by such major writers of the region as Harriette Arnow, Jesse Stuart, and Wilma Dykeman.

ENG 365. Literature of the South (3-0-3). Readings in the major representative Southern authors.

ENG 367. Old Testament Literature. (3-0-3). A critical study of the history and literature of the Old Testament.

ENG 368. New Testament Literature. (3-0-3). A critical study of the history and literature of the New Testament.

ENG 373. Introduction to Women's Studies. (3-0-3); I, II. Prerequisites: Completion of the (9 hour) general education requirement in English and Literature or consent of instructor. A survey course designed to develop student's awareness of women's literature, poetry, contributions to science, and history, as well as an introduction to feminist theory. Women scholars of all nations and races will be highlighted.

ENG 389. Honors Seminar in Literature. (3-0-3). Intensive analytical study of a technique, movement, theme, author, or genre. Restricted to Honors Program students.

ENG 391. Advanced Expository Writing. (3-0-3). Practice in the writing of expository prose, and long essays based on research.

ENG 393. History of the English Language. (3-0-3). The major developments in the evolution of English from an early Germanic dialect to its present form.

ENG 395. Poetry Writing (3-0-3). Prerequisite: ENG 202, 211, or 212. Instruction in poetry writing: structural principles, use of metaphor, image, detail, voice, rhythm, the line and other concerns of poetics. A writing workshop format with emphasis on poetry in the contemporary idiom.

ENG 396. Fiction Writing. (3-0-3). Prerequisite: ENG 202, 211, or 212. Instruction in fiction writing: plot, conflict, characterization, point of view, atmosphere and other concerns of contemporary fiction. Writing workshop format with emphasis on fiction in the contemporary idiom.

ENG 399. Special Courses. (1 to 3 hrs.). Prerequisite: variable. These courses are usually specialized offerings for the undergraduate student. The purpose of these courses is to enhance the existing program in English.

ENG 435. Shakespeare. (3-0-3). A study of selected comedies, histories, and tragedies in their historical and critical context.

ENG 436. The English Renaissance. (3-0-3). Selected literature from 1500 to 1600, including works by Skelton, Wyatt and Surrey, Sidney, Spenser, and Shakespeare (excluding his plays).

ENG 441. Restoration and Eighteenth Century British Literature. (3-0-3). Representative selections of English literature, including works by Dryden, Pope, Swift, Addison and Steele, and Johnson.

ENG 442. Romantic Writers. (3-0-3). Representative selections of English literature, including works by Wordsworth, Coleridge, Byron, Shelley, Keats, and the essayists.

ENG 443. Victorian Writers. (3-0-3). Representative selections of English literature, including works by Browning, Tennyson, Arnold, and Carlyle.

ENG 444. Twentieth Century British Literature. (3-0-3). Study of modern British literary genres.

ENG 466. American Poetry. (3-0-3). The development of American poetry from its beginning to the present, with emphasis on such poets as Bradstreet, Whitman, Dickinson, Frost, Eliot, and Stevens.

ENG 476. Directed Studies. (1 to 3 hrs.). Prerequisite: consent of the instructor and the department chair. This course is an independent study in English for the undergraduate English major. Before registering, the student must present in writing a suggested study and a justification for that study. Each request for the course will be considered on its own merits in relation to the special needs of the student.

ENG 499. Seminar: Major Writers. (3-0-3). Intensive study of one or more major figures in the literature of the world.

ENG 500. Studies in English for Teachers. (3-0-3). The philosophy, rationale, and content of English in American middle and high schools.

ENG 501. General Semantics. (3-0-3). Presents the problems of meaning as related to referential, distributional, and rational ways of encountering experience.

ENG 502. Non-print Literary Materials for Teachers 7-12. (3-0-3). Prerequisite: ENG 500 or consent of instructor. Student and faculty demonstrations of teaching the various literary genres; use of such appropriate non-print media as films, cassettes, and tapes to augment teaching effectiveness; and development of meaningful techniques of evaluating secondary school students of literature.

ENG 503. Teaching Writing. (3-0-3). Study of composition theory, research, and practice as applicable to the teaching and evaluation of writing for high school and college.

ENG 505. Linguistics: Grammar. (3-0-3). Principles of structural, transformational, generative, and tagmemic grammar.

ENG 528. Literary Criticism. (3-0-3). A survey of traditional criticism from the classical period to the twentieth century; or a study of modern criticism; the New Humanists, New Critics, Neo-Aristotelians, and various linguistics structuralists.

ENG 533. The English Novel. (3-0-3). Development of the English novel from its beginnings to the twentieth century.

ENG 534. Chaucer. (3-0-3). A careful reading and analysis of Chaucer's early poetry and the Canterbury Tales. Relevant aspects of medieval culture are also examined.

ENG 539. Milton. (3-0-3). Intensive reading of Milton's poetry and major prose.

ENG 544. American Folklore. (3-0-3). A study of such traditional oral forms as the proverb, tale, epic, ballad, and folk song.

ENG 545. Seventeenth Century British Literature. (3-0-3). English literature 1600-1660; Donne, Jonson.

ENG 552. Early Dramatic Literature. (3-0-3). Representative dramas from the Greeks to the mid-nineteenth century.

ENG 553. Modern Drama. (3-0-3). Representative dramas from the advent of realism to the present.

ENG 561. Studies in American Literary Periods. (3-0-3). The study of the writers and genres of an American literary period.

ENG 563. American Fiction. (3-0-3). The development of American fiction from Charles Brockden Brown to Faulkner.

ENG 570. Introduction to Film Literature. (3-0-3). An introduction to the study of film as literature with extensive reading in the history of film and viewing of selected film classics.

ENG 576. Directed Studies. (1 to 3 hrs.) Prerequisite: consent of the instructor and the department chair. This course is an independent study in English for the advanced undergraduate and the graduate English major. Before registering, the student must present in writing a suggested study and a justification for that study. Each request for the course will be considered on its own merits in relation to the special needs of the student.

ENG 583. Advanced Poetry Writing. (3-0-3). Prerequisite: completion of ENG 395 or 396, or approval of the instructor.

Advanced instruction in poetry writing: organic and traditional structures; tone and persona; the sentence and the line; the lyric, dramatic, narrative, and meditative stances; and other concerns of poetics. An intensive writing workshop format with emphasis on poetry in the contemporary idiom.

ENG 584. Advanced Fiction Writing. (3-0-3). Prerequisite: completion of ENG 395 or 396, or approval of the instructor.

Advanced instruction in fiction writing: plot, conflict, characterization, point of view, atmosphere and other concerns of contemporary fiction. Intensive writing workshop format with emphasis on contemporary fiction and the audience and market for literary fiction.

ENG 591. Technical Writing I. (3-0-3). Principles of analysis, process, and definition; progress, recommendation, and research reports; proposals and memoranda; visual aids; transitions, mechanics of clear and precise statement.

ENG 592. Technical Writing II. (3-0-3). Prerequisite: consent of instructor. Continuation of ENG 591.

ENG 596. Seminar in Creative Writing. (1-0-1). Prerequisite: ENG 395, 396, 593, or 594. Preparation of a manuscript of creative writing and revision for publication, with approval by instructor and another faculty member.

ENG 597. Technical Editing. (3-0-3). Prerequisite: ENG/JOUR 591 or permission of the instructor. Study of the practice and management of editing for technical, scientific, professional, and corporate reports and writings.

ENG 598. Logical Reasoning for Aptitude Examination. (3-0-3); on demand. Application of the language of logical reasoning and practical judgement in qualitative and quantitative aptitude examinations such as LAST, GRE, NTE, GBAT, GMAT, CTBS, ACT, and SAT. May not be used as an elective in any English program.

ENG 599. Special Courses. (1 to 3 hrs.). Prerequisites: variable. These courses are usually specialized offerings for the advanced undergraduate and the graduate student in English. The purpose of these courses is to enhance the existing program in English.

Finance

FIN 139. Cooperative Education I. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience in a field relevant to the student's career objective and academic preparation. Experience is usually analogous to a freshman level course. Not available for option credit.

FIN 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various finance subjects will be presented periodically to supplement the basic course offerings in finance. Credit toward degree programs must be approved by the student's advisor.

FIN 239. Cooperative Study II. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an extension of exposure gained in FIN 139 or of a nature similar to a sophomore status course. Not available for option credit.

FIN 252. Mathematics of Finance. (3-0-3); on demand. *Prerequisite: MATH 152.* Application of mathematical techniques for business and economic analysis. Topics covered include: interest annuities, amortization, sinking funds, bond valuation, and other relevant quantitative subjects.

FIN 264. Personal Finance. (3-0-3); on demand. Planning personal finance, financial statements, budgeting, managing financial and non-financial assets, taxes, insurance, and estate planning.

FIN 325. Bank Management. (3-0-3); on demand. *Prerequisite: ACCT 282, ECON 202.* Organization and operation of the commercial bank.

FIN 339. Cooperative Education III. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a junior level status. Not available for option credit.

FIN 342. Money and Banking. (3-0-3); on demand. *Prerequisite: ECON 201.* Origin, development, and functions of money; banking functions and processes; the Federal Reserve System and monetary policy.

FIN 343. Investments. (3-0-3); on demand. *Prerequisite: ECON 202.* Investment risks, security analysis, investment policy-making, both individual and institutional.

FIN 360. Business Finance. (3-0-3); I, II. *Prerequisites: ACCT 282, ECON 202, MATH 152 or equivalent.* Financial management, management of cash, receivables, inventories, plant assets, short-term debt, long-term debt, intermediate-term debt, owner's equity.

FIN 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various finance subjects will be presented periodically to supplement the basic course offerings in finance. Credit toward degree programs must be approved by the student's advisor.

FIN 407. Principles of Insurance. (3-0-3); on demand. *Prerequisite: ECON 202 and junior standing.* A general course in risk and insurance, including basic insurance concepts, legal principles, property and liability insurance, life and health insurance, and the insurance industry organization and operations.

FIN 439. Cooperative Education IV. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a senior level course. Not available for option credit.

FIN 443. Portfolio Analysis. (3-0-3); on demand. *Prerequisites: FIN 360, 343, and MATH 354.* Includes study of portfolio

theory, risk analysis, portfolio management. Applications including computer analysis of financial data stressed.

FIN 460. Advanced Business Finance. (3-0-3); on demand. *Prerequisites: FIN 360, ACCT 387, and MATH 354.* Includes intensive study of capital budgeting, cost of capital, capital structure, special topics in finance.

FIN 476. Special Problems in Finance. (1 to 3 hrs.); on demand. *Prerequisite: Completion of 21 hours in finance and/or economics with prior consent of the department chair.* This course is an independent study of finance problems of special interest. Students must present in writing a suggested problem and justification for the study prior to registration. Each request will be considered on its own merit in relation to the special needs of the student.

FIN 485. International Finance. (3-0-3); on demand. *Prerequisites: ECON 201 and 202 or equivalent or consent of instructor.* Includes the study of international finance markets, investments, and multinational corporations with emphasis on the operations of the multinational firm, foreign exchange and trade, banking and investment, and risk.

FIN 490. Seminar in Financial Theory and Practice. (3-0-3); II. *Prerequisites: FIN 360, 342 and 343 or equivalent.* Examination and application of contemporary financial theory and analysis. Study of classical literature and the evolution of contemporary financial theory. Examination of the role of events and institutions on the evolution of financial thought.

FIN 539. Cooperative Education V. (1 to 8 hrs.); on demand. *Permission of department chair required.* Work experience providing advanced specialized exposure in a career-related position. Available to upper division undergraduate and graduate students. Not available for option credit.

FIN 560. Financial Markets. (3-0-3); I. *Prerequisite: ECON 201 and 202 or equivalent.* Institutional and business factors that influence demand and supply of funds, effect on price movements, detailed analysis of money and capital markets.

FIN 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various finance subjects will be presented periodically to supplement the basic course offerings in finance. Credit toward degree programs must be approved by the student's advisor.

Fine Arts

FNA 160. Appreciation of the Fine Arts. (3-0-3); I, II, III. To make students aware of the relationship of the common core which permeates all the arts.

FNA 187-588. Opera Workshop. (0-2-1); I, II. An introduction to the techniques of musical theatre with emphasis placed on the integration of music and action-dramatic study of operatic roles.

French

FRN 101. Beginning French I. (3-0-3). Emphasis on developing communicative skills. Listening, speaking, reading, writing. Basic grammar and orientation to French culture. Video and audio components.

FRN 102. Beginning French II. (3-0-3). Continuation of 101. Use of four skills for effective communication in a variety of situations.

FRN 201. Intermediate French. (3-0-3). Continuation of 102. Increased emphasis on interactive language and grammatical competency.

FRN 202. Conversation and Composition. (3-0-3). Continuation of 201. Listening and reading for proficiency. Creative personal expression in speaking and writing.

FRN 203. Introduction to France. (3-0-3). Continuation of 202. Implementation of four skills into broad-based dialogue and discussion relating to all aspects of French culture and civilization.

FRN 301. Advanced Grammar and Composition. (3-0-3). *Prerequisite:* FRN 202 or permission of instructor. In-depth analysis of grammatical structures and stylistics. Writing practice in a variety of styles and modes, emphasizing clarity and expression.

FRN 302. Advanced Phonetics and Conversation. (3-0-3). *Prerequisite:* FRN 202 or permission of instructor. In-depth analysis of phonology and articulation. Speaking practice in a variety of styles, emphasizing corrective pronunciation and fluency.

FRN 303. Survey of French Literature I. (3-0-3). *Prerequisite:* FRN 202 or permission of instructor. A survey of major works and authors in French literature up to 1750, including the following periods: Medieval, Renaissance, Baroque, Classicism, and Enlightenment.

FRN 304. Survey of French Literature II. (3-0-3). *Prerequisite:* FRN 202 or permission of instructor. A survey of major authors from the French Revolution to the present, including the following movements: Pre-Romanticism, Romanticism, Realism, Symbolism, Modernism, Surrealism, Existentialism, Absurdism, and Post-Modernism.

FRN 402. Advanced French Conversation. (1-0-1); I, II. *Prerequisite:* FRN 301 or permission of instructor. Analysis and imitation of native speech patterns. Practice in aural/oral communication for a variety of situations. May be repeated 3 times for credit.

FRN 403. Seminar in French Literature I. (3-0-3). *Prerequisite:* FRN 303 or 304 or permission of instructor. A seminar on an author, genre, or period in Medieval or Early Modern French literature (up to 1750). May be repeated two times for credit.

FRN 404. Seminar in French Literature II. (3-0-3). *Prerequisite:* FRN 303 or 304 or permission of instructor. A seminar on an author, genre, or period in modern French literature (after 1750). May be repeated two times for credit.

FRN 405. Linguistics and Language Teaching. (3-0-3). For French teaching majors and minors. Discussion of current pedagogical trends. Student presentations of micro-lessons on four skills, grammar, literature, and culture.

FRN 476. Directed Studies. (1 to 3 hrs.). *Prerequisite:* Consent of the instructor and the department chair. This course is a directed study in French for undergraduate French majors. Each request for the course will be considered on its own merits in relation to the special need of the student.

FRN 550. Reading French I. (3-0-3). *Prerequisite:* Permission of the instructor. Intensive practice in reading of the French language, with rapid and correct idiomatic translation as the aim.

FRN 551. Reading French II. (3-0-3). *Prerequisite:* FRN 550 or permission of the instructor. Intensive practice in reading of the French language, with rapid and correct idiomatic translation as the aim.

FRN 576. Directed Studies. (1 to 3 hrs.). *Prerequisite:* Consent of the instructor and the department chair. This course is a directed study in French for the advanced undergraduate and the graduate student. Each request for the course will be considered on its own merits in relation to the special needs of the student.

FRN 599. Special Courses. (1 to 3 hrs.). *Prerequisites:* Variable. These courses are usually specialized offerings in French for the advanced undergraduate and graduate student. The purpose of these courses is to enhance the existing program in French.

Geography

GEO 100. Fundamentals of Geography. (3-0-3); I, II, III. Man's varied responses and adjustments to his natural and cultural environment; human activity within major regions of the world. Basic to further study in geography.

GEO 101. Physical Geography. (3-0-3); I Physical elements of the earth and their distribution; weather, climate, landforms, earth materials, water resources, and natural vegetation analyzed and interpreted as elements of human habitation; correlated field trips and laboratory studies.

GEO 211. Economic Geography. (3-0-3); II. World commodities and their regional distribution. Analysis of land uses, agriculture, manufacturing, and extractive industries against a background of natural cultural environments; consideration of economic factors in current international affairs.

GEO 241. United States and Canada. (3-0-3); I. Major land-use regions of the United States and Canada, their physical and cultural landscapes.

GEO 300. World Geography. (3-0-3); I, II. A general survey of the human and physical geography of the major regions of the world. Emphasis is on the interaction between man and his environment in various environmental settings.

GEO 310. Australia. (3-0-3); on demand. Resources of Australia, New Zealand, and islands of the Pacific; significance of position and political connection of these lands.

GEO 319. Middle America. (3-0-3); on demand. Mexico, the Central American Republics, and the islands of the Caribbean; emphasis upon cultural and historical traditions.

GEO 320. South America. (3-0-3); on demand. Regional analysis on national and continental basis with treatment of the physical, cultural, and economic characteristics; stress upon prospects of expansion for settlement, development of resources, and growth of industries.

GEO 328. Africa. (3-0-3); on demand. Resources, both natural and cultural; changing political conditions and affiliations of African countries, recognition of, and reasons for, the growing importance of this continent in world affairs.

GEO 331. Europe. (3-0-3); on demand. Geographic factors in the economic, social, and political structure of Europe; emphasis on natural regions, resource distribution, and industrial development.

GEO 341. Appalachia. (3-0-3); on demand. A geographic analysis of the various physical and human elements of the Appalachian Highlands. Emphasis is placed on the relationship of the physical environment to man's activities in the region.

GEO 344. Kentucky. (3-0-3); on demand. Physiographic divisions and subdivisions; interpretations of natural features; occupations and land use; a survey of political units and consideration of traditions and potentialities.

GEO 349. Cartography I. (3-0-3); on demand. History of map-making; properties and qualities of maps; characteristics of map projections; construction of basic projections; basic techniques of mapping spatial data.

GEO 350. Cartography II. (3-0-3); on demand. Prerequisite: GEO 349. Selection of source material for the base and body of the map; mechanical reproduction; construction of complex projections; basic aerial photo interpretation; field mapping techniques and practice.

GEO 360. Physiography of the United States. (3-0-3); on demand. Prerequisite: *Physical geography or geology.* Description and detailed analysis of the physiographic provinces. An explanation and interpretation of surface features and their evolution.

GEO 366. Political Geography. (3-0-3); II. A study of principles and concepts of political geography and their application to understanding the variation of political phenomena from place to place on earth. See GOVT 372.

GEO 375. The Teaching of Social Studies. (3-0-3); I. Prerequisite: *Open only to majors and minors in the social sciences with a minimum of 18 credit hours.* This course will demonstrate methods for organizing a teaching unit, using original courses, developing critical thinking, facilitating inquiry learning, integrating the social studies, and evaluating student performance. (Does not count in a major or minor.)

GEO 383. Asia. (3-0-3); on demand. The man-land relations characterizing this large and diverse region. An evaluation of a continent in the midst of change in terms of geographic potentials.

GEO 390. Weather and Climate. (3-0-3); I, II. Introduction to the physical elements of weather and climate; classifications of types and their distribution, with particular reference to the effects of climate on the earth's physical and cultural landscapes.

GEO 399. Selected Topics in Geography. (1-4 hours); on demand. Special courses which supplement regular course offerings. May be repeated if the subtitle indicates a different course is being offered. Additional prerequisites, if any, will depend upon the course offered.

GEO 476. Special Problems. (1-3 hours); on demand. Prerequisite: *Consent of instructor.* Research project or directed readings on a special topic developed with the instructor.

GEO 500. Soviet Union. (3-0-3); on demand. Systematic and regional study, with special attention given to the resource base. Appraisal of the agricultural and industrial strengths of the country; consideration of the effects of governmental policy and economic growth.

GEO 502. Geographic Factors and Concepts. (3-0-3); on demand. A general survey of the various aspects of the field of geography. Designed for beginning teachers and students not having a background for work in geography.

GEO 505. Conservation of Natural Resources. (3-0-3); I, II, III. Natural resources basic to human welfare; emphasis on lands, water, minerals, forests, and wildlife, including their relationships. Field trips are required.

GEO 510. Urban Geography. (3-0-3); on demand. Origin and development of cities, urban ecology, central place theory, functional classifications, and a consideration of site, situation, and land utilization of selected cities.

GEO 540. World Manufacturing. (3-0-3); on demand. Interpretive analysis of the distribution and function of selected manufacturing industries; location theory, trends in regional industrial changes.

GEO 550. Geography for Teachers. (3-0-3); on demand. A study of the basic concepts, materials, and techniques for the teaching of geography.

GEO 590. Applied Meteorology. (3-0-3); on demand. Prerequisite: GEO 390. Weather elements, emphasis on meteorological skills; application to industrial, aviation, maritime and military needs.

GEO 599. Selected Topics in Geography. (1-4 hours); on demand. Special courses which supplement regular course offerings. May be repeated if the subtitle indicates a different course is being offered. Additional prerequisites, if any, will depend upon the course offered.

Geoscience

GEOS 100. Physical Geology. (0-2-1); I, II, III. An introductory study of common minerals, rock classes, and topographic and geologic maps.

GEOS 107. Introduction to Geoscience. (3-0-3); I, II, III. A general survey of earth; its astrogeological setting, its fluid portion, its solid part, its active processes, its history, the role of geology in preserving earth's resources. See SCI 107.

GEOS 199. Selected Topics. (1 to 6 hrs.); on demand.

***GEOS 200. Coal Mining Geology. (3-0-3); I. Prerequisite:** GEOS 100. A study of coal and coal-bearing rocks together with the application of geologic techniques of surface and underground mining.

GEOS 201. Historical Geology. (2-2-3); II.* Prerequisites: GEOS 100 and 107. Physical events in the earth's history; structure of sedimentary facies of each major stratigraphic subdivision; fossil record from the Precambrian period.

GEOS 239. Cooperative Education. (1 to 8 hrs.); I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

GEOS 240. Oceans. (3-0-3); I. An elective semi-technical course providing a broad general background in the biological, chemical, physical, and geological aspects of oceans and ocean basins; various types of pollution and future economic potentials of the oceans.

GEOS 262. Mineralogy. (2-4-4); II in alternate years. Prerequisites: GEOS 100 or CHEM 102 or 112. Physical and chemical properties of minerals, chemical, optical, and X-ray methods of identification; systematic survey of common mineral groups.

***GEOS 276. Geologic Methods. (2-2-3); I*. Prerequisites:** GEOS 201 or permission of instructor. Emphasis on basic laboratory and field techniques and instruments relevant to geologic studies.

GEOS 299. Selected Topics. (1 to 6 hrs.); on demand.

GEOS 300. Petrology. (3-2-4); II in alternate years. Prerequisite: GEOS 262 or permission of instructor. Modes of occurrence and origin in igneous, sedimentary and metamorphic rocks in relation to geologic processes; methods of identifying and classifying rocks.

GEOS 315. Stratigraphy and Sedimentation. (2-4-4); I in alternate years.* Prerequisite: GEOS 201 or 510. Geologic correlation of stratal units; facies analyses, systematic analysis of sedimentary rocks, and biostratigraphic studies.

GEOS 325. Structural Geology. (3-2-4); **I in alternate years.*** *Prerequisites:* GEOS 201 and MATH 141 (or its equivalent). Mechanical properties of rocks and dynamics of rock deformation. Folds, faults, joints, cleavage, igneous structures.

GEOS 339. Cooperative Education. (1 to 8 hrs.); **I, II, III.** Participation in supervised work experience in a professional environment. Department approval is required.

***GEOS 350. Geomorphology.** (2-2-3); **II in alternate years.** *Prerequisite:* GEOS 107 or GEO 100. Land surfaces; topographic form and geologic history; morphologic analysis.

GEOS 376. Environmental Geology. (3-0-3); **II*.** *Prerequisite:* GEOS 100. Man's relationship to the geological environment. Geological hazards; mineral resources and the environment; urban geology.

GEOS 379. Invertebrate Paleontology. (2-4-4); **I in alternate years.*** *Prerequisites:* GEOS 201, BIOL 210 or GEOS 410. Invertebrate animals, their morphology, classification, paleoecology, phylogeny, and stratigraphic succession; faunal assemblages and research techniques.

GEOS 399. Selected Topics (1 to 6 hrs.); **on demand.**

GEOS 410. Geological History of Plants and Animals. (2-2-3); **on demand.*** *Prerequisites:* BIOL 210 and 215 or GEOS 201. The evolutionary history of plants and animals throughout geological time.

GEOS 413. Micropaleontology. (2-2-3); **on demand.*** *Prerequisite:* GEOS 201. Collection, preparation, microscopic investigation, classification, paleoecology, and stratigraphic succession of microfossils.

GEOS 415. History of Geology. (2-0-2); **on demand.** Development of geological thought; important men and their contributions to our knowledge of the earth.

GEOS 420. Optical Mineralogy. (2-2-3); **I.** *Prerequisite:* GEOS 262 or permission of instructor. Behavior of light in isotropic and anisotropic minerals. Identification of minerals with polarizing microscope.

GEOS 439. Cooperative Education. (1 to 8 hrs.); **I, II, III.** Participation in supervised work experience in a professional environment. Department approval is required.

***GEOS 450. Economic Geology.** (3-0-3); **on demand.** *Prerequisites:* GEOS 262 or consent of the instructor. Formation and occurrence of major metallic and nonmetallic mineral deposits of the world.

GEOS 476. Special Problems. (1 to 6 hrs.); **I, II, III.** *Prerequisite:* consent of instructor. Topic to be approved prior to registration.

GEOS 499. Selected Topics (1 to 6 hrs.); **on demand.**

GEOS 599. Selected Topics (1 to 6 hrs.); **on demand.**

**Field trip required or recommended.*

German

GER 101. Beginning German I. (3-0-3). Fundamentals of structure: basic vocabulary, reading, writing, pronunciation and some conversation.

GER 102. Beginning German II. (3-0-3). A continuation of GER 101.

GER 201. Intermediate German I. (3-0-3). A review of grammar and pronunciation, with emphasis on reading of contemporary writings.

GER 202. Intermediate German II. (3-0-3). *Prerequisite:* GER 201. A continuation of GER 201.

GER 203. Expository German. (3-0-3). Techniques of reading for accurate information in expository writing in the natural and social sciences and the humanities.

GER 301. Grammar and Conversation. (3-0-3). Further development of language skills. Extensive experience in the language laboratory is required.

GER 302. Composition and Conversation. (3-0-3). A continuation of GER 301 with greater emphasis on stylistics.

GER 303. Advanced Expository German. (3-0-2). Extensive reading in the contributions of the German-speaking world to the fine arts, business, and special and exact sciences.

GER 310. The German Novelle. (3-0-3). The Novelle from Goethe to the present.

GER 311. German Literature to 1880. (3-0-3). A general of German literature from old High German to Hebbel and Ludwig.

GER 312. German Literature since 1880. (3-0-3). A survey of German literature from Hauptmann to the present.

GER 320. German Literature from 1750 to 1800. (3-0-3). A survey of the literature of Germany in the latter half of the eighteenth century.

GER 330. The German Lyric. (3-0-3). An intensive study of German lyric poetry from 1730 to the present.

GER 405. Linguistics and Language Teaching. (3-0-3). For German minors. Seminar for minors in various foreign languages; requires projects appropriate to the specialty of each.

GER 420. German Drama of the Nineteenth Century. (3-0-3). Major representative plays and their background.

GER 440. Literature of the Twentieth Century. (3-0-3). Major modern German writers.

GER 480. Independent Study. (3-0-3). A close reading of selected texts for their literary merit. Open only to students minor-ing in German. May be repeated once for credit.

Government

GOVT 141. United States Government. (3-0-3); **I, II, III.** A study of the Constitution; public opinion, interest groups, and political parties; the organization and operation of the national government; and domestic and foreign policy.

GOVT 242. State and Local Government. (3-0-3); **I, II.** A study of the nature, organization, powers, and functions of American state and local governments.

GOVT 312. Western Political Thought. (3-0-3); **I.** A study of the political ideas of ancient, medieval, and modern political thinkers including Plato, Aristotle, Machiavelli, Hobbes, Montesquieu, Lock, Rousseau, Mill, and Marx.

GOVT 314. American Political Thought. (3-0-3); **II in alternate years.** *Prerequisite:* GOVT 141. A study of the formation, evolution, and current character of American political ideas with particular emphasis on the major political thinkers and their ideas in shaping the structure of political life.

GOVT 316. Contemporary Political Ideologies. (3-0-3); **II in alternate years.** *Prerequisites:* GOVT 141. A study of the doctrines of liberalism, conservatism, socialism, fascism, and anarchism as political ideas, their major proponents, and their use as tools of political action.

GOVT 321. Constitutional Law: Governmental Powers. (3-0-3); I. Prerequisites: GOVT 141. A study of the development, origins, and current character of the U.S. Constitution, with particular attention to separation of powers and federal-state relations.

GOVT 322. Courts and Civil Liberties. (3-0-3); I, II. Prerequisite: GOVT 141. A study of the federal and state court systems and of the Bill of Rights and the Fourteenth Amendment, with particular attention to questions of freedom of speech, religion, and association; due process of law; privacy; and discrimination.

GOVT 324. Environmental Law and Policy. (3-0-3); I. Prerequisite: GOVT 141 or consent of the instructor. A study of the political and legal aspects of major environmental policies including the Clean Air Act, the Clean Water Act, and the Endangered Species Act. **GOVT 326. Street Law. (3-0-3); II. A subtitle of practical criminal and civil law which every citizen should know. This course may not be taken for Paralegal Studies credit.**

GOVT 327. Legal Research and Writing. (3-0-3); I, II. Prerequisite: GOVT 141 or PLS 210 or consent of the instructor. A study of legal materials, the development of research techniques, and case and statutory analysis with extensive practice in writing legal memoranda and briefs for trial and appellate practice. (Paralegal Studies students are encouraged to take both GOVT 141 and PLS 210 prior to this course in order to maintain the recommended course sequence.)

GOVT 330. Parliamentary Democracies. (3-0-3); I. A study of the constitutional development, political organization, legislatures, administration, and courts of the governments of the United Kingdom, France, and Germany.

GOVT 334. Russia and Eastern European Governments. (3-0-3); II. A study of the Soviet political system; its ideological base, governing structures, and political processes; and an analysis of the major Eastern European governments and their political life.

GOVT 336. Politics of the Non-Western World. (3-0-3); on demand. A study of contemporary political institutions and the dynamics of the political process in Latin America, Africa, Middle East, and Asia. The geographical areas and nations studied may vary each semester.

GOVT 341. Political Behavior. (3-0-3). On demand. Prerequisite: GOVT 141 or consent of the instructor. A study of mass and elite political behavior including political socialization, attitudes, and opinions; voting behavior; and government decision making.

GOVT 343. Political Parties and Elections. (3-0-3); I in alternate years. Prerequisite: GOVT 141 or consent of the instructor. A study of the nature and role of parties and interest groups; party structure and development, functions of primaries, nomination system and campaign methods, and policy making.

GOVT 344. Kentucky Government. (3-0-3); I. In alternate years. Prerequisite: GOVT 242 or consent of the instructor. A study of the nature, organization, powers, and functions of Kentucky state government.

GOVT 345. Appalachian Politics. (3-0-3). II in alternate years. Prerequisite: GOVT 242 or consent of the instructor. A study of the politics and institutions of the Appalachian region.

GOVT 346. Congress, the Presidency, and Bureaucracy. (3-0-3); I. Prerequisite: GOVT 141. A study of Congress, the presidency, and executive bureaucracy emphasizing the nature of their institutional development, organization, and interrelationships in struggle for power.

GOVT 347. American Public Policy. (3-0-3); II. Prerequisite: GOVT 141. A study of major national domestic and foreign

policy problems, including health, education, labor, transportation, defense, and national security, focusing on their nature, formulation, implementation, and impact.

GOVT 349. Black Politics. (3-0-3); II in alternate years. Prerequisites: GOVT 141 or consent of the instructor. A study of twentieth century Black political thought and the nature of Black legal and political action with particular emphasis on the Civil Rights Movement and political conflicts over racial equality in education, public accommodations, voting, housing, and employment.

GOVT 351. Public Administration. (3-0-3); I. Prerequisite: GOVT 141 or consent of the instructor. A study of the historical evolution, theory of organization and administration, and the personal, financial, and legal aspects of public administration.

GOVT 353. Public Personnel Administration. (3-0-3). On demand. Prerequisite: GOVT 351 or consent of the instructor. A study of personnel utilization; concepts, principles and practice of the merit system; leadership; decision-making processes; and motivation of public employees.

GOVT 360. United Nations and World Organizations. (3-0-3); II. A study of the evolution of international organizations from the League of Nations to the United Nations and of the contemporary problems and issues of present world organizations.

GOVT 362. Current World Problems. (3-0-3); I, III. A study of major international problems since World War II with emphasis on Soviet-American relations, regional political conflicts, and major world issues including food, population, and human rights policies.

GOVT 364. International Relations. (3-0-3); I. Prerequisite: GOVT 141 or consent of the instructor. A study of international relationships in theory and practice; concepts of power and its application; machinery of foreign policy making and implementation; world politics and law; and the world community.

GOVT 372. Political Geography. (3-0-3); II. A study of the principles and concepts of political geography and their application to an understanding of political phenomenon world wide. See GEO 366.

GOVT 373. Introduction to Women's Studies. (3-0-3); I, II. Prerequisites: Completion of the (9 hour) general education requirement in English and Literature or consent of instructor. A survey course designed to develop students' awareness of women's literature, poetry, contributions to science, and history, as well as an introduction to feminist theory. Women scholars of all nations and races will be highlighted.

GOVT 375. Teaching of Social Studies. (3-0-3); I. See History 375.

GOVT 389. Honors Seminar. (3-0-3); on demand. Prerequisite: open only to juniors and seniors in the honors program. An analysis and discussion of political ideas, institutions, and policies. Topics will vary from semester to semester.

GOVT 399. Selected Topics in Government. (3-0-3); on demand. Prerequisites, if any, will depend upon the course offered. Special courses which supplement regular course offerings. May be repeated if the subtitle indicates a different course is being offered.

GOVT 476. Special Problems in Government. (1-3 hours); on demand. Prerequisite: Consent of the instructor and Senior standing. Original research project or readings in a particular subject area of government and politics. Open only to Government majors and minors with senior standing.

GOVT 492. Washington Center Seminar Program. (3 hours); I, II, III. Prerequisites: GOVT 141, GOVT 346, and

Junior standing. A two week intensive study course in Washington, DC during January, May, or August on major current legal, political, domestic and foreign policy issues. Prior approval of chair is required.

GOVT 494. Washington Center Internship Program. (15 hours); I, II, III. Prerequisites: GOVT 141, GOVT 346, and *Junior standing*. A semester-long work-study experience in a congressional or administrative agency office in Washington, DC. Prior approval of chair is required. Only 6 semester hours of this internship may be used in satisfaction of Government major or minor elective credit.

GOVT 496. Frankfort Legislative Intern Program. (15 hours). Five months of work study experience with the Kentucky General Assembly during its biennial sessions. Open to all MSU students, but the selection of interns will be made by program personnel. Prior approval of chair is required.

GOVT 498. Local, State, and National Government Internship. (3 hours); on demand. Prerequisites: GOVT 141 and *Junior standing*. GOVT 242 for state and local internships. A supervised work-study experience in local, state, and national government. Prior approval of chair is required.

GOVT 576. Directed Study in Government. (1-3 hours); on demand. Prerequisites: *Consent of the instructor and Senior or Graduate standing*. Original research project or readings in a particular subject area of government and politics.

GOVT 599. Selected Topics in Government. (3-0-3); on demand. Prerequisites: *Consent of the instructor and Senior or Graduate standing*. Special courses which supplement regular course offerings. May be repeated if the subtitle indicates a different course is being offered. Additional prerequisites, if any, will depend upon the course offered.

Graphics Communications Technology

GCT 102. Graphic Arts I. (1-4-3); I. A survey course covering the broad practices, techniques and problems of the graphic arts industry. Study and experience include history, design and layout, composition methods, image reproduction, screen process and bindery applications.

GCT 103. Technical Drawing I. (1-4-3); I, II. A study of the principles and techniques of communicating ideas by means of graphic representation.

GCT 202. Graphic Arts II. (1-4-3); II. Prerequisite: GCT 102. An advanced course for students to apply the principles and competencies developed in the initial course. Units include automatic press operation (letter-press and offset), bindery operations, and darkroom procedures for photography and photographic screen process applications to the graphic arts industry.

GCT 203. Technical Drawing II. (1-4-3); I, II. Prerequisite: GCT 103. Breadth and depth are derived from the background of principles and techniques developed previously in technical drawing. Focus on working drawings.

GCT 204. Descriptive Geometry. (2-2-3); I. Prerequisite: GCT 203. The historical and theoretical background for technical drawing and the study of graphic problem solving.

GCT 215. Computer Aided Drafting. (1-4-3); I, II. Prerequisite: GCT 103. The study and application of producing 2 and 3 dimensional drawings on different CAD systems. Costs, software applications, advantages and disadvantages of a CAD system are also discussed.

GCT 301. Tool Layout and Design. (2-2-3); I (EVEN). Prerequisite: GCT 203. The layout and design of machine tool jigs and fixtures in working drawing format.

GCT 302. Offset Lithography. (1-4-3); II. The study of the history and fundamentals of photo offset lithography in the graphic arts industry. Experience is achieved in copy (hot or cold type), darkroom procedures (line copy and halftone film developing), stripping/plate making, press operation, and other facets relating to the industry.

GCT 303. Technical Illustration. (2-2-3); II. Prerequisite: GCT 103. A study of the principles, practices and techniques used in industry to illustrate complex mechanisms in pictorial form.

GCT 305. Housing. (2-2-3); on demand. Prerequisite: GCT 103 or *consent of instructor*. Instruction centers around the problems, practices, and techniques of the housing industry, including historical development. Focus is residential design/drafting.

GCT 315. Computer Aided Design. (1-4-3); II. Prerequisites: GCT 103, 203, and 215. Content will include advanced dimensioning techniques, utilization of attributes, 3-D design and modeling, illustration, presentations, simulation, and programming.

GCT 322. Photography. (1-2-2); on demand. Introductory course emphasizing the techniques and mechanics of photography as they apply to composition and darkroom procedures. Students will provide their own equipment and supplies (focusing camera, film, and enlarging paper).

GCT 350. Machine Composition I. (1-4-3); on demand. Prerequisite: *Consent of instructor*. An introductory course of theory and practical involvement relating to computer image generated type styles and sizes as indicated on a properly prepared layout of the job elements. The course will cover background of direct entry, VDT, and newer machine principles as they are marketed and available to the graphic arts industry.

GCT 351. Graphic Duplication. (1-2-2); on demand. Prerequisite: *For industrial education majors*, GCT 202. A survey of the use of various methods and devices of the graphic arts currently used in the typical office or in-plant reproduction center. Experience will be gained in the preparation of direct and indirect methods of producing graphic images.

GCT 403. Machine Drawing and Design. (2-2-3); I odd. Prerequisite: GCT 301. Mathematical and graphic solution of problems involving the principles of machine elements. A study of motion of linkages, velocities, and acceleration of points within a link mechanism; layout methods for designing cams, belts, pulleys, gears and gear trains.

GCT 404. Architectural Drawing. (2-2-3); on demand. Prerequisite: GCT 305. A technical course covering the fundamental principles, techniques, and practices of architecture. Emphasis on commercial.

GCT 450. Machine Composition II. (1-4-3); on demand. Prerequisite: GCT 350. A continuation/follow-up to GCT 350—Machine Composition I, concentrating on the advanced commands and intricate facets of computer image generated copy. A live job involvement to simulate an actual industrial experience in the classroom environment is the core of learning.

Health

HLTH 150. Personal Health. (2-0-2); I, II, III. (Course not accepted as credit toward a major or minor.) Required for all education students. Emphasis upon wellness and developing self-responsibility for achieving a healthful lifestyle.

HLTH 160. Introduction to Health. (3-0-3); II, III. History, philosophy, principles, dimensions, evaluation and future of the profession of health.

HLTH 203. Safety and First Aid. (3-0-3); I, II, III. Safety education and first aid care for victims of accident or sudden illness.

HLTH 205. Mental Health. (3-0-3); II. *Prerequisite:* PSY 154. Models of man, philosophy of life, standards of mental health, social factors in mental illness, stress and its effect, parent-child relations, and school problems.

HLTH 206. Principles of Nutrition. (3-0-3); I, II. (Same as HEC 201.)

HLTH 300. Health in the Elementary School. (2-1-2); I. Elementary school health program; educational theory and methods as applied to health teaching on elementary school level. (Laboratory experiences are an integral part of course.)

HLTH 301. Health, Safety, and Nutrition for Early Elementary. (2-0-2); I, II, III. *Prerequisite:* HLTH 150. Focuses upon content, materials, and methodologies for teaching young children the principles and practices of health care, safety, and good nutrition.

HLTH 303. Community Health. (3-0-3); II, III. *Prerequisite:* HLTH 150 or HLTH 160. Foundations of health as applied to the community: population, health promotion, health protection, health services.

HLTH 304. Health in the Secondary School. (2-1-2); II. *Prerequisite:* Admission to the teacher education program. Secondary school health program, educational theory and methods as applied to health teaching on secondary school level. (Laboratory experiences are integral part of course.)

HLTH 310. Health and Wellness Promotion. (3-0-3); I, II, and III (alternate). Emphasis on the study of the continual balancing of the different dimensions and the dynamic pursuit of holistic human needs—physical, spiritual, social, emotional, intellectual and occupational.

HLTH 360. Family Health. (3-0-3); II. Family and family living; nature of family, love, marriage preparation, marriage, parent-hood issues.

HLTH 415. Issues in Health. (3-0-3); II. An overview of the major health issues throughout history with emphasis upon the Twentieth Century.

HLTH 419. Emergency Medical Techniques. (5-1-6); III. *Prerequisite:* HLTH 203. Development of skills in recognition of symptoms of illness and injury and proper procedures of emergency care. Reliance placed heavily upon demonstration and practice as teaching method. (Laboratory experiences are integral part of course.)

HLTH 475. The School Health Program. (3-0-3); I. All aspects of elementary and secondary level school health: philosophy, organization and administration, environment, services, education, evaluation, the school child..

HLTH 477. Field Experience in Health. (0-6-3); I, II, III. *Prerequisite:* HLTH 303. On-site work experience in a community health setting under qualified supervision. (Laboratory experiences are integral part of course.)

HLTH 508. General School Safety. (3-0-3); I, II, III. *Prerequisite:* Senior or graduate classification. Review of principles and practices in establishing and maintaining a healthful and safe school environment.

HLTH 518. Use and Abuse of Drugs. (3-0-3); I, II, III. Designed to survey field of psychoactive drugs with emphasis upon behavioral effects of these agents.

HLTH 576. Special Problems in Health. (1 to 3 hrs.); I, II, III. *Prerequisite:* Senior or graduate classification. Intensive study of an approved, specific health problem, under direction of instructor.

HLTH 599. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in health. May be repeated in additional subject areas. A maximum of six semester hours may be earned under this course number.

History

HIS 130. Man and His World. (3-0-3); I. Man throughout history; his socioeconomic, cultural, and political contributions within his environment and his relationship with others. (Open only to elementary and special education majors).

HIS 131. Intro. to Civilization I. (3-0-3); I, II, III. From early man to the end of the religious wars.

HIS 132. Intro. to Civilization II. (3-0-3); I, II, III. From the Age of Reason to the Atomic Age.

HIS 140. Progress of American Democracy. (3-0-3); II. This course traces the concept of democracy from the frontier in colonial America to the cities of modern times. (Open only to elementary and special education majors).

HIS 141. Intro. to Early American History. (3-0-3); I, II, III. A survey of the basic tenets of American life from the Age of Discovery to the War Between the States.

HIS 142. Intro. to Recent American History. (3-0-3); I, II, III. A continuation of History 141, culminating with today's social and economic problems.

HIS 320. America in the Nuclear Age. (3-0-3); on demand. The diplomatic history of the United States since the start of the atomic age in 1945. The focus upon the relations of the superpowers, America and the Soviet Union, as they engage in an evermore dangerous nuclear arms race.

HIS 324. The New South. (3-0-3); on demand. A study of the origins of the twentieth century South.

HIS 325. The Old South. (3-0-3); on demand. The growth of southern sectionalism and the development of regional characteristics.

HIS 326. The Civil War and Reconstruction. (3-0-3); II. The role of the Southern states in the rebirth of the American nation.

HIS 327. The Negro in American History. (3-0-3); on demand. The origin of African slavery in America to its demise in the Civil War.

HIS 328. The Negro Faces Freedom. (3-0-3); on demand. The revolt of the American Negro in an effort to make legal freedom an actuality and to gain a position in the life of the nation.

HIS 329. Genealogy and Family History. (3-0-3); on demand. The techniques of tracing ancestors, combined with a study of the "common man," thus individualizing American history.

HIS 330. Ancient History. (3-0-3); I. The earliest civilizations of the Nile and Fertile Crescent through the classical age of Greece and Rome.

HIS 331. Historical Background of the Bible. (3-0-3); on demand. Consideration of the Bible as the most important single source for the study of ancient Mediterranean history and cultures and the foundation of Western Civilization.

HIS 332. Christianity and Its World. (3-0-3); on demand. A study of the relationship between Christianity and its environment from its origins to the present.

HIS 333. Medieval Europe. (3-0-3); on demand. Western man from the collapse of Rome to the Renaissance of the sixteenth century.

HIS 334. The Renaissance and Reformation. (3-0-3); on demand. A social and intellectual history of the beginning of the modern world.

HIS 335. Revolutionary Europe, 1648-1815. (3-0-3); on demand. Europe from the Age of Absolutism to the overthrow of the Napoleonic Empire.

HIS 338. Nineteenth Century Europe. (3-0-3); on demand. The politicalisms, nationalistic trends, and unification movements leading to World War I.

HIS 342. The Age of Jackson. (3-0-3); on demand. Analysis of national, political, and social movements of our westward trek, when America sought compromise and found Civil War.

HIS 343. History of Appalachia. (3-0-3); II. A study in historical perspective, of the people who have resided in and events that have taken place along the spine and slopes of the Appalachian mountains.

HIS 344. A History of Kentucky. (3-0-3); I, III. Colonial birth to the creation of the Commonwealth, with emphasis upon its constitutional and social development.

HIS 345. The American Frontier. (3-0-3); II. The Westward Movement in the shaping of American life and institutions.

HIS 346. Violence in America. (3-0-3); on demand. An analysis of a series of primary and secondary sources that illustrate political, economic, racial, ethnic, personal, and terrorist violence in America.

HIS 347. The American Indian. (3-0-3); II. The historical development of the native Americans from their entrance into this hemisphere down to the present day.

HIS 348. Sports in History. (3-0-3); on demand. Beginning with the ancient Greeks and Romans, the course moves through the Middle Ages, the Renaissance, and Reformation to the modern world. The class stresses the development of sports in the United States.

HIS 349. Vietnam and Watergate: Kennedy, Johnson, Nixon. (3-0-3); II. An intensive study of the Vietnam War and the Watergate scandal in the context of domestic and foreign policy developments in America since 1945.

HIS 350. Religion in American History. (3-0-3); on demand. Religion in all facets of American history; cultural, secular, and institutional. The role of religion in the molding of our nation.

HIS 351. England to 1660. (3-0-3); I. The political, social, and economic institutions of England to the fall of the Puritan Commonwealth.

HIS 352. England Since 1660. (3-0-3); II. A history of England from the Restoration to the rise of the British Commonwealth.

HIS 353. Russia to 1917. (3-0-3); I. Russia from Kievan times to the overthrow of the Romanov dynasty.

HIS 354. Russia since 1917. (3-0-3); II. A detailed history of Soviet Russia from the revolution to the Cold War.

HIS 363. History of Witchcraft. (3-0-3); on demand. A survey of witchcraft and the occult from ancient times to the contemporary.

HIS 366. The Middle East. (3-0-3); I. A survey of the Moslem World beginning with the great surge of the eighth century and culminating in the present Middle Eastern situation.

HIS 370. African History. (3-0-3); II. The early African states, the slave trade era, the rise and fall of the Imperial Empires, and post-independence events.

HIS 375. The Teaching of Social Studies. (3-0-3); I. Prerequisite: open only to majors and minors in the social sciences with a minimum of 18 credit hours. This course will demonstrate methods for organizing a teaching unit, using original courses, developing critical thinking, facilitating inquiry learning, integrating the social studies, and evaluating student performance. (Does not count in a major or minor.)

HIS 379. Latin American History. (3-0-3); II. The Indian background, the rise and fall of the Spanish and Portuguese Empires, and the major events since independence with concentration upon the major states.

HIS 382. War in the Modern World. (3-0-3); I. The origins, course, and results of a century of total war and its effect upon the social, cultural, and economic life of the world.

HIS 385. Technology and America. (3-0-3); on demand. Technology in the modern world; its development as a response to the social, political, and economic forces.

HIS 387. "Herstory": Womanhood and Civilization. (3-0-3); on demand. The experiences and thoughts of women who have played outstanding roles in the social, political, and economic development of civilization.

HIS 388. History of Corrections. (3-0-3); on demand. (See CORR 388.)

HIS 389. Honors Seminar. (3-0-3); Prerequisite: open only to juniors and seniors in the Honors Program. An analysis and discussion of the philosophies of world history; their origins and effects.

HIS 399. Selected Topics in History. (3 hours); on demand. Special courses which supplement regular course offerings. May be repeated if the subtitle indicates a different course is being offered. Additional prerequisites, if any, will depend upon the course offered.

HIS 540. Colonial America. (3-0-3); on demand. The nation from the Age of Discovery to 1763.

HIS 541. American Revolution and Federal Period. (3-0-3); on demand. A continuation of 540 which covers the period from 1763 to the Jefferson Period.

HIS 543. The United States. 1876-1900. (3-0-3); on demand. Emphasis is placed upon the rise of big business with its resultant epoch of America as a world power.

HIS 544. Kentucky Historical Tours. (3-0-3); I. Provides students with an opportunity to see, hear, and read about Kentucky's exciting historical places. (Does not count toward a master's degree in history.) In order to register, prior approval is required from the department chairperson.

HIS 545. The United States, 1900-1939. (3-0-3); on demand. The American people from the Progressive Period through the New Deal.

HIS 546. The United States, 1939-Present. (3-0-3); on demand. America from World War to world leadership. Emphasis is placed upon the resultant social problems.

HIS 548. United States Foreign Relations. (3-0-3); on demand. A survey designed to acquaint the student with the foreign relations of the United States from its conception to our present role in the United States.

HIS 549. American Life and Thought. (3-0-3); on demand. A survey of the American intellectual heritage from Puritanism to the "mod" world.

HIS 550. The World 1914-1939. (3-0-3); on demand. A study extending from World War I to the outbreak of the Second World War with special emphasis on communism, facism, and nazism.

HIS 552. The World, 1939 to the Present. (3-0-3); on demand. A detailed study of World War II and the aftermath of a world divided.

HIS 558. The Slavery Controversy. (3-0-3); on demand. The issues growing out of differences concerning slavery within voluntary societies.

HIS 576. American History; Directed Readings. (1 to 3 hrs.); *Prerequisite: open only to history majors and minors with permission of the chair.*

HIS 577. European History; Directed Readings. (1 to 3 hrs.); *Prerequisite: open only to history majors and minors with permission of the chair.*

HIS 578. Non-Western History; Directed Readings. (1 to 3 hrs.); *Prerequisite: open only to history majors and minors with permission of the chair.*

HIS 599. Selected Topics in History. (3 hours); on demand. *Special courses which supplement regular course offerings. May be repeated if the subtitle indicates a different course is being offered. Additional prerequisites, if any, will depend upon the course offered.*

Home Economics

HEC 101. Orientation for Home Economics Profession. (1-0-1); I. The study of the philosophy of home economics as a discipline. Development of knowledge of all subject matter areas and career opportunities in home economics.

HEC 103. Interior Graphics I. (1-4-3); I. Principles and techniques of drafting. Communication of design ideas by graphic representation of plans and perspectives. Introduction to computer-assisted design system.

HEC 104. Interior Graphics II. (1-4-3); II. Prerequisite: HEC 103. or consent of instructor. Continuation of previous drafting course, giving broader depth and scope to skills and knowledge in graphics. Experience on computer-assisted design system.

HEC 130. Elementary Food Preparation. (2-3-3); I. Fundamental principles of food preparation. Efficient methods of preparation stressed in laboratory practice. Knowledge gained of nutritional food values and food characteristics as they relate to preparation techniques.

HEC 132. Introduction to Hotel, Restaurant, and Institutional Management. (2-2-3); I. An introduction to concepts and principles of hospitality operations by type; guest relations, basic management principles; and organizations of hospitality management services.

HEC 136. Dining Room Procedures and Beverage Control. (2-2-3); II. Taught alternate years. Principles and practices of food and beverage management. Principles of dining room service, supervision, equipment, personnel responsibilities, and customer relations. Beverage control: purchasing, receiving, storing, and issuing procedures.

HEC 139. Cooperative Education. (1 to 12 hours); I, II, III. Work experience in a field relevant to the student's career objective and academic preparation. Experience is usually analogous to a freshman level course.

HEC 141. Introduction to Textiles and Clothing. (2-3-3); I. An introduction to properties of yarns, fabrics, and finishes as related to use in clothing. Basic principles of clothing construction, selection, alteration and fitting of commercial patterns. Special emphasis will be placed on current technological trends in selection, use and care of sewing equipment.

HEC 200. Family Perspectives. (3-0-3); I. Includes the changing roles of all family members' adjustments needed in marriage: family functions through the family life cycle.

HEC 201. Principles of Nutrition (3-0-3); I, II. Basic description of the elements of human nutrition, their function in the body, and food sources. Guide for healthy nutritional practices and nutritional needs throughout the life cycle.

HEC 220. Introduction to Interior Design, (2-2-3); I. Taught alternate years. Prerequisite: HEC 104. Study of the principles and elements of design with emphasis on color and lighting. Study of furniture selection and arrangement.

HEC 231. Meal Management. (2-2-3); II. Prerequisite: HEC 130. Food for the family and consumer is studied in relation to basis for selection, comparative costs, nutritional values, storage requirements, and aesthetics of meal planning and service.

HEC 234. Computer Assisted Food Service Management. (2-2-3); I. Prerequisites: HEC 132. A systems approach, including the utilization of software for nutritional analysis, menu planning, food cost accounting, and inventory control.

HEC 239. Cooperative Education. (1 to 12 hours); I, II, III. Work experience with an extension of exposure gained in HEC 139 or of a nature similar to a sophomore status course.

HEC 241. Clothing Production Studio. (2-3-3); II. Prerequisite: HEC 141 or consent of instructor. Advanced construction and basic tailoring. Innovative and couture techniques.

HEC 250. Visual Merchandising. (2-2-3); I. A study of the objectives, principles, and methods of visual merchandising. Emphasis is placed on the visual merchandising function within a retail store. Students design window displays and select interior display fixtures for retail stores.

HEC 251. Residential Equipment. (3-0-3); on demand. Principles and practical experience acquired in selection, use, and care of equipment; development of demonstration skills of consumer products and equipment.

HEC 252. Problems in Interior Design. (2-2-3); II. Taught alternate years. Involves the study of practical experience in selection, arrangement, and presentation of colors, fabrics, furnishings, and cost estimates for a client. Lecture, laboratory, field trips.

HEC 280. Apparel Analysis. (3-0-3); II. A study of the design principles on which apparel design is based, fashion terminology, quality manufacturing methods, and wardrobe planning. Clothing requirements for all stages of the life cycle, including clothing needs of the physically handicapped, are studied.

HEC 290. Introduction to the Apparel Industry. (3-0-3); I. A study of the organization and operation of the fashion industry. Includes the history of the European and American fashion industries, designers, fiber and fabric producers, apparel and accessory manufacturers, fashion market centers, and fashion publications.

HEC 327. Maternal, Infant, and Child Nutrition. (3-0-3); Taught alternate years. Prerequisite: HEC 201. Addresses nutritional needs during pregnancy, lactation, infancy, and early childhood, clinical experience required in health care facilities. Selection, application, and evaluation of nutritional data concerned with infancy and child growth.

HEC 328. Nutrition in the Life Cycle. (2-2-3); Taught alternate years. Prerequisite: HEC 201. A study of factors determining nutrient requirements for each of the physiological age groups during the life cycle.

HEC 330. Quantity Food Purchasing. (3-0-3); Taught alternate years, or concurrently with HEC 334. Institutional purchasing; considers principles and methods of purchasing food and supplies for commercial and institutional food service units with emphasis on specifications, standards, inventory, and factors affecting quality and cost control.

HEC 332. Field Experience in Home Economics. (1 to 4 hrs.); I, II. Field training in home economics arranged with consent and supervision of the instructor. Student is visited on the job.

HEC 333. Diet Therapy. (2-2-3); Taught alternate years. Prerequisites: BIOL 332, HEC 201, 233. The role of diet in the prevention and treatment of disease. Course will address dietary modifications, menu writing for modified diets, nutritional analysis, and nutritional needs during the life cycle. Clinical experience in health care settings.

HEC 334. Quantity Food Preparation. (2-5-3); I. Principles and techniques of quantity food preparation. Use of standardized recipes and institutional equipment. Must be followed by HEC 337 in next semester.

HEC 335. Equipment and Facilities Planning. (3-0-3); Taught alternate years. Selection of equipment and furnishings to meet the needs of different types of food services in relation to function, maintenance, efficient layout, specifications, and materials. Each student plans and designs a menu and physical layout for a food service unit.

HEC 336. Institutional Organization and Management. (3-0-3); Taught alternate years. Prerequisites: MNGT 301, HEC 334, 337. Administrative functions within a food service system. Emphasis on management responsibilities, budgeting, legislation, labor unions, time management, conflict management, personnel problems, and food delivery systems.

HEC 337. Food Production Management. (1-6-3); II. Prerequisite: HEC 334 preceding semester. Principles of scheduling and supervision of food production.

HEC 338. Concepts of Maintenance, Engineering, and Housekeeping for Hospitality Facilities. (2-2-3); Taught alternate years. This course gives potential hospitality management personnel an understanding of maintenance, general engineering, and housekeeping problems. Topics include: fundamentals of housekeeping, mechanical systems, and building components of the physical plant. Special emphasis will be placed on the organization of the housekeeping and engineering departments and the basic principles of properties management.

HEC 339. Cooperative Education. (1 to 12 hours); I, II, III. Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a junior level status.

HEC 340. Intermediate Textiles. (3-0-3); I. Taught alternate years. Prerequisites: CHEM 101 and 101A. A study of textile products and the raw materials from which they are made. The influence of fiber, yarn, construction method, coloration method, and finish are examined in detail. Basic laboratory identification and performance tests are included.

HEC 341. Flat Pattern Design. (2-3-3); II. Taught alternate years. Prerequisites: HEC 241 or consent of instructor. Pattern making and fitting through the use of a sloper and flat pattern design techniques. Original designs will be created and constructed.

HEC 343. Textiles for Interiors. (2-2-3); II. A study of the selection and evaluation of textile products used in commercial and residential interiors. State and federal regulations, codes, and testing procedures for commercial textiles are emphasized.

HEC 344. Historic Costume. (3-0-3); I. The development of costume through the ages as an expression of social, economic, and cultural life of the time, and as a contribution to current fashion.

HEC 349. Clothing and Culture. (3-0-3); II. Offered alternate years. Prerequisite: none. A study of the cultural, social, psychological and economic aspects of clothing needs and selections of individuals and groups. Emphasis of the study of clothing and appearance within larger cultural contexts in which these processes occur.

HEC 351. Housing. (2-2-3); II. Historic development of housing in the United States. Implications for housing from social and economic changes. Trends in the field of housing.

HEC 355. Child Growth and Development. (3-2-3); I. Taught alternate years. Behavioral characteristics in growth and development; positive approach to child guidance; importance of the role of parents and child care givers. Directed practicum in observation of pre-school children.

HEC 356. Preschool Administration. (3-2-3); II. Taught alternate years. Prerequisite: HEC 355. The study of the organization and administration of pre-school programs; role of parent-hood education; supervised experiences in planning and guiding children's activities in a pre-school program.

HEC 357. Prenatal and Infancy Care and Development. (3-0-3); II. Prerequisite: HEC 355 or consent of instructor. Prenatal and postnatal care for mothers, development of the fetus and care of the infant through two years of age.

HEC 363. Human Resource Management. (3-0-3); II. Prepares consumers for rational decision-making as it relates to the individual's and family's resources of time, money, and energy. Consumer's guidelines in the economy and practices for controlled consumption of resources. Appraisal of all segments of consumer goods and services.

HEC 370. Residential Interior Design, Studio I. (3-2-3); I. Prerequisite: HEC 220. Planning a residential interior from problem through analysis of a family's needs for each area; the design idea from conception through finished presentation drawings. Emphasis on interior components, products available, and functional and economical design.

HEC 381. History of Interiors I. (3-0-3); I. A study of the development of furnishings, interiors, and architecture from ancient history through the 18th century.

HEC 382. History of Interiors II. (3-0-3); II. The development of furniture styles and interiors and the influence of architecture from American colonization through the twentieth century. Miscellaneous styles are studied.

HEC 410. Therapeutic Nutrition. (2-2-3); II. Taught alternate years. Prerequisites: BIOL 332, CHEM 301, HEC 201, 328, 333. Variation in the nutrient supply and demand in various health and disease states. The role of appropriate dietary intervention and nutritional support in the clinical setting. Clinical experience required in health care facilities.

HEC 439. Cooperative Education. (1 to 12 hours); I, II, III. Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a senior level course.

HEC 434. School Lunch Seminar. (1 hr.); on demand. Techniques and problems related to the school lunch program.

HEC 435. Cost Controls in Hotel, Restaurant, and Institutional Management. (3-0-3); I. Taught alternate years. *Prerequisites:* HEC 330, 334, and 337. Examination of cost control techniques applied to the hospitality industry. Topics include: food cost, beverage control, labor cost, development and analysis of financial statements, budgeting, cash management, control, and operational systems.

HEC 436. Hotel, Restaurant, and Institutional Marketing Management. (3-0-3); II. Taught alternate years. An overview of the discipline of marketing as it applies to the hospitality industry. The primary aim is to understand how marketing strategy is devised, internal resources, and the external operating environment. A second aim is to show how the special nature of services affects the development of marketing strategies in the hospitality industry.

HEC 437. Advanced Nutrition. (3-0-3); II. Taught alternate years. *Prerequisites:* BIOL 332, CHEM 301, HEC 201, 328. An in-depth review of the pathways of absorption, digestion, and metabolism of essential nutrients.

HEC 438. Experimental Foods. (2-2-3); II. Taught alternate years. *Prerequisite:* HEC 130 and CHEM 201. Principles of sensory evaluation of food; review of principles of food science and experimental corroboration.

HEC 441. Tailoring. (1-4-3); I. Taught alternate years. *Prerequisite:* HEC 141 and HEC 241 or consent of instructor. Pattern alterations through construction of a trial muslin. Custom and speed tailoring techniques are required in coat or suit construction.

HEC 443. Community Dietetics. (2-2-3); II. *Prerequisites:* HEC 201, 328, 437, 333. Study of environmental, cultural and economic influences on food consumption patterns of groups. Survey of nutrition programs of federal, state, and local agencies. Emphasis on planning, assessing, implementing and evaluating nutrition programs in supervised clinical experiences.

HEC 450. Fashion Merchandising Techniques. (3-0-3); II. Taught alternate years. *Prerequisite:* HEC 290, *Introduction to the Apparel Industry.* A study of the unique characteristics of fashion merchandisers and fashion buyers with an emphasis on fashion merchandising techniques.

HEC 451. Residential Textiles and Furnishings. (2-2-3); I. Taught alternate years. Design principles applied to residential interiors; and floor plans; selection of residential interior textiles and furnishings will be emphasized.

HEC 454. Supervised Home Management Experiences. (4 hrs.); I. *Prerequisite:* HEC 231. Taught alternate years. Supervised home management experience for one-half semester. Opportunities for assuming responsibilities for making decisions and for applying principles of management in the use of time, energy, and money; social experience and group activities. Arrangements for residence must be made in advance.

HEC 457. Parenting. (3-0-3); II. *Prerequisite:* 355 or consent of instructor. An examination of the parental roles in regard to current challenges, problems, and issues. Early intervention and family center relationships emphasized.

HEC 460. Merchandise Display and Promotion. (2-2-3); on demand. *Prerequisite:* HEC 250 or consent of instructor. Advanced theory and application of window display and interior store display, with actual experience in designing, presenting, and executing displays.

HEC 467. Trends and Issues in Early Childhood Development. (1-0-1); II. The study of current trends and issues relevant to early childhood development with a consideration of historical, social, legal, ethical, political, legislative and health policies that impact on the early child development practicum. Taken prior to or during the professional semester.

HEC 470. Methods of Teaching Vocational Home Economics. (3-0-3); I. Taught alternate years. *Prerequisites:* junior and senior standing in home economics and admission to the teacher education program. Study of the history, organization, and administration of consumer and homemaking classes, gainful home economics programs, and home economics adult education programs; role of the advisor of Future Homemakers of America organizations, principles of learning and application through use of various teaching techniques and methods.

HEC 471. Seminar. (1-0-1); II. Identification of issues reflected in the current technical and professional literature, further understanding of the role and function of semi-professional and professional fields in home economics. Preparation of transition from the role of student to role of professional in home economics.

HEC 475. Contract Design, Studio II. (3-2-3); II. Taught alternate years. *Prerequisites:* HEC 220, 104. Planning and presenting professional commercial interior designs. Emphasis on functional design, budgets, product research, lighting design, acoustics, contracts, and business procedures.

HEC 476. Special Problems. (1 to 3 hrs.); I, II, III. Supervised study of a problem in some phase of home economics chosen by the student on the basis of individual need or interest.

HEC 477. Early Childhood Development Practicum. (4-12 hrs.); I, II. *Prerequisite:* HEC 355, HEC 357, 457, 467, or *Corequisite:* HEC 467. Upon completion of requirements of the precertification option; alignment of a scholastic standing of 2.5 on residence courses at MSU and 2.5 on all courses compiled in major; minimum of one semester residence or completion of non-certification option; attainment of cumulative grade point average of 2.0. Placement in a preschool classroom on the basis of one week placement for each credit hour unit. Observation, participation, teaching conferences with supervisor, co-curricular activities and conferences with supervising teacher are required.

HEC 480. Historic Textiles. (3-0-3); on demand. Historic background and characteristics of textile fibers, weaves, motifs, and colors from prehistoric to modern times.

HEC 490. Special Topics in Home Economics. (1-3); on demand. *Prerequisite:* department permission. A course designed to investigate specific topics of concern in specialized areas of home economics.

HEC 510. Preprofessional Practice in Clinical Dietetics. (1-40-6); I. *Prerequisite:* All previous program requirements. Consists of supervised work experience with selected registered dietitians. Weekly written assignments by the student, supervisor evaluation reports, and visitation by program faculty will be used to monitor the student's progress. Clinical experience in general medical/oncology, surgery and rehabilitation, psychiatry and substance abuse, intensive care/coronary, pediatrics, and clinical dietetics staff relief.

HEC 531. Nutrition Education. (3-0-3); on demand. The study of the application of basic principles of education applied to the teaching of nutrition. Lecture.

HEC 532. Preprofessional Practice in Community Dietetics. (1-40-6); II. Prerequisite: All previous program requirements. Consists of supervised work experience with selected registered dietitians. Weekly written assignments by the student, supervisor evaluation reports, and visitation by program faculty will be used to monitor the student's progress. Supervised experience in extended care/geriatric nutrition, dialysis clinic, maternal and child supplemental foods, home health and maternal nutrition, staff relief, out-patient teaching and quality assurance.

HEC 536. Advanced Nutrition. (3-0-3); on demand. Prerequisite: HEC 329 or consent of instructor. In-depth study of nutrients in relation to normal nutrition; review of classical and current literature; practical application of findings.

HEC 537. Preprofessional Practice in Administrative Dietetics I. (1-40-6); I. Prerequisite: All previous program requirements. Consists of supervised work experience with selected registered dietitians. Weekly written assignments by the student, supervisor evaluation reports, and visitation by program faculty will be used to monitor the student's progress. Concentration on food production in a health care setting, salad production, bakery and desserts, meat and vegetable preparation, trayline and food distribution, menu planning, purchasing, and safety and sanitation.

HEC 538. Experimental Foods. (1-4-3); on demand. Prerequisite: HEC 130 or consent of instructor. Experimental methods applied to food research through individual and class investigation; review and evaluation of published research.

HEC 540. Preprofessional Practice in Administrative Dietetics II. (1-40-6); II. Prerequisite: All previous program requirements. Consists of supervised work experience with selected registered dietitians. Weekly written assignments by the student, supervisor evaluation reports, and visitation by program faculty will be used to monitor the student's progress. Supervised experience in cafeteria and catering, food merchandising, for-profit menu planning and purchasing, food service accounting, school lunch and quality assurance.

HEC 541. Tailoring Techniques. (1-4-3); I. Prerequisite: HEC 241 or consent of instructor. Individual fitting problems and the resulting pattern alteration methods necessary for the construction of a tailored garment as well as advanced hand tailoring and couture techniques. Construction of a suit or coat required.

HEC 542. Social-Psychological Aspects of Clothing and Textiles. (3-0-3); II. Taught alternate years. Prerequisite: 6 hrs. in clothing and textiles. Social, psychological, and economic factors in the selection and use of clothing.

HEC 543. Advanced Textile Testing. (1-4-3); on demand. Prerequisite: HEC 340. Advanced study of textile fibers and fabrics, with emphasis on trends in wear and end-use testing.

HEC 544. Dyes and Finishes. (2-2-3); on demand. Prerequisite: HEC 340. Types of dyes and finishes used currently on fibers and fabrics as they affect wear, care, and storage.

HEC 545. Clothing Design in Draping. (1-5-3); II. Taught alternate years. Prerequisite: HEC 241. Original garments created by draping on the dress form. Dress form will be constructed in the course. Taught alternate years.

HEC 555. The Child and the Family. (3-0-3); on demand. Environmental factors favoring family life and family interaction; stages of family life and the changing role of members.

HEC 557. Interior Decoration Projects. (1-4-3); on demand. A lecture laboratory class with emphasis on projects for the home that can be utilized in vocational, occupational, and adult classes or in the home.

HEC 573. Curriculum Development in Home Economics. (3-0-3); I. Taught alternate years. Development of middle grades, secondary, and post-secondary home economics programs; review of home economics curriculum at all grade levels for useful and gainful programs; a critical survey of resources; development of competency-based curriculum in the five areas of home economics.

HEC 590. Creative Foods. (1-4-3); on demand. The study and preparation of gourmet foods. Emphasis on foods from different cultural backgrounds and geographical regions. Arranged laboratories.

HEC 592. Foods for Special Occasions. (1-4-3); on demand. Prerequisite: permission of instructor and/or one food preparation course. A lecture-laboratory course with emphasis on planning, preparing, and serving foods for special occasions, including special diets, meal service, special equipment, and various budget levels. Arranged laboratories.

Honors

HON 101. The Age of Classicism. (3-0-3); I. Prerequisite: Admission to the Honors Program or permission of the Honors Director and instructor. A study of Greek and Roman writings which have changed the perception of ourselves and the world.

HON 102. The Age of Faith. (3-0-3); II. Prerequisite: Admission to the Honors Program or permission of the Honors Director and instructor. The writings of major humanists and scientists are studied to show developments in the arts and sciences in the Middle Ages.

HON 201. The Age of Enlightenment. (3-0-3); I. Prerequisite: Admission to the Honors Program or permission of the Honors Director and instructor. Writings and ideas of major humanists and scientists whose discoveries have altered our perception of ourselves and our environment.

HON 202. The Age of Uncertainty. (3-0-3); II. Prerequisite: Admission to the Honors Program or permission of the Honors Director and instructor. A survey of human beings' responses to societal changes from 1850 to the present. The critical study of five major literary works that have stimulated changes in human thoughts and actions.

Industrial Education and Technology

IET 100. World of Technology. (3-0-3); I. An introduction to basic concepts of industry. The identification of the major industries and the development of an understanding of their impact upon society.

IET 111. Basic Wood Technics. (2-2-3); I, II. This is the beginning course in wood shop, consisting of theory and application with particular emphasis on individual and industrial values of wood.

IET 160. Introduction to Power and Fluid Mechanics. (2-2-3); I, II. Beginning instruction in energy sources and fluid systems. Steam engines, steam turbines, diesel engines, spark-ignition engines, and exhaust emissions are studied.

IET 185. Methods of Instruction in Voc. Education. (3-0-3). **II. Prerequisite:** *Restricted to individuals holding a One-Year Certificate for Teaching Vocational Industrial Education Preparation level.* Emphasis on how to prepare and implement course organization, lesson planning, teaching techniques, and evaluation as relates to industrial-technical subject matter.

IET 211. Advanced Wood Technics. (2-2-3); I, II. Prerequisite: *IET 111 or consent of instructor.* This is a continuation of basic wood technic. It consists of advanced techniques and practices reflecting the wood industries through the study and use of theory, experimentation, and evaluation.

IET 222. General Crafts. (1-2-2); on demand. A survey of several craft media, involving a study of the common tools, skills, processes, and procedures in clay, glass, plastics, metal, stone, leather, and wood. Industrial applications of craft principles and processes will also be investigated.

IET 260. Hydraulics and Pneumatics. (2-2-3); I. Introductory course in the design and analysis of power transfer devices utilizing hydraulics and pneumatics, with emphasis on robotics applications.

IET 261. Power Mechanics. (2-2-3); I. Control mechanisms are studied along with rocket engines, various forms of jet engines, and advanced power systems.

IET 311. Design and Construction. (1-4-3); I. Prerequisite: *IET 211.* Students design, plan, construct, and finish an appropriate product requiring knowledge of advanced principles and techniques in wood technology.

IET 317. Time and Motion Study. (2-0-2); I, II. Process charts, analysis of methods, materials, tools, and equipment of industry for profit improvement.

IET 319. Quality Control. (3-0-3); I, II. Analytical and statistical inference techniques for process and manufacturing product control. Development of process capabilities and derivation of process limit graphs.

IET 320. Supervisory Practices. (3-0-3); I, II. Development of various direct and indirect supervisory techniques commonly used in management positions with special emphasis placed on those unique to manufacturing industries.

IET 321. Wood Laminating and Turning. (2-2-3); on demand. Theory and practice of laminating and wood turning, with emphasis given to industrial and school shop practices. Introduction to tools, equipment, and their safe operations.

IET 327. Applied Industrial Management. (3-0-3); on demand. A study of basic industrial management practices and procedures. Designed to serve the technician, first-line supervisor, or lay management individual to provide an awareness rather than to prepare a practitioner of management.

IET 330. Industrial Design. (1-2-2); I, II. Product design with emphasis upon modular systems, consumer relations, and manufacturing capabilities. Individual and group activities using interdisciplinary and systems design techniques.

IET 360. Internal Combustion Engines I. (2-2-3); on demand. Study of operating cycle and maintenance procedures on spark ignition, diesel, and wankel engines.

IET 361. Automotive Mechanics. (2-2-3); on demand. Engine repair and maintenance procedures including computerized management systems. Braking systems, drive systems, and steering systems are also covered.

IET 362. Fluid Power. (2-2-3); on demand. Prerequisite: *IET 262.* To gain an in-depth knowledge of fluid systems as they are used in modern industry.

IET 364. Career and Vocational Guidance. (3-0-3); on demand. Study of the concept of career education and to explore the new emerging role of the guidance counselor in regard to problems that exist in our present educational system, innovative concept of career education, the counselor and classroom teacher's responsibility within the framework of career education, evaluation of career education, and exploring future implications for developing positive attitudes and values for work for all students, including the disadvantaged and handicapped.

IET 365. Instrumentation. (2-2-3); on demand. Techniques of properly instrumenting test calls with such devices as pilot tubes, manometers, and electronic devices.

IET 381. Related Science, Mathematics, and Technology in Occupations. Offered only through written examination. (0-0-6); on demand. Courses will be offered only through a scheduled examination. (Written, performance, and oral examinations in the field of specialization that the candidate is preparing to teach.)

IET 382. Manipulative Skills in Occupations. Offered only through technical competence examinations. (0-0-6); on demand. Courses will be offered only through a scheduled examination. (Written, performance, and oral examinations in the field of specialization that the candidate is preparing to teach.)

IET 383. Knowledge of related subjects in occupations—offered only through oral examinations. (0-0-6); on demand. Courses will be offered only through a scheduled examination. (Written, performance and oral examinations in the field of specialization that the candidate is preparing to teach.)

IET 385. Staff Exchange. (3 hrs.); I, II, III. Designed to give an opportunity for an individual to upgrade in his/her specific technical skill in an ever changing technical world. Through this unique chance to work in industry learning the new techniques, developing new skills and expanding one's knowledge will enable the participant to take back to his/her classroom the latest innovations in technology as industry has adopted for their use.

IET 390. Principles of Industrial Education. (3-0-3); I. The history of industrial education, types of curriculum, types of schools, and level of industrial education programs are given emphasis as are vocational guidance and competency based occupational preparation.

IET 391. Trade and Technical Analysis Techniques. (2-0-2); on demand. The techniques used in analyzing a trade and jobs within a trade, in discovering the teachable content and the method of using scientific analysis in the development of course outline.

IET 392. Technical Curriculum and Media Development. (2-2-3); I, III. Emphasis is placed on developing competency based objectives for technical subject matter and on developing a variety of instructional media appropriate for technical curricula.

IET 393. Methods in Vocational Industrial Education. (3-0-3); on demand. Basic principles of teaching and learning with practical applications of procedures used in industrial education programs.

IET 394. Student Teaching in Vocational Industrial Education. (4 to 8 hrs.); on demand. *Prerequisite:* IET 393, admission to teacher education program. Each student is assigned to an approved student teaching center offering comprehensive teaching experiences at the preparation-industrial education level. Directed to observations and supervised teaching in approved area vocational school or an extension center in the trade and area in which the certificate is desired.

Candidates for the associate degree will complete a minimum of 45 hours of supervised student teaching, 60 hours of directed observation, and 20 hours of participation. This experience carries four hours of credit.

Candidates for the bachelor's degree complete a minimum of 90 hours of supervised student teaching, 120 hours of directed observation, and 40 hours of participation. This experience carries eight hours of credit.

IET 395. Special Problems in Vocational Industrial Education. (1 to 3 hrs.); I, II, III. *Prerequisite:* Permission of the instructor prior to registration. Individual problems dealing with specific areas in the teaching field of the student. Opportunity of pursuing a technical problem in a laboratory orientation is provided. Conferences with the instructor are scheduled as needed.

IET 398. Supervised Work Experience. (1 to 9 hrs.); I, II, III. *Prerequisite:* 20 hours in major department and consent of the department head prior to registration. An enrichment program which will give experience in an occupational area which is not possible to provide in a classroom setting. Student will work under supervision in an approved organization for a period of time specified by his or her major department. Credit will be commensurate with the amount of time worked. The student will be supervised by faculty from the major department. A representative of the cooperating organization will be directly responsible for the work experience of the student and will make a written evaluation of the student periodically.

IET 399. Selected Topics. (1-4 hrs.); on demand. Technology and industrial teacher education topics reflective of emerging industrial techniques or trends in technical-vocational education. Innovative, experimental, and hands-on techniques will frequently be used.

IET 400. Seminar in Industrial Education—Orientation and Exploration Levels. (4-0-4); on demand. *Prerequisite:* Four years of successful teaching experience in industrial education. Seminar designed for individuals who have four years of successful teaching experience and desire dual certification to include industrial education at the orientation and exploration levels.

IET 401. Seminar in Industrial Education—Preparation Level. (4-0-4); on demand. *Prerequisite:* Four years of successful teaching experience in industrial education. Seminar designed for individuals who have four years of successful teaching experience at the industrial education orientation and exploration levels and desire dual certification to include industrial education at the preparation level.

IET 411. Wood Technics. (2-2-3); on demand. *Prerequisite:* IET 111, 211. A study of the problems and process of the major wood industries in the United States. Various industrial processes, application, and testing are utilized in mass production and individual projects.

IET 422. Industrial Safety Standards and Enforcement. (3-0-3); II. A study of industrial safety codes, standards, regulations, and enforcement procedures. Explanations of worker safety as related to attitude and production. Review of current laws regulating safety and those agencies related to enforcement and training.

IET 460. Internal Combustion Engines II. (2-2-3); on demand. *Prerequisite:* IET 360. Detailed study of exhaust emissions and the gas turbine engine.

IET 463. Heating, Ventilating, and Air Conditioning. (2-2-3); on demand. A study of the ventilating and heating techniques in modern industrial application. Also includes industrial air conditioning and refrigeration.

IET 472. Basic Industries Practicum. (1-2-2); I, II. *Prerequisite:* Upper division standing in industrial education. A study of basic industry through lecture-discussion, reports, and field trips. Emphasis will be placed on contact with local industry through field trips.

IET 475. Teaching Methods in Industrial Education—Orientation and Exploration Levels. (3-0-3); II. *Co-requisite, enrolled in IET 478—Supervised Teaching Practicum. Must be admitted to teacher education program.* A study of the objectives of industrial arts and related behavioral changes; industrial arts curricular patterns and trends; selection and organization of subject matter, problem selection, and the project method of teaching; instructional materials and teaching aids; testing and evaluation; and professional growth.

IET 476. Special Problems. (1 to 3 hrs.); I, II, III. *Prerequisite:* upper division standing; approval prior to registration. Designed for the purpose of permitting a student to do advanced work as a continuation of an earlier experience or to work in an area of special interest.

IET 478. Supervised Teaching Practicum in Industrial Education—Orientation and Exploration Levels. (6-12 hrs.) *Co-requisite:* Enrolled in IET 475—Teaching Methods in Industrial Education, and admission to the teacher education program. Each student is assigned to an approved student teacher center offering comprehensive teaching experience in the industrial education program at the orientation and exploration levels. Supervision will be provided by University faculty competent in industrial education at the orientation and exploration levels.

IET 496. Organization and Management of the Laboratory. (2-0-2); *Prerequisite:* Admission to the teacher education program. Principles of shop and class organization and management, including program planning and development of shops and laboratories; selecting and purchasing equipment and supplies; and organizing and administering the instructional program.

IET 497. Seminar in Vocational Industrial Education. (1-0-1); I. Current problems, issues, and trends in vocational education.

IET 520. Industrial Arts for the Elementary Teacher (3-0-3); on demand. *Prerequisite:* Formal admission to the teacher education program. This course is designed as a means to develop professional and technical competencies of pre-service and in-service elementary school teachers so they may enrich and strengthen programs of instruction by using industrial arts as both method and content.

IET 560. Foundations of Industrial Education. (3-0-3); on demand. Study of the philosophical positions underlying the development of industrial education; leaders, their influence and contributions; contemporary educational theories affecting the current programs of industrial education.

IET 571. Seminar for Industrial Education. (1-0-1); I, II. Participants will develop a further understanding of the underlying concepts of industrial career options by participation in one or more programs followed by informal discussion.

IET 590. Supervised Internship. (1 to 6 hrs.); I. *Prerequisite:* Department chair's approval prior to registration.

Student works under supervision at an approved educational or industrial work site. Credit commensurate with time, quality and variety of internship assignment. Research paper including daily log of activities required. Conditions to be agreed upon by on-site supervision, students, and graduate advisor prior to registration. Faculty will provide on-site visits.

Italian

ITL 190. Conversational Italian. (3-0-3). An introduction to Italian language and culture. Emphasis on correct pronunciation, rapid speech, and fluency.

ITL 200. Conversational Italian II. (3-0-3). Emphasis on individual acquisition of correct, idiomatic Italian for communication.

Journalism

JOUR 110. Introduction to Mass Communications. (3-0-3); I, II. Survey of history, functions, career openings, and interrelationship of newspapers, radio, television, other media, and attendant agencies.

JOUR 155. Broadcast Performance. (3-4-3); I, II. (See R-TV 155.)

JOUR 192. Technical Composition. (3-0-3); I, II, III. (See ENG 192.)

JOUR 201. News Writing and Reporting. (3-0-3); I, II, III. Gathering news on and off campus; organizing and writing news items, using computers (typing skills required). Students will be screened for grammatical and typing proficiency.

JOUR 204. Copyreading and Editing. (3-0-3); I, II, III. Copy correcting, both on typed news copy and on video display terminals (VDTs); proofreading, headline writing, news selection, page layout.

JOUR 240. Writing for Broadcast. (3-0-3); I, II. (See R-TV 240.)

JOUR 285. Introduction to Photojournalism. (2-2-3); I, II. Lecture and laboratory, introduction to camera use, darkroom procedure, photo layout and practices in reporting news pictorially. For journalism majors and minors only. Camera rental fee for students without suitable camera. (Lab fee will be assessed each student.)

JOUR 301. Advanced News Writing and Reporting. (3-0-3); II. *Prerequisite:* JOUR 201. Advanced reporting including covering courts, police, governmental agencies. Interviewing skills, legal aspects of the press, and theories of social responsibility.

JOUR 306. Newspaper Graphics and Production. (3-0-3); I, II. Theoretical and practical study of the evolution of the graphic design, typography, and production of modern newspapers. Hands-on experience in photocomposition, layout, and production.

JOUR 310. History of Journalism. (3-0-3); odd years. Origins and development of American journalism as a profession, mainly through newspapers and their roles in history.

JOUR 344. Broadcast News and Public Affairs. (3-0-3); I. *Prerequisite:* 9 hours of undergraduate radio-TV or consent of faculty. (See R-TV 344.)

JOUR 357. Sportscasting. (2-2-3); I. Basic philosophy and ethical consideration in developing sports reporting style in oral or written presentation. Application of principles in play-by-play description of seasonal sports. (Cross referenced as R-TV 357.)

JOUR 358. Sports Writing. (3-0-3); II. *Prerequisite:* JOUR 201. Philosophy and techniques in writing sports and sports analysis or commentary for print media. (Cross referenced as R-TV 358.)

JOUR 364. Feature Writing. (3-0-3); I, II. Researching, organizing, writing and marketing of non-fiction articles.

JOUR 382. Principles of Public Relations. (3-0-3); I. Purposes, methods, and responsibilities in the profession of public relations.

JOUR 383. Principles of Advertising. (3-0-3); I. Advertising principles and practices.

JOUR 386. Photo Essay and Editing. (3-0-3); I. Photographic composition, selection, and production of pictures for various publications.

JOUR 387. Advanced Photojournalism. (3-0-3); II. *Prerequisite:* JOUR 285. In-depth study of photojournalism equipment, techniques, and style, including color photography. For journalism majors and minors only. Camera rental fee for students without suitable camera.

JOUR 399. Public Relations Workshop. (3-0-3); on demand. A hands-on workshop in preparing print-media public relations materials.

JOUR 464. Magazine Editing and Design. (3-0-3); II. Editing and the graphic design of magazines.

JOUR 465. Editorial Writing. (3-0-3); I. Purposes and methods of editorial writing, including ethics and values.

JOUR 482. Public Relations Practices. (3-0-3); II. *Prerequisite:* JOUR 382. Specific practices in carrying out campaigns in public relations.

JOUR 483. Advertising Design. (3-0-3); II. Study and application of methods of designing and producing advertisements. Primarily for print media, but includes television storyboards.

JOUR 501. Interpretative Reporting. (3-0-3); on demand. *Prerequisite:* Six hours (200 or above) advanced credit in journalism, including one basic news-writing course. Writing in-depth analysis of current events using investigative research.

JOUR 504. School Publications. (3-0-3); on demand. Advisement of students in the production of school newspapers, yearbooks, and magazines; includes a complete review of journalism principles.

JOUR 505. Law and Ethics of the Press. (3-0-3); II. *Prerequisite:* Six hours of advanced journalism credit. An examination of law as it affects print and broadcast media and advertising.

JOUR 506. Community Newspapering. (3-0-3); on demand. Community-newspaper editors and publishers to discuss reporting, editing, advertising, circulation, and management on community newspapers.

JOUR 558. Public Broadcasting. (3-0-3); II. *Prerequisite:* Junior standing and consent of the faculty. (See Radio-TV 558.)

JOUR 560. Reviews and Criticism. (3-0-3); **II.** Evaluating and writing critical reviews of drama, literature, art, music, and restaurants for the mass media.

JOUR 565. Public Opinion and News Media. (3-0-3); **I.** Cultural, social, and psychological nature of public opinion and its influence on and by press, television, radio, and film; the nature of propaganda in advertising.

JOUR 583. Advertising Copy Writing. (3-0-3); **II.** Writing advertising headlines and copy for print and broadcast media.

JOUR 584. Psychology of Advertising. (3-0-3); **I. Prerequisite:** JOUR 383. Psychological strategy used in art, words, and graphics as persuasive advertising devices.

JOUR 591. Technical Writing I. (3-0-3); **Prerequisite:** Consent of instructor. (See English 591.)

JOUR 592. Technical Writing II. (3-0-3); **Prerequisite:** Consent of instructor. (See English 592.)

Latin

LAT 101. Beginning Latin I. (3-0-3). Drill in the basic elements of Latin grammar, word study, and reading of simple Latin selections.

LAT 102. Beginning Latin II. (3-0-3). A continuation of 101.

LAT 201. Intermediate Latin I. (3-0-3). Selections from Catullus, Cicero, Horace, Pliny, Martial, Livy, and Ovid.

LAT 202. Intermediate Latin II. (3-0-3). Writings of Cicero; his life and influence.

LAT 301. Advanced Latin I. (3-0-3). Poets of the Augustan Age, together with the history of the period.

LAT 302. Advanced Latin II. (3-0-3). Further study of the poetry of the Augustan Age. Selections from Vergil's Aeneid.

LAT 401. Latin Literature I. (3-0-3). Selections from the works of Horace, Vergil, Catullus, and others. Rotation of course content allows students to repeat the course for additional credit.

LAT 402. Latin Literature II. (3-0-3). Selections from Livy, Tacitus, Suetonius, Caesar, and others. Rotation of course content allows students to repeat the course for additional credit.

Library Science and Instructional Media

LSIM 101. Use of Books, Materials, and Libraries. (2-0-1) **nine weeks only;** **I, II.** General library organization and orientation with emphasis upon utilization of library resources, including card catalogs, indexes, encyclopedias, and handbooks. Emphasis upon organization and resources of the Camden-Carroll Library. Course is designed for college freshmen.

LSIM 521. Literature and Materials for Young People. (3-0-3); **I, III.** Investigation of reading interests and needs of young people grades 7 through 12, with emphasis on criteria for selection and evaluation of materials, technical and literary qualities, and methods for utilization of such materials.

LSIM 522. Literature and Materials for Adults. (3-0-3); **II.** Investigation of adult reading interests and library's role in adult education with consideration of services offered to culturally disadvantaged and physically handicapped. Students given opportunity to read and discuss the "popular book" and practice in writing book reviews.

Management

MNGT 139. Cooperative Education I. (1 to 8 hrs.); **on demand.** Work experience in a field relevant to the student's career objectives and academic preparation. Experience is usually analogous to a freshman level course. Not available for option credit.

MNGT 160. Introduction to Business. (3-0-3); **I, II, III.** Basic survey course. Management, business organization, marketing, retailing, accounting, banking, finance, risk, and insurance.

MNGT 199. Selected Workshop Topics. (1 to 4 hrs.); **on demand.** Workshops on various management subjects will be presented periodically to supplement the basic course offerings in management. Credit toward degree programs must be approved by the student's advisor.

MNGT 239. Cooperative Education II. (1 to 8 hrs.); **on demand.** Work experience with an extension of exposure gained in MNGT 139 or of a nature similar to a sophomore status course. Not available for option credit.

MNGT 261. The Legal Environment of Business Organizations. (3-0-3); **I, II.** The forms of business organizations, including sole proprietorships, partnerships, and profit and nonprofit corporations. The regulatory environment and legal constraints on organizations; the relationship between business and government in policy formation; and basic legal concepts.

MNGT 301. Principles of Management. (3-0-3); **I, II, III.** **Prerequisites:** ACCT 282 and ECON 202. History of management, the management process, the principles of management and their application in the operations of business. The fundamental concepts of management applied to such areas of business activity as organization, personnel, production, and research.

MNGT 306. Production Management. (3-0-3); **I, II, III.** **Prerequisite:** MNGT 301, MATH 160, and MATH 354. Organization and operation of production management within the on-going service and product organization are described and analyzed. Descriptive practices and techniques, including work measurement, facilities location, and layout are used in analysis and problem solution.

MNGT 310. Small Business Organization. (3-0-3); **I, II.** Aspects of management that are unique to small firms; economic and social environment in which small firms function; student practice in making decisions on problems facing managers of small businesses.

MNGT 311. Personnel Management. (3-0-3); **I, II.** **Prerequisite:** MNGT 301. Personnel management principles, job requirements; selection techniques; testing programs; facilitation of employee adjustment; wage and salary administration; legal aspects of labor relations; financial incentives.

MNGT 339. Cooperative Education III. (1 to 8 hrs.); **on demand.** Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a junior level status. Not available for option credit.

MNGT 362. The Legal Environment and Business Practices. (3-0-3); **on demand.** **Prerequisite:** MNGT 261. Business practices, emphasizing legal problem avoidance. Areas of the law which impact business success or failure; the Uniform Commercial Code, state and federal regulations, and laws.

MNGT 399. Selected Workshop Topics. (1 to 4 hrs.); **on demand.** Workshops on various management subjects will be presented periodically to supplement the basic course offerings in management. Credit toward degree programs must be approved by the student's advisor.

MNGT 411. Labor Relations. (3-0-3); I, II. Prerequisite: MNGT 311. Historical development of the U.S. labor movement, and a comparative analysis with other western culture labor movements. Emphasis on developing insights into labor's point of view. An introduction to labor-management negotiations and grievance procedures.

MNGT 417. Management and Marketing of Public and Nonprofit Organizations. (3-0-3); on demand. Prerequisites: MKT 304 and MNGT 301. The application of principles of management and marketing to the specific needs of public and nonprofit organizations. Formulation, implementation, and evaluation strategies for management and marketing of these organizations is explored.

MNGT 439. Cooperative Education IV. (1 to 8 hrs.); on demand. Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a senior level course. Not available for option credit.

MNGT 463. Law and Ethics in Business. (3-0-3); or consent of instructor. Prerequisites: MNGT 261 and MNGT 362. The social responsibility of business and individuals in commerce. Value systems, externally or self-imposed, their development and operation.

MNGT 472. Business Policies and Problems. (3-0-3); I, II, III. Prerequisites: MNGT 301, MKT 304, or consent of instructor. Specific problems involved in the forming of consistent business policies and maintaining of an efficient organization. Actual cases used for discussions and preparation of reports for executive decision making.

MNGT 476. Special Problems in Management. (1 to 3 hrs); on demand. Prerequisites: Senior standing and prior consent of department head. Self-directed independent study on a specific problem, based on written proposal and justification submitted by student prior to registration. Each request will be considered on its own merit in relation to the special needs, interest, and abilities of the student.

MNGT 486. Management Internship Program. (3 to 12 hrs); on demand. Prerequisites: Junior or senior standing and 12 hours in major area, with 2.5 GPA in major area and permission of instructor. The internship program involves placement of students in positions in business comparable to those filled by professional career employees. Participants work under the supervision of high level officials possessing major departmental responsibilities. Available as option credit.

MNGT 506. Operations Analysis. (3-0-3); on demand. Prerequisite: MNGT 306, MATH 160 and 354, or consent of instructor. Production and operations management are analyzed. Concepts and techniques used in the design, operation, and control of productive systems are studied.

MNGT 539. Cooperative Education V. (1 to 8 hrs.); on demand. Work experience providing advanced specialized exposure in a career-related position. Available to upper division undergraduate and graduate students. Not available for option credit.

MNGT 556. Small Business Institute Field Project. (1-4-3); I, II. Prerequisite: Senior undergraduate or graduate standing and permission of instructor. Student serves as a member of a consulting team to a small business. Responsibility is to analyze the business operation and make recommendations for improving of identified problem areas.

MNGT 565. Organizational Behavior. (3-0-3); on demand. Prerequisite: Senior standing or consent of instructor. A study of human and interpersonal behavior to understand, evaluate, and appraise business and social situations. Emphasis on skill and the ability to work with peoples, groups, and institutions.

MNGT 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various management subjects will be presented periodically to supplement the basic course offerings in management. Credit toward degree programs must be approved by the student's advisor.

Marketing

MKT 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various marketing subjects will be presented periodically to supplement the basic course offerings in marketing. Credit toward degree programs must be approved by the student's advisor.

MKT 304. Marketing. (3-0-3); I, II. Prerequisite: ECON 201 and 202 or consent of instructor. Raw materials and products; organized exchange; analysis of market; market price; manufactured products; warehouses, cooperative societies; distribution organizations.

MKT 305. Purchasing. (3-0-3); on demand. Prerequisite: MKT 304 or consent of instructor. Purchasing functions and procedures, organization and operation of the purchasing department, inventory, quantity and quality controls, sources of supply, legal aspects of purchasing, evaluating purchase performance.

MKT 350. Salesmanship. (3-0-3); I, II. Prerequisite: MKT 304 or consent of instructor. The role of selling in the American economy; salesman's job and qualifications, development and application of sales techniques; selection, training, and management of the sales force.

MKT 351. Sales Management. (3-0-3); I. Prerequisites: MNGT 301 MKT 304 or consent of instructor. The changing role of the sales manager, developing a managerial and strategic framework concerning the sales manager's job; the behavior of a manager of people, money, and things within the sales sphere of business.

MKT 354. Consumer Behavior. (3-0-3); I, II. Prerequisite: MKT 304 or consent of instructor. PSY 154 and SOC 101 recommended. Fundamental process of motivation, perception, and learning nature and influence of individual predisposition, group influence on marketing, consumer decision processes, aggregate consumer behavior.

MKT 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various marketing subjects will be presented periodically to supplement the basic course offerings in marketing. Credit toward degree programs must be approved by the student's advisor.

MKT 417. Management and Marketing of Public and Nonprofit Organizations. (3-0-3); on demand. Prerequisites: MKT 304 and MNGT 301. The application of principles of management and marketing to the specific needs of public and nonprofit organizations. Formulation, implementation, and evaluation strategies for management and marketing of these organizations is explored.

MKT 451. Retail Management. (3-0-3); on demand. Prerequisite: MKT 304. Establishing a store, store organization, buying, pricing and selling, planning and control, credit management, insurance tax reports and operating analysis, basic principles of retailing.

MKT 452. Marketing Research and Analysis. (3-0-3); I, II. Prerequisites: MKT 304 and MATH 354. Use of research to minimize error in decision analysis. Individual studies made by students in all areas of marketing, including advertising, packaging, and merchandising.

MKT 453. Marketing Planning and Strategies. (3-0-3); I, II. Prerequisites: MNGT 301, MKT 304, and completion of or concurrent enrollment in all required marketing option courses or consent of instructor. Overview of marketing functions, emphasis on formulation of policies and management of all marketing activities. Case studies are used.

MKT 454. Promotional Strategies. (3-0-3); I, II. Prerequisite: MKT 304. Required for Marketing Option in Business Administration. Promotional Strategies is dedicated to demonstrating how organizations may communicate, compete and convince their target markets through the interrelationship of advertising, sales promotion, publicity and public relations.

MKT 469. International Marketing. (3-0-3); II. An introduction to the economic, legal, social and cultural dimensions of global marketing.

MKT 476. Special Problems in Marketing. (1 to 3 hrs.); I, II, III. Prerequisites: Senior standing and prior consent of department head. Self-directed independent study on a specific problem, based on written proposal and justification submitted by student prior to registration. Each request will be considered on its own merit in relation to the special needs, interest, and abilities of the student.

MKT 555. Advertising. (3-0-3); on demand. Prerequisite: MKT 304. Advertising as an indirect selling technique; emphasis on determining appeals, creating images, and developing coordinated campaigns. Actual campaign to be developed by each student; stress on ideas and concepts rather than mechanics.

MKT 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various marketing subjects will be presented periodically to supplement the basic course offerings in marketing. Credit toward degree programs must be approved by the student's advisor.

Manufacturing Technology

MFT 106. Thermoplastic Processing. (2-2-3); I. Prerequisite: GCT 103. Introduction to the materials and techniques employed in the processing of thermoplastics.

MFT 107. Thermosetting Plastics Processing. (2-2-3); II. Prerequisite: GCT 103. Study of the various ways thermosetting plastic compounds are processed.

MFT 186. Manufacturing and Fabrication. (2-2-3); I, II. Ferrous and nonferrous metals, basic metallurgy and heat treating, sheet metal, basic welding, casting, forging, manufacturing processes and concepts.

MFT 286. Machine Tool Processes. (2-2-3); II. Prerequisite: MFT 186 or consent of the instructor. Various metal forming and machining experiences; emphasis on exact tolerances and precise dimensions. Lathe, mill, shaper, and grinder experiences.

MFT 306. Mold Design and Construction. (2-2-3); II. Prerequisite: Consent of the instructor. (Recommended courses MFT 106, 107, 111, and 286.) Design of products in relationship to the physical characteristics of plastics, molding techniques, and mold construction methods.

MFT 386. NC-CNC Manufacturing Technology. (2-2-3); I. Prerequisite: MFT 286 or consent of instructor. Advanced tooling theory and numerical controlled and computer numerical controlled machine processes. Application and selection of carbide tooling emphasized in production applications.

MFT 486. Patternmaking and Foundry. (1-2-2); on demand. Casting of hot metals with activities in pattern development, sand testing, and mold design.

MFT 488. Flexible Manufacturing Engineering Technology. (1-4-3); II. Prerequisite: MFT 386. Advanced tools and machining theory; use of carbides, with emphasis on production machining. Turret and progressive tooling design.

MFT 588. Machine Shop. (1-4-3); on demand. Prerequisite: MFT 386 or consent of instructor. Advanced tool and machining theory, with emphasis on production machining, and progressive tooling design for computerized numerical control applications.

Marine Science

The following courses, which are taught only at Gulf Coast Research laboratory during the summer, are suitable for elective courses in major and minor programs of study in the sciences. The laboratory furnishes the staff for courses and research. Applications for the courses and additional information are available from the on-campus coordinator in the Department of Biological and Environmental Sciences. Tuition is paid to Morehead State University at the Mississippi resident rate.

NOTE: Course numbers in parentheses in the following listing have been assigned by the Gulf Coast Research Laboratory. Lecture and Laboratory Courses under the same name are co-requisites.

MSCI 322. Marine Phycology (MAR 420). 2 hrs.; III.

MSCI 322L. Marine Phycology Lab (MAR 420L). 2 hrs.; III. Prerequisites: Ten semester hours of biology, including botany. A survey, based upon local examples of the principal groups of marine algae and marine flowering plants, treating structure, reproduction, distribution, identification, and ecology.

MSCI 323. Coastal Vegetation (MAR 421) 2 hrs.; III.

MSCI 323L. Coastal Vegetation Lab (MAR 421L). 1 hr.; III. Prerequisites: Ten hours of biology, including general botany. General and specific aspects of coastal vegetation, with emphasis on local examples.

MSCI 331. Coastal Marine Geology (MAR 482). 2 hrs.; III.

MSCI 331L. Coastal Marine Geology Lab (MAR 482L). 1 hr.; III. Prerequisites: Six semester hours of geology. Onshore and nearshore geological processes, sedimentation patterns, and land-form development.

MSCI 341. Marine Invertebrate Zoology (MAR 403). 3 hrs.; III.

MSCI 341L. Marine Invertebrate Zoology Lab (MAR 403L). 3 hrs.; III. Prerequisites: 16 semester hours of zoology, including at least an introductory course in invertebrate zoology. A concentrated study of the important free-living, marine and estuarine invertebrates of the Mississippi Sound and adjacent continental shelf of the northeastern Gulf of Mexico, with emphasis on the structure, classification, phylogenetic relationships, larval development, and functional processes.

MSCI 342. Marine Ichthology (MAR 408). 3 hrs.; III.

MSCI 342L. Marine Ichthology Lab (MAR 408L). 3 hrs.;

III. Prerequisites: 16 semester hours of zoology, including comparative anatomy or consent of instructor. A general study of the Marine Chordata, including lower groups and the mammals and birds, with most emphasis on the fishes.

MSCI 464. Marine Science I. Oceanography (MAR 300). 3 hrs.; III.

MSCI 464L. Marine Science I. Oceanography Lab (MAR 300L). 2 hrs.; III. **Prerequisites:** College algebra and two semesters of general chemistry. Geology and physics courses helpful, but not requires. This introductory course in oceanography integrates chemical, geological, and physical oceanography to provide a multidisciplinary approach to the fundamentals of oceanography.

MSCI 465. Marine Science II: Marine Biology (MAR 301). 3 hrs.; III.

MSCI 465L. Marine Science II: Marine Biology lab (MAR 301L). 2 hrs.; III. **Prerequisites:** eight semester hours of in biological sciences. A general introduction to marine biology with emphasis on local fauna and flora.

MSCI 561. Comparative Histology of Marine Organisms (MAR 430). 3 hrs.; III.

MSCI 561L. Comparative Histology of Marine Organisms Lab (MAR 430L). 3 hrs.; III. **Prerequisites:** Consent of instructor. A detailed study of the histological organization of representative marine organisms. Fixation, processing, and study of tissue using light microscopy, transmission electron microscopy, and scanning electron microscopy. The relationship between structural changes and physiological changes during life cycle of organism. Histopathology with respect to tissue responses to infection and to damage by toxic agents.

MSCI 562. Salt Marsh Plant Ecology (MAR 422). 2 hrs.; III.

MSCI 562L. Salt Marsh Plant Ecology Lab (MAR 422L). 2 hrs.; III. **Prerequisites:** General botany, plant taxonomy, plant physiology, and general ecology or consent of instructor. Emphasis on the botanical aspects of local marshes. Plant identification, composition, structure, distribution, and development of coastal marshes. Biological and physical interrelationships. Primary productivity and relation of marshes to estuaries and associated fauna.

MSCI 563. Marine Fisheries Management (MAR 410). 2 hrs.; III.

MSCI 563L. Marine Fisheries Management Lab (MAR 410L). 2 hrs.; III. **Prerequisites:** Consent of instructor. An overview of practical marine fishery management problems.

MSCI 565. Marine Ecology (MAR 405). 3 hrs.; III.

MSCI 565L. Marine Ecology Lab (MAR 405L). 2 hrs.; III. **Prerequisites:** 16 hours of biological science, including general zoology, general botany, and invertebrate zoology. A consideration of the relationship of marine organisms to their environment. The effects of temperature, salinity, light, nutrient concentration, currents, food, predation, and competition on the abundance and the distribution of marine organisms are considered.

MSCI 566. Marine Microbiology (MAR 409). 3 hrs.; III.

MSCI 566L. Marine Microbiology Lab (MAR 409L). 2 hrs.; III. **Prerequisites:** General microbiology and environmental microbiology or consent of instructor. Microbiology and advanced biology students are introduced to the role of microorganisms in the overall ecology of the oceans and estuaries.

MSCI 567. Parasites of Marine Animals (MAR 404). 3 hrs.; III.

MSCI 567L. Parasites of Marine Animals Lab (MAR 404L). 3 hrs.; III. **Prerequisites:** General parasitology or consent of instructor. Parasites of marine and estuarine animals; emphasis on morphology, taxonomy, life histories, and host-parasite relationships.

MSCI 568. Marine Aquaculture (MAR 407). 3 hrs.; III.

MSCI 568L. Marine Aquaculture (MAR 407L). 3 hrs.; III. **Prerequisites:** General zoology or invertebrate and vertebrate zoology or permission of instructor. A lecture, laboratory, and field course designed to introduce aquatic and marine biology students to the history, principles, problems, and procedures relating to the culture of commercially important crustaceans, fish, and mollusks along the Gulf Coast.

MSCI 569. Fauna/Faunistic Ecology of Tidal Marshes (MAR 406). 1 hr.; III.

MSCI 569L. Fauna/Faunistic Ecology of Tidal Marshes Lab (MAR 406L). 3 hrs.; III. **Prerequisites:** 16 semester hours of biological sciences and junior standing or consent of instructor. Survey and discussion of the taxonomy, distribution, trophic relationships, reproductive strategies, and adaptation of tidal marsh animals, with emphasis on those occurring in northern Gulf Marshes.

MSCI 571. Special Problems in Marine Science (MAR 490). 1 to 6 hrs., as determined by the problem director; III. **Prerequisites:** To be set by problem director. Special problems are research oriented and grades are based on reports submitted by students.

MSCI 572. Special Topics in Marine Science (MAR 491). 1 to 6 hrs., as determined by topic advisor; III. **Prerequisites:** To be set by topics advisor. Provides an opportunity for students to obtain credit for study in areas in which the laboratory offers no formal course.

MSCI 595. Marine Science for Teachers I (MAR 456). 2 hrs.; III.

MSCI 595L. Marine Science for Teachers I Lab (MAR 456L). 1 hr.; III. **Prerequisites:** Biology background or consent of instructor. Introduces students, particularly in-service teachers, to the study of marine science and to promote the teaching of marine biology at all grade levels.

MSCI 596. Marine Science for Teachers II (MAR 457). 2 hrs.; III.

MSCI 596L. Marine Science for Teachers II Lab (MAR 457L). 1 hr.; III. **Prerequisites:** MSCI 595. Augments MSCI 595 to enable the students, particularly in-service teachers, to establish further studies in the marine sciences in local school systems at all grade levels.

MSCI 597. Marine Science for Elementary Teachers (MAR 485). 2 hrs.; III.

MSCI 597L. Marine Science for Elementary Teachers Lab (MAR 485L). 1 hr.; III. *Prerequisites:* Six hours in biology. Prepare teachers of elementary grade children to conduct classes using marine related materials.

Mathematics

MATH 091. Beginning Algebra. (3-0-3); I, II, III. A first course in algebra for students with no previous experience with algebra or who have been unsuccessful in attempting a course in Algebra I at the secondary school level. This is a course in the developmental studies curriculum and does not count as credit toward graduation. A student should not expect other institutions to accept this course for transfer credit.

MATH 093. Intermediate Algebra. (3-0-3); I, II, III. *Prerequisite:* Algebra I in secondary school or MATH 091. A second course in algebra, giving the student an opportunity to gain additional competency in algebra necessary for certain courses at the university. This is a course in the developmental studies curriculum and does not count as credit toward graduation. A student should not expect other institutions to accept this course for transfer credit.

MATH 110. Problem Solving Techniques. (1-0-1); I, II. A basic course emphasizing problem interpretation, translation, and solution. Hand-held calculators used for the solution of problems.

MATH 123. Introduction to Statistics. (3-0-3); I, II, III. Basic concepts of probability, sampling, and the algebra of events. Properties of selected discrete and continuous distributions.

MATH 131. General Mathematics. Problem Solving Strategies. (3-0-3); I, II, III. A course providing the student with experiences designed to improve the ability to make decisions and solve a variety of problems. Emphasis is on learning to investigate, organize, observe, question, discuss, reason, generalize and validate. Mathematical content includes topics which are related to consumer mathematics, geometry, graphs, probability and statistics.

MATH 135. Mathematics for Technical Students. (3-0-3); I, II, III. Practical mathematics as applied to technical programs. Fractions, ratio and proportion, percentage, elementary algebra, formulae, volumes, and trigonometry.

MATH 141. Plane Trigonometry. (3-0-3); I, II, III. *Prerequisite:* High School Algebra II or equivalent. Trigonometric functions, trigonometric identities, inverse functions, and applications.

MATH 152. College Algebra. (3-0-3); I, II, III. *Prerequisite:* High School Algebra II or equivalent. Field and order axioms; equations, inequalities; relations and functions; exponentials; roots; logarithms; sequences; probability and statistics.

MATH 160. Mathematics for Business and Economics. (4-0-4); I, II. *Prerequisite:* High School Algebra II or equivalent. An introduction to finite mathematics and calculus. Systems of linear equations and inequalities, matrix algebra, linear programming, differentiation and integration; applications.

MATH 170. Introduction to Algorithms. (3-0-3); I, II. *Prerequisites:* High School Algebra I and II or equivalent. A first course in the mathematical treatment of algorithms using the generic language of pseudocode.

MATH 174. Pre-Calculus Mathematics. (3-0-3); I, II. Exponential, logarithmic, and trigonometric function; complex numbers, theory of equations; sequences and series.

MATH 175. Analytic Geometry and Calculus I. (4-0-4); I, II, III. *Prerequisite:* MATH 152 and MATH 141 or equivalents. Functions and graphs; limits; continuity; differentiation; applications of the derivative; integration; applications of the definite integral.

MATH 231. Mathematics for the Elementary Teacher I. (3-0-3); I, II, III. (Designed for teachers K-8.) Number systems, primes, and divisibility; fractions; decimals; real numbers; algebraic sentences.

MATH 232. Mathematics for the Elementary Teacher II. (3-0-3); I, II, III. (Designed for teachers K-8.) *Prerequisite:* Mathematics 231. Introduction to computers; probability and statistics; geometric shapes; geometry of measurement; congruence and similarity.

MATH 252. Boolean Algebra. (3-0-3); I. *Prerequisite:* MATH 152 or consent of the instructor. Study of the basic laws and operations of Boolean algebra; simplification techniques, circuit design.

MATH 260. FORTRAN Programming. (3-0-3); I. *Prerequisites:* CIS 202, MATH 170, or consent of instructor. Introduction to FORTRAN programming language. Application of mathematical techniques to problems in programming. Business, engineering, management, and modeling examples are employed to provide comprehensive knowledge of the language.

MATH 275. Analytic Geometry and Calculus II. (4-0-4); I, II, III. *Prerequisites:* MATH 175 and MATH 170. Differentiation and integration of exponential, logarithmic, and trigonometric functions; techniques of integration; numerical methods; improper integrals, infinite series; polar coordinates.

MATH 276. Analytic Geometry and Calculus III. (4-0-4); I, II. *Prerequisite:* MATH 275. Polar coordinates; parametric equations; vectors; differential calculus of functions of several variables; multiple integration; vector calculus.

MATH 301. Elementary Linear Algebra. (3-0-3); II. *Prerequisite:* MATH 175. Vector spaces; determinants; matrices; linear transformations; eigenvectors.

MATH 304. Mathematical Logic and Set Theory. (3-0-3); I. Propositional calculus; sets; relations; functions; Boolean algebras; cardinality.

MATH 308. Discrete Mathematics. (3-0-3); II. *Prerequisites:* MATH 170, MATH 304. A course in algorithms, counting principles, recurrence relations, generating functions, graphs, trees, and networks.

MATH 310. Calculus IV. (3-0-3); II. *Prerequisite:* MATH 275. Algebraic and topological properties of the reals; limits and continuity; differentiation; infinite series; Riemann integration.

MATH 312. Numerical Methods. (3-0-3); I. *Prerequisite:* MATH 275. A basic course in numerical analysis, including error analysis, series approximation, numerical integration techniques, practical applications of matrices, solution of simultaneous non-linear equations, and curve-fitting.

MATH 330. Geometry for Teachers (K-4). (2-2-3); I (in even numbered years). *Prerequisite:* MATH 232. Experimental and axiomatic geometry; points, lines, and planes; separations, curves and surfaces; congruence; measures; parallelism and similarity; coordinate geometry; transformations in a plane.

MATH 332. Introduction to Finite Mathematics. (3-0-3); II. (Designed for teachers K-8). Linear programming, combinatorial analysis, probability, matrices, game theory, and graph theory.

MATH 350. Introduction to Higher Algebra. (3-0-3); II. *Prerequisite:* MATH 304. Groups, rings, integral domains, related topics.

***MATH 353. Statistics. (3-0-3); I, II, III.** *Prerequisite:* High school Algebra II or equivalent. Introduction to basic statistics with applications.

***MATH 354. Business Statistics. (3-1-3); I, II, III.** *Prerequisite:* High school Algebra II or equivalent. Introduction to statistics with applications to business.

MATH 355. Principles of Optimization. (3-0-3); I. *Prerequisite:* MATH 152 or equivalent. Linear, integer and dynamic programming, game theory, and scheduling.

MATH 363. Differential Equations. (3-0-3); II. *Prerequisite:* MATH 275. Special types of first order differential equations; linear differential equations; operator methods; Laplace transforms; series methods; applications.

MATH 365. Introduction to Mathematical Statistics. (3-0-3); I. *Prerequisite:* MATH 275. A calculus-based introduction to probability and statistics.

MATH 370. College Geometry I (3-0-3); II, III. *Prerequisite:* MATH 304. Sets of axioms, finite geometries, convexity, Euclidean geometry of the polygon and circle, geometric constructions.

MATH 371. College Geometry II. (3-0-3); I. *Prerequisite:* MATH 370. Geometric transformations, non-euclidean geometry, projective geometry, geometric topology, geometry of inversion.

MATH 373. Principles and Techniques of Teaching Mathematics. (2-2-3); I. *Prerequisite:* MATH 275. A course designed specifically for the student who desires to become a teacher of secondary school mathematics. The course provides the student with opportunities to develop the skills required to plan, implement, and evaluate mathematics instruction. Field and clinical experiences are an integral part of the course.

MATH 374. Clinical and Field Experiences in the Teaching of Mathematics. (1-4-3); II (in odd numbered years). A course designed to provide students with clinical and field opportunities to further develop the skills required for planning, implementing, and evaluating instruction in secondary school mathematics.

MATH 391. Dynamics. (3-0-3); I. *Prerequisite:* PHY 221 or 231. A study of motion of bodies. Kinematics and dynamics of particles and rigid bodies; work and energy; impulse and momentum.

MATH 419. Probability. (3-0-3); I. *Prerequisite:* MATH 275 and MATH 365. A first course in mathematical probability and its applications to statistical analysis.

MATH 420. Mathematical Statistics. (3-0-3); II. *Prerequisite:* MATH 519. Hypothesis testing and estimation; bivariate and multivariate distributions; order statistics; test of fit; nonparametric comparison of locations; distribution theory.

MATH 455. Linear Statistical Models. (3-0-3); II. *Prerequisites:* MATH 301 and MATH 353, MATH 354, or MATH 365. Linear and quadratic regression models; least squares estimates; statistical inference; multicollinearity; residual analysis; selection of regression models; lack of fit.

MATH 471. Seminar. (1-0-1); I, II. *Prerequisite:* Junior or senior standing. Designed to give the student an introduction to research and literature in mathematics.

MATH 481. Mathematics for Engineers and Scientists. (3-0-3); I. *Prerequisites:* MATH 276 and 363. Fourier series, ordinary and partial differential equations, special functions, and integral transforms. See PHYS 481.

MATH 504. Topology. (3-0-3); II. *Prerequisites:* MATH 304 and 350 or consent of instructor. Elementary set theory; topological spaces; metric spaces; compactness and connectedness; mapping of topological spaces; related topics.

MATH 510. Real Variables. (3-0-3); I. *Prerequisite:* MATH 310. Topological properties of Euclidean space; theory of differentiation and integration; sequences and series of functions, metric spaces.

MATH 511. Functional Analysis. (3-0-3); I. *Prerequisites:* MATH 301 and 510 or consent of instructor. Linear spaces; normed and Banach spaces; Hilbert spaces; applications to sequence spaces and Fourier series.

MATH 553. Concepts in the Design of Experiments. (3-0-3); I. *Prerequisite:* MATH 353, MATH 354 or MATH 365. Single factor experiments; factorial experiments; qualitative and quantitative factors; fixed, random and mixed models; nested experiments.

MATH 555. Nonparametric Statistics. (3-0-3); II. *Prerequisite:* MATH 353, MATH 354 or MATH 365. A course in basic nonparametric statistical methods and applications.

MATH 573. Projective Geometry. (3-0-3); III. *Prerequisite:* MATH 370 or consent of instructor. A synthetic treatment of projective geometry leading into natural homogeneous coordinates; analytic projective geometry; conics; axiomatic projective geometry; some descendants of real projective geometry.

MATH 575. Selected Topics. (1 to 6 hrs.); I, II, III. *Prerequisite:* Consent of instructor. Topics are offered which meet the needs of the students and which are not otherwise included in the general curriculum.

MATH 585. Vector Analysis. (3-0-3); I. *Co-requisite:* MATH 276. Vector algebra; vector functions of a single variable; scalar and vector fields; line integrals; generalizations and applications.

MATH 586. Complex Variables. (3-0-3); II. *Prerequisite:* MATH 310 or 585 or permission of instructor. Algebra of complex variables, analytic functions, integrals, power series; residues and poles; conformal mappings.

MATH 595. Topics in the Mathematics Curriculum. (1 to 6 hrs.); III. *Prerequisite:* Consent of instructor. New curricula development in mathematics.

*A student may receive credit toward graduation in only one of the following: MATH 353, 354 or 365.

Military Science

MS 101. Introduction to Military Science. (2-0-2); I, II, III. Introduces the military science program. Explains organizations and composition of our present-day military forces. Study customs and traditions of the service. Introduces basic military skills, basic rifle marksmanship and rappelling.

MS 101A. Introduction to Military Science Lab I. (0-2-1); Practical and field application of skills acquired in MS 101. No prerequisites.

MS 102. U.S. Army: Its Evolution and Development. (2-0-2); I, II, III. Analyzes land navigation, use of compass and map reading. Introduces basic military skills in camouflage, inspections and military movement techniques. Includes basic rifle marksmanship and rappelling.

MS 102A. U.S. Army: Its Evolution and Development Lab I. (0-2-1); I. Practical and field application of skills acquired in MS 102. No prerequisites.

MS 201. Military Leadership Principles and Techniques. (2-0-2); I, II, III. Study of military skills, professional officer knowledge and leadership management principles.

MS 201A. Military Leadership Principles and Techniques Lab I. (0-2-1); I. Practical and field application of skills acquired in MS 201. No prerequisites.

MS 202. Application of Military Skills and Knowledge. (2-0-2); I, II, III. A study of military aspects of first aid; physical readiness; drill and ceremonies and land navigation.

MS 202A. Application of Military Skills and Knowledge Lab I. (0-2-1); I. Practical and field application of skills acquired in MS 202. No prerequisites.

MS 301. Advanced Military Science I. (2-0-2); I. Study and application of general military subjects relating to map reading, land navigation, radio and wire communication and physical security measures. Must be taken in same semester with MS 301A.

MS 301A. Advanced Military Science Lab I. (0-2-1); I. Practical and field application of skills acquired in MS 301. Must be taken in same semester with MS 301.

MS 302. Advanced Military Science II. (2-0-2); II. Study and application of general military skills relating to principles of war, leadership roles, operation orders, decision-making process, tactics, nuclear, biological and chemical (NBC) operations, and branches of the Army. Must be taken in same semester with MS 302A.

MS 302A. Advanced Military Science Lab II. (0-2-1); II. Practical and field application of skills acquired in MS 302. Must be taken in same semester with 302.

MS 339. Cooperative Education in Military Leadership. (0-0-4); III. Attendance at ROTC Advanced Summer Camp. (Six weeks in duration.)

MS 401. Advanced Military Science III. (2-0-2); I. Development of cadet awareness of general military subjects to include briefing techniques, military justice, and training management. Must be taken in same semester with MS 401A.

MS 401A. Advanced Military Science Lab II. (0-2-1); I. Practical and field application of skills acquired in MS 401. Must be taken in same semester with MS 401.

MS 402. Advanced Military Science IV. (2-0-2); II. Development of cadet awareness in ethics and professionalism; exposure to military administrative procedures, and logistics management. Must be taken in same semester with MS 402A.

MS 402A. Advanced Military Science Lab IV. (0-2-1); II. Practical and field application of skills acquired in MS 402. Must be taken in same semester with MS 402.

Mining

MIN 101. Introduction to Mining and Reclamation. (3-0-3); on demand. A survey of all phases of the mining industry, emphasizing the importance of safety management and including areas such as production, laws, history, geology, coal analysis and preparation, environmentalism, marketing, uses, economics, reclamation, labor relations, and transportation. Both underground and surface mining techniques are introduced.

MIN 103. Mine Drafting. (1-4-3); on demand. Prerequisite: GCT 103. The adaptation of basic drawing and drafting skills to mine layout and design. Emphasis is placed upon accurate pictorial interpretation of measurement and layout and upon the development of mine drafting skills.

MIN 104. Underground Mine Safety. (3-0-3); on demand. A study of underground mine safety procedures as required by the Kentucky Department of Mines and Minerals and the United States Department of Labor's Mine Safety and Health Administration.

MIN 200. Mine Surveying. (1-4-3); on demand. Prerequisites: GCT 103 and CON 102. The use of the transit in underground and above-ground surveying. Techniques are used to teach the student to locate benchmarks, plot shafts, and passageways, and other details in mine surveying.

MIN 201. Mine Equipment. (3-0-3); on demand. Prerequisite: MIN 101. An analysis of various types of mining equipment, including design, function, methods of control applications, and safety of operation.

MIN 202. Mine Ventilation. (3-0-3); on demand. Prerequisite: MIN 101. A study of the control of mine air, mechanics of air flow, and mine fans. Also included is an analysis of mine gases and detection devices. State and federal mining regulations, methods of inspection, and lawful ventilation practices will be stressed.

MIN 210. Internship. (1 to 8 hrs); on demand. The student will gain experience in actual work-place situation. The student will work in an approved organization under the direction of a supervisor for a specified period of time. Credit will be earned in the relation to the amount of time worked. The faculty will visit the student at the job site, and the student will be expected to complete a written evaluation of his or her work experience.

MIN 301. Mine Electrical Systems. (3-0-3); on demand. Prerequisites: EET 240 and MIN 101. Analysis and function of mine electrical systems, preventative maintenance, and the inspection of the electrical equipment.

MIN 302. Coal Analysis and Preparation. (2-2-3); on demand. A study of the various techniques used in analyzing and preparing coal, resulting in findings of coal characterizations such as sulfur, ash, BTU's, and moisture content. The student learns the process of cleaning, sizing, and mixing coal. Safe disposal of wastes and by-products from the preparation of coal is stressed.

MIN 303. Mine Laws. (3-0-3); on demand. Prerequisite: MIN 101. A study of underground mining laws and their applications to the underground mine operations. An analysis is made of state and federal codes, their interpretations and applications.

MIN 305. Surface Mining Systems. (3-0-3); on demand. Prerequisite: MIN 101. A study of the engineering and management approaches to the various surface mining systems. Topics will include the study of surface mining laws, production and safety techniques, equipment types and their functions, and the management of surface mining operations.

MIN 307. Hydrology. (3-0-3); on demand. Prerequisites: MIN 101, GEOS 200 or consent of instructor. A study of surface and subsurface fluid flow systems. Basic areas will include open and closed channel flow, hydrogeology, sedimentation/erosion control, and applicable state/federal regulations.

MIN 401. Mining Economics. (3-0-3); on demand. Prerequisite: MIN 101. A study of the various economic aspects related to the mining sector, with special emphasis on the coal industry. Topics include economic history, supply and demand, comparative mining industry structure, consumption and distribution patterns, and comparative cost analysis.

MIN 402. Mine Roof and Rib Control. (3-0-3); on demand. Prerequisite: MIN 101 and GEOS 200. A study of bedded sedimentary formations and the transition of these formations once an opening is excavated through them. Provides a basis for the design of support systems to prevent or control the collapse or failure of a coal mine roof and ribs both safely and economically.

MIN 403. Blasting and Explosives. (3-0-3); on demand. Prerequisite: MIN 101 and GEOS 200. An analysis of the principle types of commercial high explosives and explosive devices, and chemical and physical characteristics of explosives. The fundamentals of blasting design will be covered, including rock breakage mechanisms, overburden, spacing and stemming calculations, and blasting pattern design. Legal issues and safety aspects of explosives and blasting will be stressed.

MIN 404. Mine Management. (3-0-3); on demand. Prerequisite: MIN 101. A study of basic principles of management and their specific applications to mine operations. Included will be the responsibilities associated with effective middle and front-line management in today's coal operations. The course will focus on supervisory functions with ideas for strengthening mine productivity, labor-management relations, costs, training, and safety.

MIN 406. Underground Mine Technology. (3-0-3); on demand. Prerequisite: Senior standing. An in-depth study of the engineering and management approaches to underground mine systems. Special emphasis will be placed on integrating previously learned material to cover the advanced areas of planning, installation, and development of underground mining operations.

MIN 476. Special Problems in Mining. (1 to 3 hrs.); on demand. Prerequisite: Senior standing. Designed for the purpose of permitting a student to conduct advanced and specialized studies in mining and/or the energy sector. A written proposal, including a justification, must be submitted to the assigned instructor and to the student's advisor before registration. Each request will be considered as to its relevancy to the education of the student.

MSU (Freshman Orientation)

MSU 101. Discovering University Life. (1-0-1); I, II. This course is designed to support new students in making the academic, personal, and social adjustments needed for a successful university experience. (no prerequisite or corequisite.)

Music (Conducting)

MUSC 271. Basic Conducting. (2-0-2); I. Fundamentals of score reading and baton technique.

MUSC 471. Choral Conducting. (2-0-2); II. Prerequisite: MUSC 271. Baton technique, rehearsal procedures, choral diction, and style and interpretation of choral works.

MUSC 472. Instrumental Conducting. (2-0-2); II. Prerequisite: MUSC 271. Baton technique, rehearsal procedures, and style and interpretation of instrumental works.

MUSC 473. Rehearsal Techniques for Jazz Ensembles. (2-0-2); on demand. Prerequisite: MUSC 271. Special techniques needed in rehearsing jazz, pop, and rock ensembles.

Music (Education)

MUSE 221. Music for the Elementary Teacher. (2-0-2); I, II, III. Prerequisite: MUST 100, 101, or 131. Music fundamentals and methods for teaching music to elementary school children.

MUSE 230. Introduction to Music Education. (1-0-1); I, II. Orientation to music teaching in the public schools.

MUSE 325. Materials and Methods for Elementary Grades. (2-2-3); I. Prerequisite: MUSE 230. Materials and methods for the elementary school with emphasis on the teaching of musical concepts through developmental techniques.

MUSE 335. Field Experience. (1 to 3 hrs.); on demand. Two full days weekly of teaching under supervision in public schools in nearby communities.

MUSE 336. Field Experience. (1 to 3 hrs.); on demand. Continuation of MUSE 335.

MUSE 375. Vocal Materials and Methods. (2-0-2); II. Prerequisite: MUSE 325. The teaching of general music in the junior and senior high schools with emphasis on choral activities.

MUSE 376. Instrumental Materials and Methods. (2-0-2); II. Prerequisite: Credit for applied music in at least two of the following fields: strings, brasswinds, woodwinds, percussion. Instructional procedures and materials used in instrumental teaching from the elementary grades through high school

MUSE 377. Instrumental Repair and Maintenance. (1-1-1); I. Demonstration and practice in simple repairs and maintenance of band and orchestral instruments.

MUSE 378. Piano Pedagogy. (2-1-2); II. Survey and evaluation of materials and methods for teaching class and private piano.

MUSE 515. Microcomputers and Music. (3-0-3); on demand. Applications microcomputers and music. An introduction to the current usage, implementation, and software assessment.

MUSE 578. Teaching of Percussion. (2-0-2); on demand. A study of the development of percussion instruments, literature, and performing techniques.

MUSE 579. Marching Band Techniques. (2-0-2); I, III. Techniques of preparing marching bands for performance.

MUSE 595. Voice Pedagogy. (3-0-3); on demand. An introduction to the physiological, acoustical, and phonetic bases of singing and private voice instruction. Emphasis on the relationship between scientific fact and the practical application of principle through the use of imagery and phonetic choice.

Music (Class Applied)

MUSG 123. Class Piano I. (0-2-1); I, II.

MUSG 124. Class Piano II. (0-2-1); I, II.

MUSG 126. Traditional English and American Dance. (0-2-1); on demand. Technique and style of American and English country dances in the circle, square, and contra formation.

MUSG 135. Class Guitar I. (0-2-1); I, II.

MUSG 136. Class Classical Guitar. (0-2-1); I, II.

MUSG 137. Class Banjo. (0-2-1); on demand.

MUSG 183. Studio Improvisation. (0-2-1); I, II. Jazz styles, improvisational theories and techniques, with emphasis on small group playing and supervised improvisation. May be repeated for credit.

MUSG 211. Class Woodwinds. (0-2-1); I. Not for woodwinds majors.

MUSG 212. Advanced Woodwinds Techniques. (0-2-1); II. *Prerequisite:* MUSG 211 or prior playing experience with woodwind instruments. May be substituted for MUSG 211.

MUSG 213. Class Brasswinds. (0-2-1); I. Not for brasswinds majors.

MUSG 214. Advanced Brasswind Techniques. (0-2-1); II. *Prerequisite:* MUSG 213 or prior playing experience with brasswind instruments. Performance techniques and teaching procedures for brasswind instruments. May be substituted for MUSG 213.

MUSG 215. Class Harp. (0-2-1); on demand.

MUSG 217. Class Percussion. (0-2-1); I, II.

MUSG 223. Class Piano III. (0-2-1); I, II.

MUSG 224. Class Piano IV. (0-2-1); I, II.

MUSG 226. Class Strings. (0-2-1); I, II.

MUSG 235. Class Guitar II. (0-2-1); I, II.

MUSG 239. Class Voice. (0-2-1); I, II.

MUSG 245. Jazz Keyboard I. (0-2-1); I. *Prerequisite:* MUSG 124 or consent of the instructor. An introduction to jazz keyboard techniques with emphasis on ensemble playing.

MUSG 246. Jazz Keyboard II. (0-2-1); II. *Prerequisite:* MUSG 245. Continuation of MUSG 245.

MUSG 345. Jazz Keyboard III. (0-2-1); I. *Prerequisite:* MUSG 246. Jazz keyboard techniques with emphasis on solo playing.

MUSG 346. Jazz Keyboard IV. (0-2-1); II. *Prerequisite:* MUSG 345. Continuation of MUSG 345.

MUSG 379. Double Reed Making. (0-2-1); on demand. Concepts and skills of making double reeds, oboe through contrabassoon. May be repeated for credit.

MUSG 383. Studio Improvisation. (0-2-1); I, II. *Prerequisite:* Four hours of credit in MUSG 183. May be repeated for credit.

MUSG 583. Studio Improvisation. (0-2-1); I, II. *Prerequisite:* Four hours of credit in MUSG 383. May be repeated for credit.

Music (History and Literature)

MUSH 161. Literature of Music I. (2-0-2); I. Designed to promote intelligent listening and understanding of music of various periods and styles.

MUSH 162. Literature of Music II. (2-0-2); II. Continuation of MUSH 161.

MUSH 261. Music Listening. (3-0-3); I, II. An introduction to the various styles, periods, and media of music. A general education elective; does not apply toward fulfilling music degree requirements.

MUSH 329. Church Music. (2-0-2); on demand. Brief history; techniques of hymn and anthem playing and/or directing; planning the worship service.

MUSH 361. History of Music I. (3-0-3); I. A survey of the history of music in Western Europe from its ancient Greek beginnings through the early eighteenth century.

MUSH 362. History of Music II. (3-0-3); II. The history of music in Western Europe, Russia, and America from the eighteenth century to the present.

MUSH 365. Jazz History and Literature. (3-0-3); I. A survey of jazz history from its beginning (ca. 1850) to the present.

MUSH 565. Music in America. (3-0-3); II. A survey of the history of American music from colonial times to the present.

MUSH 581. Literature of the Piano. (3-0-3); I. Survey of the keyboard music from the sixteenth century to the present.

MUSH 591. School Band Literature. (2-0-2); on demand. Examination and criticism of music for training and concert use by groups at various levels of attainment.

MUSH 592. Vocal Literature. (3-0-3); on demand. A survey of music for solo voice ensemble, sixteenth through twentieth centuries; stylistic traits, types of composition, sources, and performance practices.

Music (Ensembles)

Ensembles listed with two course numbers may be repeated for credit after earning four hours of lower division credit (100 level), a student may enroll for upper division credit (300 level).

MUSM 135, 335. Clarinet Choir. (0-2-1); on demand.

MUSM 136, 336. Woodwind Quintet. (0-2-1); on demand.

MUSM 161, 361. Trumpet Choir. (0-2-1); on demand.

MUSM 162, 362. Trombone Choir. (0-2-1); on demand.

MUSM 163, 363. Tuba and Euphonium Ensemble. (0-2-1); on demand.

MUSM 167, 367. Brass Choir. (0-2-1); I, II. Open to brass players with the consent of the instructor.

MUSM 168, 368. Brasswind Ensemble. (0-2-1); on demand.

MUSM 169, 369. Percussion Ensemble. (0-2-1); I, II.

MUSM 170, 370. Concert Band. (0-2-1); II. Open to all students. Admission by audition.

MUSM 171, 371. Symphony Band. (0-2-1); II. Open to all students. Admission by audition.

MUSM 172, 372. Marching Band. (0-5-1); I. Open to all students. Required for wind and percussion music education students. Upper division credit after earning two hours of credit.

MUSM 178, 378. String Ensemble. (0-2-1); on demand.

MUSM 179, 379. Orchestra. (0-2-1); I, II. Open to all string students and to selected wind and percussion players as needed.

MUSM 181, 381. Jazz Ensemble. (0-2-1); I, II. Open to all students. Admission by audition.

MUSM 182, 382. Jazz Vocal Ensemble. (0-2-1); I, II. Open to all students. Admission by audition.

MUSM 183, 383. Traditional Music Ensemble. (0-2-1); on demand.

MUSM 184, 384. Guitar Ensemble. (0-2-1); I, II.

MUSM 187. Piano Sight Reading I. (0-2-1); I, II. Designed to develop sight reading competence. Required for piano majors.

MUSM 188. Piano Sight Reading II. (0-2-1); I, II. Continuation of MUSM 187.

MUSM 189. Piano Ensemble. (0-2-1); I, II. Preparation and performance of piano ensemble literature.

MUSM 190, 390. Vocal Ensemble. (0-2-1); on demand.

MUSM 191, 391. University Chorus. (0-3-1); I, II. Open to all university students interested in singing.

MUSM 192, 392. Concert Choir. (0-2-1); I, II. Open to all students. Admission by audition.

MUSM 193, 393. Chamber Singers. (0-3-1); I, II. Selected group of 16 singers. Admission by audition.

MUSM 194, 394. Opera Workshop. (0-2-1); on demand.
Prerequisite: *Consent of instructor.* An introduction to the techniques of musical theatre with emphasis on the integration of music and action-dramatic study of operatic roles.

MUSM 200/400. Student Recital. (0-1-0); I, II. Music students and faculty present a recital each Thursday afternoon. Music students are required to take this course each semester.

MUSM 387, 388. Accompanying I, II. (0-2-1); I, II. Two hours of studio accompanying per week.

MUSM 487, 488. Recital Accompanying. (0-2-1); I, II.
Prerequisite: *consent of piano faculty.* Performance of accompaniments for junior or senior recitals. Consent of piano faculty required.

Music (Private Applied)

Private applied music courses may be repeated for credit. After completing at least four semesters of credit at the 200 level with a minimum grade of C, a student may enroll for courses at the 400 level. At least three semesters of upper division credit in the principal performing area are required for graduation with a major or area of concentration in music.

MUSP 200, 400. Performance Class.

MUSP 201, 401, 501. Private Flute.

MUSP 202, 402, 502. Private Oboe.

MUSP 203, 403, 503. Private Bassoon.

MUSP 204, 404, 504. Private Clarinet.

MUSP 205, 405, 505. Private Saxophone.

MUSP 206, 406, 506. Private Horn.

MUSP 207, 407, 507. Private Trumpet.

MUSP 208, 408, 508. Private Euphonium.

MUSP 209, 409, 509. Private Trombone.

MUSP 210, 410, 510. Private Tuba.

MUSP 216, 416, 516. Private Harp.

MUSP 219, 419, 519. Private Percussion.

MUSP 227, 427, 527. Private Violin.

MUSP 228, 428, 528. Private Viola.

MUSP 229, 429, 529. Private Cello.

MUSP 230, 430, 530. Private Double Bass.

MUSP 235, 435, 535. Private Classical Guitar.

MUSP 236, 436, 536. Private Guitar.

MUSP 237, 437, 537. Private Electric Bass.

MUSP 238, 438, 538. Private Banjo.

MUSP 240, 440, 540. Private Voice.

MUSP 241, 441, 541. Private Harpsichord.

MUSP 242, 442, 542. Private Organ.

MUSP 243, 443, 543. Private Piano.

MUSP 262, 462, 562. Private Composition.

MUSP 263, 463, 563. Private Conducting. *With the consent of the instructor.*

MUSP 360. Junior Recital. (2-0-2); I, II, III. *Prerequisite:* *Approval of the music faculty.* A solo public recital of at least 30 minutes.

MUSP 450. Senior Recital. (2-0-2); I, II, III. *Prerequisite:* *Approval of the music faculty.* A solo public recital of approximately 30 minutes duration.

MUSP 460. Senior Recital. (3-0-3); I, II, III. *Prerequisite:* *Approval of the music faculty.* A solo public recital of approximately 60 minutes duration.

MUSP 470. Composition Recital. (1-0-2); I, II, III. Preparation and performance in recital of student's compositions. With the approval of the music faculty.

Music (Theory and Composition)

Music students should enroll in the appropriate music theory and music reading courses each semester until the completion of MUST 233, and MUST 237.

MUST 100. Rudiments of Music. (1-2-2); I, II, III. Fundamentals of music notation and basic elements of music theory. Recorder playing, autoharp accompaniment, and singing. *Prerequisite:* for MUSE 221.

MUST 101. Introduction to Music Theory. (1-2-2); I, II. An introduction to the basic elements of music theory.

MUST 102. Introduction to Music Reading. (1-2-2); I, II. An introduction to the concepts and applications of reading music, vocally and instrumentally.

MUST 131. Music Theory I. (2-2-3); I, II. *Prerequisite:* *MUST 101 or demonstration of equivalent competencies on the Music Department Entrance Examination.* An extensive study of the basic elements of music (calligraphy, rhythm, meter, pitch, materials), emphasizing monodic, two and three-voice textures; timbral qualities of the instruments; basic diatonic harmony.

MUST 132. Music Theory II. (2-2-3); I, II. *Prerequisite:* *MUST 131 or demonstration of equivalent competency on the Music Department Entrance Examination.* A continuation of Music Theory I, with emphasis on three and four-voice textures, figured bass, secondary dominants, binary and ternary forms, transposition and scoring for small ensembles, and tonality changes. Supportive ear training to accompany these areas where applicable.

MUST 133. Music Reading I. (0-2-1); I, II. *Prerequisite:* *MUST 102 or determination of equivalent competency by Music Department Entrance Examination.* An ensemble approach to the development of basic skills of tonal and rhythmic reading through supervised vocal and instrumental reading experiences.

MUST 135. Music Reading II. (1-2-2). *Prerequisite:* *MUST 133.* Continuation of MUST 133.

MUST 233. Music Reading III. (2-2-3); I, II. *Prerequisite:* *MUST 135 or determination of equivalent competency by the Music Department Entrance Examination.* A continuation of Music Reading II, with emphasis on the individual development of vocal and instrumental music reading skills.

MUST 236. Music Theory III. (2-1-2); I, II. *Prerequisite:* *MUST 132 or determination of equivalent competency by Music Department Entrance Examination.* A continuation of Music Theory II, with emphasis on the broadening of total and rhythmic vocabulary through study of chromatic harmony and more complex metric rhythmic patterns.

MUST 237. Music Theory IV. (2-1-2); I, II. *Prerequisite:* *MUST 236 or determination of equivalent competency by the Music Department Entrance Examination.* A continuation of Music Theory III, with emphasis upon Post-Impressionistic Twentieth Century materials and styles.

MUST 263. Elementary Composition I. (1-1-2); on demand. *Prerequisite:* *MUST 237 or consent of the instructor.* Study and practice of basic formal compositional principles.

MUST 264. Elementary Composition II. (1-1-2); on demand. *Prerequisite:* *MUST 263.* Continuation of MUST 263.

MUST 331. Counterpoint. (2-0-2); on demand. Prerequisite: MUST 132. Writing of sixteenth and eighteenth century strict and free counterpoint, canon, invention, fugue. Some twentieth century techniques.

MUST 363. Intermediate Composition I. (1-1-2); on demand. Prerequisite: MUST 264. Study and writing of original creative work. One hour weekly in private study; one hour in composition seminar-colloquium.

MUST 364. Intermediate Composition II. (1-1-2); on demand. Prerequisite: MUST 363. A continuation of MUST 363.

MUST 433. Arranging for Jazz Ensembles I. (2-0-2); on demand. Techniques of arranging for large and small jazz ensembles.

MUST 434. Arranging for Jazz Ensembles II. (2-0-2); on demand. Prerequisite: MUST 433. Continuation of MUST 433.

MUST 465. Form Analysis. (2-0-2); on demand. Prerequisite: MUST 237, 233. A study of the elements of musical design through aural and score analysis.

MUST 531. Arranging. (2-0-2); on demand. Prerequisite: MUST 237, 233, or the equivalent. Scoring, arranging, transcribing, of selected or original materials for voices and/or instruments.

MUST 532. Advanced Arranging. (2-0-2); on demand. Prerequisite: MUST 531. Continuation of MUST 531.

MUST 563. Advanced Composition I. (1-1-2); on demand. Prerequisite: MUST 364. Study, writing, and performance of students' original creative work. Private conferences and composition seminar in colloquium.

MUST 564. Advanced Composition II. (1-1-2); on demand. Prerequisite: MUST 563. Continuation of MUST 563.

MUSW 476. Special Problems in Music. I, II, III. (1 to 3 hrs.). Prerequisite: Consent of instructor. Independent study and research in an area of the student's choosing. Requires completion of paper or other tangible evidence of the results of the study.

Nursing (Associate)

NURA 100. Fundamentals of Nursing. (3-9-6); I. Prerequisite: Official acceptance in the nursing program. **Corequisites:** BIOL 231 Human Anatomy, PSY 154 Introduction to Psychology, MATH 135 or higher, and NUR 151 Interpersonal Skills for Health Promotion. A study of nursing theory and basic nursing skills involved in meeting the human needs of patients. The nursing process and roles of the associate degree nurse and health care team members are introduced. Emphasis is placed on nursing care of the adult patient. Three hours theory, 9 hours clinical and/or campus laboratory activities per week.

NURA 101. Maternity Nursing. (2.5-4.5-4); II. Prerequisite: Successful completion of the first semester of the nursing program. **Corequisites:** BIOL 232 Human Physiology, CHEM 101 Survey of General Chemistry, and PSY 156 Life Span Psychology, and NURA 102 Mental Health Nursing. A family centered and human needs approach to the study of the maternity process. Emphasis is placed on the roles of the associate degree nurse which includes provider of care, manager of care, and member within the discipline in maternity nursing. Two and one-half hours theory, four and one-half hours clinical and/or campus laboratory activities per week.

NURA 102. Mental Health Nursing. (2.5-4.5-4); II. Prerequisites: Successful completion of the first semester of the nursing program. **Corequisites:** BIOL 232 Human Physiology, CHEM 101

Survey of General Chemistry, and PSY 156 Life Span Psychology, and NURA 101 Maternity Nursing. A study of mental health nursing at any stage of the life span. Emphasis is placed on the roles of the associate degree nurse which includes provider of care, manager of care, and member within the discipline in mental health nursing. Two and one-half hours theory and four and one-half clinical and/or campus laboratory activities per week.

NURA 203. Child Adult Nursing I. (5-9-8); I. Prerequisite: Successful completion of the first two semesters of the nursing program. **Corequisites:** HEC 201 Principles of Nutrition, and BIOL 217 Elementary Medical Microbiology or BIOL 317 Principles of Microbiology. A study of the nursing care of individuals from infancy throughout the life span who have commonly occurring alterations in health. Emphasis is placed on the roles of the associate degree nurse for nursing care of adults and children. Five hours theory and nine hours clinical and/or campus laboratory activities per week.

NURA 204. Child Adult Nursing II. (5-15-10); II. Prerequisites: Successful completion of the first three semesters of the nursing program. **Corequisites:** NURA 210 Nursing Issues and Trends for the Associate Degree Nurse. A continuation of NURA 203 with inclusion of more complex nursing skills and nursing care of individuals with multiple alterations in health. Five hours theory and fifteen hours clinical and/or campus laboratory activities per week.

NURA 210. Nursing Issues and Trends for the Associate Degree Nurse. (2-0-2); II. Prerequisites: successful completion of the first three semesters of the nursing program. **Corequisites:** NURA 204 Child Adult Nursing II. A discussion of current issues and trends in nursing. Historical, economic, technological, legal, and ethical components of nursing as they affect associate degree nursing practice are considered. Two hours theory per week.

Nursing (Bachelor's)

NURB 150. Basic Concepts and Theories. (3-0-3); II. This course is designed to introduce selected concepts and theories upon which professional nursing is based. Open to non-nursing majors and required for nursing majors.

NUR 151. Interpersonal Skills for Health Promotion. (2-0-2); III. Focuses on components of interpersonal relationships. Emphasizes health promotion through the use of self-awareness, effective communication skills, stress and coping behaviors, and assertiveness skills. Open to non-nursing majors and required for nursing majors.

NURB 250. Basic Nursing Concepts I. (2-6-4); I. Prerequisite: Successful completion of the thirty-four credit hours required in the freshman year and official admission to the BSN program. **Corequisites:** BIOL 217, SOC 205, and HEC 201. The study of human needs of individuals in all stages of the lifespan. The focus is on the nursing process, legal and ethical issues, professional nursing, and basic nursing concepts related to health. Two hours of theory and six hours of campus laboratory per week.

NURB 251. Pharmacology. (2-0-2); I, II. Open only to students officially admitted to the BSN program and any registered nurse. The study of pharmacological agents used to promote, maintain, and restore health. The role and function of the professional nurse as related to the pharmacological agents is discussed. Two hours of theory per week.

NURB 252. Basic Nursing Concepts II. (5-9-4); II. half semester. Prerequisite: Successful completion of the first three semesters of the BSN curriculum. **Corequisite:** NURB 254, BIOL 336. The management of nursing care is emphasized for patients at any stage of the life span with common health alterations in oxygenation, cell structure, fluid and electrolyte balance, ingestion, digestion, absorption, and elimination. Seven hours of the experience will be off campus, two hours of campus laboratory and five hours of theory per week.

NURB 253. Mental Health Nursing. (5-9-4); II. half semester. Prerequisite: Successful completion of the first three semesters of the BSN curriculum. **Corequisite:** NURB 254, BIOL 336. The study of psychosocial concepts and theories of mental health as related to the management of nursing care for patients at various stages of the lifespan with healthy and deviant behaviors. Seven hours of the clinical experience will be off campus, two hours of campus laboratory and five hours of theory per week.

NURB 254. Health Assessment. (1-6-3); I, II. Prerequisite: Successful completion of the first three semesters of the BSN curriculum or officially admitted to the RN Track. **Corequisite:** NUR 252, NUR 253, BIOL 336. The performance of comprehensive physical and psychosocial health assessments as related to the role and function of the professional nurse. Normal and abnormal findings of health assessments are differentiated. Six hours of the clinical experience will be on campus and one hour of the theory per week.

NURB 350. Nursing Care of the Childbearing Family. (5-9-4); I. Half semester. Prerequisite: Successful completion of the first four semesters of the BSN curriculum. **Corequisite:** MATH 353. Study of the management of nursing care for the childbearing family during pregnancy. Normal and common alterations of pregnancy are considered. Physical, psychosocial, cultural, and developmental aspects of the childbearing family are emphasized. Eight hours of the clinical experience will be off campus, one hour of campus laboratory and five hours of theory per week.

NURB 351. Nursing Care of Children. (5-9-4); I. Half semester. Prerequisites: Successful completion of the first four semesters of the BSN program. **Corequisites:** MATH 353, CIS 201. The management of nursing care is emphasized to promote, maintain, and restore health to children from infancy through adolescence is considered. Eight hours of the clinical experience will be off campus, one hour of campus laboratory and five hours of theory per week.

NURB 360. Adult Nursing. (5-15-10); II. Prerequisite: Successful completion of the first five semesters of the BSN curriculum. **Corequisite:** NURB 361. The management of nursing care for adults with moderate to complex alterations in health is emphasized. The role and function of the professional nurse is related to the promotion, maintenance, and restoration of health. Fourteen hours of the clinical experience will be off campus, one hour of campus laboratory and five hours of theory per week.

NURB 361. Introduction to Nursing Research. (3-0-3); II. Prerequisite: Successful completion of the first five semesters of the BSN curriculum or officially admitted to the RN Track, MATH 135 and 353. **Corequisite:** NURB 360. An introduction to the research process and utilization of nursing research as the basis for professional nursing practice. Focus is on the critiquing of nursing research to determine reliability and validity.

NURB 365. Concepts and Theories Basic to Professional Nursing for the R.N. Track Student. (3-0-3). Prerequisite: Registered Nurse (R.N.) Licensed. **Corequisite:** None. The study of

concepts and theories that provides the basis for the practice of professional nursing. The focus is on the role, functions, and characteristics of the educationally prepared baccalaureate nurse, with emphasis on the Baccalaureate Nursing Program's philosophy, organizing framework and curriculum.

NURB 375. Transitional Courses in Clinical Nursing for the RN-Track Student. (4-12-8); II. Prerequisite: For the RN student officially admitted to the BSN program NURB 251, HEC 201, SOC 205, and NURB 254. An accelerated course in theory content and clinical experience designed to update and validate the status of the registered nurse student. This course is divided into the following areas:

NURB 375A. Mental Health Nursing. (4-12-2). Four hours of lecture and 12 hours of clinical experience per week for four weeks in contemporary mental health nursing. Upon successful completion of this course, credit will be granted for NURB 253 Mental Health Nursing (4 credit hours) and NUR 151 Interpersonal Skills for Health Promotion (2 credit hours).

NURB 375B. Maternity Nursing. (4-12-2). Four hours of lecture and 12 hours of clinical experience per week for four weeks in contemporary maternity nursing. Upon successful completion of this course, credit will be granted for NURB 350 Nursing Care of the Childbearing Family (4 credit hours).

NURB 375C. Nursing of Children. (4-12-2). Four hours of lecture and 12 hours of clinical experience per week for four weeks in contemporary nursing of children. Upon successful completion of this course credit will be granted for NURB 351 Nursing Care of Children (4 credit hours).

NURB 375D. Adult Nursing. (4-12-2). Four hours of lecture and 12 hours of clinical experience per week for four weeks in contemporary adult nursing. Upon successful completion of this course, credit will be granted for NURB 250 Basic Nursing Concepts (4 credit hours), NURB 251 Basic Nursing Concepts II (4 credit hours), and NURB 360 Adult Nursing (10 credit hours).

NURB 450. Community Health Nursing. (4-12-4); I. Half Semester. Prerequisite: Successful completion of the first six semesters of the BSN curriculum. **Corequisite:** NURB 452. The management of nursing care to promote, maintain, and restore health of individuals, families, and groups within a community. Management of health care needs of the community is also emphasized. Twelve hours of clinical experience will be off campus and four hours of theory per week.

NURB 451. Gerontologic Nursing. (4-12-4); I. Half semester. Prerequisite: Successful completion of the first six semesters of the BSN curriculum. **Corequisites:** NURB 452. Physical, and psychosocial, principles of the aging process are integrated in the management of nursing care for the gerontologic patient. Twelve hours of clinical experience will be off campus and four hours of theory per week.

NURB 452. Teaching and Learning in Health Care. (2-0-2); I. Prerequisite: Successful completion of the first six semesters of the BSN curriculum or officially admitted to R.N. Track component. **Corequisite:** NURB 450, NURB 451. The study of concepts and theories of teaching and learning as related to promoting, maintaining, and restoring health. Emphasis is on the role and function of the professional nurse as an educator in health care.

NURB 460. Nursing Leadership and Management. (4-12-4); II. Half Semester. Prerequisite: Successful completion of the first seven semesters of the BSN curriculum. **Corequisite:** NURB 471. The role and function of the professional nurse as a manager

of nursing care is studied in relation to situational leadership theories, strategies and principles of management, and the process of change. Twelve hours of clinical experience will be off campus and four hours of theory per week.

NURB 470. Advanced Clinical Concepts. (4-12-4); II. Half semester. Prerequisites: Successful completion of the first seven semesters of the BSN curriculum. **Corequisite:** NURB 471. This course is designed to allow the student to choose an area of clinical nursing for additional study. The focus is on the role and function of the professional nurse in management of nursing care of patients with multiple and complex health alterations at various stages of the lifespan. Twelve hours of clinical experience will be off campus and four hours of theory per week.

Clinical experience in one of the following areas will be offered upon the request of six (6) or more students:

NURB 470A: Nursing of Children

NURB 470B: Nursing Care of the Childbearing Family

NURB 470C: Adult Nursing

NURB 470D: Gerontologic Nursing

NURB 470E: Mental Health Nursing

NURB 470F: Community Health Nursing

NURB 471. Issues and Trends in Nursing. (2-0-2); II. Prerequisite: Successful completion of the first seven semesters of the BSN curriculum. **Corequisite:** NURB 460, NURB 470. The study of current issues and trends relevant to nursing with consideration of historical, social, legal and ethical, political, legislative, and health policies that impact on the practice of professional nursing.

NURB 472. Independent Study in Nursing (1-3 credits); I, II, III. Prerequisite: Must be officially admitted to BSN program and be a junior or senior level nursing student. Opportunity for in-depth study in an area of special interest in nursing.

NUR 480. Nursing Diagnostic Seminar. (2-0-2); II. Prerequisites: Successful completion of the first seven semesters of the BSN program curriculum or successful completion of the first three semesters of the ADN program. This course is designed to assess the student's nursing knowledge. Based on the assessment results, the faculty will provide review, guidance, and learning experiences to assist the student in meeting identified learning needs.

Nursing & Allied Health Sciences

NAHS 100. Orientation to Health Care Professions. (1-0-1); A study of career opportunities available in health care, the standard program requirements and an overview of the job responsibilities.

NAHS 152. Cardiopulmonary Resuscitation (American Heart Association Basic Life Support). (1-0-1). Open to any interested student. Recognition of need for circulatory support and provision of external life support through cardiopulmonary resuscitation. Successful completion results in certification by the American Heart Association.

NAHS 202. Medical Terminology. (2-0-2); I, II. The study of vocabulary components and terms related to sciences and medicine. Previous knowledge of medicine or related discipline is not necessary.

NAHS 301. Selected Topics. (1 to 3 hrs.); on demand. Prerequisite: Consent of instructor. Investigation of specific topics of interest related to nursing and/or allied health sciences.

NAHS 473. Health Care Management of Children. (3-0-3). Open to any interested student. Promotion of wellness of children and adolescents with emphasis on meeting the health care needs of children in the classroom and home. Discussion of basic first aid, common acute, and chronic illness in children.

NAHS 474. Women and Health. (3-0-3). Open to any interested student. Exploration of body processes and body experience of women throughout the life cycle. Emphasis of health promotion and consumerism.

NAHS 475. Human Sexuality: A Holistic Viewpoint. (3-0-3). Open to any interested student. A study of the biopsychosocial factors inherent with the sexuality of man and their influences on man's behavior.

Office Administration

OADM 110. Keyboarding. (1-0-1); I, II. Touch keyboarding of the alphabetic, numeric, and symbol keys, including the ten-key pad. Utilization of basic function keys. Emphasis on development of rapid and accurate keyboarding skills.

OADM 111. Beginning Typewriting. (3-0-3); I, II. Mastery of the keyboard and machine techniques. Emphasis on development of rapid and accurate typewriting skills and application of these skills to fundamental communication forms, manuscripts, and tabulation.

OADM 112. Intermediate Typewriting. (3-0-3); I, II. Prerequisite: OADM 111 or equivalent, or consent of instructor. Development of speed and accuracy. Business letter styles, manuscripts, and various business forms emphasized.

OADM 130. Speedwriting. (3-0-3); I. Prerequisites: OADM 111 or equivalent. Fundamentals of alphabetic speedwriting. Emphasizing vocabulary, reading, writing, and transcription. Recommended for majors and non-majors.

OADM 136. Business Calculations. (3-0-3); I, II. Business problem solutions with aid of calculating machines. Payroll, banking, credit, insurance, investments, depreciation, amortization, weights and measures, distribution of goods, statistics.

OADM 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various office administration subjects will be presented periodically to supplement the basic course offerings in office administration. Credit toward degree programs must be approved by the student's advisor.

OADM 220. Basic Information Processing. (3-0-3); I, II. Prerequisite: OADM 112. Introduction to text-editing/word processing and machine transcription applications; electronic storage and retrieval.

OADM 234. Specialized Office Procedures. (3-0-3); I. Prerequisites: OADM 220 and OADM 240. **Medical secretarial students will also need NAHS 302 as a prerequisite.** Materials, methods, techniques for the legal, medical, and executive secretary with emphasis on office routine, information processing, human relations. Students work on individualized units.

OADM 240. Records Management. (3-0-3); I, II. Prerequisites: CIS 201. Emphasis on the records management cycle—creation, storage, retrieval, transfer, disposal—in manual and automated office environments.

OADM 320. Advanced Information Processing. (3-0-3); I. Prerequisite: OADM 220. Advanced word processing techniques emphasized—math functions, macro chaining and merging, dual and split screening, graphics, networking, and desktop publishing.

OADM 321. Business Communications. (3-0-3); I, II. *Prerequisites:* ENG 102 and typewriting competency. Current principles in business letter and report writing, stressing human relations approach.

OADM 340. Integrated Office Systems. (3-0-3); I, II. *Prerequisite:* OADM 220, OADM 240, *Records Management.* Emphasis on the problem-solving role of today's office professional: supervision and leadership skills, microcomputer office simulations.

OADM 363. Administrative Office Systems. (3-0-3); I, II. Management of data; effects of environment as it relates to production in the office. Human relations, systems analysis, and implication of automated data processing.

OADM 398. Supervised Field Experience. (1 to 3 hrs.); I, II. To provide work experience in an occupational area. Student works under supervision in approved position. Credit commensurate with time worked, type of work, variety of work experience.

OADM 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various office administration subjects will be presented periodically to supplement the basic course offerings in office administration. Credit toward degree programs must be approved by the student's advisor.

OADM 475. Methods of Teaching Business Subjects. (5-0-5); I. *Prerequisites:* Senior standing and formal admission to teacher education program. Introduction to vocational and comprehensive business education; approaches, objectives, lesson plans, skill building techniques, methods, materials, teaching aids, testing, measurement, grading, for the preparation and certification of business teachers in grades 5-12..

OADM 476. Special Problems in Office Administration. (1 to 3 hrs.); on demand. *Prerequisite:* Open to majors and minors in office administration with prior consent of department head. This course is an independent study of office administration problems of special interest. Students must present in writing a suggested problem and justification for the study prior to registration. Each request will be considered on its own merit in relation to the special needs of the student.

OADM 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various office administration subjects will be presented periodically to supplement the basic course offerings in office administration. Credit toward degree programs must be approved by the student's advisor.

Paralegal Studies

PLS 210. Introduction to Paralegalism. (3-0-3); II. *Prerequisite:* GOVT 141. A study of law and the legal system, the responsibilities and ethics of the paralegal, and the major elements of the paralegal program.

PLS 332. Property Law. (3-0-3); II. *Prerequisite:* PLS 210. A study of real and personal property with an emphasis on related forms, documents, and procedures, including title examination and real estate transfers.

PLS 333. Family Law. (3-0-3); I. *Prerequisites:* PLS 210 or equivalent, or consent of the instructor. The main emphasis is the study of domestic law including modern divorce (marriage dissolution), annulments, antenuptial agreements, child support and custody, alimony, property division, and related tax consequences. Also studied briefly are spouse and child abuse remedies, the rights of women and children and the juvenile court.

PLS 334. Contract and Tort Law. (3-0-3); I. *Prerequisite:* PLS 210 and GOVT 327. A study of the law of contracts and civil wrongs including products liability and medical malpractice with an emphasis on related forms, documents, and procedures.

PLS 335. Corporation and Commercial Law. (3-0-3); I. *Prerequisite:* JPLS 210 and GOVT 327. A study of the law of business associations including proprietorships, partnerships, and corporations and of commercial transaction governed by the Uniform Commercial Code.

PLS 336. Wills, Trusts, and Estates. (3-0-3); on demand. *Prerequisites:* PLS 210 or equivalent or consent of the instructor. A study of the law and practice of wills, trusts, and estate administration for the paralegal with particular emphasis on forms and documents.

PLS 340. Criminal Law and Procedure. (3-0-3); II. *Prerequisite:* PLS 210 and GOVT 327. A study of the law of crimes against persons and property, defenses to prosecution and punishment, and of criminal procedure and evidence, with an emphasis on the Kentucky Penal Code and related forms and documents.

PLS 360. Paralegal Specialty Course. (3-0-3); on demand. *Prerequisites:* PLS 210 and consent of the instructor. A practice-oriented study of specialized areas of law not examined in the core curriculum which will emphasize the use of forms and documents. A different legal specialty will customarily be chosen each time the course is offered. May be repeated once for credit.

PLS 430. Civil Procedure. (3-0-3); II. *Prerequisites:* PLS 210, 332, 334, GOVT 327. A study of civil procedure and the rules of evidence, with an emphasis on the forms, documents, and procedures related to investigation, discovery, trial and appeal.

PLS 476. Special Problems in Paralegal Studies. (1-3 hours); on demand. *Prerequisite:* Consent of the instructor. Original research project or readings in a particular subject area. Open only to Paralegal Studies majors.

PLS 480. Senior Paralegal Practice Seminar. (3-0-3); I. *Prerequisites:* OADM 110, PLS 430 and senior standing or permission of instructor. An advanced course to be taken prior to the paralegal internship. The course emphasizes legal writing, documents and forms from all paralegal specialty courses and law office automation.

PLS 490. Paralegal Internship. (3-0-3); I, II, III. *Prerequisites:* PLS 480 or consent of the Paralegal Studies Coordinator. The development of practical legal skills through actual work experience in a law office researching, preparing briefs, assisting in trial preparation and observing judicial procedures.

Personal Development Institute

PDI 100. Personal Development. (1-0-1); I, II. This is a nine-week elective course structured in the Institute format. The course covers such areas as: personality enhancement, attitude improvement, building self-esteem, visual poise, sharpening social skills, and improved interpersonal relationships. The course offers one hour (K) credit.

Philosophy

PHIL 200. Introduction to Philosophy. (3-0-3). Alternative views concerning the nature of reality, knowledge, truth, God, man, art, and the good life.

PHIL 300. Philosophy of Science. (3-0-3). Scientific methods and explanation; the role of mathematics in empirical science; and theories of matter, space, time, motion, and causality.

PHIL 303. Social Ethics. (3-0-3). Theoretical and practical problems of moral conduct and proposed solutions to them.

PHIL 306. Logic. (3-0-3). Informal fallacies, the methods of constructing deductive and inductive arguments, and the ways of justifying or testing them.

PHIL 307. Philosophy of Religion. (3-0-3). Proposed sources of religious knowledge and the meaning of God, Jesus, sin, and salvation in four major theories of the universe.

PHIL 308. Philosophy of the Arts. (3-0-3). Major theories of art, aesthetic experience, the structure of art, problems in aesthetics, and art criticism.

PHIL 309. Existentialism. (3-0-3). Theories of the nature of reality, knowledge, and the good life from the point of view of those who appeal to our "existing situation" rather than reason.

PHIL 310. Analysis of Ideas. (3-0-3). Prerequisite: PHIL 200 or consent of the department. Analysis of statements and the application of this technique to basic statements in the various sciences.

PHIL 311. Ordinary Language Philosophy. (3-0-3). Prerequisite: Any one of the following courses: PHIL 200, 405, 406. An introduction to a contemporary philosophy which attempts to solve philosophical problems by appealing to language as ordinarily used.

PHIL 312. Symbolic Logic. (3-0-3). Prerequisite: Permission of instructor. Introduction to methods of constructing and justifying deductive arguments as they have been developed by the use of modern symbols.

PHIL 313. American Philosophy. (3-0-3). Prerequisite: PHIL 200 or consent of the department. A survey of philosophical thought in America from the eighteenth century to the present with special attention given to the Pragmatists.

PHIL 389. Honors Seminar in Philosophy. (3-0-3). Prerequisite: Membership in the Junior-Senior Honors Program. Contemporary moral issues are examined, discussed, and evaluated. The topics may vary from semester to semester.

PHIL 405. History of Philosophy I. (3-0-3). Ancient and Medieval philosophy; a history of Western philosophy from Thales (624-546 B.C.) to the beginning of the Renaissance.

PHIL 406. History of Philosophy II. (3-0-3). Modern and contemporary philosophy; a history of Western philosophy from the Renaissance to the present.

PHIL 410. Contemporary Philosophy. (3-0-3). An examination, interpretation, and evaluation of the philosophic ideas of leading representatives of twentieth-century philosophies.

PHIL 476. Special Problems. (1 to 3 hrs.). Prerequisite: 12 hours in philosophy or consent of the department. The student selects an approved topic in philosophy on which to do a directed study.

PHIL 599. Special Courses. (1-3 hrs.). Prerequisites: variable. These courses are usually specialized offerings in philosophy for the advanced undergraduate and the graduate student. The purpose of these courses is to enhance the existing program in philosophy.

Physical Education

PHED 100. Golf. (0-2-1); I, III. Emphasis on skill, knowledge, and techniques for individual participation.

PHED 101. Tennis. (0-2-1); I, III. Emphasis on skill, knowledge, tactics, and techniques for individual participation.

PHED 102. Badminton. (0-2-1); I, II. Emphasis on skill, knowledge, tactics, and techniques for individual participation.

PHED 103. Archery. (0-2-1); I, III. Emphasis on skill, knowledge, tactics, and techniques for individual participation.

PHED 104. Gymnastics. (0-2-1); I, II. Emphasis on self-testing activities.

PHED 105. Conditioning. (0-2-1); I, II. Emphasis on developing fitness through a variety of exercises and activities.

PHED 106. Wrestling. (0-2-1); I, II. Holds, escapes, and conditioning necessary to perform skills.

PHED 107. Bowling. (0-2-1); I, II, III. Basic movement skills involved in bowling.

PHED 108. Restricted Physical Education. (0-2-1); I, II. Students with either a structural or functional problem. (May be repeated one time for credit.)

PHED 109. Elementary Horsemanship. (0-2-1); I, II. (Same as AGR 109.)

PHED 110. Judo. (0-2-1); II. Throws used in sport judo.

PHED 111. Angling. (0-2-1); I, III. Skills used in fly and bait casting.

PHED 112. Handball. (0-2-1); I, II. Emphasis on knowledge, tactics, skill, and techniques for individual participation.

PHED 113. Soccer. (0-2-1); I. Techniques and participation in soccer.

PHED 114. Track and Field. (0-2-1); I. Emphasis on skill, knowledge, and techniques for individual participation.

PHED 115. Apparatus. (0-2-1); I, II. Skills used in self-testing activities.

PHED 116. Lacrosse. (0-2-1); I. Basic skills in lacrosse.

PHED 117. Stunts and Tumbling. (0-2-1); I, II. Skills that promote strength, individual control and development, and group perfection.

PHED 118. Volleyball. (0-2-1); I, II, III. Rules, techniques, and participation in volleyball.

PHED 119. Intermediate Horsemanship. (0-2-1); I, II. *Prerequisite: PHED 109 or equivalent.* (Same as AGR 119.)

PHED 120. Basic Rhythms. (0-2-1); I, II, III. Skills and knowledge in fundamentals of dance.

PHED 121. Modern Dance. (0-2-1); I, II. Movement as means of self expression.

PHED 122. Social Dance. (0-2-1); I, II. Steps and combination of popular dances.

PHED 123. Folk and Square Dancing. (0-2-1); I, II. Movements of American square dance.

PHED 124. Canoeing. (0-2-1); I, III. Emphasis on skill, knowledge, and tactics in all types of streams.

PHED 125. Basketball Skills. (0-2-1); I, II. Skills of basketball.

PHED 127. Racquetball. (0-2-1); I, II. Emphasis on skill, knowledge, and strategy.

PHED 130. Beginning Swimming. (0-2-1); I, II, III. Learning to swim well enough to care for one's self under ordinary conditions.

PHED 131. Intermediate Swimming. (0-2-1); I, II, III. Perfection of standard strokes, diving.

PHED 132. Life Saving. (0-2-1); I, II, III. Rescue methods in all types of water.

PHED 133. Instruction to Water Safety. (0-2-1); I, II. *Prerequisite:* *Current Senior Lifesaving Certificate.* Teaching methods and techniques in lifesaving

PHED 135. Field Hockey. (0-2-1); II. Skills and techniques in field hockey.

PHED 138. Fencing. (0-2-1); I, II. Emphasis on skill, knowledge, and strategy.

PHED 140. Aerobics. (0-2-1); I, II. Emphasis on knowledge, techniques, aerobic fitness and safety methods involved with individual participation in a variety of aerobic formats.

PHED 141. Weight Training. (0-2-1); I, II. Emphasis on knowledge, techniques, methods, and training program development for those interested in strength development.

PHED 142. Softball. (0-2-1); I, II. Emphasis on skill and performance enhancement, as well as, increasing basic knowledge and strategic background.

PHED 143. Backpacking and Orienteering. (0-2-1); I, II, III. Designed to develop a working knowledge pertaining to the fundamentals of survival camping. Focus on the development of stamina and physical endurance. (9 weeks class.)

PHED 150. Introduction to Physical Education. (3-0-3); I, II, III. Principles and basic philosophy, aims, and objectives; standards; and significance in profession of physical education.

PHED 199. Hatha Yoga. (0-2-1); I, II, III. The use of movement, positions, and deep breathing exercises to achieve physical strength, flexibility, muscle tone, body alignment, and improved stamina.

PHED 204. Officiating. (2-0-2); I, II. Interpretation of rules for major sports. Methods and techniques of officiating; laboratory experience in officiating.

PHED 205. Lifetime Fitness (A Scientific Approach). (2-2-3); I, II. *Prerequisite:* *Complete physical examination within last year.* Designed to provide the student with scientifically-based knowledge concerning practical application of physical fitness training and evaluation procedures while participating in a fitness program.

PHED 211. Lifeguard Training. (1-2-2); I, II, III. *Prerequisite:* *PHED 132 or C.P.R. card.* Responsibilities of lifeguards, equipment, health and sanitation, and inspection of waterfront areas.

PHED 212. Games and Rhythms for Elementary Teachers. (3-0-3); I, III. Designed to expose students to a broad range of elementary school rhythmic activities and games, as well as opportunities to teach these activities.

PHED 220. Athletic Training I. (3-0-3); I, II. *Prerequisites:* *HLTH 150, BIO 331.* An introduction to athletic training, including basic injury prevention, management, and rehabilitation principles.

PHED 221. Therapeutic Modalities. (1-2-2); I. *Prerequisites:* *HLTH 150, PHED 220.* Study and use of therapeutic modalities for athletic injury, treatment and rehabilitation.

PHED 300. Physical Education in the Elementary School. (2-0-2); I, II, III. *Prerequisite:* *Admission to the teacher education program.* Selection and organization of materials and techniques of instruction for elementary school program. (Laboratory experiences are integral part of course.)

PHED 301. Evaluation in Health, Physical Education, and Recreation. (3-0-3); I, II, III. Methods, techniques, and procedures used in evaluation of students in health, physical education, and recreation.

PHED 303. Physical Education in the Secondary School. (3-0-3); I, II, III. *Prerequisite:* *Admission to teacher education program.* Selection and organization of materials and techniques of instruction for secondary school program.

PHED 311. Movement Exploration. (2-2-3); I, II. Child-centered program and demonstrate methods whereby a child may learn to move experimentally, expressively, and efficiently.

PHED 315. Motor Development and Motor Learning. (3-0-3); I, III. *Prerequisites:* *EDF 211, BIO 331.* Understanding the principles of motor development and learning to use these when teaching students at various developmental stages, to promote optimal learning.

PHED 325. Exercise Program Leadership. (1-2-2); I, II. *Corequisite:* *PHED 140 Aerobics.* Emphasis on leadership skills, motivational techniques, choreography, administrative functions dealing with equipment purchase, organization and use, and experiences leading aerobic exercise formats with a variety of populations.

PHED 330. Scientific Bases of Coaching. (3-0-3); I, III. *Prerequisite:* *BIOL 231 or consent of department chairperson.* A study of the physiological, biomechanical, and nutritional dimensions of the coaching of sports.

PHED 332. Principles of Strength and Conditioning. (3-0-3); II, or III. *prerequisite:* *PHED 330 or consent of department chairperson.* A study of the physiological, biomechanical, and administrative aspects of designing and supervising strength and conditioning programs for various sports.

PHED 336. Foundations of Sport Psychology. (3-0-3); I, III. *Prerequisite:* *PSY 154 or consent of department chairperson.* Focus on theories and practices which when understood and used can enhance the coach-athlete relationship and improve sport performance.

PHED 340. Athletic Training II. (3-0-3); II. *Prerequisites:* *PHED 220, BIO 332.* *Corequisites:* *PHED 221, PHED 341.* An advanced course involving all aspects of the athletic training/sports medicine field.

PHED 341. Athletic Injury Assessment. (1-2-2); II. *Prerequisites:* *PHED 220, PHED 340.* Evaluation of athletic injuries.

PHED 350. Coaching of Sport. (1-2-2); I, II, III, upon demand. May be repeated as separate sections. Students will demonstrate knowledge of sport and develop and implement sport specific experiences to improve their ability to coach effectively.

- a. Baseball
- b. Basketball
- c. Cross Country, Track and Field
- d. Football
- e. Golf
- f. Soccer
- g. Softball
- h. Swimming
- i. Tennis
- j. Volleyball
- k. Wrestling

PHED 360. Health and Physical Education In The Middle School. (3-0-3); II. *Prerequisite:* *Admission to the Teacher Education Program.* The selection and organization of material and methods of instruction for the intermediate school.

PHED 401. Organization and Administration of Physical Education. (3-0-3); I, III. Arrangement of units making up physical education program, and process of leadership by which serious aspects are brought together in a functioning whole.

PHED 402. Kinesiology. (3-0-3); II, III. *Prerequisite:* BIOL 331 and 332. Study of structural and mechanical factors in human motion.

PHED 420. Administration of School Athletic Programs. (3-0-3); I, II. Administrative principles and procedures applicable to school athletic program.

PHED 422. Coaching Inter-Scholastic Athletics. (3-0-3); I, II. Emphasis on coaching techniques of inter-scholastics.

PHED 430. The Psychosocial Dimensions of Sport and Physical Activity. (3-0-3); I, II, III. *Prerequisites:* PSY 154, SOC 101, PHED 300, PHED 303. *Admission to Teacher Education Program.* Understandings regarding the psychological and sociological factors influencing performance in physical activities.

PHED 432. Physiology of Exercise. (3-0-3); I, II, III. *Prerequisite:* PHED 402. Study of response of the body to muscular activity; work and efficiency, cardiorespiratory adjustment, training, and fitness. (Laboratory experiences are an integral part of course.)

PHED 475. Adapted Physical Education. (3-1-3); I, II. Problems of handicapped students and means whereby these students can be aided through physical education. Laboratory experiences are an integral part of course.

PHED 477. Coaching Internship. (0-6-3); I, II, III. *Prerequisite:* Completion of 75 percent of required courses in the coaching minor or consent of department chairperson. Planning, leadership, supervision, and program evaluation in coaching under qualified administrative leadership and university faculty supervision. Laboratory experiences at the interscholastic and/or intercollegiate level are an integral part of the course. Application must be made through the department chairperson.

PHED 490. Internship in Athletic Training. (0-18-6); I, II. *Prerequisites:* BIOL 331, PHED 220, 221, 340 and 341. *Admission to the Athletic Training Internship Program.* *Corequisites:* PHED 402 and 432. An advanced class with "hands on" experience which is required for certification.

PHED 550. Planning and Managing Exercise Programs. (3-0-3); I. *Prerequisites:* PHED 401, 402, and 432. A lecture-discussion course emphasizing knowledge, methods in planning, designing, managing, and improving exercise programs.

PHED 551. Exercising Testing and Prescription. (3-0-3); II, III. *Prerequisite:* PHED 550. Knowledge and skills in the area of fitness evaluation, exercise prescription and delivery of exercise programs to normal/special populations.

PHED 552. Exercise Program Practicum. (0-18-6); on demand. *Prerequisite:* PHED 551. Practical experience in clinical and hospital settings working with predisposed and symptomatic heart-diseased individuals. Students will work with participants in adult fitness programs learning supervisory and leadership roles.

PHED 576. Special Problems in Physical Education. (1 to 3 hrs.); I, II. *Prerequisite:* Senior or graduate classification. Intensive study of an approved, specific physical education problem, under direction of instructor.

PHED 599. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in physical education. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Physics

PHYS 199. Selected Topics. (1 to 6 hrs.); on demand.

PHYS 201. Elementary Physics I. (3-0-3); I, II, III. *Prerequisite:* MATH 152 (or equivalent) or ACT Mathematics score over 15. Mechanics, motion, equilibrium, energy and momentum. Heat and sound.

PHYS 201A. Elementary Physics I Laboratory. (0-2-1); I, II, III. *Must take concurrently with PHYS 201.* Laboratory for PHYS 201.

PHYS 202. Elementary Physics II. (3-0-3); I, II, III. *Prerequisite:* PHYS 201. Electricity and magnetism, light and optics, atomic and nuclear physics.

PHYS 202A. Elementary Physics II Laboratory. (0-2-1); I, II, III. *Must take concurrently with PHYS 202.* Laboratory for PHYS 202.

PHYS 211. Circuits. (3-2-4); on demand. *Prerequisite:* MATH 275; *corequisite:* PHYS 232. Linear circuits consisting of passive and active circuit elements; sinusoidal-forcing functions and phasors; steady-state response.

PHYS 221. Statics. (3-0-3); II. *Corequisite:* MATH 276. Vector algebra, moments of force, equivalent force systems, equilibrium, trusses, frames, beams, friction, centroids, and moments of inertia.

PHYS 231. Engineering Physics I. (4-0-4); I. *Corequisite:* MATH 275. Introduction to physics for scientists and engineers. Statics, kinetics, and dynamics of linear and rotational motion, gravitational fields; thermal properties of matter and heat transfer.

PHYS 231A. Engineering Physics I Laboratory. (0-2-1); I. *Must be taken concurrently with PHYS 231.* Laboratory for PHYS 231.

PHYS 232. Engineering Physics II. (4-0-4); II. *Prerequisite:* PHYS 231. Electromagnetism, optics, atomic and nuclear physics.

PHYS 232A. Engineering Physics II Laboratory. (0-2-1); II. *Must be taken concurrently with PHYS 232.* Laboratory for PHYS 232.

PHYS 239. Cooperative Education (1-8 hrs.); I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

PHYS 299. Selected Topics. (1 to 6 hrs.); on demand.

PHYS 320. The Science of Music. (3-0-3); on demand. Properties of sound, the hearing process, musical scales, production of music by wind and stringed instruments, electronic recording and reproduction, and architectural acoustics.

PHYS 332. Electricity and Magnetism. (4-0-4); II in alternate years. *Prerequisite:* PHYS 232. Classical electricity and magnetism, Maxwell's equations, Lorentz force equation; electrodynamics, electrostatics, and magnetostatics; circuit theory, electromagnetic waves, and radiating systems.

PHYS 339. Cooperative Education (1-8 hrs.); I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

PHYS 340. Experimental Physics. (1-4-3); in alternate years. *Prerequisite:* PHYS 232. Selected experiments from classical and modern physics. Computer analysis and simulation.

PHYS 350. Nuclear Science. (3-2-4); II. *Prerequisite:* PHYS 202 or 232. Interdisciplinary course in nuclear science for students in pre-medicine, environmental studies, physics, chemistry, geology, pre-dentistry, and pre-veterinary medicine.

PHYS 353. Concepts of Modern Physics. (4-0-4); I. Prerequisite: PHYS 232. Special relativity, quantum mechanics, atomic and molecular structure, solid state and nuclear physics.

PHYS 361. Fundamentals of Electronics. (2-2-3); I. Prerequisite: PHYS 202-202A or 232-232A. A survey of electronics: components, basic circuits, transducers, op-amps, digital circuits, microprocessors, and interfacing.

PHYS 381. Computer Solutions to Engineering and Science Problems. (3-0-3); on demand. Prerequisites: PHYS 232 and MATH 260. Applications of computer programming to problems in engineering and physics. Problems will be selected from statics, dynamics, mechanics of materials, thermodynamics, and electricity and magnetism, with an extended problem selected from the student's major area of interest.

PHYS 391. Dynamics. (3-0-3); on demand. Prerequisite: PHYS 221 or 231. A study of motion of bodies. Kinematics and dynamics of particles and rigid bodies; work and energy; impulse and momentum.

PHYS 399. Selected Topics. (1 to 6 hrs.); on demand.

PHYS 410. Solid State Physics. (3-0-3); on demand. Prerequisite: PHYS 352. Lattice dynamics, electrons in metals, semiconductors, and dielectric and magnetic properties of solids.

PHYS 411. Thermodynamics. (3-0-3); II. Prerequisite: PHYS 231. First and second laws of thermodynamics, power and refrigeration cycles, statistical thermodynamics, relations among properties, and equations of state.

PHYS 412. Light and Physical Optics. (3-0-3); on demand. Prerequisite: PHYS 232. Dualistic nature of light; interference, refraction, reflection, diffraction, polarization, laser action, and spectra.

PHYS 439. Cooperative Education (1-8 hrs.); I, II, III. Participation in supervised work experience in a professional environment. Department approval is required.

PHYS 452. Nuclear Physics. (3-0-3); on demand. Prerequisite: PHYS 232. Binding energies, nuclear forces, transmutation of nuclei; natural and artificial radioactivity.

PHYS 476. Special Problems. (1 to 6 hrs.); I, II, III. Prerequisite: Consent of instructor. Topic to be approved prior to registration.

PHYS 481. Mathematics for Engineers and Scientists. (3-0-3); on demand. Prerequisite: MATH 276 and 363. Fourier series, ordinary and partial differential equations, special functions, and integral transforms. See MATH 481.

PHYS 493. Quantum Mechanics. (3-0-3); on demand. Prerequisite: PHYS 391 or consent of instructor. The wave function; Hermitian operators and angular momentum; Schrodinger's equation, barriers, wells, harmonic oscillators, and the hydrogen atom.

PHYS 499. Selected Topics. (1 to 6 hrs.); on demand.

Psychology

PSY 154. Introduction to Psychology. (3-0-3); I, II, III. Course concerning application of psychological theories and principles in area of personality, abnormal psychology, clinical psychology, psychodiagnostics, developmental psychology, psychotherapy and counseling; includes some understanding of methods used in personality and clinical research.

PSY 156. Life-span Developmental Psychology. (3-0-3); I, II. Prerequisite: PSY 154 or consent of instructor. Covers developmental theories, principles, and characteristics of individuals across three major developmental periods: infancy and childhood, adolescence, and adulthood.

PSY 157. Psychology of Adjustment. (3-0-3); I. Prerequisite: PSY 154 or consent of instructor. Overview of processes and adaptation and personal adjustment in family, group, and work settings. Personality theories of Erikson, White, and others applied to process of developing for the individual a sense of competence and means of resolution of crises during life cycle.

PSY 199. Workshop (1 to 3 hrs); I, II, III. Workshop for specifically designated task orientation in psychology. May be repeated in additional subject areas. Maximum of 6 sem. hrs. may be earned under this course number.

PSY 276. Independent Study (1 to 3 hrs.); I, II, III. Professional problem in psychology.

PSY 353. Industrial Psychology. (3-0-3); II. Prerequisite: PSY 154. Applied experimental and engineering psychology. Surveys of basic engineering data with emphasis on experimental procedure, receptive and motor capacities, and their application to equipment design and other problems.

PSY 354. Introduction to Social Psychology. (3-0-3); I. Prerequisite: PSY 154. Scientific study of individual's relationship with social environment. Emphasis on attitudes, personality, prejudice, discrimination, dominance, role theory, social learning, social and interpersonal perception, and social movement.

PSY 358. Psychological Testing. (3-0-3); II. Prerequisite: PSY 154. General introduction to psychological testing. Topics include interest inventories, measurement and evaluation of personality, measurement of proficiency, performance, attitudes, temperament, aptitude, capacity, and intelligence through use of group assessment instruments used in psychological research, guidance, education, social research, business, and industry.

PSY 359. Behavior Modification. (2-2-3); II, III. Prerequisite: PSY 154. Operant learning principles that govern human behavior applied to modification of behavior in clinical setting. Course is designed to give experience in dealing with behavioral problems in classroom and clinical settings. (Laboratory experiences are integral part of course).

PSY 381. Experimental Psychology I. (2-2-3); I. Prerequisites: PSY 154 and EDSP 581 or MATH 353. Study of experimental methods and design related to sensation, perception, discrimination, learning, forgetting, and retention. (Laboratory experiences are integral part of course.)

PSY 389. Honors Seminar in Psychology. (3-0-3); Study and discussion of current topics, issues, and problems in a particular area of the overall discipline. Topics will vary from semester to semester.

PSY 390. Psychology of Personality. (3-0-3); I, II. Prerequisite: PSY 154. Introduction to major approaches, methods, and findings in field of personality, including overview of basic theories, strategies, issues, and conclusions; attention to assessment and personality change.

PSY 399. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in psychology. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

PSY 421. Physiological Psychology. (3-0-3); II. Prerequisite: PSY 154. Physiological mechanisms of normal human and animal behavior. Anatomy and physiology relevant to study of sensory and motor functions, emotion, motivation, and learning.

PSY 422. Comparative Psychology. (3-0-3); II. Prerequisite: PSY 154. Theory and application of field and laboratory techniques used in understanding behavior of animals. Areas include: instinct, learning, motivation, sensory discrimination, heredity, and perception.

PSY 456. Introduction to Clinical Psychology. (3-0-3); I. Prerequisite: PSY 154. Survey of basic theoretical issues and research in areas of assessments and psychotherapy. Consideration of ethical, legal, and other professional problems in clinical psychology. Emphasis on clinical aspects of school psychologist's functions in working with school age children.

PSY 465. Introduction to Psychopharmacology. (3-0-3); I, III. Prerequisites: PSY 154 and 421. An introduction to the biological and psychological principles involved in the study of psychoactive drugs. Includes discussion of drug action, drug classification, and theories of chemical dependency.

PSY 469. Counseling Psychology. (3-0-3); II. Prerequisites: PSY 154. A survey and study of the major approaches and orientations to therapeutic intervention in mental health services. Will include coverage of supportive/crisis intervention, insight/relationship oriented therapies, and group and family therapies. Students will receive exposure to theoretical literature and practical application of the various interventions.

PSY 470. Research Problems. (1 to 3 hrs.); I, II, III. Independent research study of professional problem. Conferences with instructor by arrangement.

PSY 471. Addiction Therapies. (3-0-3); II, III. Prerequisites: PSY 154, 421, and 465. An introduction to the treatment of psychoactive substance use disorders and psychoactive substance-induced organic mental disorders. Includes discussion of the phases, stages, and progression of these disorders, treatment options and methods/process, maintenance procedures, and treatment outcome research findings.

PSY 472. Practicum. (3 to 6 hrs.); I, II, III. Approval of instructor required. Practical learning experiences in school, clinical, or organizational settings under qualified supervision by a licensed/certified psychologist. Minimum of 160 hours over a minimum of 8 weeks required for each 3 hours of credit.

PSY 554. Seminar in Social Psychology. (3-0-3); II. Prerequisite: PSY 154 or consent of instructor. Intensive examination of research methods and theory in modern social psychology.

PSY 555. Environmental Psychology. (3-0-3); II. Prerequisite: PSY 154. Study of ways in which social and physical environments affect human behavior. Direct effects of physical settings on behaviors, individual utilization of various physical settings, analysis of personal space utilization, and other non-verbal behaviors examined.

PSY 575. Selected Topics. (2-2-3 to 6 hours); I, II, III. Prerequisite: Consent of instructor. Various methods courses in instrumentation and data reduction, innovation and research design, directed study of special problems in psychology, various application courses and others.

PSY 576. Seminar in Developmental Research. (3-0-3); II. Prerequisite: PSY 156 or permission of instructor. Intensive examination of research and contemporary developmental psychology. Emphasis on reading and evaluating current journal articles and designing research projects.

PSY 582. Experimental Psychology II. (2-2-3); II. Prerequisite: PSY 381 or consent of instructor. A seminar course in experimental psychology emphasizing content areas of learning, motivation, perception, and physiological psychology. Course is designed to give student practice in critical thinking, evaluation of experimental design, and original research, and affords student an opportunity to present and debate his or her own ideas. (Laboratory experiences are an integral part of course).

PSY 583. Sensory Psychology. (3-0-3); I. Prerequisites: PSY 154 and EDSP 581 or MATH 353. Biological and physical bases of sensory experience. Presentation of psychophysical data and basic techniques for scaling of sensation. Coverage of all sensory systems with primary emphasis on vision and audition.

PSY 584. Perception. (2-2-3); III. Prerequisites: PSY 154. Examination of role of perception as an information extraction process. Includes constancies, space perception, illusions, and influence of learning and experience on development of perception. (Laboratory experiences are integral part of course).

PSY 585. Systems and Theories. (3-0-3); I. Prerequisites: PSY 154 and EDSP 581 or MATH 353. Intensive study of most influential historical systems of psychology including structuralism, functionalism, associationism, behaviorism, Gestalt psychology, and psychoanalysis, and a treatment of contemporary developments.

PSY 586. Motivation. (2-2-3); II. Prerequisite: PSY 154. Consideration of bases of human and animal motivation in relation to other psychological processes. (Laboratory experiences are integral part of course.)

PSY 589. Psychology of Learning. (3-0-3); I, III. Prerequisite: PSY 154. Fundamental principles of learning, including acquisition, retention, forgetting, problem solving, and symbol formation; experimental studies; application of principles to practical problems in habit formation, development skills, remembering, and logical thinking.

PSY 590. Abnormal Psychology. (3-0-3); I, II, III. Prerequisite: PSY 154. Psychology, behavior, and treatment of individuals with emotional, perceptual handicaps, and behavioral disorders; general methods used in therapy, and research in this area.

PSY 599. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in psychology. May be repeated in additional subject areas. Maximum of six semester hours may be taken.

Radio-Television

R-TV 110. Introduction to Mass Communications. (3-0-3); I. (See Journalism 110.)

R-TV 150. Introduction to Broadcasting. (3-0-3); I, II. Basic conditions of the broadcasting industry from regulation to advertising. Students will also learn the basics of everyday station operations.

R-TV 151. Introduction to Broadcast Techniques. (2-0-2); I, II. Familiarization with radio, television, and film equipment utilized in studio and remote broadcast productions.

R-TV 155. Broadcast Performance. (3-0-3); I, II. Fundamentals of broadcast announcing, emphasis on vocal communication skills of enunciation, pronunciation, inflection, and pacing.

R-TV 240. Writing for Broadcast. (3-0-3); I, II. Prerequisite: R-TV 151 and a proficiency in typing. Techniques used in writing commercials and programs for radio and television. Emphasis is placed on storyboards and advertising presentation.

R-TV 250. Audio Production and Direction. (3-2-4); I, II. *Prerequisite:* R-TV 151 and SPCH 100. Discussion of 'all areas of audio production, including radio, television, audio, and film audio with practical work in radio production.

R-TV 283. Basic Black and White Photography. (2-2-3); I, II. See ART 283.

R-TV 320. Broadcast Advertising/Sales. (3-0-3); I. *Prerequisite:* R-TV 240. Provides a foundation in both practical and theoretical aspects of broadcast advertising. Principles of sales will be examined from the perspective of the advertising copywriter.

R-TV 338. Radio Operating Practices. (1-0-1); I, II. Basic Law, technical operating practices, meter reading, and electronic fundamentals necessary in the operation of a broadcast facility.

R-TV 340. Video Production and Direction I. (2-2-3); I, II. *Prerequisite:* R-TV 151 and 250 or permission of instructor. Basic television production techniques and introduction of directing skills in a laboratory situation.

R-TV 344. Broadcast News and Public Affairs. (3-0-3); I, II. *Prerequisite:* 9 hours of undergraduate radio-TV or consent of the instructor. Theory and practice of news and public affairs writing and reporting as it applies to the broadcast media.

R-TV 357. Sports casting. (2-2-3); I. Philosophy and techniques utilized in developing style of presentation in sports broadcasts. Theory practically applied in play-by-play description, interviewing, and presentation of copy. (Cross referenced as JOUR 357.)

R-TV 358. Sports Writing. (3-0-3); II. *Prerequisite:* JOUR 201. Philosophy and techniques in writing sports news and sports analysis or commentary for mass media. Same as JOUR 358.

R-TV 379. Field Study Experience. (3-0-3); III. (May be repeated for credit when topics vary.) *Prerequisite:* consent of instructor. Participants will travel to a major broadcasting center and tour commercial network, major independent, public cable, and satellite broadcast facilities. Will also include related media facilities, news services, public relations and advertising agencies, government facilities and agencies; discussions and informal seminars with practicing professionals and officials in their fields of expertise.

R-TV 383. High Contrast Photography. (2-2-3); I, II. (See ART 283.)

R-TV 420. Feature and Documentary Writing for Broadcast. (3-0-3); I. *Prerequisite:* R-TV 340. Advanced theory and practices of writing for the broadcast medium. Emphasis placed on writing and producing features and documentaries for radio and television.

R-TV 423. Advanced Commercial and Continuity Writing. (3-0-3); II. *Prerequisite:* R-TV 240. Script writing techniques for the advanced broadcast copywriter. Practice in writing various types of commercials, continuities, and formats for radio and television.

R-TV 435. Interviewing For Broadcast. (3-0-3); I, II. *Prerequisite:* 9 hours of undergraduate Radio-TV or consent of the instructor. Philosophy and techniques utilized in interviewing for radio and television. Theory practically applied by conducting taped interviews in radio and television studios.

R-TV 440. Video Production and Direction II. (3-3-4); I, II. *Prerequisite:* R-TV 340, junior standing and consent of instructor. Extension of R-TV 340, with advanced instruction in studio operations. Emphasis upon the opportunity to produce and direct several program types and to serve on crews for such production.

R-TV 445. Electronic Field Production. (3-0-3); III. *Prerequisite:* R-TV 340 and consent of instructor. Theory and practice in the production of commercial and feature production outside the studio using a single-camera technique, including post-production electronic editing and production techniques.

R-TV 450. Broadcast Management. (3-0-3); II. *Prerequisite:* 18 hours of undergraduate radio-TV or consent of instructor. Examination of administrative decision-making in radio and television with attention to programming, research, audience, sales, regulatory, and personnel concerns. Special attention is given to the purpose and basic idea of programs in relation to audience composition.

R-TV 451. Professional Audio Practices. (2-2-3); I. *Prerequisite:* R-TV 250—Audio Production and Direction and consent of instructor. Experience and advanced study in areas such as music recording and sound, its relation to television, film, multi-media, and radio production.

R-TV 459. Broadcast Law and Regulation. (3-0-3); I, II. Basic regulatory law and policy examined in terms of application to daily station operation and from historical and socio-economic perspectives.

R-TV 550. Problems in Contemporary Broadcasting. (3-0-3); II. *Prerequisite:* Junior standing and consent of instructor. Treatment of current problems within the broadcasting industry.

R-TV 558. Public Broadcasting. (3-0-3); II. *Prerequisite:* Junior standing and consent of instructor. Study of the development of public broadcasting from both theoretical and operational standpoints.

R-TV 560. History of Broadcasting. (3-0-3); I. *Prerequisite:* Junior standing and consent of instructor. Historical study of radio-television as a communication service and its development in America.

R-TV 562. Broadcast Criticism. (3-0-3); II. *Prerequisite:* Junior standing and consent of instructor. Examination of broadcasting in sociological, aesthetic, historical, psychological, and humanistic terms.

R-TV 580. New Technology Policy and the Communications Industry. (3-0-3); I. *Prerequisite:* Junior standing and consent of instructor. Examines both broadcast media, cable, common carriers, the sources of policy and influence which guide them, and public interest issues affected by communications media policy.

R-TV 582. American Popular Culture and Communications Technology. (3-0-3); II. *Prerequisite:* Junior standing and consent of instructor. Examination of the role and effects of major advances of communications technology on the course of American popular culture and society in the past, present, and future.

Radiologic Technology

RAD 106. Patient Care Procedures. (1-2-2); I. *Corequisite:* RAD 110, RAD 119, NAHS 202, MATH 135 and BIOL 231.

Emphasis of the course is placed on the role and function of the radiologic technologist in relation to the care of patients at various stages of the life span and interpersonal relationship skills. Patient care includes such procedures and techniques as the performance of radiology admission procedures, isolation procedures, medical and surgical asepsis, and preparation and assisting in the administration of contrast media. Emphasis is also placed on the care of handicapped patients.

RAD 110. Radiographic Anatomy and Positioning I. (3-2-4); I. Corequisites: RAD 105, RAD 119, NAHS 202, MATH 135, and BIOL 231. An introduction to radiographic anatomy and positioning which includes basic terminology related to the anatomical structures and systems of the human body and an explanation of radiologic positioning nomenclature. Emphasis is also placed on the radiologic technologist's role and function in the performance of chest, abdominal, upper extremity and shoulder girdle radiography for patients at any stage of lifespan. In addition, fluoroscopic procedures associated with the gastrointestinal tract and heart are discussed. Radiographic procedures are demonstrated and simulated in the Rad Tech campus lab.

RAD 119. Imaging, Exposure, and Radiologic Technology Practice. (2-2-3). Corequisites: RAD 110, RAD 106, NAHS 202, MATH 135 and BIOL 231. An introduction to the field of radiologic technology (Rad Tech) where the concepts contained in the program's organizing framework and the learning process are discussed. The emphasis of the course is on the role and function of the radiographer associated with radiographic image formation, radiation exposure, radiation protection and emphasis is also placed on basic computer literacy.

RAD 130. Clinical Internship I. (0-37-10); II. Prerequisites: Successful completion of the fall semester of the first year of the Rad Tech program. **Corequisite:** RAD 131. Clinical experience in an affiliated health agency's radiology services division, specifically designed to introduce the student to the radiologic technologist's role and function in the practice of radiologic technology. Emphasis is on obtaining experience in manipulation of radiologic equipment; performance of radiologic patient care procedures; and radiologic examination procedures; preparation of contrast media for administration; critique of radiographs; adherence to radiation protection techniques; application of interpersonal skills; and adherence to legal and ethical principles of radiologic technology practice. The radiologic examination procedures may include chest, abdominal, digestive system, and urinary system radiography. If experience is available, students are rotated through special radiologic areas and other imaging modalities.

RAD 132. Concepts in Radiologic Technology. (Directed Study). (2-0-2); II. Prerequisites: Successful completion of the fall semester of the first year of the Rad Tech program. **Corequisites:** RAD 130. This course is a conceptual approach to the history of radiologic technology, health agency structure, professional organizations, accrediting organizations, credentialing, ethics, legal issues, basic economics of radiology, specialization areas and professional development. Emphasis is on the role and function and scope of practice of the radiologic technologist.

RAD 210. Radiographic Anatomy and Positioning II. (2-2-3); III. Prerequisites: Successful completion of the fall and spring semesters in the first year of the Rad Tech program. A continuation of radiographic anatomy and positioning concepts and procedures presented in RAD 110. Emphasis is on the radiologic technologist's role and function in performance of radiography of the upper and lower extremities, shoulder girdle, bony thorax, hips, pelvic region and the basic examinations of the spine and skull for patients at any stage of the life span. Radiographic procedures are demonstrated and simulated in the Rad Tech campus lab.

RAD 215. Radiation Biology and Protection. (3-0-3), IV. Prerequisites: Successful completion of the fall and spring semester and summer session I of the first year of the RT program. Study of the effects of radiation on the cells, tissues, organs, and the entire

human body at all stages of the life span. Emphasis is also on radiation protection procedures and methods of monitoring radiation exposure. The role and function of the technologist is discussed in regards to legal responsibility for radiation protection of the patients, other health care personnel, and the public.

RAD 230. Clinical Internship II. (0-37-10); I. Prerequisites: Successful completion of the first year RAD courses, NAHS 202, and BIOL 231. **Corequisites:** RAD 231. Clinical experience in an affiliated health agency's radiology services division, designed to continue to build on clinical experiences obtained in RAD 130. Emphasis of the clinical experience is on the role and function of the radiologic technologist in performance of radiographic procedures of upper and lower extremities, shoulder girdle, bony thorax, and pelvic region. Also, the application of principles and methods of radiation protection for patients, personnel, and public and radiographic quality. If experience is available students are rotated through special radiologic areas and other imaging modalities.

RAD 232. Imaging Sectional Anatomy. (Directed Study). (1-2-2); II. Prerequisites: Successful completion of the first year of the Rad Tech program. An introduction to sectional anatomy as imaged with such modalities as Computed Tomography, Magnetic Resonance Imaging and Ultrasound. The sectional anatomy covered will include such areas as the human head, chest, abdomen and pelvis.

RAD 305. Advanced Diagnostic Imaging. (2-2-3); II. Prerequisites: Successful completion of the first year and fall semester of the second year of the Rad Tech program. **Corequisites:** RAD 310, RAD 315, RAD 319, RAD 322, BIOL 232 and PSY 154. An advanced study and practice of radiographic film processing and radiographic image formation. Emphasis is on the radiographers role and function in relationship to quality assurance testing, equipment maintenance, radiographic image evaluation and computer applications in radiology. Such as Fluoroscopic Imaging, Computed Tomography, Magnetic Resonance Imaging, Nuclear Medicine, Ultrasonography, Radiation Therapy, Digital Radiography, tomography and other types of radiologic imaging modalities are discussed.

RAD 310. Radiographic Anatomy and Positioning III. (2-2-3); II. Prerequisites: Successful completion of the first year and fall semester in the second year of the Rad Tech program's curriculum. **Corequisites:** RAD 305, RAD 315, RAD 319, RAD 322, PSY 154, and BIOL 231. A continuation of radiographic anatomy and positioning concepts and procedures presented in RAD 110 and RAD 210. Emphasis is on the radiologic technologist's role and function in the performance of radiography of the vertebral column, cranium, facial bones, paranasal sinuses, and the eye for patients at any stage of the life span. In addition, forensic radiography is presented. Radiographic procedures are demonstrated and simulated in the RT campus lab.

RAD 315. Radiation Physics and Electronics. (2-0-2); II. Prerequisites: Successful completion of the first year and fall semester in the second year of the Rad Tech program's curriculum. **Corequisites:** RAD 305, RAD 310, RAD 319, RAD 322, BIOL 231, and PSY 154. The study of physics and electronics necessary for the operation of an x-ray machine. Emphasis is on units of measurement, general concepts of energy, basic principles of chemistry, electrostatics, magnetism, electrodynamics, electromagnetism, rectification, and also concepts associated with radiation production and its interaction with matter. In addition, the radiologic technologist's function and role are studied in relation to x-ray tube safety and tube life.

RAD 319. Advanced Radiologic Procedures. (2-0-2); II. *Prerequisites:* Successful completion of the first year and fall semester in the second year of the Rad Tech program's curriculum. *Corequisites:* RAD 305, RAD 310, RAD 315, RAD 319, RAD 322, PSY 154, and BIOL 231. A study of specialized radiologic procedures of the central nervous system, circulatory system, lower respiratory tract, reproductive system, synovial joints, salivary glands, and the mammary glands. Emphasis is placed upon the role and function of the radiologic technologist in performance of specialized radiologic procedures.

RAD 322. Radiologic Pathology. (2-0-2); II. *Prerequisites:* Successful completion of the first year and fall semester in the second year of the Rad Tech program's curriculum. *Corequisites:* RAD 305, RAD 310, RAD 315, RAD 319, PSY 154, and BIOL 231. A systems approach to the study of disease and pathology for the cardiovascular, genitourinary, digestive and accessory organs, respiratory, nervous, and musculoskeletal systems. This includes the etiology, signs and symptoms, and the primary methods of diagnoses. An emphasis is on radiographic visualization of pathological conditions.

RAD 330. Clinical Internship III. (0-40-4); III. *Prerequisites:* Successful completion of the first year and fall and spring semesters of the second year of the Rad Tech program's curriculum. Clinical experience in an affiliated health agency's radiology services division, designed to continue to build on clinical experiences obtained in RAD 130 and RAD 230. Emphasis of the clinical experiences is on the role and function of the radiologic technologist in performance of radiographic procedures of vertebral column, cranium, facial bones, paranasal sinuses, eye, and special radiologic procedures. Also, application of concepts and principles of radiologic pathology, radiation physics, and electronics.

RAD 340. Clinical Internship IV. (0-40-3); IV. *Prerequisites:* Successful completion of the first year; fall, spring semester, and first summer session of the second year of the Rad Tech program's curriculum. This course is a continuance of RAD 330. Clinical experience in an affiliated health agency's radiology services division designed to prepare the students to assume the role and function of a new entry level radiologic technologist.

RAD 341. Seminar in Radiologic Technology. (1-0-1); IV. *Prerequisites:* Successful completion of the first year, fall and spring semesters, and the first summer session of the second year of the Rad Tech program's curriculum. This course is designed to assess the students' knowledge and application of radiologic technology. Based on the assessment results, the faculty will provide review, guidance, and learning experiences to assist the student in meeting identified learning needs.

Real Estate

REAL 105. Principles of Real Estate. (3-0-3); I, II. A general introduction to real estate as a business and profession. Acquaints the student with a wide range of subjects necessary to the practice of real estate, including license law, ethics, listing and purchase agreements, brokerage, deeds, financing, appraisal, mortgages, and property management.

REAL 139. Cooperative Study I. (1 to 8 hrs.); on demand. Work experience in a field relevant to the student's career objectives and academic preparation. Experience is usually analogous to a freshman level course. Not available for option credit.

REAL 199. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various real estate subjects will be presented periodically to supplement the basic course offerings in real estate. Credit toward degree programs must be approved by the student's advisor.

REAL 239. Cooperative Education II. (1 to 8 hrs.); on demand. Work experience with an extension of exposure gained in REAL 139 or of a nature similar to a sophomore status course. Not available for option credit.

REAL 303. Real Estate Market Analysis. (3-0-3); on demand. *Prerequisite:* REAL 320 or consent of instructor. Designed to develop skills in analysis of real estate markets and to implement the results of this analysis in real estate sales and marketing management. Students should become proficient in the use of quantitative tools and interpretation of data output in real estate fields.

REAL 309. Real Estate Land Planning and Development. (3-0-3); on demand. *Prerequisite:* REAL 105 or permission of instructor. A comprehensive course on the specialized field of land planning and development, emphasizing the field of home construction. Neighborhood analysis, house design, mechanical systems, and blueprint reading are stressed. Provides important background for developers, appraisers, brokers, and property managers.

REAL 310. Real Estate Law. (3-0-3); I. *Prerequisite:* REAL 105 or permission of instructor. Overview of real estate law, focusing on legal fundamentals including contracts, concepts of title, title examination and licensing law.

REAL 320. Real Estate Marketing. (3-0-3); I. *Prerequisite:* REAL 105 or permission of instructor. Designed to help real estate professionals with listing, prospecting, showing, negotiating, and closing. Furthermore, qualifying them, organizing, and promotional package design will be discussed. Marketing skill development is emphasized.

REAL 325. Appraisal of Residential Property. (3-0-3); I. *Prerequisite:* REAL 105 or permission of instructor. An introduction to the current theory and practice of real estate appraisal as taught by the professional appraisal societies. Insight into the direction of appraisal and feasibility in the future.

REAL 330. Real Estate Property Management. (3-0-3); II. *Prerequisite:* REAL 105 or consent of instructor. Introduction to basic organization, administrative operation, and management of residential and commercial projects of various sizes. The financial considerations, staffing, training, and evaluation of personnel, sales methods, and promotional techniques in property management.

REAL 331. Real Estate Finance. (3-0-3); II. *Prerequisite:* REAL 105 or permission of instructor. Introduction to the mechanisms of real estate finance, sources of funds, principles of mortgage risk analysis, governmental agency roles, and cash flows.

REAL 335. Real Estate Investment. (3-0-3); on demand. *Prerequisite:* REAL 105 or consent of instructor. Theory and practices of real estate investments and the wide range of topics in this area. Reasons for and against investing, homes and business properties, sale and lease-backs, and the real estate investor.

REAL 339. Cooperative Education III. (1 to 8 hrs.); on demand. Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a junior level status. Not available for option credit.

REAL 345. Appraisal of Income Property. (3-0-3); on demand. *Prerequisite:* REAL 325. Introduction to current theory and practice of income property appraisal and appraisal techniques.

REAL 399. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various real estate topics will be presented periodically to supplement the basic course offerings in real estate. Credit toward degree programs must be approved by the student's advisor.

REAL 400. Real Estate Brokerage. (3-0-3); on demand.
Prerequisite: REAL 105 or consent of instructor. An examination of the establishment and operation of a real estate broker's office; concentrating on the unique problems of staff recruitment and training, sales activities, marketing practices and policies, budget establishment, analysis and control, data handling, personnel policy, and professional ethics in such an agency.

REAL 410. Urban Land Use Analysis. (3-0-3); on demand. *Prerequisite:* REAL 105 and 325 or consent of instructor. Introduction to the responsibility of planning agencies to bring plans into closer harmony with the basic currents of economic development in the relationship between urban form and human behavior and activity patterns. Theory development, the use of models in planning, transportation systems, and other urban activities.

REAL 439. Cooperative Education IV. (1 to 8 hrs.); on demand. Work experience with an in-depth exposure representative of the student's academic level and experience analogous to a senior level course. Not available for option credit.

REAL 476. Special Problems in Real Estate. (1 to 3 hrs.); on demand. *Prerequisites:* Senior standing and prior consent of head of department. Self-directed independent study on a specific problem, based on written proposal and justification submitted by student prior to registration. Each request will be considered on its own merit in relation to the special needs, interest, and abilities of the student.

REAL 539. Cooperative Education V. (1 to 8 hrs.); on demand. Work experience providing advanced specialized exposure in a career-related position. Available to upper division undergraduate and graduate students. Not available for option credit.

REAL 599. Selected Workshop Topics. (1 to 4 hrs.); on demand. Workshops on various real estate subjects will be presented periodically to supplement the basic course offerings in real estate. Credit toward degree programs must be approved by the student's advisor.

Recreation

REC 201. Outdoor Recreation. (3-0-3); I, II, III. Scope and history of outdoor recreation. Development of camp craft skills.

REC 209. Recreational Sports. (2-1-2); I, II. *Prerequisite:* Three of five activities. History, knowledge of rules, proficiency of skills, and teaching ability of bowling, archery, volleyball, soccer, squash and handball. (Laboratory experiences are integral part of course.)

REC 285. Community Recreation. (2-0-2); I, II. Emphasizes general aspects of community recreation, place of school and other social institutions in recreation.

REC 286. Recreation Leadership. (2-0-2); I, II, III. History, theory, and philosophy of recreation. Practical techniques of leadership for low organization activities.

REC 288. Recreational Arts and Crafts. (1-2-2); I, II. Methods and materials, techniques of producing all types of crafts suitable for playground, community centers, hospital, school, camp, and club programs.

REC 290. Field Experience I. (1-1-1); I, II, III. Designed to give student practical experience under guidance of qualified leadership. (Laboratory experiences are integral part of course.)

REC 305. Social Recreation. (2-0-2); II. Practical application of planning, demonstrating, and conducting activities and programs for various social events and gatherings.

REC 310. Youth Organizations. (2-0-2); II. History, principles, and purposes of major youth service organizations with emphasis on leadership techniques and programming.

REC 375. Creative Dramatics. (3-0-3); II. Analysis and application of principles of creative dramatics as applied to classroom teaching recreation activities. (Same as THEA 375.)

REC 388. Community Centers and Playgrounds. (3-0-3); I, III. Leadership techniques, programming, and operation related to planning and administration of community centers and playgrounds.

REC 471. Seminar. (1-0-1); I, II. Discussion and reporting of current issues and problems in recreation profession.

REC 475. Therapeutic Recreation. (3-0-3); II, III. Philosophy, objectives, and basic concepts of therapeutic recreation. Emphasis on rehabilitation needs within institutional and community settings.

REC 477. Recreation Internship. (4 to 8 hrs.); III. Planning, leadership, supervision, and program evaluation experience in community and recreation public agency program under qualified administrative leadership and University faculty supervision. (Laboratory experiences are integral part of course. Application made through Coordinator of Professional Laboratory Experiences.)

REC 490. Field Experience II. (1-1-1); I, II, III. Designed to give student practical experience under guidance of qualified leadership. (Laboratory experiences are integral part of course. Application made through Coordinator of Professional Laboratory Experiences.)

REC 522. Park Management and Resource and Operation. (3-0-3); I, III. *Prerequisite:* Senior standing. Theory and current practices involved in effective management and operation of parks and recreation areas, with emphasis on management policies and procedures for efficient operation. Practical work with local, state, and federal park systems and personnel to apply theoretical knowledge in a practical situation.

REC 526. Fiscal Management in Parks and Recreation. (3-0-3); II, III. *Prerequisite:* Senior standing. Things peculiar to recreation and park administration such as tax structures, budgets, budget preparation procedure, projecting financial aspects of recreation, and things necessary to handle properly the financial affairs in recreation and park field.

REC 528. Camping Administration. (3-0-3); II. *Prerequisite:* Senior standing. Successful administration and organization of the camp.

REC 576. Special Problems in Recreation. (1 to 3 hrs.); I, II. *Prerequisite:* Upper division or graduate classification. Designed to meet special needs of individual students. Intensive study of approved specific problems from area of recreation under direction of instructor.

REC 580. Outdoor Interpretation. (2-2-3); I. Procedures for conducting and supervising naturalist and outdoor interpretive programs.

REC 585. Programs and Materials for Therapeutic Recreation. (0-2-3); II, III. Prerequisite: Senior standing. In-depth study of programs and materials used in therapeutic recreation. Considers various devices, activities, and materials used in programs for individuals. Practical work with individuals in therapeutic situations is stressed.

REC 588. Professional Development for Therapeutic Recreation. (3-0-3); I, II, III. (alternate scheduling). Contemporary philosophy, principles and understandings in the delivery of therapeutic recreational service to special populations. (Required for N.C.T.R.C. Certification.)

REC 599. Workshop. (1 to 3 hrs.); I, II, III. Workshop for specifically designated task orientation in recreation. May be repeated in additional subject areas. Maximum of six semester hours may be earned under this course number.

Religion

NOTE: Credit in philosophy is not given for any of the courses in religion.

REL 221. World Religions I. (3-0-3). Prerequisite: PHIL 200—Introduction to Philosophy, is recommended. Origin, development, assumptions, values, beliefs, practices, great leaders, and principal events of Judaism, Christianity, Islam, and Zoroastrianism.

REL 222. World Religions II. (3-0-3). Prerequisite: PHIL 200—Introduction to Philosophy, is recommended. Origin, development, assumptions, values, beliefs, practices, great leaders, and principal events of Hinduism, Buddhism, Confucianism, Taoism, Jainism, Sikhism, and Shintoism.

REL 321. Early and Medieval Christian Thought. (3-0-3). Prerequisite: PHIL 200—Introduction to Philosophy, is recommended. Ideas concerning the nature of God, Jesus, the church, man, sin, salvation, the good life, and other issues presented by Jesus, Paul, John, and the early and medieval church fathers or leaders to the beginning of the Reformation.

REL 322. Modern Christian Thought (1500 to 1900). (3-0-3). Prerequisites: REL 321 and/or PHIL 200 recommended. Ideas concerning the nature of God, Jesus, the church, man, sin, salvation, the good life, and other issues presented by theologians and religious leaders from the beginning of the Reformation to the twentieth century.

REL 323. Twentieth-Century Christian Thought. (3-0-3). Prerequisite: REL 322 or PHIL 200 or consent of instructor. Ideas concerning the nature of God, Jesus, the church, man, sin, salvation, the good life, and other ideas presented by major twentieth-century theologians such as Barth, Bultmann, Tillich, Niebuhr, Wieman, Hartshorne, A.T. Robertson, Karl Rahner, Karl Adam, Thomas Altizer, and Dietrich Bonhoeffer.

REL 476. Special Problems. (1 to 3 hrs.). Prerequisite: 12 hours in religious studies or consent of the Department of Philosophy. The student selects an approved topic in religion on which to do a directed study.

Respiratory Therapy

RES 200. Respiratory Care Course (1-4-2). An accelerated course in theory and clinical experience in basic respiratory care.

RES 201. Advanced Respiratory Care. (3-0-3). A theory course of knowledge and procedures for obtaining and interpreting clinical data in the delivery of advanced respiratory care for patients at any stage of the lifespan in a variety of health care settings, as well as basic supervisory skills and research methods.

RES 202. Advanced Respiratory Care Practice. (0-12-3). A clinical course designed to develop advanced respiratory care clinical practice and basic supervisory skills.

Robotics

ROB 170. Fundamentals of Robotics. (3-0-3); II. An introduction to the operations and applications of robots. Android and industrial robots; emphasis on the history, development, sociological implications, and future trends. As survey class appropriate for any college major.

ROB 270. Robotics Systems Engineering. (2-2-3); I. Prerequisite: ROB 170. Systems engineering for variable sequence, playback, numerical control, and intelligent industrial robots. Economic justification, application, safety, maintenance, and programming. Laboratory activities will include problem-solving assignments with robots.

ROB 370. Robotics Interfacing Engineering. (2-2-3); II. Prerequisites: ROB 270 and EET 345. Electronic, digital, and mechanical interfacing of robots in industrial manufacturing cells. Topics will include open and closed loop feedback control systems, various sensing devices, tactile sensing, vision systems, and voice synthesis.

ROB 470. Robotics Applications Engineering. (0-6-3); I. Prerequisite: Consent of instructor. Engineering design of a specific manufacturing problem and implementation in the laboratory. Emphasis on industrial engineering techniques, end-of-arm tooling, part orientation, and control devices for unmanned machine cells. An interdisciplinary approach will be used.

Russian

RUS 101. Beginning Russian I. (3-0-3). An introduction to Russian grammar beginning with the learning of the Cyrillic alphabet and progressing through a brief introduction of conjugation of verb forms and declension of adjectives and nouns.

RUS 102. Beginning Russian II. (3-0-3). Prerequisite: RUS 101 or one year of high school Russian. A continuation of RUS 101. An analysis of Russian grammar with emphasis on writing and speaking.

RUS 201. Intermediate Russian I. (3-0-3). Prerequisite: RUS 102. A continuation of Russian grammar with emphasis on vocabulary building and language structure. Russian lecture and elementary translation exercises are introduced in this course.

RUS 202. Intermediate Russian II. (3-0-3). Prerequisite: RUS 201. A continuation of RUS 201 with additional emphasis on Russian literature, translation, conversation, and writing.

RUS 301. Readings in Russian Literature. (3-0-3). Prerequisite: RUS 202. Directed study in Russian literature. The short story, poetry, prose, and essays. Review of Russian grammar as necessary. Oral practice.

RUS 302. Advanced Readings in Russian Literature. (3-0-3). *Prerequisite:* RUS 301. Readings in Russian from Lermontov, Turgenev, Tolstoy, Gogol, Dostoyevski, and others. Assigned readings on Russian culture and history. Review of Russian grammar as necessary.

Science

SCI 103. Introduction to Physical Sciences. (3-0-3); I, II, III. Measurements, energy, states of matter, nature and processes of physical sciences. An interdisciplinary approach to astronomy, chemistry, earth science, and physics.

SCI 107. Introduction to Geoscience. (3-0-3); I, II, III. A general survey of Earth; its astrogeological setting, its fluid portion, its solid part, its active processes, its history, the role of geology in preserving Earth's resources. See GEOS 107.

SCI 109. Physical Science for the Elementary Teacher. (2-2-3); I, II. An introduction to the study of physical science: measurement, force and motion, structure of matter, astronomy and earth science. Not acceptable for majors or minors in other physical sciences.

SCI 199. Selected Topics. (1 to 6 hrs.); on demand.

SCI 200. Descriptive Astronomy. (3-0-3); I, III. A non-mathematical presentation of methods and results of astronomical exploration of the solar system, our stellar system, and the galaxies.

SCI 299. Selected Topics. (1 to 6 hrs.); on demand.

SCI 360. Science of Aviation. (3-0-3); II. A study of airplane systems, meteorology, navigational procedures, the medical aspects pertinent to flying, and the development of aviation. With the completion of the course, the student should be able to perform successfully on the FFA examination, one of the requirements for the private pilot's license.

SCI 389. Honors Seminar in Sciences and Mathematics. (3-0-3); on demand. A study of current environmental problems and issues, and possible solutions to these problems. In future semesters the topics and times may vary.

SCI 470. Senior Thesis I. (0-2-1); I, II. *Prerequisites:* Junior or senior standing and permission of instructor. The beginning of a directed study on a project of current interest, chosen in consultation with a faculty advisor, for presentation in SCI 471 and to include a primary literature search.

SCI 471. Senior Thesis II. (0-2-1); I, II. *Prerequisite:* SCI 470. Completion of the directed study begun in SCI 470. A formal report that includes the basic literature search and appropriate experimental work will be prepared in a form suitable for submission to a scientific journal in the field. In addition, an oral presentation suitable for a scientific meeting will be made.

SCI 476. Special Problems. (1 to 6 hrs.); I, II, III. *Prerequisite:* Consent of instructor. Topic to be approved prior to registration. Credit available in the sciences and mathematics.

SCI 490. Science for the Elementary Teacher. (2-2-3); I, II, III. *Prerequisite:* Completion of the minimum general education requirements in sciences and mathematics. A study of teaching scientific concepts to elementary children.

SCI 521. Chemistry in the Modern World. (3-0-3); On demand. *Prerequisite:* Permission of instructor. An overview of the modern chemical industry with emphasis on industrial processes and the uses of the commodities produced as finished products. The relation of the chemical industry to society will be sketched.

SCI 570. Earth Science. (3-0-3); on demand. Selected topics from the geological sciences. (Especially designed for in-service and pre-service teachers.)

SCI 580. History of Science. (3-0-3); on demand. An interdisciplinary approach to the development of the scientific traditions, discoveries, and concepts from the time of ancient Egypt to the present. See BIOL 580.

SCI 591. Science for the Middle School Teacher. (2-2-3); I. Pedagogy, science content, and techniques applicable to the teaching of science to middle school and junior high children.

SCI 592. Science for the Secondary Teacher. (2-2-3); II. Concepts of teaching high school science with emphasis on laboratory techniques, test preparation, questioning, presentation methods, and care of equipment.

SCI 599. Selected Topics. (1 to 6 hrs.); on demand.

Social Work

SWK 205. The Family. (3-0-3); I. (See Soc 205)

SWK 210. Orientation to Social Work. (3-1-4); I, II. *Prerequisites:* Completion of 24 hrs. of general education requirements, or permission of the instructor. Introduction to contemporary fields of social work practice in both primary and secondary settings. The principal focus of the course is familiarization of students to the breadth and scope of professional social work intervention into contemporary societal problems.

SWK 230. Social Welfare History and Ethics. (3-0-3); I, II. *Prerequisites:* Completion of SWK 210, or permission of the instructor. Dominant values of American society that influence both social welfare policy and social work practice will be explored through a study of the historical evolution of the institution of social welfare from the Colonial period to the present in this country.

SWK 310. Field Experiences in Social Work. (3-0-3); I, II. Observation and work experience in a social work agency under the supervision of a professional.

SWK 315. Child Welfare Services. (3-0-3); I. Local, state, and national policies and programs designed to provide for the care, protection, and support of children.

SWK 322. Human Behavior in the Social Environment. (3-0-3); I, II. *Prerequisites:* Completion of SWK 230, BIOL 105, PSY 154, SOC 101, or permission of the instructor. *Corequisites:* SWK 450. A study of the development of human behavior in the context of social systems. Primary emphasis will be placed on an exploration of needs and tasks of individuals, groups, families, organizations, and communities during various life-stages of growth and development. Environmental concerns affecting women, minorities and other special populations will be examined.

SWK 325. Social Work Theory and Method. (3-0-3); I, II. *Prerequisites:* PHIL 200 or 303, SWK 322, SWK 450 and formal program screen-in. *Corequisites:* SWK 451. A theoretical and conceptual exposure to a social work method involving a six-stage problem solving process based upon a general systems perspective. The evolution of this method; the relationship of knowledge, values and theory to it; and, its application within a bureaucratic structure are addressed.

SWK 330. Applied Medical Sociology. (3-0-3); II. (See SOC 330.)

SWK 333. Beginning Skills for Human Service Professionals. (3-0-3); I, II, III. This course provides students with knowledge and beginning helping skills that can be applied to assist individuals who are having social/emotional problems.

SWK 340. Community Mental Health. (3-0-3); II. This course provides a microscopic perspective of the institutions and programs that have evolved in response to understanding a class of persons traditionally dependent upon medicine and social programs. Emphasis will be placed upon review of the values, knowledge, and skills characteristic of the entry-level social worker in the community mental health agency.

SWK 350. The Human Experience of Sex and Gender. (3-0-3); I, II. Focus of course will be on meanings attached to sex and gender, theoretical explanations of those meanings, the institutions which influence perceptions and behaviors, and the impact of social definition and practices on individuals, male and female. (SOC 350.)

SWK 360. Crisis Intervention. (3-0-3); I. Overview of strategies for addressing critical situations requiring immediate intervention. Subjects include threatened suicide, rape trauma, domestic violence, violent episodes of mental illness, and physical assaults.

SWK 370. Substance Abuse Counseling. (3-0-3); I, II. Causes of alcoholism and other substance abuse will be addressed as well as an overview of policy and practice issues for providing effective treatment of those afflicted. The course will include a comparison of existing treatment techniques and programs commonly used.

SWK 399. Selected Topics. (1 to 3 hrs.); on demand. Unique topics and learning experiences that supplement regular course offering. May be repeated in additional subject areas.

SWK 410. Practicum in Social Work. (4 to 8 hrs.); I, II. *prerequisites:* SWK 424, SWK 426, SWK 430 and formal program screen-in. *Corequisites:* SWK 427 and SWK 490. Integration of theory and method to actual case situations assigned within a 512 hour professionally supervised field experience within a selected human service organization.

SWK 424. Social Work Practice Skills I. (3-0-3); I, II. *Prerequisites:* SWK 325, SWK 451 and formal program screen-in. *Corequisites:* SWK 426 and SWK 430. The development of skills related to interviewing, data collection, assessment, goal development, interventive strategy formulation, contracting, interventive counseling, and monitoring/evaluation design as they relate to the application of the social work method to micro-level individual client systems.

SWK 426. Social Work Practice Skills II. (3-0-3); I, II. *Prerequisites:* SWK 325, SWK 451 and formal program screen-in. *Corequisites:* SWK 424 and SWK 430. Continuation of the development of skills associated with the application of the social work method to mezzo-level therapeutic groups, task-centered groups, marital and family client systems.

SWK 427. Social Work Practice Skills III. (3-0-3); I, II. *Prerequisites:* SWK 424, SWK 426, SWK 430 and formal program screen-in. *Corequisites:* SWK 410 and SWK 490. Continuation of the skills associated with the application of the social work method to macro-level organizational, neighborhood and community client systems.

SWK 430. Social Policy and Planning. (3-0-3); I, II. *Prerequisites:* SWK 325, SWK 451, ECON 101, GOVT 242, and formal program screen-in. *Corequisites:* SWK 424 and SWK 426. The application of a framework of analysis to a variety of social welfare policies. This course provides an exposure to social-economical-political-legal issues affecting social welfare policy formulation, selection of delivery systems, and program funding.

SWK 450. Research Methodology. (3-0-3); I, II, III. *Prerequisites:* Math requirement and SWK 230. *Corequisites:* SWK 322. (See SOC 450.)

SWK 451. Social Science Data Analysis. (3-0-3); I, II. *Prerequisites:* Completion of all general education requirements, SWK 322, SWK 450 and formal program screen-in. *Corequisites:* SWK 325. (See SOC 451.)

SWK 490. Senior Seminar. (1-0-1); I, II. *Prerequisites:* SWK 424, SWK 426, SWK 430 and formal program screen-in. *Corequisites:* SWK 410 and SWK 427. Preparation for applying and interviewing for prospective professional employment, taking state merit examinations, taking licensing and certification tests, and enrolling within graduate programs of social work. Discussions also focus upon issues at the workplace.

SWK 500. Special Problems. (1 to 3 hrs.); I, II, III. *Prerequisite:* Consent of instructor and social work coordinator. Arranged with department to study a particular topic in the social work field.

SWK 515. Correctional Counseling (3-0-3); II. (See COR 515.)

SWK 520. Social Work Administration and Management. (3-0-3); on demand. The history, nature, organizational structure, and philosophy of the administration of public programs of income maintenance and other welfare services; consideration of the role of voluntary agencies.

SWK 535. Group Dynamics. (3-0-3); I. This course is designed to give the student an understanding of group methods and the theories underlying the use of groups in the helping process. Special emphasis will be given to the processes that affect the development and functioning of all types of groups.

SWK 540. Gerontology. (3-0-3); II. (See SOC 540.)

SWK 545. Death and Dying. (3-0-3); I. (See SOC 545.)

Sociology

SOC 101. General Sociology (3-0-3); I, II, III. The nature and dynamics of human society. Basic concepts include: culture, groups, personality, social institutions, social processes, and major social forces.

SOC 170. Rural Sociology. (3-0-3); I. The cultural and social organizations of rural and urban societies with emphasis on the impact of economic changes and population movements.

SOC 201. Sociology of Corrections. (3-0-3); I, II. (See COR 201.)

SOC 203. Contemporary Social Problems. (3-0-3); I, II, III. A systematic and objective interpretation of contemporary social problems such as crime, delinquency, poverty, race relations, family problems, problems with emphasis on societal conditions under which deviance emerges, and the alleviation of such deviant behavior.

SOC 205. The Family. (3-0-3); I. The family in cross-cultural and historical perspective; as a social institution; the impact of economic and social conditions on family values, structure, functions, and roles.

SOC 302. Population Dynamics. (3-0-3); II. The U.S. population; social and economic characteristics; migration, mortality, and fertility trends; influence of social factors on population processes; basic techniques of population analysis; survey of population theories; data on international migration.

SOC 304. Social Change. (3-0-3); on demand. Change theories from early to contemporary scholars. Antecedents and effects of change; function, structure, and ramifications of change; normality of change in modernization, social evolution contrasted with social revolution.

SOC 305. Cultural Anthropology. (3-0-3); I, II. A study of literate and nonliterate cultures using the ethnographic approach. Universal aspects of human experience, including the family, economic, political and religious systems examined in cross-cultural perspective.

SOC 306. Juvenile Delinquency. (3-0-3); I, II. The extent, ecological distribution, and theories of delinquency in contemporary American society, including a critical examination of trends and methods of treatment of delinquency.

SOC 310. The Sociology of Deviance. (3-0-3); I. Designed to introduce the student to the sociological perspective with respect to the definition, causes, and social consequences of deviance.

SOC 312. Sociology of Sports. (3-0-3); on demand. The role of sports and games in the shaping and maintaining of values in the American culture. An examination of sport as expressed in aggression displacement, human welfare, patriotism, religion, group cohesion, sex, competition, and leisure.

SOC 323. Urban Sociology. (3-0-3); on demand. The rise of modern cities; theoretical explanations of urbanization; and the analysis of modern urban problems.

SOC 330. Applied Medical Sociology. (3-0-3); II. An examination of social, cultural, and psychological factors which influence health behaviors; an overview of health care delivery systems and policies; and an analysis of the role of social workers and other health professionals.

SOC 350. The Human Experience of Sex and Gender. (3-0-3); I, II. Focus of course will be on meanings attached to sex and gender, theoretical explanations of those meanings, the institutions which influence perceptions and behaviors, and the impact of social definitions and practices on individuals, male and female.

SOC 354. The Individual and Society. (3-0-3); I, II, III. The influence of group processes on individual behavior. Topics covered include personality formation and change; small group behavior and leadership patterns.

SOC 373. Introduction to Women's Studies. (3-0-3); I, II. *Prerequisites: Completion of the (9 hour) general education requirement in English and Literature or consent of instructor.* A survey course designed to develop students' awareness of women's literature, poetry, contributions to science, and history, as well as an introduction to feminist theory. Women scholars of all nations and races will be highlighted.

SOC 374. American Minority Relations. (3-0-3); I, II. Examines various processes of social and cultural contact between peoples; theories dealing with the sources of prejudice and discrimination; basic processes of intergroup relations; the reactions of minorities to their disadvantaged status; and means by which prejudice and discrimination may be combated.

SOC 375. The Teaching of Social Studies. (3-0-3); I. (See HIS 375.) (Does not count in the major or minor.)

SOC 376. Industrial Sociology. (3-0-3); on demand. Modern industrialization as social behavior. Social conditions in the rise of industrialism and effects on the worker; collective bargaining and industrial conflict; the industrial community social classes and the industrial order.

SOC 399. Selected Topics. (1 to 3 hrs.); on demand. Unique topics and learning experiences that supplement regular course offering. May be repeated in additional subject areas.

SOC 401. Criminology. (3-0-3); on demand. Cause, treatment, and prevention of crime.

SOC 405. Sociological Theory. (3-0-3); I, II, III. An introduction to basic theoretical approaches to the study of society and a survey of contributions to the field by major theorists.

SOC 420. Seminar in Criminal Behavior. (3-0-3); II. (See COR 420).

SOC 450. Research Methodology. (3-0-3); I, II, III. Fundamental assumptions underlying sociological research; some practical experience in research design, data collection, techniques, and data analysis.

SOC 451. Social Science Data Analysis. (3-0-3); I, II. This course deals with the logic of data preparation and computer assisted analysis. Appropriate methods of evaluating and applying standard social science data analysis techniques are discussed and experience in utilizing these methods is provided. In addition, the course covers the basic skills required to evaluate and write research reports.

SOC 476. Special Problems. (1 to 3 hrs); I, II, III. *Prerequisite: Consent of instructor and department chair.* Arranged with the department to study some particular aspect of the field of sociology.

SOC 510. Principles of Sociology. (3-0-3); on demand. This course is designed to give sociology majors an integrated perspective of the discipline and to provide an advanced introduction to graduate students entering sociology from related disciplines.

SOC 515. Family Dynamics. (3-0-3); II. An intensive analysis of the family in its social context. Emphases are placed upon social interaction within the family, socio-cultural and socio-economic factors which bear influence upon it, and the relationship of the family to the total social system.

SOC 525. The Community. (3-0-3); I. The general character of community relations in society, the structure and function of the community as a social system, the processes of balancing community needs and resources, and planned and unplanned social change.

SOC 540. Gerontology. (3-0-3); II. An analysis of aging designed to provide the student with a knowledge of the special factors involved in the aging process as well as the social work techniques designed to aid such individuals to cope with the changes inherent in the aging process.

SOC 545. Death and Dying. (3-0-3); I. The analysis of death and dying as social processes and problems; strategies for working with dying persons.

SOC 560. Appalachian Culture. (3-0-3); I, II. Study of the Appalachian culture in juxtaposition to concept of cultural dynamics. Analysis of the relationship between culture, society and personality in Appalachia.

Spanish

SPA 101. Beginning Spanish I. (3-0-3). Emphasis on development of comprehension of written and spoken Spanish; oral and aural drills supplemented by practice with tape program. Essentials of grammar.

SPA 102. Beginning Spanish II. (3-0-3). *Prerequisite:* SPA 101 or permission of the instructor. A continuation of SPA 101.

SPA 201. Intermediate Spanish I. (3-0-3). *Prerequisite:* SPA 102 or permission of the instructor. Reading of moderately difficult Spanish texts; thorough review of minimum essentials of Spanish grammar; conversational practice.

SPA 202. Intermediate Spanish II. (3-0-3). *Prerequisite:* SPA 201 or permission of the instructor. A continuation of SPA 201. Reading of more difficult texts.

SPA 300. Grammar and Composition. (3-0-3). *Prerequisite:* SPA 202 or permission of the instructor. Review of difficult concepts of Spanish grammar. Study and analysis of writing styles. Emphasis on written composition.

SPA 301. Survey of Peninsular Spanish Literature from 1700. (3-0-3). *Prerequisite:* SPA 300. A survey of Spanish peninsular literature from 1700 to the present with readings from the most significant works in each literary period. Lectures, oral discussions, reports.

SPA 302. Survey of Spanish American Literature from Colonial Times to 1880. (3-0-3) *Prerequisite:* SPA 300. A survey of Spanish American literature from colonial times to 1880 with readings from the most significant works in each literary period. Lectures, oral discussions, reports.

SPA 303. Spanish for Business and Commerce. (3-0-3). *Prerequisite:* SPA 300. An introduction to cultural aspects of problems related to the conduct of international business in the Hispanic world.

SPA 305. Conversation. (3-0-3). *Prerequisite:* SPA 202 or permission of the instructor. Conversation on daily subjects of current interest pertaining to the Hispanic world; acquisition of new vocabulary through reading of current material and usage in oral work.

SPA 320. Hispanic Culture and Civilization. (3-0-3). *Prerequisite:* SPA 202 or permission of instructor. Study of the history, art, culture, and everyday life of the Hispanic world.

SPA 401. Masterpieces of Spanish Literature. (3-0-3). *Prerequisite:* SPA 300. Reading, analysis, and discussion of literary masterpieces in Spanish. Emphasis on the Middle Ages and the Golden Age.

SPA 402. Masterpieces of Spanish American Literature. (3-0-3). *Prerequisite:* SPA 300. Reading, analysis, and discussion of literary masterpieces in Spanish. Emphasis on modernism and contemporary literature.

SPA 403. Spanish Stylistics. (3-0-3). *Prerequisite:* SPA 300. Reading and analysis of different writing styles. Study of Spanish rhetorical devices. Translations and compositions in Spanish.

SPA 405. Linguistics and Language Teaching. (3-0-3). *Prerequisite:* SPA 300. The application of linguistics to the methodology of teaching Spanish.

SPA 432. Contemporary Spanish and Spanish American Literature. (3-0-3). *Prerequisite:* SPA 300. A survey of significant characteristics of twentieth century Hispanic literature, including the novel, the short story, the drama, the essay, and poetry.

SPA 440. Seminar in Hispanic Literature. (3-0-3). *Prerequisite:* SPA 300. Group instruction and practice in research methods peculiar to Hispanic literature.

SPA 476. Directed Studies. (1 to 3 sem. hrs.). *Prerequisite:* consent of instructor and the department chair. This course is a directed study for the undergraduate Spanish major. Each request for the course will be considered on its own merits in relation to the special needs of the student.

SPA 523. Don Quixote de la Mancha. (3-0-3). *Prerequisites:* SPA 300 and at least 3 hours from other SPA 300- or 400-level courses. A study of this masterpiece of Spanish literature.

SPA 555. Lope de Vega. (3-0-3). *Prerequisites:* SPA 300 and at least 3 hours from other SPA 300- or 400-level courses. A study of the major dramatic and non-dramatic works of Lope de Vega.

SPA 576. Directed Studies. (1 to 3 sem. hrs.). *Prerequisite:* Consent of the instructor and the department chair. This course is a directed study for the advanced undergraduate and the graduate student in Spanish. Each request for the course will be considered on its own merits in relation to the special needs of the student.

SPA 599. Special Courses. (1 to 3 sem. hrs.). *Prerequisites:* Variable. These courses are usually specialized offerings in Spanish for the advanced undergraduate and the graduate student. The purpose of these courses is to enhance the existing program in Spanish.

Speech

SPCH 100. Voice and Articulation. (3-0-3); I, II. Essentials of distinct utterance, phonetic transcription, and uses of the vocal mechanism.

SPCH 101. Voice Production I. (1 to 3 hrs.); upon demand. Competency-based individual voice production experiences and study with goals of increasing proficiency of student vocal production.

SPCH 102. Voice Production II. (1 to 3 hrs.); upon demand. Continued competency-based individual voice production experiences and study with goals of increasing proficiency of student vocal production.

SPCH 110. Basic Speech. (3-0-3); I, II, III. Development of proficiency in the use of oral language presentations.

SPCH 200. Oral Interpretation. (3-0-3); I. Communicating the meanings of prose, poetry, and dramatic literature through the use of body, voice, thought, and emotion.

SPCH 210. Listening. (3-0-3); I, II. The study and practice of skills in both retentive and empathic listening.

SPCH 220. Introduction to Communication Theory. (3-0-3); II (odd years). A survey of communication theory with emphasis on the interpersonal aspects.

SPCH 300. Oral Communications. (3-0-3); I. *Prerequisite:* SPCH 110. Development of appropriate classroom voice through study, exercise, practice in reading, describing, and motivating. Designed for elementary teaching majors.

SPCH 301. Advanced Voice and Articulation. (3-0-3); I (on demand). *Prerequisite:* SPCH 100. Advanced training in voice production for the purpose of developing professional proficiency and flexibility beyond the scope of the prerequisite first course. Students may be assessed a fee for materials distributed in class.

SPCH 305. Readers Theatre. (3-0-3); II (odd years). *Prerequisite:* SPCH 200 or permission of the instructor. Applying the theories of oral interpretation to an audience-oriented production.

SPCH 310. Interpersonal Communication. (3-0-3); I, II. Conceptual elements and dynamics of informal person-to-person communication in both theory and practice.

SPCH 315. Verbal Survival. (3-0-3); on demand. The process of communication "action-reaction." Specific skills for recognition and defense from forms of daily manipulative communication.

SPCH 318. Nonverbal Communication. (3-0-3); II (even years). Components of nonverbal communication.

SPCH 320. Introduction to Corrective Speech. (3-0-3); (on demand). Speech Correction for the classroom teacher. Same as EDSP 320.

SPCH 342. Instructional Communication. (3-0-3); on demand. Study and practice of the oral communication skills required for effective secondary school teaching.

SPCH 370. Business and Professional Speech. (3-0-3); I, II, III. *Prerequisite:* Sophomore standing or above (at least 30 semester hours of previously-completed course work). Study and practice in techniques of committee work, interview, and other speech forms required in business and the professions.

SPCH 382. Argumentation and Debate. (3-0-3); II (odd years). Making rational decisions through the debate process. Analysis, evidence, briefing, and refutation.

SPCH 383. Group Discussion. (3-0-3); I (odd years). Analysis of the roles of participants and leaders in problem solving with experience in conducting formal and informal groups.

SPCH 385. Persuasion. (3-0-3); II (even years). Nature and methods of persuasion for influencing group opinion and action. Recommended for business majors.

SPCH 388. Speech Practicum. (1-2-2); I, II. *Prerequisite:* Approval of the instructor. Independent guided study in specific areas of speech through participation in the Intercollegiate Individual Events program. May be repeated up to a maximum of 6 hours credit.

SPCH 470. Interviewing for Employment. (1-0-1); II. Theory and practice of preparing for and responding to employment interviewing.

SPCH 471. Speech-Dramatic Arts Seminar. (1-0-1); on demand. Resources and research techniques in speech and dramatic arts.

SPCH 495. Administering the Communications Program. (3-0-3); I (even years). Development and management of communications programs, including co-curricular activities. (Lab fees will be assessed for each student).

SPCH 497. Administering and Supervising the Co-Curricular Communication Arts Program. (3-0-3); on demand. *Prerequisite:* SPCH 110. Nature, objectives, and values of a forensics program. Traditional high school forensic events with a laboratory experience in each.

SPCH 510. Advanced Public Speaking. (3-0-3); (on demand). Preparation and delivery of longer and more complex speeches.

SPCH 521. Classical Rhetorical Theory. (3-0-3); on demand. In-depth study of the rhetorical theory of Plato, Aristotle, Cicero, and other writers of the Greek and Roman periods.

SPCH 522. Contemporary Rhetorical Theory. (3-0-3); on demand. *Prerequisite:* SPCH 521 or permission of the instructor. Development of rhetorical and communication theory from the Renaissance to the present.

SPCH 523. Rhetorical Criticism. (3-0-3); on demand. Application of classical and modern rhetorical theory; analysis and criticism of selected speeches.

SPCH 527. American Public Address. (3-0-3); on demand. Major speeches, speakers, and movements in America from the Colonial Period to the New Deal.

SPCH 530. Contemporary Public Address. (3-0-3); on demand. Major speeches, speakers, and movements from the 1930s to the present.

SPCH 567. Organizational Communication. (3-0-3); I (even years). A study of the dynamic function of communication which occurs within various organizational structures and related professional environments.

SPCH 570. Parliamentary Procedure. (3-0-3); (on demand). Theory and application of procedures used by profit and non-profit organizations. (To be changed to SPCH 350 in Fall 91).

SPCH 571. Interviewing. (3-0-3); II. A detailed study of the various business interview types, coupled with role-playing experiences.

SPCH 583. Small Group Communication. (3-0-3); on demand. *Prerequisite:* SPCH 383 or permission of instructor. Current theory and related concepts regarding the discussion process.

Theatre

THEA 100. Fundamentals of the Theatre. (2-2-3); I, II. An introduction to the theatre as an art form, its historic and organizational structure. For theatre majors and minors.

THEA 110. Introduction to the Theatre. (3-0-3); I, II. Acting, set design, costume design, theatre architecture, lighting, playwriting, and make-up. For non-theatre majors and minors.

THEA 130. Summer Theatre I. (4-0-4); III. May be repeated. *Prerequisite:* Acceptance to summer theatre or by permission. Practical experience in production with work in laboratory environment. A limit of four hours may be credited toward a degree program. Credit hours earned which exceed the limit may be applied to the minimum requirements for the A.B. degree.

THEA 200. Introduction to Dramatic Literature. (3-0-3); I. Representative dramatic literature from Greek antiquity to the present.

THEA 208. Beginning Ballet. (1-4-3); I. A study and application of basic ballet techniques.

THEA 210. Technical Production. (1-4-3); II. A study of the technical elements in theatrical production; set construction, lighting, and sound.

THEA 284. Acting Techniques. (3-0-3); I. A study of acting from both the aesthetic and the practical viewpoints; exercises in pantomime and vocal techniques.

THEA 300. Elements of Play Production. (3-0-3); I. Problems of play production; choice of script, casting production and backstage organization, and directing.

THEA 308. Intermediate Ballet. (1-4-3); II. *Prerequisite:* THEA 208 or permission of instructor. A further study of ballet techniques and profiles of famous dancers.

THEA 309. Tap Dancing. (1-4-3); I. A study and application of tap dance techniques.

THEA 310. Stage Movement. (2-0-2); on demand. The study and practice of stage fighting and movement in various historical periods.

THEA 311. Theatre Practicum I. (1 to 3 hrs.); on demand. May be repeated. *Prerequisite:* THEA 100 or approval of instructor. To provide independent guided study for the development of specialization in specific areas of the theatre.

THEA 312. Theatre Practicum II. (1 to 3 hrs.); **on demand. May be repeated. Prerequisite:** THEA 311. A continuation of Theatre 311.

THEA 313. Theatre Practicum III. (1 to 3 hrs.); **on demand. May be repeated. Prerequisite:** THEA 312. A continuation of Theatre 312.

THEA 315. Stage Make-up. (2-2-3); **on demand.** Study and application of make-up and techniques for the stage.

THEA 316. Stage Properties. (2-2-3); **on demand.** The study and practice of stage properties, their construction, acquiring, and repair; the study of furniture history.

THEA 317. Scene Painting. (2-2-3); **on demand.** The study and practice of paints and painting techniques as they apply to the scenic artist.

THEA 320. Sceneographic and Drawing Techniques. (2-2-3); **I. Prerequisite:** THEA 210 or consent of instructor. The study and practice of basic drawing techniques which uniquely apply to theatrical design and mechanical working drawing for stage scenery.

THEA 321. Stage Lighting. (2-2-3); **on demand. Prerequisite:** THEA 210 and 320. The mechanical and artistic approach to stage lighting; study of electrical theory and instrument utilization.

THEA 322. Scene Design. (2-2-3); **II. Prerequisite:** THEA 210 and 320. The study of design theories with the creation and development of scene design projects and rendering techniques.

THEA 325. Stage Costume and History I. (1-4-3); **on demand.** Creation of costume design with emphasis on the principles of design and rendering techniques related to historic design.

THEA 326. Stage Costume and History II. (1-4-3); **on demand.** Creation of costume design with emphasis on the principles of design and rendering techniques related to historic design.

THEA 327. Creative Sewing for the Theatre I. (1-4-3); **on demand.** A course in creating original patterns for stage costumes and construction techniques.

THEA 328. Creative Sewing for the Theatre II. (1-4-3); **on demand.** An advanced course in creating original patterns for stage costumes.

THEA 330. Summer Theatre II. (4-0-4); **III. Prerequisite:** THEA 130 and acceptance to summer theatre company. Crew assignments in areas other than those completed in THEA 130. May be repeated. A limit of four hours may be credited towards a degree program. Credit hours earned which exceed the limit may be applied to the minimum requirements for the A.B. degree.

THEA 354. Theatre History. (3-0-3); **on demand.** A study of the origins and development of theatre.

THEA 375. Creative Dramatics. (3-0-3); **I, II.** An analysis and application of principles of creative dramatics as applied to classroom curricular activities.

THEA 380. Play Directing. (3-0-3); **II. Prerequisite:** THEA 100 and 210 or permission of instructor. Theories and principles of directing; director's interpretation; casting; planning action and making the prompt-book.

THEA 408. Advanced Ballet. (1-4-3); **on demand. Prerequisite:** THEA 308 or permission of the instructor. Advanced study of ballet techniques and profiles of historic dances.

THEA 484. Styles of Acting. (3-0-3); **II.** A study of techniques for creating characters from various dramatic styles and historical periods through research and performance.

THEA 512. Playwriting. (3-0-3); **on demand. Prerequisite:** THEA 200 and 100, or by permission of instructor. An analysis of the structure of plays and the writing of original scripts.

THEA 513. Advanced Play Direction. (3-0-3); **on demand. Prerequisite:** THEA 380. To develop greater proficiency in techniques of directing as related to specific productions and staging problems.

THEA 530. Summer Theatre III. (4-0-4); **may be repeated. Prerequisites:** THEA 300 and acceptance to summer theatre company. Advanced assignments in set and costume design or advanced acting and directing.

THEA 552. Early Dramatic Literature. (3-0-3). A detailed study of representative plays from the Greeks to mid-nineteenth century.

THEA 553. Modern Dramatic Literature. (3-0-3); **II.** A detailed study of the drama from the growth of realism to the present day.

THEA 555. Dramatic Criticism. (3-0-3); **on demand. Prerequisite:** THEA 200, 100, and 554, or by permission of instructor. Dramatic theory and criticism as developed through Aristotle, Horace, the middle ages, the Renaissance, and the twentieth century.

THEA 562. Advanced Acting. (3-0-3); **II. Prerequisite:** THEA 284. Advanced study of acting, including analysis and development of characters in acting situations.

THEA 563. Advanced Costuming. (2-2-3); **I. Prerequisite:** THEA 326 or permission of instructor. Designing costumes for theatrical production, making patterns, and the fabrication of garments for the stage.

THEA 564. Advanced Scene Design. (2-2-3); **II. Prerequisite:** THEA 210, 320, and 322 or permission of instructor. To develop greater proficiency in the skills of scenic design as applied to specific problems and theatrical productions.

THEA 565. Advanced Stage Lighting. (2-2-3); **II. Prerequisite:** THEA 210, 320, and 322 or permission of instructor. To develop proficiency in the skills of lighting specific productions; to research topics and special problems pertaining to stage lighting.

THEA 570. Children's Theatre. (3-0-3); **II. Prerequisite:** THEA 100. A concentrated study of the problems involved in organization and production of plays for and with children.

Veterinary Technology

VET 100. Orientation to the Veterinary Profession. (1-0-1); **I.** A study of the history of the Veterinary Profession, the ethics of veterinary health care, professional conduct, and current trends in the profession. Comparison of the education, career potential, salaries and responsibilities of various career areas within the profession. Exploration of the "team concept" of veterinary health care delivery.

VET 103. Veterinary Science and Skills I. (1-4-3); **I. Prerequisite:** Program admission. A study of basic canine and feline care and management including breeds identification, breeding and raising, nutrition, behavior, sheltering, sanitation and current topics. The lab will include essential tasks related to the handling, restraint, treatment, care, feeding and sanitation of dogs and cats.

VET 104. Anatomy and Physiology of Domestic Animals. (3-2-4); **I. Prerequisite:** Program admission. A course in basic comparative anatomy and physiology of the domestic animals with emphasis on organ systems. Lab will include identification of anatomical structures.

VET 107. Laboratory Techniques I. (2-2-3); II. Prerequisites: VET 103 and 104. Comparative hematology and hematopoietic physiology of the domestic animals. Lab will include performance of manual and automatic blood analysis techniques.

VET 203. Veterinary Science and Skills II. (1-4-3); II. Prerequisites: VET 103 and 104. **Corequisite:** VET 230. A course on laboratory animal science and care including handling and restraint, housing, breeding, nutrition and common diseases of rabbits, rats, mice, guinea pigs, hamsters, primates and avian species. Lab will include handling, restraint, venipuncture, injections, record keeping, identification and sanitation techniques of laboratory animals.

VET 208. Laboratory Techniques II. (2-3-3); II. Prerequisite: VET 107. Comparative parasitology, coprology and urology of the domestic animals. Includes identification of external and internal parasites, knowledge of parasite life-cycles and analyses commonly performed on feces and urine.

VET 230. Pharmacology for Veterinary Technicians. (2-0-2); II. Prerequisites: VET 104, CHEM 101 or higher. **Corequisite:** VET 203. A study of the nomenclature and classification of therapeutic, anesthetic and nutritional agents used in current veterinary medicine. Pharmacy maintenance, dispensing and dosage calculations will be emphasized.

VET 250. Veterinary Anesthesiology and Surgical Assisting. (2-4-4); I. Prerequisites: VET 203, VET 230, BIOL 213. A study of practical anesthesiology and surgical assisting related to veterinary practice. Lab will include pre- and post-operative preparation and care of equipment and patients, anesthesia and assisting with actual surgeries.

VET 303. Veterinary Science and Skills III. (1-4-3); I. Prerequisite: VET 203, AGR 133. A study of practical techniques used in assisting the large animal veterinarian including handling, restraint, physical examination, oral dosing, injections, venipuncture, dental care, and loading/unloading of cattle, swine, horses, and sheep. Lab will include demonstration of necropsy techniques.

VET 310. Clinical Laboratory Techniques. (2-2-3); II. Prerequisites: VET 107, VET 208. **Corequisite:** VET 341, VET 342. Comparative serology and cytology of the domestic animals. Lab will include use of commonly employed immuno-diagnostic and blood chemistry test kits, vaginal cytology, semen analysis, and bone marrow cytology.

VET 340. Radiology. (2-2-3); II. Prerequisite: VET 104, 250, and CHEM 101 or higher. **Corequisite:** VET 341, VET 342. A study of the radiographic principles of veterinary medicine, including operation of the x-ray machine, positioning of the patient, film identification, film processing and safety procedures necessary to produce radiographs of diagnostic value.

VET 341. Large Animal Clinical Procedures. (2-4-4); II. Prerequisites: VET 208, 230, 250, 303. A study of large animal procedures, techniques and preventive medicine principles related to assisting the large animal veterinarian in the control of common diseases of swine, horses, cattle, sheep and goats. The lab will include clinical rounds, surgical assisting and treatments under veterinary supervision. Some weekend duties are required.

VET 342. Small Animal Clinical Procedures. (2-4-4); II. Prerequisites: VET 208, 230, and 250. **Corequisite:** VET 310. A study of small animal clinical procedures, techniques and preventive medicine principles related to assisting the small animal veterinarian with clinical cases, hospital management, and client education. The lab will include clinical rounds, office procedures, surgical assisting and treatments under veterinary supervision. Some weekend duties are required.

VET 361. Preceptorship I. (0-40-4); III-1. Prerequisite: All previous VET courses. Consists of 5 weeks (40 hours/week) supervised work experience with selected licensed veterinarians. Weekly written reports by the student, supervisor evaluation reports and visitation by program faculty will be used to monitor the student's progress.

VET 362. Preceptorship II. (0-40-4); III-2. Prerequisite: VET 361. Consists of 5 weeks (40 hours/week) supervised work experience with selected licensed veterinarians. Weekly written reports by the student, supervisor evaluation reports and visitation by program faculty will be used to monitor the student's progress. The last week of the semester the student will return to campus for final evaluations, review seminars, exams, preparation for the Board Examination for Registration, and graduation.

Welding Technology

WEL 101. Oxyacetylene Welding. (3-0-3); on demand. Instruction on equipment, material, and supplies needed for oxyacetylene welding, including chemistry of gases, torches, regulators, and required techniques needed for ferrous and nonferrous materials.

WEL 101A. Oxyacetylene Welding Laboratory. (0-9-3); on demand. Application of theory, including preparation of equipment and welding of different materials in both in-position and out-of-position joints.

WEL 102. Arc Welding. (3-0-3); on demand. Principles of stick electrode welding, including power supplies, polarities, type electrodes, and techniques required for ferrous and nonferrous materials.

WEL 102A. Arc Welding Laboratory. (0-9-3); on demand. Application of theory, including weld joint design and fabrication techniques in the development of several required weld joint coupons and other media.

WEL 201. Inert Gas Welding. (3-0-3); on demand. Basic theory of inert gas consumable and nonconsumable welding techniques, including necessary equipment, power supplies, and inert gas.

WEL 201A. Inert Gas Welding Laboratory. (0-9-3); on demand. Application of theory through development of welds requiring machine set-up for proper techniques and required adjustments. Students will prepare joints on several types of metals using proper techniques.

WEL 202. Weld Joint Design and Testing. (3-0-3); on demand. Basic static and dynamic calculation for development of standard butt, fillet, T-joints, and others commonly used in industrial fabrication and manufacturing product design.

WEL 204. Welding Codes and Blueprint Reading. (3-0-3); on demand. Study of A.W.S. standard welding symbols and A.S.T.M. codes normally used in weld design engineering. Common engineering graphic techniques associated with weld joint design and structural engineering.

WEL 205. Welding Metallurgy. (3-0-3); on demand. Physical and chemical metallurgical characteristics commonly associated with phase changes during and after fusion techniques of ferrous and nonferrous metals.

WEL 307. Automated Welding Technology. (0-6-3); II. Prerequisite: WEL 386 or consent of instructor. Metal inert gas welding techniques adapted to robots and other automated welding systems. Suitable for both welding technology students and other students involved with the robotics engineering technology option.

WEL 386. Welding I. (2-2-3); I,II. Pressure, non-pressure, and brazing processes for material fabrication. Arc, oxyacetylene, inert gas, and special welding techniques. Coupon analysis required for destructive and nondestructive testing.

Women's Studies

WST 373. Introduction to Women's Studies. (3-0-3); I, II.
Prerequisites: Completion of the (9 hour) general education requirement in English and Literature or consent of instructor. A survey course designed to develop students' awareness of women's literature, poetry, contributions to science, and history, as well as an introduction to feminist theory. Women scholars of all nations and races will be highlighted.

WST 490. Integrative Capstone in Women's Studies. (3-0-3); II. This course is designed to integrate knowledge and understanding of Women's Studies issues through a mastery of research strategies and creative expressions as applied to the students' professional goals.

Administrative Directory

Board of Regents

Lois Baker, Whitesburg
 William E. Cofield, Frankfort
 T.T. Colley, Pikeville
 Lois M. Jones, Frankfort
 Wayne M. Martin, Winchester
 Helen Pennington, West Liberty
 William R. Seaton, Ashland
 Charles D. Wheeler, Ashland
 Alban L. Wheeler, Faculty
 Tim Francis, Student

Officers of the Board

William R. Seaton, Chairperson
 Wayne M. Martin, Vice Chairperson
 W. Porter Dailey, Treasurer
 Carol Johnson, Secretary

Office of the President

Ronald G. Eaglin, President
 Carol Johnson, Administrative Assistant
 Virginia Wheelless, Director of Planning, Institutional Research and Evaluation
 Randall L. Wells, School Relations Coordinator

Academic Affairs

Vacant, Vice President for Academic Affairs and Dean of Faculty
 Marc D. Glasser, Dean of Graduate and Extended Campus Programs
 Judy R. Rogers, Dean of Undergraduate Programs
 Connie L. Kibbey, Graduate Programs Coordinator
 George M. Luckey, Honors Program Director
 Larry Besant, Director of Libraries
 Gene Ranvier, Registrar
 Loretta Lykins, Associate Registrar
 George W. Eyster, Director of Regional Development Services
 Carole Morella, Director of Research, Grants and Contracts
 Dan Connell, Director of Academic Services Center

Applied Sciences and Technology, College of

Charles M. Derrickson, Dean
 Judy Willard, Chair, Department of Agriculture and Natural Resources
 Marilyn Sampley, Chair, Department of Home Economics
 Vacant, Chair, Department of Industrial Education and Technology
 Vacant, Chair, Department of Nursing and Allied Health Sciences

Arts and Sciences, College of

John C. Philley, Dean
 Thomas Sternal, Chair, Department of Art
 Gerald DeMoss, Chair, Department of Biological and Environmental Sciences
 Lawrence Albert, Chair, Department of Communications
 G. Ronald Dobler, Interim Chair, Department of English, Foreign Languages, and Philosophy
 Ronald Mitchelson, Chair, Department of Geography, Government, and History
 Rodger Hammons, Chair, Department of Mathematics
 Christopher Gallaher, Chair, Department of Music
 Ronald Fiel, Chair, Department of Physical Sciences

Business, College of

Bernard Davis, Dean
 Green Miller, Chair, Accounting and Economics
 Marvin Albin, Chair, Department of Information Sciences
 Michael N. Harford, Chair, Management and Marketing

Education and Behavioral Sciences, College of

Sylvester Kohut, Jr., Dean
 Vacant, Chair, Elementary, Reading and Special Education
 Vacant, Chair, Leadership and Secondary Education
 Robert W. Grueninger, Chair, Health, Physical Education and Recreation
 George S. Tapp, Chair, Psychology
 David R. Rudy, Chair, Sociology, Social Work, and Corrections

Administration and Fiscal Services

Porter Dailey, Vice President for Administration and Fiscal Services
 Michael R. Walters, Assistant Vice President for Fiscal Affairs
 William R. Rosenberg, Director of Risk Management
 Nell Bland, Administrative Assistant II
 Joe Planck, Director of Physical Plant
 Ray Pinner, Director of Budgets and Management Information
 Bill Riley, Director of Personnel Services
 James Fluty, Controller
 Gary Messer, Occupational Health and Safety Coordinator
 Richard Green, Manager of Public Safety
 Ron Jones, Properties Manager
 Charlotte Dowdy, Director of Purchasing
 Larry Netherton, General Manager of WMKY
 Angela Martin, Internal Auditor
 William Sharp, Director of University Bookstore
 Kevin Auton, Manager of University Golf Course
 Dwayne P. Cable, Director of Information Technology
 Jo Brewer, Payroll Officer
 Elaine Parish, Postmaster
 David Heidke, Director of Food Services

Student Life

D. Michael Mincey, Vice President for Student Life and Dean of Students
 Myron Doan, Assistant Dean of Students
 Jeanie Scruggs, Administrative Assistant
 Larry Stephenson, Director of Student Activities
 Jerry Gore, Minority Student Affairs Director
 Tim Rhodes, Executive Director of Student Services
 Madonna Huffman, Director of Student Development
 Fred Merritt, Director of Financial Aid
 Kenny White, Director of Student Housing
 Michael Hopper, Career Planning and Placement Director
 Charles Myers, Director of Admissions

University Advancement

Keith Kappes, Vice President for University Advancement
 Robert F. Howerton, Director of Development and Executive Vice President, MSU Foundation, Inc.
 Judith O. Yancy, Director of Media Relations
 William H. Redwine, Director of Alumni Relations
 James R. Caudill Jr., Assistant Director of Development for Athletics
 Jennifer Crickard, Director of Publications
 Jan Burge, Conference Services Director
 Eric Shindelbower, Chief Photographer
 Tami B. Jones, Assistant Director of Alumni Relations
 K. Martin Huffman, Manager of Printing Services
 Steve Hamilton, Director of Athletics
 Peter Pilling, Assistant Director of Athletics

The date in parentheses after the name is that of first appointment to a position on the faculty of this university.

College of Applied Sciences and Technology

Department of Agriculture and Natural Resources

Donald Lyn Applegate, associate professor (1984), D.V.M., Auburn University
 Vivian Barnes, instructor (1984), M.S., Morehead State University
 Joe F. Bendixen, professor (1971), Ph.D., Iowa State University
 Charles M. Derrickson, professor (1965), Ph.D., Michigan State University
 Kevin Herkelman, assistant professor (1991), Ph.D., University of Kentucky
 Debby A. Johnson, associate professor (1988), Ph.D., University of Kentucky
 Barbara Krakoff, instructor (1981), M.A., C.V.T., Morehead State University
 James C. Martin, associate professor (1975), Ph.D., University of Missouri
 Tamara A. McMillan, instructor (1979), B.S., William Woods College
 Charles Brent Rogers, associate professor (1984), Ph.D., University of Arkansas
 Scott W. Rundell, assistant professor (1984), D.V.M., Michigan State University
 Judith G. Willard, associate professor (1977), Ph.D., University of Kentucky
 Robert H. Wolfe, associate professor (1967), M.S., Virginia Polytechnic Institute and State University

Department of Home Economics

Jane C. Ellington, CHE, assistant professor (1981), M.S., University of Kentucky
 Carolyn Flatt, assistant professor, (1971), M.A., Morehead State University
 Nancy Graham, R.D., assistant professor (1975), M.S., Morehead State University
 Michelle Kunz, CHE, assistant professor (1988), M.S., Kansas State University
 Norma Jean Maguire, associate professor (1990), M.S., University of Tennessee
 Marilyn Y. Sampley, R.D., professor (1987), Ph.D., Texas Women's University
 Carolyn Taylor, associate professor (1974), Ed.S., Morehead State University

Department of Industrial Education and Technology

Abdollah Ardeshir, assistant professor (1987), M.S., University of Akron
 Beverly deGraw, assistant professor (1992), Ph.D., Indiana State University
 Raj Desai, assistant professor (1991), D.I.T., University of Northern Iowa
 Robert T. Hayes, associate professor (1974), M.A., Eastern Kentucky University
 Dennis Karwatka, professor (1970), M.S., Indiana State University
 Wayne A. Morella, professor (1971), Ph.D., Southern Illinois University
 Edward G. Nass, associate professor (1963), M.S.Ed., Northwestern State College of Louisiana
 W. Charles Patrick, assistant professor (1985), M.S., West Virginia University
 V. Rajaravivarma, associate professor (1989), Ph.D., Tennessee Technological University

James E. Smallwood, associate professor (1988), Ph.D., Indiana State University
 Ronald Spangler, assistant professor, (1987), M.S., Eastern Kentucky University
 Rodney B. Stanley, associate professor (1986), M.S., Morehead State University
 Ronald Tucker, professor (1968), Ed.D., Oklahoma State University
 John VanHoose, assistant professor (1976), M.S., Morehead State University

Department of Nursing and Allied Health Sciences

Alta Blair, assistant professor (1984), M.S.N., University of Tennessee
 Janet Brandenburg, instructor (1991), M.A.Ed., Eastern Kentucky University
 Janice Brumagen, associate professor (1972), M.S.N., University of Kentucky
 Cheryl Clevenger, assistant professor (1990), M.S.N., University of Kentucky
 Jacklynn K. Darling, assistant professor (1979), M.S., R.T. (R) ARRT Morehead State University
 Barbara L. Dehner, assistant professor (1992), M.S., R.T. (R) ARRT Morehead State University
 Marquette Flaughner, assistant professor, (1991), M.S.N., University of Kentucky
 C. Duane Gardner, assistant professor (1991), B.S., Michigan State University
 Cynthia Gibbs, instructor (1990), B.S., R.T. (R) ARRT, Morehead State University
 Denise Goldy, assistant professor (1990), M.S.N., University of Kentucky
 Janet Gross, associate professor (1983), M.S.N., University of Kentucky
 Freda Kilburn, associate professor (1985), M.S.N., University of Kentucky
 Linda McNabb, assistant professor (1989), B.S.N., University of Kentucky
 Lucille Mays, instructor (1990), B.S.N., University of Kentucky
 Betty M. Porter, professor (1971), Ed.D., University of Kentucky
 Pauline Ramey, associate professor (1973), Ed.S., Morehead State University
 Melinda Skaggs, assistant professor (1990), M.S.N., University of Kentucky
 Rae P. Smith, assistant professor (1983), B.S.R.T. (R) ARRT, Alderson Broaddus College
 Angela Tackett, assistant professor (1991), M.S.N., University of Kentucky
 Elizabeth Tapp, assistant professor (1972), M.A.C.E., Morehead State University
 Kim White, assistant professor (1992), M.S.N., Emory University
 Marshia Clay White, assistant professor, (1990), M.S.N., University of Kentucky
 Gail I. Wise, assistant professor (1990), M.S.N., University of Kentucky
 Andrew P. Woodward, instructor (1990), B.S.R.T. (R) ARRT, University of Nevada Las Vegas

Clinical Faculty

Mark K. Adkins (1985), R.T. (R) ARRT, Morehead State University (Morgan County ARH Hospital)
 Frances N. Beard (1991), R.T. (R) ARRT, Madisonville Health Occupation School, (HCA Kings Daughters Memorial Hospital)
 Athena J. Blackburn (1989), R.T. (R) ARRT, Morehead State University, (Methodist Hospital of Kentucky)
 Marcia J. Cooper (1989), R.T. (R) ARRT, Morehead State University, (Mary Chiles Hospital)
 Alfreda C. Elliott (1988), R.T. (R) ARRT, Morehead State University, (Humana Hospital-Lake Cumberland)
 Charlotte O. Fallis (1989), R.T. (R) ARRT, University of Cincinnati, General Hospital (Ephraim McDowell Regional Center)
 R. William Gayhart (1991), R.T. (R) ARRT, Morehead State University, (ARH Regional Medical Center)
 Kenny R. Holbrook (1990), R.T. (R) ARRT, Morehead State University, (Highland Regional Medical Center)

Melissa K. Malone (1989), R.T. (R) ARRT, Morehead State University, (Meadowview Regional Hospital)
 Nancy M. McCleese (1984), R.T. (R) ARRT, Morehead State University, (St. Claire Medical Center)
 John Meade (1982), R.T. (R) ARRT, Morehead State University, (Highlands Regional Medical Center)
 Wetzel M. Queen (1989), R.T. (R) ARRT, King's Daughters Hospital, (Methodist Hospital of Kentucky)
 David Sebastian (1991), R.T. (R) ARRT, (King's Daughters Memorial Hospital)
 Rondal W. Steele (1991), R.T. (R) ARRT, (Good Samaritan Hospital)
 Michael H. Sullivan (1986), R.T. (R) ARRT, Central Baptist Hospital, (Humana Hospital-Louisville)
 William Tomlinson (1989), R.T. (R) ARRT, Kewanee Hospital, (Pattie A. Clay Hospital)
 Steven M. Wells (1989), R.T. (R) ARRT, St. Joseph Hospital, (Pattie A. Clay Hospital)

College of Arts and Sciences

Department of Art

David Bartlett, associate professor (1980), M.F.A., University of Michigan
 Bill R. Booth, professor (1970), Ph.D., University of Georgia
 Dixon Ferrell, associate professor (1980), M.F.A., University of Mississippi
 Robert Franzini, professor (1980), M.F.A., University of Iowa
 Ryan Howard, professor (1972), Ph.D., University of Michigan
 Roger H. Jones, professor (1965), Ed.D., Indiana University
 Joe D. Sartor, associate professor (1968), M.A., University of Missouri
 Thomas Sternal, professor (1984), M.F.A., University of Montana
 Stephen Tirone, associate professor (1982), M.F.A., University of Wisconsin
 Don Young, assistant professor (1967), M.A., Morehead State University

Department of Biological and Environmental Sciences

David M. Brumagen, professor (1965), Ph.D., University of Kentucky
 Fred M. Busroe, associate professor (1967), M.A., University of Virginia
 Gerald L. DeMoss, professor (1968), Ph.D., University of Tennessee
 Teresa R. Forsyth, assistant professor (1984), Ph.D., University of Louisville
 Geoffrey Gerner, assistant professor (1990), Ph.D., Texas A&M University
 Jerry F. Howell Jr., professor (1972), Ph.D., University of Tennessee
 David T. Magrane, professor (1976), Ph.D., University of Arizona
 Leslie E. Meade, associate professor (1971), M.S., Morehead State University
 Ted Pass II, professor (1972), Ph.D., Virginia Polytechnic Institute and State University
 Madison E. Pryor, professor (1964), Ph.D., University of Tennessee
 Brian C. Reeder, assistant professor (1989), Ph.D., Ohio State University
 David J. Saxon, professor (1967), Ph.D. Southern Illinois University
 Howard L. Setser, professor (1978), Ph.D., University of Kentucky

Clinical Faculty

Harry W. Carter (1985), M.D., Harvard Medical School (St. Elizabeth Hospital)
 Martha J. Cope (1981), M.T. (ASCP), B.S., Murray State University (Lourdes Hospital)
 James A. Dennia (1967), M.D., Medical University of South University (Methodist Hospital of Kentucky)
 Karen Elfers (1986), M.T. (ASCP), B.A., Thomas More College (St. Elizabeth Medical Center)
 Marie Keeling (1982), M.D., University of Louisville (University of Louisville)

Betty Martin (1986), M.T. (ASCP), B.S., Pikeville College (Methodist Hospital of Kentucky)
 Susan Miller (1982), Ph.D., Catholic University of America (University of Louisville)
 Elinor Rushing (1949), M.T. (ASCP), B.S., University of Kentucky (Owensboro—Davies County Hospital)
 James R. Roush (1981), M.D., University of Indiana (Lourdes Hospital)
 C. Omar Wilson, Jr. (1965), M.D., University of Kentucky (Owensboro—Davies County Hospital)
 Madelon Zady (1976), M.T., M.A.T., University of Louisville (University of Louisville)

Department of Communications

Lawrence S. Albert, associate professor (1986), Ph.D., Pennsylvania State University
 Michael Biel, associate professor (1978), Ph.D., Northwestern University
 Jan H. Caldwell, assistant professor (1988), M.A., Northwestern University, M.S., Murray State University
 David Collins, assistant professor (1981), M.A., Marshall University
 Larry Dales, assistant professor (1974), M.A., Brigham Young University
 Elizabeth Noel Earl, assistant professor (1991), Ph.D., Ohio University
 Shirley Gish, associate professor (1989), Ph.D., University of Arizona
 Dale Greer, assistant professor (1982), M.A., Morehead State University
 Harlen Hamm, professor (1965), M.A., Bowling Green State University
 William J. Layne, associate professor (1987), Ph.D., Northwestern University
 Calvin O. Lindell, assistant professor (1985), M.A. Abilene Christian University
 Travis Lockhart, associate professor (1982), Ph.D., University of Texas
 John V. Modaff, assistant professor (1987), Ph.D., Southern Illinois University
 Deborah L. Plum, assistant professor (1989), M.A. Ohio University
 James E. Quisenberry, professor (1968), Ph.D., Ohio University
 Jack E. Wilson, professor (1967), Ph.D., Michigan State University
 Thomas L. Yancy, assistant professor (1977), M.A., Morehead State University

Department of English, Foreign Languages, and Philosophy

Michelle Boisseau, associate professor (1987), Ph.D., University of Houston
 Glenna E. Campbell, associate professor (1966), M.A., Morehead State University
 Vincente Cano, professor (1985), Ph.D., University of Georgia
 G. Ronald Dobler, professor (1972), Ph.D., University of Iowa
 George Eklund, assistant professor (1991), M.F.A., University of Iowa
 Marc D. Glasser, professor (1972), Ph.D., Indiana University
 Eugene B. Hastings, associate professor (1989), Ph.D., University of Texas
 Frances L. Helphinstine, professor (1966), Ph.D., Indiana University
 Joyce C. LeMaster, associate professor (1961), M.A., Morehead State University
 George M. Luckey, professor (1961), Ph.D., Southern Illinois University
 Jennings R. Mace, associate professor (1989), Ph.D., University of North Carolina
 Franklin M. Mangrum, professor (1959), Ph.D., University of Chicago
 George A. Mays, assistant professor (1969), M.H.E., Morehead State University
 Ronald D. Morrison, assistant professor (1988), Ph.D., University of Kansas
 Sarah Morrison, assistant professor (1991), Ph.D., University of Kansas
 Mary M. Netherton, associate professor (1964), M.A., University of Kentucky
 Betty H. Peters, assistant professor (1975), Ed.S., Morehead State University
 Glenn C. Rogers, professor (1967), Ph.D., University of North Carolina
 Judy Rogers, professor (1967), Ph.D., University of North Carolina

John R. Secor, associate professor (1988), Ph.D., University of North Carolina
 Thomas S. Stroik, associate professor (1987), Ph.D., University of Wisconsin
 M.K. Thomas, professor (1964), Ed.D., Tulsa University
 Jack L. Weir, professor (1990), Ph.D., Southwestern Theological Seminary

Department of Geography, Government, and History

Geography

Roland L. Burns, professor (1972), Ed.D., University of Southern Mississippi
 Robert B. Gould, professor (1963), Ph.D., University of Tennessee
 Ronald Mitchelson, professor (1992), Ph.D., Ohio State University
 Oscar Rucker, assistant professor (1991), Ph.D., Indiana State University

Government and Paralegal Studies

Lindsey R. Back, professor (1974), Ph.D., University of Tennessee
 James P. Dahlberg, assistant professor (1987), J.D., University of Minnesota
 William Green, associate professor (1984), Ph.D., State University of New York at Buffalo
 Ric Northrup, assistant professor (1990), Ph.D., University of North Carolina
 Kay Schafer, associate professor (1983), J.D., University of Kentucky
 Marilyn Yale, assistant professor (1992), Ph.D., University of Houston

History

Donald F. Flatt, professor (1962), Ph.D., University of Kentucky
 Charles E. Holt, professor (1968), Ph.D., University of Kentucky
 Lily Hwa, assistant professor (1988), Ph.D., University of Illinois
 Broadus B. Jackson, professor (1969), Ph.D., Indiana University
 John E. Kleber, professor (1968), Ph.D., University of Kentucky
 Perry E. LeRoy, professor (1961), Ph.D., Ohio State University
 Stuart S. Sprague, professor (1968), Ph.D., New York University

Department of Mathematical Sciences

Ben Flora Jr., professor (1972), Ph.D., Ohio State University
 Johnnie G. Fryman, associate professor (1962), Ed.D., University of Kentucky
 Charles Rodger Hammons, professor (1971), Ph.D., University of Kentucky
 Lloyd R. Jaisingh, associate professor (1985), Ph.D., Texas Tech University
 Glenn E. Johnston, professor (1969), Ph.D., Texas Tech University
 Edward C. Korntved, assistant professor (1991), Ph.D., Washington State University
 Robert J. Lindahl, professor (1970), Ph.D., University of Oregon
 James Darwin Mann, associate professor (1966), M.M., University of South Carolina
 Andrew Martin, assistant professor (1990), Ph.D., Iowa State University
 Kelly McCoun, assistant professor (1989), Ph.D., Texas Tech University
 Gordon Nolen, associate professor (1967), M.S., University of Kentucky
 Ted M. Pack, instructor (1980), AMED, Morehead State University
 Randy K. Ross, assistant professor (1986), M.A., Marshall University
 Joyce Saxon, assistant professor (1964), M.A., Morehead State University
 Daniel L. Seth, assistant professor (1991), Ph.D., Texas Tech University

Department of Music

Michael Acord, assistant professor (1989), M.M., Michigan State University
 David Anderson, associate professor (1978), M.M., Indiana University
 Anne Beane, instructor (1978), M.M., Morehead State University
 James R. Beane, associate professor (1959), M.M., Louisiana State University
 Harold Leo Blair, associate professor (1975), M.F.A., Ohio University
 Suanne Blair, assistant professor (1969), M.M., University of Southern California
 Larry R. Blocher, associate professor (1988), Ph.D., Florida State University

Jon W. Burgess, assistant professor (1988), D.M.A., Arizona State University
 James W. Bragg, associate professor (1963), M.M., New England Conservatory of Music
 R. Jay Flippin, associate professor (1969), M.M., Morehead State University
 Christopher S. Gallaher, professor (1972), Ph.D., Indiana University
 JoAnne Keenan, instructor (1976), M.M., Morehead State University
 Larry W. Keenan, professor (1967), M.M., Indiana University
 Earle L. Louder, professor (1968), D.M., Florida State University
 Richard Miles, associate professor (1985), M.S.M.E., University of Illinois
 Eugene C. Norden, assistant professor (1968), M.M., Morehead State University
 Frank Oddis, associate professor (1977), M.M., East Carolina University
 Robert D. Pritchard II, associate professor (1972), Mus. A.D., Boston University
 Raymond Ross Jr., assistant professor (1978), M.M., University of North Texas
 Jennifer Schuler, assistant professor (1991), D.M.A., Suny (Stonybrook)
 Paul Taylor, assistant professor (1990), D.M.A., University of Wisconsin-Madison
 Vasile J. Venetozzi, professor (1966), M.M., Eastman School of Music
 John Viton, assistant professor (1988), M.M.A., Yale University

Department of Physical Sciences

Chemistry

Michael R. Adams, assistant professor (1990), Ph.D., Ohio State University
 Daniel A. Adsmond, assistant professor (1992), Ph.D., University of Minnesota
 Zexia K. Barnes, assistant professor (1988), Ph.D., Michigan State University
 H. Wade Cain, assistant professor (1982), Ph.D., Auburn University
 Herbert C. Hedgecock Jr., assistant professor (1980), Ph.D., University of Tennessee
 Richard L. Hunt, associate professor (1980), Ph.D., University of Chicago

Geosciences

David K. Hylbert, professor (1963), Ph.D., University of Tennessee
 Charles E. Mason, assistant professor (1983), M.S., George Washington University
 John C. Philley, professor (1960), Ph.D., University of Tennessee
 Steven K. Reid, assistant professor, (1992), Ph.D., Texas A&M University

Physics

Russell M. Brengelman, professor (1967), Ph.D., Georgia Institute of Technology
 David R. Cutts, professor (1968), Ph.D., University of Tennessee
 Charles J. Whidden, professor (1968), Ph.D., Virginia Polytechnic Institute and State University

Science Education

Robert D. Boran, assistant professor, (1991), Ph.D., University of Oklahoma
 Maurice E. Esham, professor (1968), Ed.D., Virginia Polytechnic Institute and State University
 Ronald L. Fiel, professor (1972), Ed.D., Indiana University
 Benjamin K. Malphrus, assistant professor (1990), Ed.D., West Virginia University

College of Business

Department of Accounting and Economics

John Alcorn, associate professor (1976), M.B.A., Georgia State University
 Roland Buck, associate professor (1983), Ph.D., Texas A&M University
 Bernard Davis, professor (1978), Ph.D., University of Kentucky

Terry Elliott, assistant professor (1988), M.S.A., Marshall University
 John Graham, assistant professor (1967), M.H.E., Morehead State University
 Ishappa Hullur, associate professor (1989), Ph.D., University of Kentucky
 Green Miller, associate professor (1979), Ph.D., University of Kentucky
 John Osborne, assistant professor (1977), M.B.A., Eastern Kentucky University
 Rosemary Peavler, associate professor (1983), D.B.A., University of Kentucky
 Kenneth Smith, assistant professor of economics (1991), D.A., Middle Tennessee State University
 Gary Van Meter, associate professor (1976), M.B.A., Southern Illinois University
 Sharon Walters, assistant professor (1987), M.B.A., Morehead State University
 Lowell K. Williams, associate professor (1988), D.B.A., University of Kentucky
 Mesghena Yasin, assistant professor of economics (1986), Ph.D., University of Cincinnati

Department of Information Sciences

Marvin Albin, associate professor (1990), Ed.D., Arizona State University
 Bonnie Bailey, instructor (1979), M.B.A., Morehead State University
 Herbert Berry, associate professor (1980), Ph.D., New York University
 Ray Bernardi, professor (1984), Ph.D., University of Oklahoma
 Jack Henson, assistant professor (1970), M.S.E., Arkansas State University
 Charles Hicks, professor (1986), Ph.D., Southern Illinois University
 Hilary Iwu, assistant professor (1988), Ph.D., University of Nebraska
 Sue Luckey, professor (1963), Ph.D., Southern Illinois University
 Carol Morella, assistant professor (1966), M.A., Morehead State University
 Helen Northcutt, assistant professor (1966), A.M., Morehead State University
 Gail Ousley, assistant professor (1969), M.B.E., Morehead State University
 William Rodgers, professor (1982), Ed.D., University of Virginia

Department of Management and Marketing

Rodger Carlson, professor (1983), Ph.D., Claremont Graduate School
 C. Dale Caudill, instructor (1980), M.B.A., Morehead State University
 Michael Harford, associate professor (1988), J.D., Wake Forest University
 Beverly McCormick, associate professor (1985), J.D., University of Louisville
 Robert Meadows, professor (1982), D.B.A., Kent State University
 Mary Peggy Osborne, assistant professor (1979), M.B.A., Morehead State University
 Jack Peters, associate professor (1979), Ph.D., University of North Dakota
 Bill Pierce, professor (1982), Ed.D., Wayne State University

College of Education and Behavioral Sciences

Department of Elementary, Reading and Special Education

Shirley Blair, assistant professor (1970), A.M., Morehead State University
 Diane Cox, assistant professor (1978), Ed.S., Morehead State University
 Kent Freeland, professor (1977), Ph.D., University of Iowa
 Carol Ann Georges, assistant professor (1970), M.A., University of Kentucky
 Mary Ann Gladden, associate professor (1989), Ph.D., Ohio State University
 Daniel Grace, assistant professor (1986), Ed.D., University of Oregon
 Colleta Grindstaff, assistant professor (1969), A.M., East Tennessee State University
 Karen Hammons, assistant professor (1972), M.A., Morehead State University

Coleene Hampton, instructor (1973), A.M., Morehead State University
 Katharine Herzog, associate professor (1979), Ed.D., Florida State University
 Lois Howell, instructor (1972), M.A., University of Tennessee
 Paul R. McGhee, professor (1983), Ph.D., Syracuse University
 Timothy Miller, associate professor (1988), Ed.D., Ball State University
 Barbara Neimeyer, associate professor (1983), Ed.D., Arizona State University
 Phyllis Oakes, assistant professor (1988), Ph.D., Indiana State University
 David Peterson, assistant professor (1991), Ed.D., East Tennessee State University
 Mary Anne Pollock, associate professor (1977), Ed.D., University of Kentucky
 Dreama Price, assistant professor (1974), A.M., Morehead State University
 Diane Ris, S.P., professor (1977), Ed.D., Ball State University
 Layla Sabie, professor (1965), Ed.D., George Peabody College
 Edna Schack, assistant professor (1987), Ed.D., Illinois State University
 Markham Schack, professor (1987), Ed.D., Oklahoma State University
 Wenju Shen, assistant professor (1990), Ed.D., Indiana University of Pennsylvania
 Wayne Willis, associate professor (1988), Ph.D., University of Oklahoma

Department of Leadership and Secondary Education

Richard Daniel, professor (1976), Ed.D., North Carolina State University
 Daniel Fasko, Jr., associate professor (1987), Ph.D., Florida State University
 Jerry Franklin, assistant professor (1969), M.Ed., Xavier University
 Sylvester Kohut, Jr., professor (1991), Ph.D., The Pennsylvania State University
 Harry C. Mayhew, associate professor (1963), Ed.D., Ball State University
 Bill F. Moore, associate professor (1970), Ph.D., University of Iowa
 Dean Owen, professor (1977), Ph.D., University of Florida
 Harold Rose, professor (1968), Ph.D., Florida State University
 Wanda L. Staley, assistant professor (1992), Ph.D., Kent State University
 Dan Thomas, professor (1969), Ph.D., University of Southern Mississippi
 Paul Turgi, assistant professor (1989), Ed.D., Indiana University
 William Weikel, professor (1975), Ph.D., University of Florida
 Mariam Williams, associate professor (1990), Ed.D., University of Kentucky
 Stephen Young, professor (1968), Ed.D., Indiana University

Department of Health, Physical Education, and Recreation

Palmer Adkins, assistant professor (1979), Ed.D., Middle Tennessee State University
 Laradean Brown, assistant professor (1972), M.A., Morehead State University
 W. Michael Brown, associate professor (1966), Ph.D., University of Southern Mississippi
 Rex Chaney, associate professor (1961), R.E.D., Indiana University
 Buford Crager, assistant professor (1967), M.H.E., Morehead State University
 Lynne Elizabeth Fitzgerald, associate professor (1986), Ed.D., Temple University
 R. Grueninger, professor (1989), Ph.D., University of Oregon
 Monica A. Magner, assistant professor (1991), Ed.D., West Virginia University
 Judy K. Oaks, associate professor (1990), Ed.D., University of Tennessee
 Mohammed Sabie, professor (1964), Ed.D., George Peabody College

- Curtis Edward Schatz, assistant professor (1991), Ph.D., University of Minnesota
 Debra L. Sutton, assistant professor (1991), Ph.D., Pennsylvania State University
 Harry F. Sweeney, associate professor (1969), Ed.D., University of Tennessee

Department of Military Science

- George D. Lewis Jr., Sergeant Major, Chief Instructor (1989)
 Harrison B. Robertson, Master Sergeant, Primary Instructor (1991)
 Ralph E. Logan, Sergeant First Class, Training NCO (1990)
 Hector M. Ortizcabrera, Staff Sergeant, Supply NCO (1987)
 Aaron Quetot, Sergeant, Supply NCO (1992)
 Andrew J. Raymond, Major, Assistant Professor (1988), B.A., Brigham Young University
 Joseph H. Pillow, Captain, Assistant Professor (1991), B.A., Western Kentucky University
 Laura J. Pillow, Captain, Assistant Professor (1991), B.A., Eastern Kentucky University
 Hank Patton, Captain, assistant professor, (1992), B.S., Eastern Kentucky University
 Gary D. Seibert, Lieutenant Colonel, Professor (1989), M.A., Webster University

Department of Psychology

- Lynn Augsbach, assistant professor (1992), M.A., Miami University
 L. Bradley Clough, professor (1966), Ph.D., University of Connecticut
 Anna Lee Demaree, professor (1971), Ph.D., University of Kentucky
 James E. Gotsick, professor (1968), Ph.D., Syracuse University
 Bruce A. Mattingly, professor (1980), Ph.D., University of Kentucky
 Charles Morgan, associate professor (1979), Ph.D., University of Florida
 David R. Olson, assistant professor (1990), Ph.D., Oklahoma State University
 Francis Osborne, professor (1967), Ph.D., Syracuse University
 Barbara Quigley, assistant professor (1988), Ph.D., State University of Albany
 George S. Tapp, professor (1968), Ph.D., University of Kentucky

Department of Sociology, Social Work, and Corrections

- Robert A. Bylund, associate professor (1979), Ph.D., Pennsylvania State University
 Lola R. Crosthwaite, associate professor (1968), M.S.W., University of North Carolina
 Jacek Ganowicz, assistant professor (1989), Ph.D., Syracuse University
 Byron R. Johnson, associate professor (1991), Ph.D., Florida St. University
 Karl Kunkel, assistant professor (1989), Ph.D., University of Missouri-Columbia
 Jonathan T. Latimer, assistant professor (1988), Ph.D., Atlanta University
 Ted A. Marshall, professor (1977), M.S.W., University of Kentucky
 J. Dean May, assistant professor (1991), Ed.D., Memphis State University
 Margaret D. Patton, associate professor (1960), A.M., University of Mississippi
 Donna Phillips, assistant professor (1989), Ph.D., University of California, Riverside
 Edward Reeves, associate professor (1984), Ph.D., University of Kentucky
 David R. Rudy, professor (1980), Ph.D., Syracuse University
 J. Michael Seelig, associate professor (1983), J.D., Capital University

- Judith A. Stafford, assistant professor (1989), Ph.D., Ohio State University
 Neil Websdale, assistant professor (1991), Ph.D., London University, University
 Alban L. Wheeler, professor (1972), Ph.D., Mississippi State University
 Patsy R. Whitson, associate professor (1970), M.S.W., University of Kentucky
 S. Mont Whitson, professor (1970), Ph.D., Texas A&M University

Athletics

Coaches

- Palmer Adkins, swim coach (1989), D.A., Middle Tennessee State University
 Rex Chaney, golf coach (1961), R.Ed., Indiana University
 Terry Chin, assistant football coach (1987), M.S., University of Mississippi
 Chih Loo, women's tennis coach (1987), M.B.A., Morehead State University
 Dick Fick, head men's basketball coach (1991), M.A., Valparaiso University
 Bill Gleason, men's assistant basketball coach (1991), M.A., DePaul University
 James Farr, men's assistant basketball coach (1991), M.A., Creighton University
 Jeff Judge, assistant football coach (1990), M.A., Purdue University
 Dan Lindsey, track/cross country coach (1987), M.A., Morehead State University
 Kerry Locklin, assistant football coach (1990), M.A., New Mexico State
 Janet M. Gabriel, head women's basketball coach (1992), M.A., University of Pittsburgh
 Jace Nathanson, men's tennis coach (1984), J.D., Syracuse University
 Cole Proctor, head football coach (1989), M.A., Morehead State University
 Rex Ryan, assistant football coach (1990), M.A., Eastern Kentucky University
 Frank J. Spaniol, baseball coach (1988), Ed.D., University of Mississippi
 Vacant, athletic trainer

Camden-Carroll Library

- Faye Belcher, library consultant (1965), M.S.L.S., University of Kentucky
 Larry X. Besant, Director of Libraries (1985), M.S.L.S., University of Illinois
 Carol Brierty, librarian II (1989), M.A.L.S., Northern Illinois University
 Margaret C. Davis, librarian I (1967), B.A., Centre College
 William DeBord, librarian I (1989), M.S.L.S., University of Kentucky
 Albert H. Evans Jr., librarian III (1973), M.S.L.S., University of Kentucky
 Gary Flanagan, librarian I (1990), M.S.L.S., University of Kentucky
 Juanita J. Hall, librarian IV, assistant professor of curriculum and instruction (1966), M.L.S., University of Kentucky
 Lois Jackson, librarian I (1989), M.S.L.S., University of Kentucky
 Clara Keyes, librarian II (1987), M.S.L.S., University of Kentucky
 Linda Lowe, librarian II (1979), M.S.L.S., University of Kentucky
 Alton B. Malone, librarian III (1976), M.S.L.S., University of Illinois
 Claude E. Meade, circulation department manager (1971), M.A., Morehead State University
 Carol Nutter, librarian IV, (1978), M.S.L.S., University of Kentucky
 Elsie Pritchard, librarian IV (1982), M.L.S., University of Pittsburgh
 Teresa Welch, librarian I (1989), M.S.L.S., University of Kentucky
 Neal Wheeler, coordinator of audio visual services, (1977) M.A., Morehead State University
 Helen Williams, librarian IV, instructor of information sciences (1978), M.S.L.S., University of Kentucky
 Betty Jean Wilson, librarian IV (1976), M.S.L.S., University of Kentucky

Faculty Emeriti

Mary T. Anderson, assistant professor of education, supervising teacher
 Reedus Back, professor of education
 Mabel Barber, assistant professor of psychology
 Woodrow W. Barber, associate professor of biology
 Earl Bentley, professor of health, physical education and recreation
 M. Adele Berrian, professor of psychology
 William M. Bigham, professor of music
 Jack E. Bizzel, professor of government
 Patti V. Bolin, associate professor of home economics
 William David Brown, professor of journalism
 Leonard Burkett, professor of education
 Betty M. Clarke, assistant professor of English
 William Clark, professor of geography
 Dorothy Conley, assistant professor of elementary education
 Alex Conyers, associate professor of accounting
 Lake C. Cooper, associate professor of mathematics
 Alice E. Cox, associate professor of business
 Gary C. Cox, professor of geography
 Paul Ford Davis, professor of education
 Adron Doran, president emeritus
 Mignon Doran, director emeritus of Personal Development Institute
 Gretta Duncan, assistant professor of education
 John R. Duncan, professor of education
 Johnson E. Duncan, professor of music
 Thelma B. Evans, assistant professor of education
 Wilhelm Exelbirt, professor of history
 William R. Falls, professor of science
 E. Glenn Fulbright, professor of music
 Octavia Graves, associate professor of education
 Lawrence Griesinger, professor of education
 Betty Gurley, professor of philosophy
 Oval Hall, assistant professor of education
 Bernard G. Hamilton, assistant professor of German
 Margaret Heaslip, professor of biology
 Edmund Hicks, professor of history
 Victor Howard, professor of history
 Charlie L. Jones, associate professor of mathematics
 Allen Lake, associate professor of biology
 Noah Logan, associate professor of education
 Ina M. Lowe, assistant professor of English
 Louis Magda, professor of economics
 Hildreth Maggard, instructor of English
 Nell Mahaney, assistant professor of mathematics
 Jose M. Maortua, professor of art
 Eugene Martin, professor of management
 James C. Martin, associate professor of agriculture
 Elizabeth E. Mayo, associate professor of mathematics
 Rodney Don Miller, professor of education
 Dixie M. Moore, assistant professor of mathematics

Ethel J. Moore, assistant professor of Latin
 Thomas Morrison, professor of economics
 Edward Morrow, assistant professor of English
 Olga Mourino, professor of Spanish
 Frederick A. Mueller, professor of music
 Robert Needham, professor of education
 Elizabeth Nesbitt, assistant professor of health, physical education,
 and recreation
 Howard Nesbitt, professor of health, physical education,
 and recreation
 Hazel Nollau, assistant professor of education
 John W. Oakley, assistant professor of sociology
 Rose Orlich, professor of English
 Floy Patton, assistant professor of home economics
 Charles A. Payne, professor of chemistry
 John W. Payne, professor of education
 Essie C. Payne, assistant professor of English
 Lamar B. Payne, professor of chemistry
 Charles J. Pelfrey, professor of English
 Robert E. Peters, associate professor of education
 Toney C. Phillips, associate professor of chemistry
 Roscoe H. Playforth, professor of sociology and dean of the School of
 Social Sciences
 Sibbie Playforth, assistant librarian
 James Powell, professor of education
 Mary Powell, professor of education
 Paul Raines, professor of health, physical education,
 and recreation
 Virginia H. Rice, assistant professor of education
 Meade Roberts, associate professor of industrial education and technology
 Norman N. Roberts, professor of industrial education
 James R. Robinson, assistant professor of geography
 Adolfo E. Ruiz, associate professor of Spanish
 George Sadler, associate professor of health, physical education, and
 recreation
 Violet Cavell Severy, assistant professor of music
 John K. Stetler, associate professor of music
 Lucretia M. Stetler, associate professor of music
 Lawrence R. Stewart, professor of education
 Stellarose M. Stewart, instructor of education
 Stephen S. Taylor, professor of education
 Charles Thompson, professor of health, physical education,
 and recreation
 Pepper Tyree, assistant professor of industrial education and technology
 Victor Venetozzi, associate professor of English
 Sue Wells, assistant professor of education
 Hazel H. Whitaker, associate professor of education
 Monroe Wicker, director of school relations and associate professor of
 education
 Clarica Williams, associate professor of library science
 Clark D. Wotherspoon, professor of education

Public institutions of higher education were established and are maintained by the Commonwealth of Kentucky primarily for the benefit of qualified residents of Kentucky. The substantial commitment of public resources to higher education is predicated on the proposition that the state benefits significantly from the existence of an educated citizenry. As a matter of policy, access to higher education is provided so far as feasible at reasonable cost to residents of the state. It is the long-standing practice of the Council on Higher Education to require students who are not Kentucky residents to meet higher admission standards and to pay a higher level of tuition than resident students. The Commonwealth of Kentucky uses residency requirements to determine items such as voting rights, income tax liability, and employment in certain occupations. The requirements vary in form and substance for each of these uses. The purpose of this regulation is to establish a process and corresponding criteria for the residency classification of students seeking admission to, or enrolled in, public institutions of higher education. Furthermore, it is the intent of the Council on Higher Education that this regulation be interpreted and applied in a uniform manner, as described herein, in determining whether students shall be classified as residents or nonresidents for admission and tuition assessment purposes.

Section I. Definitions.

The language of this regulation on residency classification contains some legal terms as well as everyday terms which have specialized meaning in the determination of residency for admission and tuition assessment purposes. The following definitions apply in the interpretation and application of this regulation:

1. "Academic term" means a division of the school year during which a course of studies is given, e.g., semester, quarter, or intersession.

2. Enrollment at a college or colleges shall be deemed "continuous" if the person claiming "continuous" enrollment continues to be enrolled at the same degree level for consecutive terms (excluding summer) since the beginning of the period for which continuous enrollment is claimed. The sequence of continuous enrollment is broken if the student fails to enroll, except under extenuating circumstances beyond the student's control, e.g., serious personal illness or injury, or illness or death of parent.

3. "Degree level" means one of the following:

- (a) Undergraduate (enrollment in courses or programs which result in the baccalaureate degree or lower);
- (b) Graduate (enrollment in courses or programs which result in a post-baccalaureate degree other than the first-professional degrees in law, medicine, and dentistry); or
- (c) Professional (enrollment in courses or programs which result in a professional degree in law, medicine, or dentistry).

4. The term "dependent person" means a person who is unable to meet all the criteria listed in subsection (9) of this section.

5. "Documentation" refers to the submission of source documents, e.g., official letters, papers, or sworn statements. As a general rule, evidence cited as the basis for domicile shall be documented, and the required documentation shall accompany the application for residency classification.

6. The term "domicile" means a person's true, fixed, and permanent home. It is the place where the person intends to remain, and to which the person expects to return without intending to establish a new domicile elsewhere. "Legal residence" and domicile convey the same notion of permanence and are used interchangeably.

7. "Full-time employment" means employment for at least 48 work weeks at an average of at least 30 hours per week.

8. "Half-time enrollment" means any enrollment during an academic term which is equal to one-half of full-time as determined by the governing board of the institution.

9. The term "independent person" means a person who meets all of the following criteria. An independent person is one:

- (a) whose parent has not claimed such person as a dependent on federal or state income tax returns for the tax year prededing the date of application for reclassification of residency status;
- (b) who demonstrates no financial dependence upon parent(s); and
- (c) whose parents' income is not taken into account by any private or governmental agency furnishing educational financial assistance to the person, including scholarships, loans, and other assistance.

10. The terms "institution," "institution of higher education," or "college" refer to all institutions, public or private, offering instruction and conferring degrees beyond the secondary school level, such as four-year colleges or universities, seminaries, two-year institutions (community colleges and junior colleges), and postsecondary vocational-technical schools.

11. The term "nonresident" means a person who currently maintains legal residence outside Kentucky or has not met the criteria for establishing residency as defined in this regulation.

12. The term "parent" means one of the following:

- (a) a person's father or mother, or
- (b) a court-appointed legal guardian.

The term "parent" shall not apply if the guardianship has been established primarily for the purpose of conferring the status of resident on a person.

13. The term "resident" means a person who is a legal resident of Kentucky based upon fulfilling the criteria for establishing residency as set out in Section 2 of this regulation.

Section 2. Guidelines for Determination of Residency

(1) Initial classification of residency shall be determined based upon the facts existing when the conditions governing admission for a specific academic term have been met. Initial residency determinations generally are made on the basis of information derived from admissions materials. An undergraduate student whose admissions records show the student to be a graduate of an out-of-state high school is presumed to be a nonresident and shall be initially so classified. A student whose admissions records indicate the student's domicile to be outside of Kentucky at time of application is presumed to be a nonresident and shall be initially so classified.

(2) The domicile of a dependent person is that of either parent. The domicile of the parent shall be determined in the same manner as the domicile of an independent person.

(3) The domicile of a dependent person whose parents are divorced, separated, or otherwise living apart shall be presumed to be Kentucky if either parent is a resident of the Commonwealth regardless of which parent has legal custody or is entitled to claim that person as a dependent pursuant to Kentucky income tax provisions.

(4) Evidence submitted on behalf of the dependent person shall pertain to the domicile of the parent(s). A person claiming independent status shall document that proclaimed status and demonstrate that domicile in Kentucky has been established.

(5) Any dependent person whose parent(s), having domicile in this state, moves from this state shall be entitled to classification as a resident while in continuous enrollment at the degree level in which currently enrolled. When continuous enrollment is broken or the current degree level is completed, the person's residency classification shall be reassessed in accordance with the appropriate sections of this regulation.

(6) An independent person who moves to Kentucky and within 12 months enrolls in an institution of higher education more than half-time shall be presumed to have come to Kentucky primarily for educational purposes rather than to establish domicile in Kentucky. Such person shall be classified as a nonresident unless establishment of a Kentucky domicile can be demonstrated in accordance with Section 3 of this regulation.

(7) Upon moving to this state, an independent person who provides clear and convincing evidence of domicile shall be eligible for resident classification of self, spouse, or dependent children, provided that any of these persons is not in this state primarily as a student. A person who moves to Kentucky primarily for the purpose of enrollment of either self, spouse, or dependent in an institution of higher education shall not be granted resident classification unless such person can demonstrate establishment of a Kentucky domicile in accordance with Section 3 of this regulation.

(8) If an independent person or the parent of a dependent person moves out-of-state, domicile, having been established in Kentucky, is retained until steps are taken to establish domicile elsewhere. The same facts and conditions which are presumed in establishing a Kentucky domicile are similarly presumed in determining when a former Kentucky domicile has been abandoned. In the absence of clear and convincing evidence as to the domicile of an independent person who at one time had a domicile in Kentucky, that person is presumed to have lost Kentucky domicile upon a one-year absence from the state.

(9) An individual shall not be deemed to have established domicile in this state solely by reason of marriage to a Kentucky resident. However, the fact of marriage to a Kentucky resident shall be deemed relevant evidence to be considered in ascertaining domiciliary intent. A student initially classified as a nonresident who marries a Kentucky resident shall be eligible for resident classification if the requisite criteria listed in Section 3 of this regulation are met.

(10) Given transfer to, or matriculation in, another Kentucky public institution of higher education, the student's residency classification shall be reassessed by the receiving institution.

(11) An individual whose domicile was Kentucky at the time of induction into the military, and who maintains Kentucky as home of record and permanent address, shall be entitled to resident status if the individual returns to this state within six months of the date of discharge from active duty.

(12) A member or the spouse of a member of the Armed Forces of the United States stationed in Kentucky on active military orders is considered domiciled in the state and shall be entitled to classification as a resident while the member is on active duty in this state pursuant to such orders. The spouse of the member, while in continuous attendance at the degree level in which currently enrolled, shall not lose resident status when the member is thereafter transferred on military orders. Individuals classified under this section shall be reassessed in accordance with the appropriate sections of this regulation when the qualifying condition is terminated. This regulation is invalid if the individual is stationed in Kentucky for the purpose of enrollment at an institution of higher education or on temporary assignment of less than one year.

(13) A dependent person whose parent is a member of the Armed Forces and stationed in this state on active duty pursuant to military orders shall be classified as a resident. The student, while in continuous attendance at the degree level in which currently enrolled, shall not lose resident status when the parent is thereafter transferred on military orders. When continuous attendance is broken or the current degree level is completed, the person's residency classification shall be reassessed in accordance with the appropriate sections of this regulation. This subsection does not apply if the parent is stationed in Kentucky for the purpose of enrollment at an institution of higher education or on a temporary assignment of less than one year.

(14) Any person holding a permanent residency visa or classified as a political refugee has the capacity to remain in Kentucky indefinitely and shall establish domicile in the same manner as any other person. Time spent in Kentucky and progress made in fulfilling conditions of domicile as stated in Section 3(1) prior to obtaining permanent status may be considered in establishing Kentucky domicile.

(15) Any person holding a nonimmigrant visa with designation A, E, G, H, I, or L may remain in Kentucky as long as the authorized purpose or established need continues and may establish domicile the same as any other person. In assessing the residency status of such a person, other sections of this regulation shall apply and the person's purpose and length of stay as well as other conditions governing presence in Kentucky shall be determined and considered. If this review justifies a resident classification, the person shall be classified as a resident for admission and tuition assessment purposes.

(16) Any person holding a nonimmigrant visa with designation B, C, D, F, J, K, or M does not have the capacity to remain in Kentucky indefinitely and may not attain Kentucky resident status for admission and tuition assessment purposes.

(17) Pursuant to KRS 164A.330 and 200 KAR 16:040, beneficiaries of a Kentucky Educational Savings Plan Trust shall be granted resident classification for tuition purposes if:

- (a) the beneficiary is covered under a vested participation agreement;
- (b) the beneficiary has been a continuous resident of the Commonwealth of Kentucky during the eight-year vestment period; and
- (c) the beneficiary enrolls in an institution of higher education in Kentucky prior to enrollment in any other educational institution.

(18) No independent person shall be presumed to have gained resident status while being enrolled in any institution of higher education more than half-time in the absence of clear and convincing evidence that the person has established domicile in Kentucky.

(19) Domicile shall not ordinarily be conferred by the performance of acts which are auxiliary to fulfilling educational objectives or are performed as a matter of convenience. Mere physical presence in Kentucky (including living with relatives or friends) is not sufficient evidence of domicile.

Section 3. Types of Evidence to be Considered for Establishment of Domicile.

(1) Evidence submitted on behalf of a dependent person shall pertain to the domicile of either parent. Initial classifications generally are made on the basis of information derived from admissions materials, and individuals who enroll in college immediately following graduation from high school and remain enrolled are treated as dependent persons unless

the contrary is evident from the information submitted. In such cases, domicile shall be inferred from the student's permanent address, parent's mailing address, or location of high school of graduation.

(2) A person claiming independent status shall document independent status under Section 1(5) of this regulation and shall demonstrate by clear and convincing evidence that domicile in Kentucky has been established by that person's acts. If an independent person asserts that domicile in Kentucky has been established, the person has the burden of proving that assertion by clear and convincing evidence.

(3) The determination of domicile shall be based upon verifiable circumstances or actions. No single fact is paramount, and each situation shall be evaluated to identify those facts which are essential to the determination of domicile.

(4) The following facts, although not conclusive, shall have probative value in support of a claim by an independent person for resident classification:

- (a) acceptance of an offer of full-time employment or transfer to an employer in Kentucky or contiguous area while maintaining domicile in Kentucky;
- (b) continuous physical presence in a nonstudent status for the 12 months immediately preceding the last date for enrollment in an institution;
- (c) filing of Kentucky resident income tax return for the calendar year preceding the date of application for reclassification of residency status;
- (d) full-time employment of at least one year while living in Kentucky;
- (e) attendance as a full-time, nonresident student at an out-of-state institution of higher education while determined to be a resident of Kentucky;
- (f) abandonment of a former domicile and establishing domicile in Kentucky with attendance at an institution of higher education following and only incidental to such change in domicile;
- (g) payment of occupational taxes in Kentucky;
- (h) payment of real property taxes in Kentucky;
- (i) payment of intangible personal property taxes in Kentucky;
- (j) ownership of real property in Kentucky, if the property was used by the student as a residence for at least six months preceding the date of application for reclassification of residency status;
- (k) long-term lease (at least 12 consecutive months) of noncollegiate housing;
- (l) Kentucky automobile registration;
- (m) Kentucky driver's license;
- (n) continued presence in Kentucky during vacation periods;
- (o) marriage to a Kentucky resident; and
- (p) registration as a Kentucky voter.

(5) Documentation. The determination of domicile shall be based upon verifiable circumstances or actions, and a student may be required to submit original or notarized copies

of any relevant evidence pertaining to domicile. When reviewing the documentation submitted, institutions may request additional documentation to clarify the person's circumstances and to formulate a classification decision which considers all relevant facts.

(6) **Submission of False Documents.** A student who gives incorrect or misleading information to institution officials may be subject to criminal prosecution and to such disciplinary sanctions as may be imposed by the institution, which shall include but not necessarily be limited to the payment of nonresident tuition for each academic term attended.

Section 4. Responsibilities

(1) **Institution Responsibilities.** Each institution shall designate an administrative office or person with delegated day-to-day responsibility for administration of this classification regulation and for evaluating and deciding student requests for reclassification. Each institution shall also establish a residency review committee (hereafter the Committee) to assist and recommend action on student requests for reclassification referred to the Committee by said administrative office or person having day-to-day responsibility for this regulation. To evaluate student requests for reclassification, each institution shall establish an operational policy including procedures and designated responsibilities. The Council on Higher Education Residency Classification Policy shall be published in its entirety in the official bulletin(s) of each institution.

(2) **Student Responsibilities.** The responsibility for registering under the proper residency classification is that of the student. It is the student's obligation to raise questions concerning residency classification and make application for change of residency classification with the administrative officials of the institution. A student classified as a resident who becomes a nonresident shall be required to notify immediately the proper institutional officials. However, if the student fails to notify institution officials of the change in status, institutional officials may investigate and evaluate the current status of the student regardless of the source of the information. A student classified as a nonresident is considered to retain that status until the student makes written application for reclassification in the form prescribed by subsection 3 of this section and is officially reclassified by the proper administrative officials.

(3) **Request for Reclassification.** Application for change of residency classification shall be made to the administrative office or person designated by the institution for this purpose. Such application with supporting documentation shall be made by the student not more than 45 calendar days after the first day of classes of the academic term for which reclassification is sought. A student may apply for reclassification only once during the academic term for which reclassification is requested.

- (a) To support full consideration of a request for a change in residency classification, each application shall consist of a complete affidavit which includes the necessary documentation to substantiate facts cited for reclassification. Each applicant is encouraged to submit a formal statement indicating the basis for the claim of resident status. The student shall be responsible for ensuring that all necessary documentation is submitted with the affidavit. Incomplete applications may be returned to the student for completion at the discretion of appropriate institutional officials.
- (b) Applications for reclassification shall be reviewed according to institutional policy. When applications for reclassification are referred to the Committee, the student shall be notified in writing as to the Committee's decision on the application. The Committee's written decision on residency shall include findings of fact, and determination of whether the applicant is deemed to be a "dependent person" or "independent person," whether the applicant is a "resident" or "nonresident," and the reason(s) based upon this regulation for said determinations. If an application results in a change of classification from nonresident to resident, such change shall not be made retroactive beyond the academic term in which application for resident classification is made. A student denied resident classification by the Committee shall have the right to appeal such decision to the Council on Higher Education.

Section 5. Procedure for Appeal to the Council on Higher Education.

(1) The Executive Director of the Council on Higher Education shall appoint a person to serve as an appeals officer. The appeals officer shall review all residency appeals from the public institutions of higher education to determine if the Committee's written decision is supported by substantive evidence and in conformity with this regulation.

(2) After the student receives the decision of the Committee, the student has 14 calendar days in which to appeal that decision to the Council on Higher Education. The student initiates this process by giving written notice to the chair of the Committee or the person or office designated by the institution to handle such appeals. Appeals filed more than 14 calendar days after receipt of the decision of the Committee shall be dismissed and the decision of the Committee shall be final.

(3) The Committee or its designated representative shall be responsible for forwarding to the Council on Higher Education a complete copy of the student's file within 14 calendar days of the receipt of a notice of appeal. The student may review the content of the file before it is forwarded to the Council on Higher Education.

(4) The appeal shall be considered on the written record alone and new or additional evidence shall not be considered.

(5) The appeals officer shall review the written record and the Committee's written decision and shall make a recommendation to affirm, modify, or reverse the Committee's decision. The appeals officer may order the appeal remanded to the Committee for further proceedings before the appeals officer renders a recommendation. Within 21 calendar days after receipt of the student's file, the recommendation of the appeals officer shall be forwarded to the Executive Director of the Council on Higher Education or designated representative. The Executive Director of the Council on Higher Education or designated representative shall promptly forward the recommendation of the appeals

officer to the institutional representative designated to handle appeals for final disposition by the institution in accordance with established institutional procedures.

(6) The institutional representative shall promptly forward the recommendation of the appeals officer to the student. Each party (the institution and the student) shall have ten calendar days after receipt of the appeals officer's recommendation to file written exceptions to the report with the institutional representative designated to handle final disposition of appeals. The institution shall make final disposition of the appeal and notify the student within 30 calendar days after expiration of the ten-day period for filing exceptions.
